SPECIAL NOTICE CONCERNING CITY COUNCIL MEETINGS

Due to the COVID-19 safety advice given by the ADPH, the City Council work sessions and meetings are available via video-conference and teleconference. If you choose not to attend in person, you may still participate. Following are instructions for three options to participate remotely.

COMPUTER PARTICIPATION (view/participate in real time)

To participate in by videoconference, click <https://us02web.zoom.us/j/5539517181>. When the Zoom.us window opens in your browser, click “Allow” so that the page may open to a waiting room. The host will open the meeting and bring all into the meeting room at that time. All participants will be automatically muted upon entrance to the meeting. If you wish to speak during time(s) identified for public input, activate the “Raise Hand” feature and unmute yourself by toggling the mute button. When the Mayor recognizes you and gives you the floor, state your name and address for the record and then you may address the Council.

Using the icons on the Zoom screen, you can:

- Mute/unmute your microphone (far left)
- Turn on/off camera (“Start/Stop Video”)
- View Participants – opens a pop-out screen that includes the “Raise Hand” icon that you may use to raise a virtual hand
- Change your screen name displayed in the participant list and video window
- Toggle between “speaker” and “gallery” views – “Speaker view” shows the active speaker; “Gallery view” tiles all of the meeting participants

TELEPHONE PARTICIPATION (view/participate in real time)

To participate by telephone, dial 312.626.6799 and enter the meeting ID: 455 534 3275. All participants will be automatically muted upon entrance to the meeting. If you wish to speak during time(s) identified for public input, press *6 on your phone keypad to unmute yourself. Then state your name and wait for the Mayor to recognize you. When the Mayor recognizes you and gives you the floor, state your name and address for the record and then address the Council.

TEXT AND/OR EMAIL (prior to the meeting or in real time)

If you do not wish to join the meeting but would like to ask a question or make a statement regarding an item on the agenda, you may email the City Council directly at City.Council@vhal.org. You may also text your question/statement to City Council at 205.517.1370. Both of these options are available prior to and during each work session and meeting. Be sure to provide your name and address for the record and your comments will be recited to the City Council as the corresponding item is being addressed. Note: As a matter of record, your name and address are required. If identification is not provided, your comment/question will not be presented.

WHEREAS, over six million Americans, including more than 96,000 Alabamians, are living with Alzheimer's disease and someone new is added to those ranks every 65 seconds; and

WHEREAS, Alzheimer's is the sixth leading cause of death in the United States, and the only leading cause of death that cannot be cured, prevented, or even slowed; and

WHEREAS, researchers are working diligently to develop accurate ways to diagnose and treat Alzheimer's disease; and

WHEREAS, the Alzheimer's Association Walk to End Alzheimer's is the world's largest event to raise awareness and funds for Alzheimer's and dementia care and support programs, and research; and

WHEREAS, the Walk to End Alzheimer's in Birmingham, Alabama will take place on October 30, 2022; and

WHEREAS, the Alzheimer's Association is here today, encouraging Vestavia Hills businesses and residents to join the fight against this devastating disease by decorating their storefronts and spaces with purple as well as to wear purple to raise awareness of Alzheimer's disease and all other dementia.

NOW, THEREFORE, I, Ashley C. Curry, by virtue of the authority vested in me as Mayor of the City of Vestavia Hills in the State of Alabama, do hereby proclaim June 2022 as

**ALZHEIMER'S AND BRAIN HEALTH
AWARENESS MONTH**

in Vestavia Hills and urge all citizens to take steps to act now to end Alzheimer's, open their minds to learn the facts about Alzheimer's and all other dementia, voice their support, and become an advocate to move the mission of the Alzheimer's Association forward.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Vestavia Hills to be affixed this the 27th day of June 2022.

Ashley C. Curry
Mayor

CITY OF VESTAVIA HILLS

CITY COUNCIL

MINUTES

JUNE 13, 2022

The City Council of Vestavia Hills met in regular session on this date at 6:00 PM, following publication and posting pursuant to Alabama law. A number of staff and members of the general public also attended virtually, via Zoom.com, following publication pursuant to Alabama law. The Mayor called the meeting to order. The City Clerk called the roll with the following:

MEMBERS PRESENT:

Mayor Ashley C. Curry
Rusty Weaver, Mayor Pro-Tem
Kimberly Cook, Councilor
Paul Head, Councilor
George Pierce, Councilor*

OTHER OFFICIALS PRESENT:

Jeff Downes, City Manager
Patrick Boone, City Attorney
Rebecca Leavings, City Clerk
Dan Rary, Police Chief
Jason Hardin, Police Captain
Marvin Green, Fire Chief*
Brian Davis, Public Services Director
Christopher Brady, City Engineer
Lori Beth Kearley, Asst. City Engineer
Zach Clifton, Chief Accountant
Cinnamon McCulley, Communications Director
Jamie Lee, Director of Parks and Leisure Services
Umang Patel, Court Director*
John Henley, Former Councilor
**present virtually via Zoom or telephone*

Chris Thomas, America's First Credit Union, led the invocation which was followed by the Pledge of Allegiance.

APPROVAL OF THE AGENDA

The Mayor opened the floor for a motion of approval of the agenda as presented.

MOTION Motion to approve the agenda as presented was by Mr. Weaver seconded by Mrs. Cook. Roll call vote was, as follows:

Mrs. Cook – yes
Mr. Pierce – yes
Mayor Curry – yes

Mr. Head – yes
Mr. Weaver – yes
motion carried.

ANNOUNCEMENTS, CANDIDATES, GUEST RECOGNITION

- Mr. Pierce welcomed a number of visiting Chamber of Commerce members including: Sandra Cleveland, Donnie Dobbins, Marty Martin, Clabe Dobbs, Linda Parker, Keri Bates, Erin Holtz, Ben Chambliss, John Henley, Lisa Christopher, Christina Babineaux, Chris Thomas, Doug Dean, Tyler Kime, Gary Jordan, Michelle Hawkins, and Karen Odle, President of the Chamber.
- Mr. Head announced that the Parks and Recreation Board would have a meeting on Tuesday, June 21 beginning at 11:30 AM in Executive Conference Room with work session to follow.

PROCLAMATION

The Mayor presented a Proclamation designating June 14, 2022, as “Flag Day. Mr. Downes read the proclamation aloud and the Mayor presented it to Vestavia Hills Police Department Honor Guard: Sgt. Donald Webber and Officer Alice Miller.

PROCLAMATION

The Mayor presented a Proclamation designating June 14, 2022, as “Karen Odle Day.” Mr. Downes read the Proclamation aloud and presented it to Mrs. Odle in grateful recognition of her years of service as President of the Vestavia Hills Chamber of Commerce along with a host of representatives from the Chamber of Commerce, including: Sandra Cleveland, Donnie Dobbins, Marty Martin, Clabe Dobbs, Linda Parker, Keri Bates, Erin Holtz, Ben Chambliss, John Henley, Lisa Christopher, Christina Babineaux, Chris Thomas, Doug Dean, Tyler Kime, Gary Jordan, and Michelle Hawkins.

Mrs. Odle thanked everyone for the recognition and for the past 20 years of allowing her to work with the Chamber. She especially thanked the Mayor, Council and the City Manager. She also expressed appreciation to Mr. Boone, City employees, etc. She stated she has made so many friends and it has been an incredible adventure. She gave credit to Lisa Christopher for her efforts over the year and all that she has done to increase membership. She introduced her successor Michelle Hawkins. Mrs. Odle introduced and thanked her family who were present.

Sandra Cleveland invited everyone to a special reception for Mrs. Odle, tomorrow, at 4 PM, in the Council Chambers.

CITY MANAGER'S REPORT

- Mr. Downes showed the new “online services” icon on the City’s website. He explained that this is the new OpenGov storefront that has recently gone live to allow citizens and contractors to apply for licenses and permits. Drawings and documents can be uploaded and payments made. He stated that this is part of the overall objective to push forward with an online paperless process. He promised more information and services will follow.
- Mr. Downes introduced Kimberly Adams and Mike Leddy from Crown Castle who were attending virtually to give a demonstration of installing fiber optic throughout the city. Mr. Leddy shared an online screen and explained that Vestavia Hills will be the experimental area for the deployment of new fiber optic lines throughout the City to provide more speed, less intrusion on the infrastructure, and shorter downtimes. He described a new type of machinery that installs fiber just below the surface of road pavement. After laying the fiber, the machinery covers the groove and fiber with a durable compound that is put down simultaneously with the fiber which has the added benefit of less traffic interference. Mr. Downes explained that Hoover, Vestavia Hills, and Birmingham have been tapped as pilot cities for this new type of fiber deployment system. He stated he believes this is a good opportunity.
 - The Mayor asked about repairs of the fiber. Mr. Leddy explained that repairs are much simpler and require less manpower and time. He stated that there is redundancy in the circuits meaning that, when one is cut, they can reroute to another system.
 - Mrs. Cook asked about settling of the fill material. Mr. Leddy stated that this tends to reduce problems with settling that occurs with the normal trenching method. The material makes everything smooth and is designed to withstand a significant amount of impact in the roadway. The area of installation is much smaller and allows the pavement a longer life.
 - Mr. Weaver asked about milling and repaving. Mr. Leddy stated that they can relocate lots of fiber in just a few hours. He stated that, for repaving, Crown would remove the fiber to allow the milling and, once finished, they would reinstall the fiber in little time. He stated that they can install into the milled portion of the pavement or reinstall after the paving is completed.
 - Mrs. Cook asked what party bears responsibility for maintenance. Mr. Leddy explained that maintenance is Crown’s responsibility and any disruptions can be rerouted to small cell systems until the repair is made.
 - Matthew Smith, online, asked who will own the fiber that is installed? Mr. Leddy stated that Crown is the network operator, a neutral host. He stated that they own it, maintain it, and allow other service providers to participate in the network.
 - Mrs. Cook stated that when AT&T installed fiber in Liberty Park, it was very disruptive and they even hit gas lines, creating a very dangerous situation, and this would be an improvement.

COUNCILOR REPORTS

- Mr. Pierce stated he hates that he cannot be there for Karen Odle's reception, tonight, but he recognized the work and years of services of Mrs. Odle and stated that it has been great working with her. He stated that she has done a fantastic job for the Chamber over many years. She has set the bar high for her replacement.
- Mr. Pierce stated that tomorrow is the Chamber of Commerce luncheon at the Vestavia Country Club. He added that the keynote speaker will be Fred Hunter, host of the TV show Absolutely Alabama.
- Mr. Pierce announced that the 2022 I Love America Night will be June 23, 2022. Information for the event may be obtained on the Chamber's website.
- Mrs. Cook stated that the Council received a number of emails regarding stormwater infrastructure after last week's rain. She stated that she is very thankful that there'll be a work session in July with the City Engineer elaborating on past and upcoming stormwater projects around the City. She indicated that, since the Engineers are inundated with issues from the water, she would like to ensure that they discuss the best way for people to report problems and to help people have a better understanding of limitations on public-private partnerships and what the city can and cannot do in expending public funds.
- Mr. Weaver stated that the Planning and Zoning Commission had a meeting last Thursday and he was unable to attend but would be prepared to present the reports to the Council at the appropriate time.

INFRASTRUCTURE AND COMMUNITY SPACES UPDATE

Raynor Boles, TCU, was present to update the Council on the Community Spaces progress.

- Wald Park, Phase III – Mr. Boles stated that scheme B was what the Council indicated would be the better layout. This includes two ADA-accessible areas with six pickleball courts and six tennis courts. He detailed several proposed value engineering options that would help bring this project within budget. The first item was the elimination of the building pad for a maintenance building, since this will now be a parking lot which was a significant savings for the City with no negative impact. He described an option to eliminate the tennis building and mentioned there were restrooms across the street at the playground that might serve a similar purpose. He stated that this would eliminate a shaded pavilion, restrooms, and storage areas. However, this would be a significant reduction in scope and one that would bring the project within budget. The Musco lighting deduct came with a candle decrease, but with the same height pole to prevent lights shining into adjoining residential properties. He also mentioned other allowance deductions that would result in savings. These total deductions equal a reduction of \$903,349 in cost. He stated some smaller changes likely could be made, once construction begins, which could result in other savings.
 - Mr. Weaver stated that he thinks the restrooms in this location are needed and it does not make sense to leave them out of the plan. He stated that there are no projects that were estimated in 2019 that would be in budget today due to increase in construction costs and inflation.

- Mr. Downes explained that they have been working toward a target to hit the threshold of funding that is available in the Community Spaces fund for this year. He mentioned a couple of options for projects to be moved to another budget year that were included in Community Spaces, including a Cahaba Heights sidewalk project, in order to pay for the increase in budget for Phase III.
- Discussion ensued relative to funding that has been set aside for projects that can wait longer than this project. Mr. Downes summarized that if there is collective will to take some of the deductions, but to leave the tennis facility, then there would need to be some transfers of money from other sources to finish this out in a timely manner. If there is a will of the Council to do this now, then the contractor has agreed to stay with this project using the previous project's bid. The Mayor agreed that this doesn't need to be done halfway. Mrs. Cook and Mr. Head also agreed the tennis pavilion is important to include now to finish out the project properly. The Council agreed the City needs to finish Community Spaces now and do it right, even if current economic circumstances mean funds may need to be shifted around to accomplish this. Mr. Downes stated that the Council next approval will be to award the bid.

APPROVAL OF MINUTES

The Mayor stated that the approval of the minutes from the May 23, 2022 (Regular Meeting) was needed and opened the floor for a motion.

MOTION Motion to approve the minutes of the May 23, 2022 (Regular Meeting) was made by Mrs. Cook and second was by Mr. Weaver. Roll call vote as follows:

Mrs. Cook – yes	Mr. Head – yes
Mr. Pierce – yes	Mr. Weaver – yes
Mayor Curry – yes	motion carried.

OLD BUSINESS

NEW BUSINESS

RESOLUTION NUMBER 5396

Resolution Number 5396 – A Resolution Authorizing The City Manager To Reinvest Emergency Reserve Funds At Morgan Stanley

MOTION Motion to approve Resolution Number 5396 was by Mr. Weaver and seconded by Mr. Head.

Mr. Downes stated that Mr. Turner went out to the marketplace and found the best return on these funds would be with Morgan Stanley. He stated that this will increase interest earnings in excess of \$200,000.

There being no one further to address the Council, the Mayor called for the question. Roll call vote was as follows:

Mrs. Cook – yes	Mr. Head – yes
Mr. Pierce – yes	Mr. Weaver – yes
Mayor Curry – yes	motion carried.

NEW BUSINESS (UNANIMOUS CONSENT REQUESTED)

The Mayor indicated that Ordinance Number 3105 required Unanimous Consent for consideration and action. He opened the floor for a motion.

MOTION Motion for unanimous consent for immediate consideration and action of proposed Ordinance Number 3105 was made by Mr. Weaver and seconded by Mrs. Cook. Roll call vote as follows:

Mrs. Cook – yes	Mr. Head – yes
Mr. Pierce – yes	Mr. Weaver – yes
Mayor Curry – yes	motion carried.

ORDINANCE NUMBER 3105

Public Hearing – Ordinance Number 3105 – An Ordinance To Declare That The Present Condition Of A Portion Of Oakview Lane Is In Such State Of Disrepair That It Endangers The Public Health, Safety And Welfare Of Members Of The General Public; To Declare That The Situation Is An Emergency; To Describe The Nature Of Said Emergency; To Authorize And Direct The Repair Of Oakview Lane Without Advertising For Competitive Bids Pursuant To The Authority Of Title 39-2-2(E), Code Of Alabama, 1975, At A Cost Estimated At Eighty Seven Thousand Eight Hundred Dollars (\$87,800.00); To Authorize And Direct The City Manager And Mayor To Negotiate And To Execute And Deliver A Construction Contract And Any And All Other Documents Necessary To Have The Repair Work Performed And Completed

MOTION Motion to approve Ordinance Number 3105 was by Mrs. Cook and seconded by Mr. Weaver.

Mr. Brady explained that some pipe along Oakview collapsed after the rains that occurred on Wednesday. The City has already been working on two other portions of this street. He stated that this is the last section of metal pipe that will be replaced. The heavy rains just completed washed out these sections and the roadway is closed.

Mr. Downes noted that the water drains to a private property and they have discussed, with the property owner, that the private property owner will have problems unless private repairs are also completed.

The Mayor opened the floor for a public hearing. There being no one further to address the Council, the Mayor closed the public hearing and called for the question. Roll call vote was as follows:

Mrs. Cook – yes	Mr. Head – yes
Mr. Pierce – yes	Mr. Weaver – yes
Mayor Curry – yes	motion carried.

FIRST READING (NO ACTION TO BE TAKEN AT THIS MEETING)

- Public Hearing – Resolution Number 5392 – Annexation – 90 Day – 2644 Yorkmont Drive; Lot 16, Chimney Hills; Daniel And Faye Cambron, Owners
- Public Hearing – Ordinance Number 3100 – Annexation – Overnight – 2644 Yorkmont Drive; Lot 16, Chimney Hills; Daniel And Faye Cambron, Owners
- Public Hearing – Resolution Number 5393 – Annexation – 90 Day – 2632 Rillwood Road; Lot 15, Altadena Park; Jason Womack, Owners

CITIZEN COMMENTS

None.

At 7:12 PM, Mrs. Cook made a motion to adjourn. The meeting adjourned at 7:13 PM.

Ashley C. Curry
Mayor

ATTESTED BY:

Rebecca Leavings
City Clerk

RESOLUTION NUMBER 5392

A RESOLUTION PROPOSING THE ANNEXATION OF CERTAIN TERRITORY TO THE CORPORATE LIMITS OF THE CITY OF VESTAVIA HILLS, ALABAMA.

WHEREAS, there has been a petition filed with the City Clerk of the City of Vestavia Hills, Alabama, and herein presented to the City Council of the City of Vestavia Hills, Alabama, dated January 3, 2022, wherein all owners of certain property contiguous to the City Limits of the City of Vestavia Hills, Alabama, ask that their property be annexed to the City of Vestavia Hills, Alabama; and

WHEREAS, said Petition has been presented to the City Council of the City of Vestavia Hills, Alabama, on the 13th day of June, 2022; and

WHEREAS, it would be in the best interest of the City of Vestavia Hills, Alabama, and to the citizens thereof to consider annexation of said territory and bringing it within the corporate limits of this Municipality; and

WHEREAS, said petitioners must comply with Act #604, 1970 Alabama Legislature regarding Fire Districts (property owners are to be responsible for fire dues if they are within another Fire District at the time of the annexation petition).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Vestavia Hills, Alabama, as follows:

1. That the said Petition shall be published one (1) time in *The Birmingham News*, a newspaper of general circulation in Vestavia Hills, Jefferson County, Alabama, on the 1st day of July, 2022.

2. That on the 26th day of September, 2022, in the Vestavia Hills City Hall, a public hearing will be held to determine the truths of the matter set forth in said petition and to consider any protests or objections filed in writing with the City Clerk prior to such hearing, to determine whether it is in the public interest or not that said property be annexed to the City of Vestavia Hills, Alabama, and to consider adoption of an Ordinance annexing the territory described in said petition to this Municipality.

3. That this Resolution shall become known and referred to as Resolution Number 5392 by the City Council of the City of Vestavia Hills, Alabama, and as annexation of the following described property by the City Council of the City of Vestavia Hills, Alabama:

2655 Yorkmont Drive
Lot 16, Chimney Hills
Daniel and Faye Cabron, Owner(s)

APPROVED and ADOPTED this the 27th day of June, 2022.

PETITION FOR ANNEXATION TO THE
CITY OF VESTAVIA HILLS, ALABAMA

Date of Petition: 01/03/2022

To the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama:

We, the undersigned owners of the properties set out in red outline in Exhibit "A" attached hereto, which properties are contiguous to the City limits of the City of Vestavia Hills, Alabama, under the authority of Act No. 32 of the Special Session of the Alabama Legislature of 1964, do hereby petition the City of Vestavia Hills, Alabama, that the properties set out in red outline in Exhibit "A" attached, situated in JEFFERSON County, Alabama, be annexed to the City of Vestavia Hills, Alabama. The metes and bounds description of the boundary of the property of the undersigned proposed to be annexed is also set out on said Exhibit "A" and a map showing in red the property proposed for annexation by this petition is also attached and made a part hereof.

The undersigned petitioners do further petition that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, set a date for the hearing of this petition and any objections in writing to the petition or protest, on a date certain and that no less than ninety (90) days before said date certain for said hearing on this petition, that a notice of said hearing along with this petition be published in a newspaper of general circulation in Jefferson County, Alabama.

We, the undersigned petitioners do also ask that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, do all things necessary and requisite to comply with the terms of Act No. 32 of the Special Session of the Alabama Legislature of 1964.

ORDINANCE NUMBER 3100

AN ORDINANCE TO ALTER, REARRANGE, AND EXTEND THE CORPORATE LIMITS OF THE CITY OF VESTAVIA HILLS, ALABAMA, SO AS TO EMBRACE AND INCLUDE WITHIN THE CORPORATE AREA OF SAID CITY ALL TERRITORY NOW WITHIN SUCH CORPORATE LIMITS AND ALSO CERTAIN OTHER TERRITORY CONTIGUOUS TO SAID CITY.

WHEREAS, a certain petition signed by Daniel and Faye Cabron dated January 3, 2022, that the property therein described be annexed to the City of Vestavia Hills, Alabama, together with a map of said territory showing its relationship to the corporate limits of the City, has been filed with the City Clerk of the City of Vestavia Hills; and

WHEREAS, this Council has determined and found that the matters set forth and alleged in said petition are true and correct, and that it is in the public interest that said territory be annexed to the City of Vestavia Hills;

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Vestavia Hills, Alabama, as follows:

SECTION 1. That said Council hereby assents to the annexation of said territory to the City of Vestavia Hills, Alabama, the corporate limits of the City to be extended and rearranged pursuant to the provisions of Title 11, Chapter 42, Article 2, Code of Alabama, 1975 (Sections 11-42-20 through 11-42-23, as amended) so as to embrace and include said territory, in addition to the territory already within its present corporate limits. The new boundary line does not lie at any point more than half the distance between the old city boundary and the corporate boundary of any other municipality. Said territory is described as follows:

2655 Yorkmont Drive
Lot 16, Chimney Hills
Daniel and Faye Cabron

SECTION 2. That the City Clerk shall file a certified copy of this Ordinance containing an accurate description of said annexed territory with the Probate Judge of Jefferson County, Alabama, and also cause a copy of this Ordinance to be published/posted in accordance with Alabama law.

APPROVED and ADOPTED this the 27th day of June, 2022.

RESOLUTION NUMBER 5393

A RESOLUTION PROPOSING THE ANNEXATION OF CERTAIN TERRITORY TO THE CORPORATE LIMITS OF THE CITY OF VESTAVIA HILLS, ALABAMA.

WHEREAS, there has been a petition filed with the City Clerk of the City of Vestavia Hills, Alabama, and herein presented to the City Council of the City of Vestavia Hills, Alabama, dated March 15, 2022, wherein all owners of certain property contiguous to the City Limits of the City of Vestavia Hills, Alabama, ask that their property be annexed to the City of Vestavia Hills, Alabama; and

WHEREAS, said Petition has been presented to the City Council of the City of Vestavia Hills, Alabama, on the 27th day of June, 2022; and

WHEREAS, it would be in the best interest of the City of Vestavia Hills, Alabama, and to the citizens thereof to consider annexation of said territory and bringing it within the corporate limits of this Municipality; and

WHEREAS, said petitioners must comply with Act #604, 1970 Alabama Legislature regarding Fire Districts (property owners are to be responsible for fire dues if they are within another Fire District at the time of the annexation petition).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Vestavia Hills, Alabama, as follows:

1. That the said Petition shall be published one (1) time in *The Birmingham News*, a newspaper of general circulation in Vestavia Hills, Jefferson County, Alabama, on the 1st day of July, 2022.

2. That on the 26th day of September, 2022, in the Vestavia Hills City Hall, a public hearing will be held to determine the truths of the matter set forth in said petition and to consider any protests or objections filed in writing with the City Clerk prior to such hearing, to determine whether it is in the public interest or not that said property be annexed to the City of Vestavia Hills, Alabama, and to consider adoption of an Ordinance annexing the territory described in said petition to this Municipality.

3. That this Resolution shall become known and referred to as Resolution Number 5393 by the City Council of the City of Vestavia Hills, Alabama, and as annexation of the following described property by the City Council of the City of Vestavia Hills, Alabama:

PETITION FOR ANNEXATION TO THE
CITY OF VESTAVIA HILLS, ALABAMA

Date of Petition: 3/15/22

To the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama:

We, the undersigned owners of the properties set out in red outline in Exhibit "A" attached hereto, which properties are contiguous to the City limits of the City of Vestavia Hills, Alabama, under the authority of Act No. 32 of the Special Session of the Alabama Legislature of 1964, do hereby petition the City of Vestavia Hills, Alabama, that the properties set out in red outline in Exhibit "A" attached, situated in Jefferson County, Alabama, be annexed to the City of Vestavia Hills, Alabama. The metes and bounds description of the boundary of the property of the undersigned proposed to be annexed is also set out on said Exhibit "A" and a map showing in red the property proposed for annexation by this petition is also attached and made a part hereof.

The undersigned petitioners do further petition that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, set a date for the hearing of this petition and any objections in writing to the petition or protest, on a date certain and that no less than ninety (90) days before said date certain for said hearing on this petition, that a notice of said hearing along with this petition be published in a newspaper of general circulation in Jefferson County, Alabama.

We, the undersigned petitioners do also ask that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, do all things necessary and requisite to comply with the terms of Act No. 32 of the Special Session of the Alabama Legislature of 1964.

STATE OF ALABAMA

JEFFERSON COUNTY

PETITION FOR ANNEXATION TO THE
CITY OF VESTAVIA HILLS, ALABAMA

Date of Petition: 12-27-21

To the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama:

We, the undersigned owners of the properties set out in red outline in Exhibit "A" attached hereto, which properties are contiguous to the City limits of the City of Vestavia Hills, Alabama, under the authority of Act No. 32 of the Special Session of the Alabama Legislature of 1964, do hereby petition the City of Vestavia Hills, Alabama, that the properties set out in red outline in Exhibit "A" attached, situated in JEFFERSON County, Alabama, be annexed to the City of Vestavia Hills, Alabama. The metes and bounds description of the boundary of the property of the undersigned proposed to be annexed is also set out on said Exhibit "A" and a map showing in red the property proposed for annexation by this petition is also attached and made a part hereof.

The undersigned petitioners do further petition that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, set a date for the hearing of this petition and any objections in writing to the petition or protest, on a date certain and that no less than ninety (90) days before said date certain for said hearing on this petition, that a notice of said hearing along with this petition be published in a newspaper of general circulation in Jefferson County, Alabama.

We, the undersigned petitioners do also ask that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, do all things necessary and requisite to comply with the terms of Act No. 32 of the Special Session of the Alabama Legislature of 1964.

ORDINANCE NUMBER 3102

AN ORDINANCE TO ALTER, REARRANGE, AND EXTEND THE CORPORATE LIMITS OF THE CITY OF VESTAVIA HILLS, ALABAMA, SO AS TO EMBRACE AND INCLUDE WITHIN THE CORPORATE AREA OF SAID CITY ALL TERRITORY NOW WITHIN SUCH CORPORATE LIMITS AND ALSO CERTAIN OTHER TERRITORY CONTIGUOUS TO SAID CITY.

WHEREAS, a certain petition signed by John and Helen White dated December 27, 2021, that the property therein described be annexed to the City of Vestavia Hills, Alabama, together with a map of said territory showing its relationship to the corporate limits of the City, has been filed with the City Clerk of the City of Vestavia Hills; and

WHEREAS, this Council has determined and found that the matters set forth and alleged in said petition are true and correct, and that it is in the public interest that said territory be annexed to the City of Vestavia Hills;

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Vestavia Hills, Alabama, as follows:

SECTION 1. That said Council hereby assents to the annexation of said territory to the City of Vestavia Hills, Alabama, the corporate limits of the City to be extended and rearranged pursuant to the provisions of Title 11, Chapter 42, Article 2, Code of Alabama, 1975 (Sections 11-42-20 through 11-42-23, as amended) so as to embrace and include said territory, in addition to the territory already within its present corporate limits. The new boundary line does not lie at any point more than half the distance between the old city boundary and the corporate boundary of any other municipality. Said territory is described as follows:

3524 Ridgedale Drive
Lot 27, Rocky Ridge Estates
John and Helen White

SECTION 2. That the City Clerk shall file a certified copy of this Ordinance containing an accurate description of said annexed territory with the Probate Judge of Jefferson County, Alabama, and also cause a copy of this Ordinance to be published/posted in accordance with Alabama law.

APPROVED and ADOPTED this the 27th day of June, 2022.

Ashley C. Curry
Mayor

CERTIFICATION:

I, Rebecca Leavings, as City Clerk of the City of Vestavia Hills, Alabama, hereby certify that the above and foregoing copy of 1 (one) Ordinance # 3102 is a true and correct copy of such Ordinance that was duly adopted by the City Council of the City of Vestavia Hills on the 27th day of June, 2022, as same appears in the official records of said City.

Posted at Vestavia Hills Municipal Center, Vestavia Hills Library in the Forest, Vestavia Hills New Merkle House and Vestavia Hills Recreational Center this the _____ day of _____, 2022.

Rebecca Leavings
City Clerk

3524 Ridgedale Drive

RESOLUTION NUMBER 5395

A RESOLUTION PROPOSING THE ANNEXATION OF CERTAIN TERRITORY TO THE CORPORATE LIMITS OF THE CITY OF VESTAVIA HILLS, ALABAMA.

WHEREAS, there has been a petition filed with the City Clerk of the City of Vestavia Hills, Alabama, and herein presented to the City Council of the City of Vestavia Hills, Alabama, dated March 9, 2022, wherein all owners of certain property contiguous to the City Limits of the City of Vestavia Hills, Alabama, ask that their property be annexed to the City of Vestavia Hills, Alabama; and

WHEREAS, said Petition has been presented to the City Council of the City of Vestavia Hills, Alabama, on the 27th day of June, 2022; and

WHEREAS, it would be in the best interest of the City of Vestavia Hills, Alabama, and to the citizens thereof to consider annexation of said territory and bringing it within the corporate limits of this Municipality; and

WHEREAS, said petitioners must comply with Act #604, 1970 Alabama Legislature regarding Fire Districts (property owners are to be responsible for fire dues if they are within another Fire District at the time of the annexation petition).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Vestavia Hills, Alabama, as follows:

1. That the said Petition shall be published one (1) time in *The Birmingham News*, a newspaper of general circulation in Vestavia Hills, Jefferson County, Alabama, on the 1st day of July, 2022.

2. That on the 26th day of September, 2022, in the Vestavia Hills City Hall, a public hearing will be held to determine the truths of the matter set forth in said petition and to consider any protests or objections filed in writing with the City Clerk prior to such hearing, to determine whether it is in the public interest or not that said property be annexed to the City of Vestavia Hills, Alabama, and to consider adoption of an Ordinance annexing the territory described in said petition to this Municipality.

3. That this Resolution shall become known and referred to as Resolution Number 5395 by the City Council of the City of Vestavia Hills, Alabama, and as annexation of the following described property by the City Council of the City of Vestavia Hills, Alabama:

3516 Ridgedale Drive
Lot 33, Rocky Ridge Estates
Patricia Lucas, Owner(s)

APPROVED and ADOPTED this the 27th day of June, 2022.

ORDINANCE NUMBER 3103

AN ORDINANCE TO ALTER, REARRANGE, AND EXTEND THE CORPORATE LIMITS OF THE CITY OF VESTAVIA HILLS, ALABAMA, SO AS TO EMBRACE AND INCLUDE WITHIN THE CORPORATE AREA OF SAID CITY ALL TERRITORY NOW WITHIN SUCH CORPORATE LIMITS AND ALSO CERTAIN OTHER TERRITORY CONTIGUOUS TO SAID CITY.

WHEREAS, a certain petition signed by Patricia Lucas dated March 9, 2022, that the property therein described be annexed to the City of Vestavia Hills, Alabama, together with a map of said territory showing its relationship to the corporate limits of the City, has been filed with the City Clerk of the City of Vestavia Hills; and

WHEREAS, this Council has determined and found that the matters set forth and alleged in said petition are true and correct, and that it is in the public interest that said territory be annexed to the City of Vestavia Hills;

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Vestavia Hills, Alabama, as follows:

SECTION 1. That said Council hereby assents to the annexation of said territory to the City of Vestavia Hills, Alabama, the corporate limits of the City to be extended and rearranged pursuant to the provisions of Title 11, Chapter 42, Article 2, Code of Alabama, 1975 (Sections 11-42-20 through 11-42-23, as amended) so as to embrace and include said territory, in addition to the territory already within its present corporate limits. The new boundary line does not lie at any point more than half the distance between the old city boundary and the corporate boundary of any other municipality. Said territory is described as follows:

3516 Ridgedale Drive
Lot 33, Rocky Ridge Estates
Patricia Lucas

SECTION 2. That the City Clerk shall file a certified copy of this Ordinance containing an accurate description of said annexed territory with the Probate Judge of Jefferson County, Alabama, and also cause a copy of this Ordinance to be published/posted in accordance with Alabama law.

APPROVED and ADOPTED this the 27th day of June, 2022.

Ashley C. Curry
Mayor

ATTESTED BY:

Rebecca Leavings
City Clerk

CERTIFICATION:

I, Rebecca Leavings, as City Clerk of the City of Vestavia Hills, Alabama, hereby certify that the above and foregoing copy of 1 (one) Ordinance # 3103 is a true and correct copy of such Ordinance that was duly adopted by the City Council of the City of Vestavia Hills on the 27th day of June, 2022, as same appears in the official records of said City.

Posted at Vestavia Hills Municipal Center, Vestavia Hills Library in the Forest, Vestavia Hills New Merkle House and Vestavia Hills Recreational Center this the _____ day of _____, 2022.

RESOLUTION NUMBER 5381-A

A RESOLUTION PROPOSING THE ANNEXATION OF CERTAIN TERRITORY TO THE CORPORATE LIMITS OF THE CITY OF VESTAVIA HILLS, ALABAMA.

WHEREAS, there has been a petition filed with the City Clerk of the City of Vestavia Hills, Alabama, and herein presented to the City Council of the City of Vestavia Hills, Alabama, dated February 28, 2020, wherein all owners of certain property contiguous to the City Limits of the City of Vestavia Hills, Alabama, ask that their property be annexed to the City of Vestavia Hills, Alabama; and

WHEREAS, said Petition has been presented to the City Council of the City of Vestavia Hills, Alabama, on the 27th day of June, 2022; and

WHEREAS, it would be in the best interest of the City of Vestavia Hills, Alabama, and to the citizens thereof to consider annexation of said territory and bringing it within the corporate limits of this Municipality; and

WHEREAS, said petitioners must comply with Act #604, 1970 Alabama Legislature regarding Fire Districts (property owners are to be responsible for fire dues if they are within another Fire District at the time of the annexation petition).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Vestavia Hills, Alabama, as follows:

1. That the said Petition shall be published one (1) time in *The Birmingham News*, a newspaper of general circulation in Vestavia Hills, Jefferson County, Alabama, on the 29th day of June, 2022.

2. That on the 26th day of September, 2022, in the Vestavia Hills City Hall, a public hearing will be held to determine the truths of the matter set forth in said petition and to consider any protests or objections filed in writing with the City Clerk prior to such hearing, to determine whether it is in the public interest or not that said property be annexed to the City of Vestavia Hills, Alabama, and to consider adoption of an Ordinance annexing the territory described in said petition to this Municipality.

3. That this Resolution shall become known and referred to as Resolution Number 5381-A by the City Council of the City of Vestavia Hills, Alabama, and as annexation of

the following described property by the City Council of the City of Vestavia Hills, Alabama:

2245 and 2249 Blue Ridge Blvd
Taylor Burton and Donald & Alicia Huey, Owner(s)

More particularly described as follows:

Parcel 1. Commence at the Northeast corner of the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 35, Township 18 South, Range 3 West, and run west along the north line of said $\frac{1}{4}$ - $\frac{1}{4}$ Section for 256.34 feet; thence 45 degrees 17 minutes left and Southwesterly for 452.99 feet; thence 90 degrees and 00 minutes left and run Southeasterly for 25.00 feet to the point of beginning of the parcel of land herein described; thence continue Southeasterly along last stated course for 150.00 feet; thence 90 degrees 00 minutes left and run Northeasterly for 100.00 feet; thence 90 degrees 00 minutes right and run Southeasterly for 146.74 feet to a point on the Northwesterly property line of Lot 0, Block 9 or Regent Forest Estates Second Addition as recorded in Map Book 54, Page 73 in the Office of the Judge of Probate of Jefferson County, Alabama, said point being 108.31 feet Northeasterly of Southwesterly corner of said Lot 9, thence 70 degrees 54 minutes right and run Southwesterly for 261.96 feet to the Southwest corner of Lot 8, Block 9 of said Regent Forest Estates, Second Addition; thence 28 degrees 56 minutes left and run Southerly along Westerly property line of Lot 7, Block 9 of said Regent Forest Estates, Second addition for 153.23 feet, thence 138 degrees 02 minutes right run Northwesterly for 346.39 feet thence 90 degrees 00 minutes right and run Northeasterly for 100.00 feet thence 90 degrees 00 minutes left and run Northwesterly for 150.00 feet thence 90 degrees 00 minutes right and run Northeasterly for 150.00 feet to the point of beginning. This parcel of land being Lot 5, Block 1, according to the survey of Regent Forest Estates, Eighth Addition, Jefferson County, Alabama, Map Book 62, Page 22-A.

Parcel 2. parcel of land located in the Southwest $\frac{1}{4}$ of the Northeast $\frac{1}{4}$ of Section 35, Township 18, Range 3 West, which was formerly known as Lots 1-4, in Block 1, of Regent Forest, 8th Addition, as recorded in Map Book 68, Page 22, in the Office of the Judge of Probate of Jefferson County, Alabama, said subdivision having been vacated by that certain instrument in Real Volume 84, Page 526, in said Probate Office. This parcel of land is as follows: Begin at the Northeast corner of the Southwest $\frac{1}{4}$ of the Northeast $\frac{1}{4}$ of Section 35, Township 18, South Range 2 West; thence turn Southerly an angle of 125 degrees 29 minutes and run a distance of 58.59 feet to a point, which is the Northwest corner of Lot 15, Block 9, in Regent Forest Estates Second Addition, as recorded in Map Book 54, page 73, in the Office of the Probate Judge of Jefferson County, Alabama; thence turn Southwesterly an angle of 108 degrees 20 minutes and run Southwesterly a

distance of 500.10 feet along the rear lot lines of Lots 14, 13, 12, 11 and 10, Block 9, in aforesaid Regent Forest Estates 2nd Addition subdivision to a point that is the Northwest Corner of Lot 10, Block 9, in said subdivision; thence turn an angle to the left of 169 degrees 04 minutes and 30 seconds and run Southwesterly 28.59 feet along the rear lot line of Lot 9, Block 9, in said subdivision to a point; thence turn an angle to the right of 70 degrees 54 minutes and run Northwesterly 146.74 feet to a point; thence turn an angle to the left of 90 degrees and run Southwesterly 100 feet to a point; thence turn an angle to the right of 90 degrees and run 150 feet to a point on the south boundary line of the Blue Ridge Blvd. Right of Way, then turn an angle to the right of 90 degrees and run Northeasterly along the said South boundary line of Blue Ridge Blvd. a distance of 440.75 feet to the point of intersection of the said South boundary line of the Southwest $\frac{1}{4}$ of Section 35, Township 18 South, Range 2 West, in Jefferson County, Alabama; then turn an angle to the right and run Eastward along the North line of quarter-quarter section a distance of 296.1 feet to the point of beginning.

APPROVED and ADOPTED this the 27th day of June, 2022.

CITY OF VESTAVIA HILLS
Department Review of Proposed Annexation
(To be completed by Official City Reviewers)

The following properties have requested to be annexed into the City. Please review this request and then forward your comments to the City Clerk as soon as is reasonably possible.

Location: 2245 & 2249 Blue Ridge Blvd

C Brady

2245/2249 Blue Ridge Blvd -- concerns noted; roadway in fair condition, but shoulder improvements are needed to assist with drainage flow; appears to be a clogged or obstructed crossdrain pipe limiting flow of water. Significant drainage way crosses this property; and combined with steepness of grades will make development a challenge. Submitted engineering plans are dated 2015 and will need to be updated to meet current City standards. Geotechnical report for slope stability and a traffic impact analysis will be required for engineering approval of presented development plans.

The single family homes we have non-issue with and they would fall into our accepted ratio plan. The 38 townhomes can be an issue with us and the system. Provided these are priced at a value that deters entry level into Vestavia we may be okay with you his. In large, we are not in favor of mass building projects that could cause added stress on our student population and facilities.

PETITION FOR ANNEXATION TO THE

CITY OF VESTAVIA HILLS, ALABAMA

Date of Petition: June 10, 2022

To the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama:

We, the undersigned owners of the properties set out in red outline in Exhibit "A" attached hereto, which properties are contiguous to the City limits of the City of Vestavia Hills, Alabama, under the authority of Act No. 32 of the Special Session of the Alabama Legislature of 1964, do hereby petition the City of Vestavia Hills, Alabama, that the properties set out in red outline in Exhibit "A" attached, situated in _____ County, Alabama, be annexed to the City of Vestavia Hills, Alabama. The metes and bounds description of the boundary of the property of the undersigned proposed to be annexed is also set out on said Exhibit "A" and a map showing in red the property proposed for annexation by this petition is also attached and made a part hereof.

The undersigned petitioners do further petition that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, set a date for the hearing of this petition and any objections in writing to the petition or protest, on a date certain and that no less than ninety (90) days before said date certain for said hearing on this petition, that a notice of said hearing along with this petition be published in a newspaper of general circulation in Jefferson County, Alabama.

We, the undersigned petitioners do also ask that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, do all things necessary and requisite to comply with the terms of Act No. 32 of the Special Session of the Alabama Legislature of 1964.

PETITION FOR ANNEXATION TO THE
CITY OF VESTAVIA HILLS, ALABAMA

Date of Petition: February 28, 2020

To the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama:

We, the undersigned owners of the properties set out in red outline in Exhibit "A" attached hereto, which properties are contiguous to the City limits of the City of Vestavia Hills, Alabama, under the authority of Act No. 32 of the Special Session of the Alabama Legislature of 1964, do hereby petition the City of Vestavia Hills, Alabama, that the properties set out in red outline in Exhibit "A" attached, situated in Jefferson County, Alabama, be annexed to the City of Vestavia Hills, Alabama. The metes and bounds description of the boundary of the property of the undersigned proposed to be annexed is also set out on said Exhibit "A" and a map showing in red the property proposed for annexation by this petition is also attached and made a part hereof.

The undersigned petitioners do further petition that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, set a date for the hearing of this petition and any objections in writing to the petition or protest, on a date certain and that no less than ninety (90) days before said date certain for said hearing on this petition, that a notice of said hearing along with this petition be published in a newspaper of general circulation in Jefferson County, Alabama.

We, the undersigned petitioners do also ask that the Honorable Mayor and City Council of the City of Vestavia Hills, Alabama, do all things necessary and requisite to comply with the terms of Act No. 32 of the Special Session of the Alabama Legislature of 1964.

Dear Mayor Curry and Councilors:

Ordinance Number 2331, the Vestavia Hills Zoning Code (the Code), was adopted in December 2010. In the past decade, the zoning ordinance has been amended with two subsequent amendments: one in 2012 and one in 2016, both addressing issues with fencing. The Code was drafted by a consultant from KPS Group, Inc., with proceeds from the City and from a grant through the Birmingham Metropolitan Planning Organization (MPO). Through the years, staff has kept an on-going listing of issues and necessary cleanups that needed to be made to the document to (1) stay on the cutting edge of development practices, stormwater regulations, and the current development market; and (2) normal housekeeping revisions due to conflicts and/or typos in the original document. After 12 years of working with this document, the staff has suggested revisions needed in order to accomplish these tasks.

The revisions are highlighted below and are submitted for your consideration by Conrad Garrison (cgarrison@vhal.org) and myself (rleavings@vhal.org) as recommended and revised by the Vestavia Hills Planning and Zoning Commission at their regular April 2022 meeting.

HIGHLIGHTS OF PROPOSED REVISIONS TO ZONING CODE

- Added Definitions. In administration of this document and with the implementation of new stormwater ordinances and regulations, several definitions needed to be added and/or revised within the glossary. Also, the implementation of new stormwater ordinances required some added definitions. For instance, satellite dishes and solar energy systems are not the size of yesteryear, but a new phenomenon has come along that it was necessary to add playhouse and, most importantly, tree houses to this definition. Finally, a clarification between impervious and pervious surfaces.
- In General Regulations, an old BZA opinion that allowed open decks in certain building setbacks was re-defined in the new code which resulted in many homes within the City out of compliance. As more zero setback homes were built in the 90's, the necessity of replacing decks left many residents forced to come in for variances that weren't required when the original structure was built. Also, the location of a/c units in zero setback subdivisions were amended which required these mechanical units to be placed in the back of home, diminishing the enjoyment of the backyard for these residents instead of it being placed between the homes with much less intrusion.
- Planned Unit Development (PUD). The PUD ordinance was originally written and passed in 2001 as Ordinance Number 1838, and later, was copied into the Code. These revisions are clean-up needed from the original along with some recommended changes by staff. These include:
 - Clean up of typos and redundant terms;
 - Each classification allows permitted and some conditional uses from the lesser classification, however, in the delineation, PR-1 detached housing was omitted and didn't carry through to the higher density zonings. Many of these changes will allow PR-1, lesser density development, in all of the zones.
 - Deleting the requirement for a conditional use for "home occupations". Currently, anyone wishing to do business from their home must go through a conditional use approval which takes 3 to 4 months and a good deal of expense. In other parts of

the City, the applicant fills out an affidavit which conforms to the City's home occupation and allows a business license to be issued. This would make the requirements for Liberty Park residents that same as every other resident of the City.

- Allow more flexibility in cluster housing developments to allow the developer to comply with current market conditions when platting a subdivision.
- Amending the requirements for B-1.2 zoning to clarify submittal/approval requirements and amend setback and height limitations and allow outdoor entertainment as a conditional use..
- Amending B-3 to allow for 5-story buildings.
- Amending all residential classifications to allow home occupations.
- Amending other sections to clarify size of compact parking spaces, where enclosures for dumpsters are allowed and cleaning up a contradiction in when a property has to become in compliance to rebuild and allowing home occupations in condominiums (they were permitted in apartments and townhomes, but not in condominiums).

Thank you for your consideration in this revision of the City's zoning code. We stand ready, willing and able to assist in any way.

Respectfully Submitted:

Conrad Garrison, City Planner
Rebecca Leavings, Zoning Official

ORDINANCE NUMBER 3099

AN ORDINANCE TO REPEAL ORDINANCE NUMBERS 2331, 2331-A and 2331-B AND APPENDIX A, VESTAVIA HILLS CODE OF ORDINANCES AND TO ESTABLISH THE ZONING CODE OF THE CITY OF VESTAVIA HILLS, ALABAMA

Article 1 GENERAL PROVISIONS

§1.1. Legislative Intent and Purpose

Pursuant to Title 11-52-70, Code of Alabama, 1975, (Acts 1923, No. 443, pg. 590; Code 1923, Section 1878; Code of Alabama, 1949, Title 37, Section 772) each municipal corporation in the State of Alabama may divide the territory within its corporate limits into business, industrial and residential zones or districts and may provide the kind, character and use of structures and improvements that may be erected or made within the several zones or districts established and may, from time to time, rearrange or alter the boundaries of such zones or districts and may also adopt such ordinances as necessary to carry into effect and make effective the provisions of said Title 11-52-70.

By virtue of that authority, the City of Vestavia Hills, Alabama, hereinafter referred to as “the City”, adopted Ordinance Number 28 on December 2, 1953, regulating the general use of private land. It established districts and outlined the intended use for each said zone or district. Ordinance Number 28 became known as the Zoning Code for the City. Said Code, including revisions, has been reprinted several times since 1953.

§1.2. Application of Regulations

No building, structure, or land shall hereafter be used or occupied, and no building, structure or part thereof shall hereafter be erected, constructed, reconstructed, moved, or structurally altered unless in conformity with all the regulations of this ordinance for the district in which it is located except as otherwise provided for legal nonconformities pursuant to [Article 10](#). All construction shall be done in strict compliance with the City Building Code, Fire Code, Plumbing Code, Subdivision Regulations, and Electrical Code, as adopted by the City.

§1.3. Short Title

This Ordinance shall be known as the “Zoning Ordinance of the City of Vestavia Hills, Alabama”, and the map herein referred to, which is identified by the title “City of Vestavia Hills, Alabama, Zoning Map”, dated January 1, 1962 and as amended, shall be known as the “Zoning Map of the City of Vestavia Hills, Alabama,” hereinafter referred to as “the Zoning Map”. Said map and all explanatory matter thereon is hereby adopted and made a part of this Ordinance, as aforesaid.

§1.4. Organization

1.4.1. This Ordinance is organized as follows:

1. For purposes of organization, this Zoning Ordinance, is divided into fourteen (14) Articles. The Article designation number represents the first digit (or two as the case may be) of that series of numbers used to identify the respective regulations of the Ordinance; e.g., in the reference number §1.2.3.4, the digit “1” represents the Article.
2. Each Article is subdivided into several major headings known as Sections, which are represented by the second digit; e.g., in the reference number §1.2.3.4, the digit “2” represents the Section.
3. Each Section is subdivided into Subsections, which are represented by the digit(s) following the Section designation number; e.g., in the reference number §1.2.3.4 the digit “3” represents the Subsection.
4. Each Subsection may be subdivided into Paragraphs, which are represented by the digit following the Subsection designation; e.g., in the reference number §1.2.3.4 the digit “4” represents the Paragraph.

5. Each Paragraph may be subdivided into Items, which are represented by the lower-case letter following the Paragraph designation; which may then be further subdivided as (1), (2), (3)... (a), (b), (c)...and (i), (ii), (iii)...
- 1.4.2. Internal Referencing. All references to Articles, Sections, Subsections, Paragraphs and Items within this Ordinance shall refer to Articles, Sections, Subsections, Paragraphs and Items in this Ordinance unless otherwise specified. When an Article, Section or other subdivision is referenced within a provision or requirement of this Ordinance, unless otherwise specified, all subdivisions within such reference shall be assumed to be applicable.
- 1.4.3. Page Numbering. Each Article contains its own separate page numbering system. The page numbers are prefixed by the respective Article number. As an example, page 10 of Article 8 is designated page 8-10.

Article 2 GLOSSARY

For the purposes of this Ordinance, certain words and terms are defined as herein indicated and shall apply to all parts of this Ordinance unless otherwise specified.

§2.1. General Definitions.

Unless specifically defined herein, words or phrases used in this Ordinance shall be interpreted so as to give them the same meaning as they have in common usage and so as to give this Ordinance its most reasonable application. All words used in the present tense shall include the future tense, all words in the singular number shall include the plural number, and all words in the plural number shall include the singular number, unless the natural construction of the wording indicates otherwise. The words “used for” shall include the meaning “designed for”, and the word “structure” shall include the word “building”. The word “lot” shall include the words “plot” and “tract” and the word “shall” is mandatory.

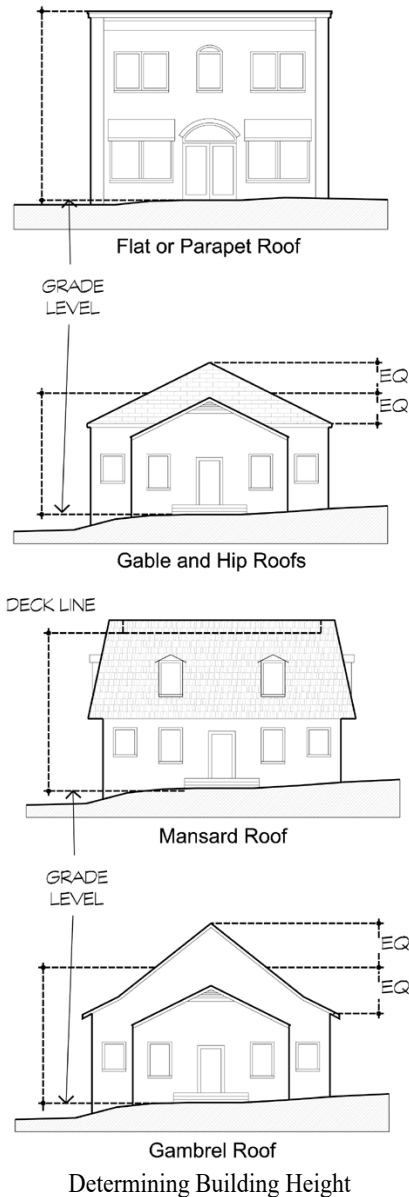

- 2.1.1. *Abutting*. Touching at one point or along a common side, boundary or property line. Two properties separated by a street or right-of-way are “Adjacent”, but not “Abutting”. However, for purposes of annexation, two properties separated by a street or right-of-way are considered contiguous and therefore eligible for annexation.
- 2.1.2. *Access Management*. The process of providing and managing vehicular access from public streets to private development while preserving the flow of traffic in terms of safety, capacity, and speed.
- 2.1.3. *Accessory Structure*. A subordinate structure or a portion of the principal structure, the use of which is incidental to the principal use of the premises, including any detached minor building

consisting of masonry or frame walls and roof, at least one story in height or other type of structure necessary as an adjunct to the use and occupancy of a principal structure, except open structures such as pergolas, arbors and other garden houses of similar character. The term “Accessory Structure” shall also include children’s playhouses, tree houses, storage houses built on skids and on permanent foundations and any other Structure not expressly exempted in this Section.

- 2.1.4. *Accessory Use*. A use which is incidental to and customarily found in connection with the principal use of the premises.
- 2.1.5. *Adjacent*. Either abutting or on the opposite side of a common street, right-of-way, or easement that separates it from the subject property. However, properties separated by a freeway or railroad ROW shall not be considered “Adjacent”.
- 2.1.6. *Alley*. A public or private right-of-way or easement, on which no parcel fronts, providing access for two (2) or more properties along the side or rear of said properties.
- 2.1.7. *Alteration and Altered*. The word “Alteration: shall include any of the following:
1. Any addition to the height or depth of a building or structure.
 2. Any change in the location of any exterior walls of a building or structure.
 3. Any increase in the interior accommodations of a building or structure.
- In addition to the foregoing, a building or structure shall be classified as altered when it is repaired, renovated, remodeled, or rebuilt at a cost in excess of fifty (50) percent of its value prior to

- the commencement of such repairs, renovation, remodeling, or rebuilding.
- 2.1.8. *Applicable District.* That zoning district in which a structure, subdivision or property is located or proposed to be located.
- 2.1.9. *Applicant.* A landowner, including his heirs, successors and assignees, or developer authorized to represent a property for which an application for development has been filed.
- 2.1.10. *Application for Development or Application.* Any application required to be filed and accepted prior to start of construction or development including, but not limited to, an application for a building, design review, or sign permit; for the approval of a subdivision plat or plan; or for the acceptance of a development plan.
- 2.1.11. *Basement.* A story partly or wholly underground. For purposes of height measurement a basement shall be counted as a story when more than one-half (1/2) of its height is above grade level.
- 2.1.12. *Best Management Practices, Stormwater.* A collection of structural practices and vegetative measures which, when properly designated, installed and maintained, will provide effective erosion and sedimentation control for all rainfall events.
- 2.1.13. *Block.* A unit of land bounded by streets or a combination of streets, public land, public parks, cemeteries, railroad rights-of-way, watercourses, or any other barrier to the continuity of development.
- 2.1.14. *Board of Zoning Adjustment.* The Board of Zoning Adjustment of the City of Vestavia Hills, Alabama established pursuant to the provisions of [Article 12](#) and through which, the Board considers requests for variances and special exceptions and hears appeals to decisions of city staff in regard to this Zoning Ordinance.
- 2.1.15. *Buffer.* A landscaped strip of land provided between two or more properties, uses, or buildings to mitigate the incompatible characteristics of adjacent uses and/or buildings. Buffers may include berms, shrubs, trees, fences or walls, other screening devices, or a combination of such devices as required by [§9.3 Buffers](#).
- 2.1.16. *Build-to Line.* A line parallel to the front lot line establishing the furthest distance a building may be built from such lot line.
- 2.1.17. *Building.* Any structure, consisting of a foundation, walls or supports and roof with or without other parts, constructed or used for a residence, business, industry, or other public or private purpose, or accessory thereto, and including greenhouses, stables, garages, roadside stands, manufactured homes, and similar structures, whether stationary or movable, but excluding recreational vehicles/travel trailers, fences, walls, signs and awnings. Features which are structurally essential and connected to the structure shall be considered as part of the structure within the meaning of this Zoning Ordinance.
- 2.1.18. *Building Area.* The portion of the lot occupied by the main building, accessory buildings, other structures and impervious surfaces.
- 2.1.19. *Building Code.* The code(s) adopted by the City, and as may be amended from time to time by the Council, which governs the design and construction of buildings and structures, including fire, plumbing and electrical codes.

2.1.20. *Building Height.* The vertical distance measured from the finished grade level at the front of the building to the deck line for mansard roofs, to the uppermost point of the parapet wall for flat roofs, and to the average height between eaves and ridges for gable, hip, and gambrel roofs.

2.1.21. *Building Line.* The perimeter of that portion of a building or structure nearest a lot line, but excluding open steps, terraces, cornices, and other ornamental

features projecting from the walls of the building or structure.

2.1.22. *Building Official.* An official of the City of Vestavia Hills Department of Building Safety designated to administer and enforce the City Building Code and applicable provisions of this Zoning Ordinance.

2.1.23. *Caliper.* The trunk diameter of a tree measured six inches above grade level.

2.1.24. *Certificate of Occupancy.* A certificate issued by the Department of Building Safety, with approval of the Fire Marshal, upon completion of a new building or upon a change or conversion of the structure or use of a building, which certifies that all requirements and regulations as provided herein and within all other applicable requirements, have been complied with.

2.1.25. *City, The.* The City of Vestavia Hills, Alabama unless otherwise indicated by context.

2.1.26. *City Council or Council.* The City Council of the City of Vestavia Hills, Alabama.

2.1.27. *City Engineer.* A registered professional engineer, licensed by the State of Alabama, and employed by the City of Vestavia Hills or engaged as a consultant by the City.

- 2.1.28. *City Fire Code or Fire Code.* An ordinance adopted by the City providing standards for fire safety and as may be modified from time to time by the City Council.
- 2.1.29. *City Planning Staff.* Municipal staff designated to review development plans, including the Zoning Official/City Clerk, Fire Marshal, City Engineer, Building Official and others as needed.
- 2.1.30. *Clear Sight Triangle.* See “Sight Triangle, Clear”.
- 2.1.31. *Commercial Vehicle.* Any motor vehicle licensed by the state as a commercial vehicle.
- 2.1.32. *Commission, The.* See “Planning Commission”.
- 2.1.33. *Comprehensive Plan.* The official public document prepared in accordance with §11-52-8 of the Code of Alabama, 1975, as amended, consisting of maps, charts, and textual material, that constitutes a policy guide to decisions about the future development of the City.
- 2.1.34. *Conditional Use.* A use which may be permitted only by the Council following a recommendation by the Commission in accordance with [§13.3](#). The recommendation by the Commission may be to approve or deny the application, which said recommendation is advisory only. Zoning is a legislative matter decided by the Council. The Council is not bound by the recommendation of the Commission.
- 2.1.35. *Condominium.* A division of property or interest in property as defined by, created under and subject to the "Alabama Uniform Condominium Act of 1991" and subsequent amendments and revisions.
- 2.1.36. *Conservation Easement.* A voluntary agreement between a landowner and a municipal agency or qualified not-for-profit corporation to restrict the development, management, or use of the land in perpetuity or as otherwise defined by the terms of the easement.
- 2.1.37. *Covenant.* A restriction upon the use of a property placed in a deed running with the land and enforced by private landowners or homeowner or condominium associations.
- 2.1.38. *Dedication.* The deliberate assignment of land by its owners for any general or public uses, reserving to themselves no other rights than such as are compatible with the full exercise and enjoyment of the public uses to which the property has been devoted.
- 2.1.39. *Deed.* A legal document conveying ownership of real property.
- 2.1.40. *Density.* The number of dwelling units per acre of lot area.
- 2.1.41. *Design Capacity.* The maximum number of persons that may be accommodated by a use as determined by its design and by the Building Code.
- 2.1.42. *Developer.* Any owner, agent of such owner or tenant with the written permission of such owner, who makes or causes to be made a land development.
- 2.1.43. *Development.* Any of the following activities:
1. The improvement of one (1) lot or more abutting lots, tracts or parcels of land for any purpose involving:
 - a. a group of two (2) or more residential or non-residential buildings, whether proposed initially or cumulatively, or a single non-residential building on a lot or lots regardless of the number of occupants or tenure; or
 - b. the division or allocation of land or space, whether initially or cumulatively, between or among two

- or more existing or prospective occupants by means of, or for the purpose of streets, common areas, leaseholds, condominiums, building groups, or other features;
2. A subdivision of land.
 3. Any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.
- 2.1.44. *Driveway*. A private drive providing access between a street or access drive and a parking or other vehicular use area.
- 2.1.45. *Dwelling Unit*. One or more rooms located within a building and forming a single habitable unit with facilities, which are used or intended to be used for living, sleeping, cooking and eating purposes by not more than one (1) family.
- 2.1.46. *Easement*. A right granted by a landowner to a grantee, allowing for limited use of private land for a public or quasi-public or private purpose, and with which the property owner shall not have the right to make use of the land in a manner that violates the right of the grantee.
- 2.1.47. *Engineer*. A professional engineer registered by the State of Alabama Board of Registration for Professional Engineers and Surveyors.
- 2.1.48. *Entity*. A person, association, firm, corporation, or organization of any kind.
- 2.1.49. *Erect*. To build, construct, reconstruct, move upon or any other physical operation on the premises required for development.
- 2.1.50. *Façade*. The exterior wall of a building extending the entire width of a building elevation that faces a public street or any public way.

- 2.1.51. *Family*. One or more persons related by blood, marriage, or adoption, or by some other legal custodial relationship, living and cooking together as a single housekeeping unit in a single dwelling unit; or two unrelated individuals living and cooking together as a single housekeeping unit in a single dwelling unit. For purposes of this Ordinance, “family” shall not include any society, club, fraternity, sorority, association, lodge, federation, or like organizations; or any group of individuals who are in a group living arrangement. See also “Housekeeping Unit”.
- 2.1.52. *Fence*. Any barrier of any material or combination of materials, other than a building, erected to enclose or screen areas of land or used as a means of protection, confinement or buffering. For the purposes of this Ordinance, the “fence” includes the term “wall”, but does not include the term “retaining wall”.
1. *Buffer Fence*. A fence used toward fulfillment of the requirements of [§9.3 Buffers](#).
 2. *Privacy Fence*. A fence intended to provide a physical and visual barrier between common or public areas and a private area or use. Privacy fences are distinguished from other fences by their height and opaque design.

3. *Screen Fence*. A fence used toward fulfillment of the requirements of [§9.4 Screening](#).

2.1.53. *Floodplain*. An area adjacent to a watercourse, which area is subject to flooding as the result of the occurrence of an intermediate regional flood and which area thus is so adverse to past, current or foreseeable construction or land use as to constitute a significant hazard to public health and safety and to property.

Floodplains are identified by the National Flood Insurance Program.

2.1.54. *Floodway*. The area regulated by Federal, state, or local requirements to provide for the discharge of the base flood so the cumulative increase in water surface elevation is no more than a designated amount (not to exceed one foot as set by the National Flood Insurance Program) within the 100-year floodplain.

2.1.55. *Floor Area, Gross*. The gross horizontal areas of all floors, measured from the exterior faces of the exterior walls of a building. Unfinished garages, basements and cellars are not included in the calculation of gross floor area.

2.1.56. *Fowl*. Winged animals other than household pets, including but not limited to, chickens, geese, and ducks, that are kept, bred or raised for commercial purposes.

2.1.57. *Frontage*.

1. *Frontage, Block*. All the property on one side of a street between two intersecting streets measured along the right-of-way line of the street, or if the street is dead-ended, then all of the property on one (1) side between an intersecting street and the dead end of the street.

2. *Frontage, Lot*. The width of a lot as measured along its front lot line.

2.1.58. *Grade Level*. The average level of the finished ground surface adjacent to the exterior walls of the building.

2.1.59. *Grading Plan*. A map of a proposed development defining existing and proposed elevations, watercourses, vegetative cover and drainage patterns, including one (1) foot contours, spot elevations, and flow arrows. The plan also describes the limits and depths of excavations, fills and removal of native vegetation.

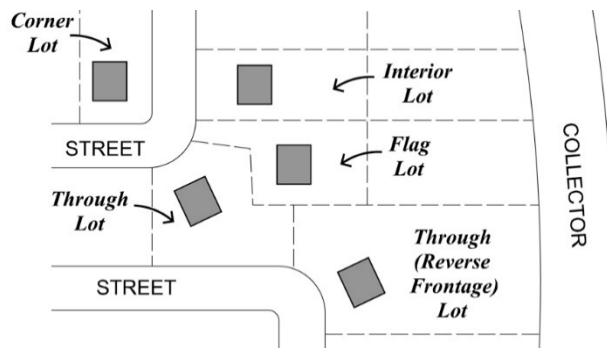

2.1.60. *Greenway*. An open space corridor that links urban, suburban, and rural communities to natural and scenic areas with a network of connected trails, walkways, and natural preservation areas.

2.1.61. *Gross Floor Area*. The floor area within the inside perimeter of the exterior walls of the building under consideration, exclusive of vent shafts and courts, without deduction for corridors,

- stairways, ramps, closets, the thickness of interior walls, columns or other features.
- 2.1.62. *Gross Leasable Area*. The total floor area for which the tenant pays rent and that is designed for the tenant's occupancy and exclusive use, including any basements and mezzanines.
- 2.1.63. *Half Story*. See "Story, Half Story".
- 2.1.64. *Housekeeping Unit* or *Single Housekeeping Unit*. A family living together in a single dwelling unit, with common access to and common use of all living and eating areas and facilities for the preparation and serving of food within the dwelling unit.
- 2.1.65. *Impervious Surface*. A man-made surface that does not allow the passage or infiltration of rain water. This may include improvements such as roadways, sidewalks, driveways, parking lots and patios. Improvements constructed of pervious materials and intended to minimize stormwater runoff can be submitted to the City's Engineer's office for approval.
- 2.1.66. *Improvements*. Those physical additions and changes to the land that may be necessary to produce usable and desirable developments including but not limited to driveways, landscaping, streets, sidewalks, curbs and gutters, sewer, and stormwater control facilities.
- 2.1.67. *Interim Use*. Any temporary use of land in any area of a planned development, which has been approved as a part of the Master Development Plan and criteria. An interim use can be any use and may or may not be a permitted use or a conditional use in the applicable district.
- 2.1.68. *Intersection Sight Distance*. The length of the line of sight between a motorist, stopped at an intersection, and the nearest intersection, driveway, alley or other signalized or non-signalized access point to the left or to the right of the motorist.
- 2.1.69. *Junk*. Materials including scrap, copper, brass, rope, rags, batteries, paper, trash, rubber debris, waste iron, steel and other old or scrap ferrous or non-ferrous material, including wrecked, scrapped, ruined, dismantled or junked motor vehicles or parts thereof.
- 2.1.70. *Landscape Architect*. A landscape architect registered by the State of Alabama.
- 2.1.71. *Landscaping*. Treatment of grade with ground cover, shrubs, trees and other vegetation, and/or ornamentation
1. *Building Landscaping*. A landscaped strip between a building and its lot boundary or off-street parking area, as required by [§9.2 Site Landscaping](#).
 2. *Frontage Landscaping*. A landscaped strip between off-street parking areas or buildings and adjacent public streets as required by [§9.2 Site Landscaping](#).
 3. *Interior Landscaping*. Landscaping within an off-street parking area as required by [§9.2 Site Landscaping](#).
 4. *Perimeter Landscaping*. A landscaped strip between an off-street parking area and abutting lots. Perimeter landscaping does not include landscaping between an off-street parking area and buildings on the same lot.
- 2.1.72. *Livestock*. Animals of any kind, including fish and fowl, kept, bred or raised for commercial or other purposes, excluding house pets such as domestic cats and dogs, fish, fowl, and other similar animals kept for personal pleasure in accordance with regulations of the Health Department and applicable animal control authority of the applicable County.

2.1.73. *Lot*. A designated Parcel, tract or area of land established by plat, subdivision, or as otherwise permitted by law, to be separately owned, used, developed, or built upon.

1. *Corner Lot*. A lot abutting upon two or more streets at their intersection or on two parts of the same street forming an interior angle of less than 135 degrees.
2. *Flag Lot*. A lot that does not meet the lot width requirements of its district within the normally required front yard setback.
3. *Interior Lot*. Any lot which is not a corner lot.
4. *Reverse Frontage Lot*. A through lot with vehicular access restricted to the street of lesser classification.
5. *Through Lot*. A lot that fronts on two parallel streets or that fronts on two streets that do not intersect at the boundaries of the lot.

Lot Types

2.1.74. *Lot Area*. The area contained within the lot lines of a lot, excluding any street right-of-way, but including the area of any easement.

2.1.75. *Lot Depth*. The average distance between the front and rear lot lines.

2.1.76. *Lot Lines*.

1. *Front Lot Line*. A lot line separating a lot from the street on which it fronts. On corner lots and double-frontage lots, all

lot lines abutting a street (except alleys 16' or less in width), shall be front lot lines.

2. *Rear Lot Line*. A lot line, which is most distant from a front lot line. In the case of corner lots, the rear lot line shall be that lot line, other than a front lot line, that is shorter in dimension. For the purposes of determining rear yard setbacks on a lot where the side lot lines meet in a point, the "rear lot line" is assumed to be a line not less than ten (10) ft long drawn within the lot between the two side lot lines and parallel to the front lot line, and which is referred to as the "Adjusted Rear Lot Line".

3. *Side Lot Line*. Any lot line, which is not a front or rear lot line.

Lot Lines, Interior Lot

Lot Lines, Corner Lot

2.1.77. *Lot Width.* In the case of interior lots, the distance between the side lot lines. In the case of corner lots, the distance between the front lot line and the opposing lot line. Such distance shall be measured along a straight line, which is at right angles to the axis of the lot, and shall be measured at the front yard setback line. When a lot abuts on a curved street, the lot width is determined using the arc length.

Lot Width, Interior Lot

Lot Width, Corner Lot

2.1.78. *Lot of Record.* A lot that exists as shown on a deed or plat, which has been recorded by the applicable County.

2.1.79. *Master Development Plan.* A plan required for the review and approval of a planned development, in which necessary information is provided sufficient for the Commission, Council and other

reviewers to determine its compliance with the intents and requirements of the applicable provisions of this Ordinance.

2.1.80. *Mulch.* A material (pine straw, bark chips, wood chips, etc.) placed on the ground to stabilize soil, protect roots, limit weed growth and otherwise promote tree and shrub growth.

2.1.81. *Net Floor Area.* The actual occupied area, not including unoccupied accessory areas such as corridors, stairways, ramps, toilet rooms, storage areas, mechanical rooms and closets.

2.1.82. *Nonconformities.* An improvement, premises or use that does not conform to regulations of this Ordinance and/or other regulations of the City, but which lawfully existed prior to the effective date of such regulations.

1. *Nonconforming Improvements.* Any improvements made to land not in conformance with the provisions of this Ordinance or other applicable regulations of the City. Improvements, which may be classified as nonconforming, include but are not limited: parking areas, driveways, lighting, sidewalks, buffers and screening, and other landscaping.

2. *Nonconforming Premises.* A premises and/or building thereupon not meeting the applicable dimensional requirements of this Ordinance.

3. *Nonconforming Use.* The use of any building or land which was lawful at the time of passage of this Ordinance or amendment thereto, but which use does not conform, after the passage of this Ordinance or amendment thereto, with the use regulations of the district in which it is situated.

2.1.83. *Open Space.* Land, not covered by parking areas, rights-of-way or buildings other than recreational structures, pools

and stormwater facilities, which is landscaped or left in a natural state as required by the provisions of this Ordinance.

1. *Common Open Space*. Open space within a development held in common ownership and maintained by a property owners' association of all residents for recreation, protection of natural land features, amenities or buffers; is freely accessible to all residents of the development; and is protected by the provisions of this Ordinance to ensure that it remains in such use(s).
- 2.1.84. *Patio*. A level, landscaped, and/or surfaced area directly adjacent to a principal building near finished grade and not covered by a permanent roof.
- 2.1.85. *Planned Development*. One or more contiguous parcels planned and developed as a single entity according to an approved Master Development Plan.
- 2.1.86. *Planning Commission or Commission*. The City of Vestavia Hills Planning and Zoning Commission.
- 2.1.87. *Poultry*. Fowl normally raised as food such as chickens, ducks, geese, guineas and turkeys or for commercial uses such as peacocks.
- 2.1.88. *Premises*. A lot, parcel, tract or plot of land including all buildings, improvements and structures existing thereon.
- 2.1.89. *Principal Building*. A building, in which is conducted the principal use of the lot on which it is situated.
- 2.1.90. *Principal Use*. The primary or predominant use of any lot or parcel.
- 2.1.91. *Property Maintenance Code or City Property Maintenance Code*. The International Property Maintenance Code as adopted by the City Council, as amended.
- 2.1.92. *Public Hearing*. A meeting announced and advertised in advance and open to the public, with the public given an opportunity to talk and participate. Public hearings are advertised and held in accordance with the Code of Alabama, 1975, as amended.
- 2.1.93. *Public Notice*. Notice published prior to a Public Hearing, as required by the Code of Alabama, 1975, as amended. Such notice states the time and place of the hearing and the particular nature of the matter to be considered at the hearing. Public notice for rezoning, conditional use and/or variance requests also include the posting of a sign at conspicuous locations along the perimeter of the subject property; the sign is posted at least one (1) week prior to the hearing and describes the nature, date, time, and location of the hearing.

Public notice of a public hearing to consider an application for zoning or rezoning must be provided (published or posted) by the City in accordance with the Code of Alabama, 1975, as amended, including specifically, Title 11-52-77 and Title 11-45-8 and Act 1123 of the 1973 Legislature.
- 2.1.94. *Remote Parking*. A parking area not located on the same lot as the use for which the parking is provided.
- 2.1.95. *Retaining Wall*. A wall resisting the lateral displacement of soil or other materials to improve or control drainage and erosion.
- 2.1.96. *Ridge Line*. The intersection of two roof surfaces forming the highest horizontal line of the roof.
- 2.1.97. *Right-of-Way*. Land reserved, used, or to be used for a street, alley, walkway, drainage facility, or other public purpose.

- 2.1.98. *Right-of-Way Line*. The line that forms the boundary of a right-of-way, typically corresponding with the front lot line of abutting properties.
- 2.1.99. *Runoff*. The portion of rainfall, irrigation water and any other liquids that flows across ground surface and eventually is returned to streams.
- 2.1.100. *Setback*. The distance between a building or structure and a lot line. See also “Yard”.
- 2.1.101. *Setback Line*. A line that is the required minimum distance from any lot line and that establishes the area within which the principal structure must be erected or placed.
- 2.1.102. *Shrub*. A woody plant, generally multi-stemmed and smaller than a tree.
- 2.1.103. *Sight Triangle, Clear*. An area of unobstructed vision at a street intersection defined by a line of sight between points at a given distance from the intersection of the street centerlines. See also “Intersection Sight Distance”.
- 2.1.104. *Site*. Area of a lot occupied by a structure.
- 2.1.105. *Stacking Space*. A space intended for the queuing of vehicles to a drive-through window, fuel pump, ATM or similar standing point.
- 2.1.106. *Story*. That portion of a building included between the surface of any floor and the surface of the floor next above it, or, if there be no floor above it, then the space between the floor and the ceiling next above it.
1. *Half Story*. A space under a sloping roof in which space the possible floor area with headroom of five (5) feet or less contains at least forty (40) percent of the total floor area of the story directly beneath it; or a building story that contains not more than fifty (50) percent of the total floor area of the story directly beneath it.
- 2.1.107. *Street*. Any vehicular way that is (1) an existing state, county, or municipal roadway; (2) shown upon a plat approved pursuant to law; (3) approved by other official action; (4) shown on a plat duly filed and recorded in the office of the applicable county tax assessor; (5) shown on the official map or adopted master plan. The term “street” includes the land between the street lines, but excludes alleyways that are 20’ or less in width, whether improved or not.
1. *Access Drive*. A private street providing access to a development from a street on which the development has only a very narrow street frontage.
 2. *Access Street*. A minor street, which is parallel and in close proximity to a higher order street and that provides access to abutting properties. Also commonly referred to as a frontage road or service road.
 3. *Arterial*. A street that distributes traffic to and from collectors. Arterials include U.S. Highway 31, U.S. Highway 280, and Columbiana Road.
 4. *Collector*. A street that collects traffic from local streets and connects with minor and major arterials. Collector streets include, but are not limited to, Acton Road, Altadena Road, Cahaba Heights Road, Cahaba River Road, Crosshaven Drive, Dolly Ridge Road, Green Valley Road, Massey Road, Rocky Ridge Road, Shades Crest Road, and Tyler Road.
 5. *Cul-de-sac*. A local street terminating in a vehicular turnaround at one end.
 6. *Local Street*. A street used primarily to provide access to abutting properties.

- 2.1.108. *Street Centerline*. A line running parallel with the street right-of-way which is half the distance between the extreme edges of the official right-of-way width as surveyed, or where not surveyed, half the distance from the edges of pavement.
- 2.1.109. *Structure*. Anything constructed or erected, the use of which requires a location on the ground, or attached to something having a location on the ground, including but not limited to buildings, signs, billboards, backstops for tennis courts, fences, or radio tower.
- 2.1.110. *Structural Alterations*. Any change in the supporting members of a building or structure, such as bearing walls, columns, beams or girders.
- 2.1.111. *Temporary Building*. Portable, mobile or transportable contractor's construction buildings, the use of which is incidental to construction operations being conducted on the same or adjoining lot or tract will be allowed with permit all districts, provided they are not used as a dwelling.
- 2.1.112. *Tree*.
1. *Canopy Tree*. A deciduous tree, usually single-trunked, with a defined crown of foliage, which attains a mature height of at least thirty (30) feet.
 2. *Understory Tree*. A deciduous or evergreen tree which attains a mature height of no greater than thirty (30) feet.
- 2.1.113. *Use*. The purpose for which land or a building or other structure is designed, arranged, or intended or for which it is or may be occupied or maintained.
- 2.1.114. *Variance*. Relief or an adjustment to the literal requirements of this Ordinance granted pursuant to the provisions of [Article 12](#).
- 2.1.115. *Waiver*. Limited relief or adjustment to the literal requirements of this Ordinance granted by the Zoning Official.
- 2.1.116. *Wall*. (1) A vertical screen or barrier distinguished from a "fence" in its design and materials. See "Fence". (2) A vertical exterior or interior surface of a building.
- 2.1.117. *Yard*. An open space lying between the principal building and the nearest lot line.
1. *Front Yard*. A yard extending the full width of the lot between any building and the front lot line and measured from perpendicular to the front building line.
 2. *Rear Yard*. A yard extending across the full width of the lot between the principal building and the rear lot line (or adjusted rear lot line) and measured perpendicular to the rear building line.
 3. *Required Yard*. The minimum required open space between a building or structure and the nearest lot line, unoccupied and unobstructed by any structure from the ground upward.
 4. *Side Yard*. A yard between the main building and the side lot line and extending from the front yard to the rear yard and measured perpendicular to the side building line.

Yards, Corner Lot

2.1.118. *Zoning Approval*. Certification issued by the Zoning Official stating that an application for development is in conformity with the requirements of this Ordinance.

2.1.119. *Zoning Official*. The municipal official designated to administer this Zoning Ordinance. The term “Zoning Official” may also include a designated representative of the Zoning Official.

§2.2. Use Definitions

2.2.1. *Animal Shelter*. Non-profit (e.g., SPCA) or public organization providing shelter for small domestic animals.

2.2.2. *Assisted Living Facility*. A permanent building, portion of a building, or a group of buildings in which room, board, meals, laundry, and assistance with personal care and other services are provided for not less than twenty-four (24) hours in any week to a minimum of two ambulatory adults not related by blood or marriage to the owner and/or administrator and licensed by the State of Alabama.

2.2.3. *Automotive Repair Service*.

1. *Minor Automotive Repair Service*. A place of business engaged in the repair and maintenance of automobiles and light trucks including the sale, installation, and servicing of mechanical equipment and parts but not including painting, body work, upholstery work, fabrication of parts, or rebuilding of engines.

2. *Major Automotive Repair Service*. A place of business engaged in the repair and maintenance of automobiles and light trucks including the sale, installation, and servicing of mechanical equipment and parts including painting,

body work, upholstery work, fabrication of parts, or rebuilding of engines.

2.2.4. *Bed and Breakfast*. An establishment having guest rooms, which are subordinate and incidental to the main, owner occupied, single-family residential use.

2.2.5. *Boarding House*. Any building or portion thereof that contains not less than three (3) nor more than nine (9) guest rooms, which are designed or intended to be used, let, or hired out for occupancy by individuals for compensation whether paid directly or indirectly, for a definite period of time longer than thirty (30) days.

2.2.6. *Business Support Service*. A place of business that supplies support services primarily to business or professional offices or services, such as photocopy, computer, and office equipment, supplies and services.

2.2.7. *Caretaker Dwelling*. A residence, incidental to a principal use, for an on-site manager, watchman or caretaker employed on the premises.

2.2.8. *Clinic*. A building or portion of a building where patients are not lodged overnight, but are admitted for examination and treatment.

2.2.9. *Club, Private*. A building or portion thereof or premises owned or operated by a corporation, association, person for a social, educational or recreational purpose, but not primarily for profit or to render a service which is customarily carried on as a business.

2.2.10. *Conservation Subdivision*. A residential development, in accordance with [§7.3](#), wherein a portion(s) of the site is set aside as open space.

2.2.11. *Construction Service*. A place of business engaged in construction

activities, incidental storage, and wholesaling of building material (but not a home improvement center which also sells at retail), such as a building contractor, trade contractor, or wholesale building supplies store.

- 2.2.12. *Convenience Store*. A retail sales business, which specializes in providing household products and foods. Convenience stores may also provide for any or all of the following as an accessory use: video tape rental, preparation and sale of deli foods.
- 2.2.13. *Country Club*. A recreational facility, usually restricted to members and their guests, which generally includes a clubhouse, dining and recreation facilities.
- 2.2.14. *Day Care Center*. A care facility, licensed by the State of Alabama Department of Human Resources, which receives more than six (6) children for care during only part of the day.
- 2.2.15. *Day Care Home, Family*. A care facility, licensed by the State of Alabama Department of Human Resources, which is a single-family dwelling and which receives children for care during only part of the day.
- 2.2.16. *Donation Bin*. A container or receptacle held out to the public as a place for people to drop off clothing or other items as donations to a charitable organization.
- 2.2.17. *Duplex*. A building designed and arranged to provide separate sleeping, cooking and kitchen accommodations and toilet facilities for occupancy by two families.
- 2.2.18. *Dwelling*. A building containing one or more dwelling units used for residential purposes, but in the case of a building having two or more portions divided by one or more party walls forming a

complete separation, each such portion shall be considered a separate dwelling.

1. *Single-family Dwelling*. A building designed for or occupied exclusively by one family and having only one dwelling unit from the ground to roof and having independent outside access.
 2. *Dwelling, Multi-Family*. A building or portion thereof designed for occupancy by four or more families living independently of each other under one roof.
- 2.2.19. *Entertainment*.
1. *Indoor Entertainment*. A commercial establishment providing spectator entertainment within an enclosed building, including movie theaters and playhouses; and art centers and similar indoor cultural facilities.
 2. *Outdoor Entertainment*. A commercial establishment providing spectator entertainment in open or partially enclosed or screened facilities, including amphitheaters, sports arenas, racing facilities, and amusement parks.
- 2.2.20. *Farm*.
1. *Raising of Crops*. The tilling of soil, the raising of crops, horticulture and gardening and including the sale of crops or horticultural products incidental to the operation of a farm.
 2. *Raising of Livestock*. The keeping or raising of cattle, horses, swine, and/or fowl and including sale of such livestock and dairy products incidental to the operation of a farm.
- 2.2.21. *Farming, Forestry*. Operations involving the operation of timber tracts, tree farms, forest nurseries, the gathering of forest products, or performing forest services, including temporary sawmills and chippers for cutting of timber growth on

the same premises but excluding lumber yards, mills, and similar activities.

- 2.2.22. *Farm Support Business.* A commercial establishment engaged in the sale of farm support goods and services, including the following activities: the sale of feed, grains, fertilizers, pesticides, and similar farm support goods, the provision of warehousing and storage facilities for raw farm products, and the provision of veterinary services to large animals.
- 2.2.23. *Gas Station.* A business that includes gasoline sales and that may also include an automatic car wash function and retail sales of food, beverages, and sundries, but which does not include any automotive repair services, sales, or rental. A “Gas Station” that contains a minor automotive repair function is considered a “Service Station”.
- 2.2.24. *Group Home.* A non-profit or for-profit facility for the sheltered care of persons with special needs, which, in addition to providing food and shelter, may also provide some combination of personal care, social or counseling services and transportation.
- 2.2.25. *Home Improvement Center.* A place of business providing building, appliance, yard and garden materials, tools, and supplies at retail and wholesale.
- 2.2.26. *Home Occupation.* An occupation or activity carried out for gain which is clearly incidental to use of the premises for dwelling purposes in accordance with [§7.1 Home Occupations](#).
- 2.2.27. *Hotel.* A building offering transient lodging accommodations to the general public and which may include other functions, such as restaurants, conference rooms, entertainment, personal services, and recreational facilities. “Hotels” are distinguished from “motels” in that hotel

guest rooms are accessible from the interior of the building.

- 2.2.28. *Institution.* A nonprofit, religious, or public use, such as a religious building, library, public or private school, hospital, or government-owned or government-operated building, structure, or land used for public purpose. For the purposes of this Ordinance, institutional uses are further categorized as:
1. *Low Intensity Institutional Use.* Civic, service, and fraternal organizations and cultural facilities up to 10,000 sq. ft.; day care centers; pre-schools; elementary schools; group homes with more than six (6) residents.
 2. *Medium Intensity Institutional Use.* Nursing homes; civic, service, and fraternal organizations and cultural facilities between 10,000 and 50,000 sq. ft., government buildings up to 12,500 sq. ft.; health institutions up to 50,000 sq. ft.; junior high and middle schools; places of assembly up to 750 seats; stadiums and arenas up to 5,000 seats; other institutions up to 50,000 sq. ft.
 3. *High Intensity Institutional Use.* Government buildings greater than 12,500 sq. ft.; health institutions greater than 50,000 sq. ft.; places of assembly greater than 750 seats; high schools, universities, colleges, junior colleges; other institutions greater than 50,000 sq. ft.
- 2.2.29. *Kenel.* A lot or premises on which three (3) or more dogs are housed, groomed, bred boarded, trained, or sold, all for a fee or compensation.
- 2.2.30. *Laundromat.* An establishment providing washing, drying, or dry cleaning machines on the premises for rental use to the general public.

- 2.2.31. *Laundry and Dry Cleaning Establishment.* A service establishment engaged in the cleaning or laundering of garments primarily for individuals.
- 2.2.32. *Laundry, Industrial.* A service establishment primarily engaged in high volume laundry and garment services, including linen supply; diaper service; industrial laundries; and carpet and upholstery cleaners.
- 2.2.33. *Live-Work.* A two-story or taller building designed to accommodate a business on the ground story and one single-family dwelling on the upper story. The business is owned and/or operated by the owner of the dwelling and therefore the building may be designed to accommodate interior access between the business space and the dwelling above.
- 2.2.34. *Lodging.* A use in which temporary living quarters are made available to the general public for compensation, including but not limited to hotels and motels.
- 2.2.35. *Lounge.* A licensed establishment engaged in the preparation, sale, or serving of liquor for consumption on the premises, including taverns, bars, cocktail lounges, night clubs, private clubs, restaurant lounges, hotel or motel lounges, and similar uses where liquor consumption is a primary or incidental activity on the premises for the establishment. Not included within this definition are establishments that sell or serve only beer or wine as an incidental activity on the premises or establishments that sell liquor, beer, or wine in packages for off-premise consumption.
- 2.2.36. *Maintenance Service.* An establishment providing building and yard maintenance services, such as janitorial services, exterminating services, landscape services, and window cleaning services to include incidental covered storage only.
- 2.2.37. *Manufacturing, Light.* The manufacture, predominantly from previously prepared materials, of finished products or parts, including processing, fabrication, assembly, treatment, and packaging of such products, and incidental storage, sales, and distribution of such products.
- 2.2.38. *Mixed Use.* The co-location of residential uses with non-residential uses on one lot or in one building, as may be permitted within certain districts within this Ordinance.
- 2.2.39. *Motel.* A building offering transient lodging accommodations to the general public and which may include other functions, such as restaurants, conference rooms, entertainment, personal services, and recreational facilities. “Motels” are distinguished from “hotels” in that motel guest rooms are accessible from the exterior of the building.
- 2.2.40. *Neighborhood Retail.* Retail uses that serve the daily and weekly needs of residents in surrounding neighborhoods and that are housed in buildings of a scale compatible with surrounding residential development. Such uses include but are not limited to delicatessens, small grocery stores, drug stores, convenience stores, hardware stores, clothing stores and jewelry stores. Neighborhood retail does not include appliance, furniture, gasoline or automotive sales.
- 2.2.41. *Neighborhood Services.* Service uses that serve the daily and weekly needs of residents in surrounding neighborhoods and that are housed in buildings of a scale compatible with surrounding residential development. Such uses include, but are not limited to, banks, dry

cleaning pick-up stations, beauty salons, barber shops, shoe repair, alterations, and fitness centers. Neighborhood services do not include automotive repair services.

- 2.2.42. *Nursery School or Kindergarten.* Any premises or portions thereof used for educational work or parental care of children of less than the age required for enrollment in the public school system. Nursery school or kindergarten includes every preschool, nursery school or kindergarten operated separate and apart from another school offering general education courses or from a place of worship. For purposes of this Ordinance, nursery schools or kindergartens operated in conjunction with and on the premises of any such school or place of worship shall be considered a part of such school or place of worship.
- 2.2.43. *Nursing Home.* A home for the aged or infirm in which three or more persons not of the immediate family are received, kept or provided with food or shelter or care for compensation, but not including hospitals, clinics or similar establishments devoted primarily to the diagnosis and treatment of the sick or infirm.
- 2.2.44. *Personal Service.* A retail establishment providing services involving the care of a person, such as a barber shop, beauty shop, cosmetic studio, dry cleaning and laundry pick-up station, indoor exercise and fitness center, tanning salon, seamstress, tailor, shoe repair shop, key repair shop, travel agency, interior decorator, formal wear rental, and similar uses.
- 2.2.45. *Place of Assembly.* Buildings arranged for general assembly for civic, public, social or religious purposes, including banquet rooms, coliseums, community centers, civic centers, places of worship and similar uses.
- 2.2.46. *Place of Worship.* Building used for non-profit purposes by a recognized and legally established sect solely for purposes of worship.
- 2.2.47. *Public Facility.* Buildings arranged for the purpose of providing public services, not otherwise listed in this section, including government offices, post offices, transit stations, police stations, fire and emergency service stations, civil defense operations, and similar uses.
- 2.2.48. *Public Utility Facility.* Facility that provides public utility services to the public at large, including water and sewerage facilities, gas distribution facilities, electric transmission and distribution facilities, and cable transmission and distribution facilities.
- 2.2.49. *Recreation.*
1. *Active Recreation.* Outdoor recreation that requires dedicated facilities and maintenance, such as swimming, organized sports, tennis and similar activities.
 2. *Indoor Recreation.* A commercial establishment providing recreational or sports activities to participants within an enclosed building, including bowling alleys, billiard parlors, video game centers, ice and roller skating rinks, and other commercial indoor recreational and sports activities.
 3. *Outdoor Recreation.* A commercial establishment providing recreation or sports activities to participants in open or partially enclosed or screened facilities, including driving ranges, miniature golf courses, golf courses, swimming pools, tennis courts, and other commercial outdoor recreational and sports activities.
 4. *Passive Recreation.* Outdoor recreation that does not require significant maintenance or facilities, such as

walking, hiking, picnicking, viewing, and environmental education activities.

Passive recreation shall also include the impromptu use of an open space for non-organized sports activities or games.

2.2.50. *Restaurant.*

1. *Fast Food Restaurant.* An establishment where food and drink are rapidly prepared for carry out, fast delivery, drive-through, or drive-in and may also include standard sit-down consumption.
2. *Standard Restaurant.* An establishment where food and drink are prepared, served, and primarily consumed within the building where guests are seated and served.

2.2.51. *Salvage Yard.* A lot or structure or part thereof, used primarily for the collecting, storage and sale of junk or for the collecting, dismantling, storage and salvaging of machinery or vehicles not in running condition, or for the sale of parts thereof.

2.2.52. *Service Station.* Any building, structure, or land used primarily for the dispensing, sale or offering for sale at retail of any automobile fuels, oils or accessories but not including major work such as motor overhaul, body and fender repair or spray painting.

2.2.53. *Shopping Center.* A group of commercial establishments planned, constructed and managed as a single entity with common parking and driveway facilities.

2.2.54. *Telecommunication Facilities.* Any cables, wires, lines, wave guides, antennas, structures, and any other facilities or equipment associated with the transmission or reception of electronic communication located near or installed upon a tower or antenna support structure.

2.2.55. *Townhouse.* A single-family dwelling in a row of at least three such units in which each unit has its own front and rear outdoor access, no unit is located over another, and each unit is separated by one or more vertical common fire-resistant walls.

2.2.56. *Triplex.* A building containing three (3) dwelling units, each of which has direct access to the outside or to a common hall.

§2.3. Abbreviations used in this Ordinance

- 2.3.1. ac – Acre(s)
- 2.3.2. ADEM – Alabama Department of Environmental Management
- 2.3.3. ALDOT – Alabama Department of Transportation
- 2.3.4. ATM – Automated Teller Machine
- 2.3.5. bldg – Building
- 2.3.6. BR – Bedroom or guest accommodation
- 2.3.7. BZA – Board of Zoning Adjustment
- 2.3.8. DRB – Design Review Board
- 2.3.9. DU – Dwelling unit
- 2.3.10. ft – Foot or Feet
- 2.3.11. GFA – Gross Floor Area
- 2.3.12. lf – Linear feet
- 2.3.13. max. – Maximum
- 2.3.14. min. – Minimum
- 2.3.15. MPO – Metropolitan Planning Organization
- 2.3.16. n/a – not applicable
- 2.3.17. PUD – Planned Unit Development
- 2.3.18. ROW – Right-of-way
- 2.3.19. sq. ft. – Square feet
- 2.3.20. % - Percent

2.3.21. § - Section, Subsection or similar
division of this Ordinance

Article 3 ESTABLISHMENT OF DISTRICTS

§3.1. Purpose

The following Ordinance has been prepared by the Vestavia Hills City Planning and Zoning Commission, hereinafter referred to as “the Commission” and adopted by the Vestavia Hills City Council, hereinafter referred to as “the Council”. This Zoning Ordinance regulates the general use of private land. It does this through the establishment of zones or districts and outlines the intended use for each. Thus there are residential districts and institutional, business and planned development districts.

The Ordinance further sets forth conditions for use. For instance, in order to control the density of population it prescribes minimum front, rear and side yards, numbers of families per lot, and amount of total ground space per family on any one lot.

This Zoning Ordinance is administered by the Zoning Official.

This Ordinance provides for a Board of Zoning Adjustment. The Board’s duties are largely judicial. If the Building Official refuses to issue a Building Permit, applicant can appeal to the Board of Zoning Adjustment for a review of his decision.

§3.2. Zoning Districts

For the purposes of this Ordinance the City is hereby divided into the following districts:

- 3.2.1. E-2 Residential Estate District
- 3.2.2. R-1 Low Density Residential District
- 3.2.3. R-2 Medium Density Residential District
- 3.2.4. R-3 Medium Density Residential District
- 3.2.5. R-4 Medium Density Residential District
- 3.2.6. R-5 Multi-family Residential District
- 3.2.7. R-6 Zero Lot Line Residential District

- 3.2.8. R-7 Duplex and Triplex Residential District
- 3.2.9. R-8 Townhouse Residential District)
- 3.2.10. R-9 Planned Residential Community District
- 3.2.11. RC-1 Residential District (Condominiums)
- 3.2.12. A Agricultural District
- 3.2.13. B-1 Neighborhood Business District
- 3.2.14. B-1.2 Neighborhood Mixed Use District
- 3.2.15. B-2 General Business District
- 3.2.16. B-3 Arterial Business District
- 3.2.17. O-1 Office Park District
- 3.2.18. O-2 Office Park District
- 3.2.19. INST Institutional District
- 3.2.20. PUD Planned Unit Development District
- 3.2.21. MXD Planned Community Mixed Use District

§3.3. Interpretation of District Boundaries

Where uncertainty exists as to the boundaries of any district shown on the zoning map, the following rules shall apply:

- 3.3.1. Where such district boundaries are indicated as approximately following centerlines of streets or alleys, lot lines, stream centerlines, property lines or corporate limit lines, such lines shall be considered to be such boundaries.
- 3.3.2. Where a district boundary divides a lot, the location of such boundary, unless the same is indicated by dimensions shown on the map, shall be determined by the use of the scale appearing on the Zoning Map.
- 3.3.3. Authority for each entry made on the map must be found in the applicable Zoning Ordinance or Amendment.

- 3.3.4. The controlling document for determining the zoning classification of any particular property in the City shall be in the Ordinance adopted and enacted by the Council, which zoned or rezoned said parcel.
- 3.3.5. Where physical or cultural features existing on the ground are at variance with those shown on the Zoning Map, or in other circumstances not covered by the preceding rules, the Board of Zoning Adjustment, hereinafter referred to as “the BZA” shall interpret the district boundaries.

§3.4. District Boundaries Established

The boundaries of each district are indicated upon the Zoning Map. Said map and all notations, references and other information shown thereon shall be as much a part of this Ordinance as is fully described herein. Said map shall be retained in the office of the City Clerk.

Article 4 GENERAL REGULATIONS

§4.1. Uses

- 4.1.1. In each district no use other than the specific types specified for that district shall be permitted. Uses not specified as permitted, as Special Exception Uses or as Conditional Uses, are prohibited.
- 4.1.2. No permit shall be issued for Special Exception Uses, as indicated in the district regulations, except with the written approval of the BZA, and subject to such conditions as said BZA may require to preserve and protect the character of the District and otherwise promote the purposes of this Ordinance.

Special Exceptions, unlike variances, do not require a showing of unnecessary hardship. A Special Exception denotes a species of administrative permission that allows property to be used in a manner which the regulations expressly permit and under conditions specified in this Ordinance though it may not be permissibly used as a substitute for a variance. A use prohibited by this Ordinance may not be authorized by Special Exception. See [§12.3 Special Exceptions](#).
- 4.1.3. Any use listed in a district as a Conditional Use shall only be permitted upon approval by the Council upon a recommendation by the Commission in accordance with the procedure set forth in [§13.3 Conditional Uses](#). The recommendation by the Commission may be to approve or deny the application, which said recommendation shall be advisory only. Zoning is a legislative matter decided by the Council. The Council shall not be bound by the recommendation of the Commission.

§4.2. General Lot Regulations

- 4.2.1. Street Access. No structure shall be constructed on a nonconforming lot that does not abut a public street with a minimum right-of-way width of forty (40) ft.
- 4.2.2. Official Street Line. Where an official line has been established for the future widening or opening of a street upon which a lot abuts, such official line shall be considered as the property line.

§4.3. Area and Dimensional Regulations

- 4.3.1. Open Space and Height. In each district each structure hereafter erected or altered shall be provided with the yards specified, shall be on a lot of the area and width specified and shall not exceed the heights specified in the district schedule. No open space or lot required for a building or structure shall during its life be occupied by or counted as open space for another building or structure.
 1. No lot shall be reduced in area so that yards and other open spaces total less than the minimum area required under this Ordinance.
 2. The sale of lots in an unapproved subdivision is prohibited by Title 11-52-33, Code of Alabama, 1975.
- 4.3.2. Dimensional Standards for Residential Zoning Classifications. In any residential district, the dimensional standards normally required shall not apply if modification or variations from these standards are shown on an approved preliminary plot plan or subdivision plat provided the same shall have been first approved by the BZA, or the Commission by the authority vested in it by the Subdivision Regulations.
- 4.3.3. Existing Lots of Record. A single-family dwelling may be constructed on any nonconforming lot in any residential

district if said lot contains less than the minimum lot area required in the applicable district, provided the following condition is met:

1. No structure shall be constructed on a nonconforming lot without front, rear, and side yard setbacks as required in the applicable district.

4.3.4. Lot Width. Minimum lot width shall be measured along the front building line.

4.3.5. Lot Frontage. Lot frontage should be comparable to the minimum lot width. However, where the lot frontage is less than the minimum lot width, the Commission may approve such lots, if having a minimum of forty (40) feet lot frontage, but all building line restrictions shall remain in full force and effect on such irregularly shaped lots, unless otherwise approved by the Commission. In no case shall the minimum lot frontage be less than forty (40) feet except as follows:

1. Townhouses shall have a minimum lot frontage of eighteen (18) feet
2. Lots on culs-de-sac shall have a minimum lot frontage of twenty-five (25) feet, measured along the arc.

Figure 4.3.5: Lot frontage for cul-de-sacs

3. Non-residential uses in non-residential districts may have a lot frontage width less than forty (40) feet so long as access

to such lot is provided by another frontage greater than forty (40) feet in width, by an alley or by a shared access approved by the Commission.

4.3.6. General Setback Regulations

1. The minimum front yard setback may be reduced where the setbacks of the buildings on abutting lots is less than the normally required front yard setback (see Figure 4.3.6). In such case, the setback may be less than that normally required, but not less than:
 - a. For interior lots, the average of the as-built setbacks on the abutting lots.
 - b. For corner lots, the as-built setback on the abutting lot per corresponding frontage.
2. No side yard setback shall be required in excess of twenty-five (25) feet.
3. For corner lots in single-family residential districts, the minimum front yard setback shall be observed on both lot frontages abutting street rights-of-way (except alleys 16' or less in width), unless otherwise provided by this Ordinance.
4. Every part of a required yard shall be open from its lowest point to the sky unobstructed except for:
 - a. Accessory uses conforming to [§4.4 Accessory Structures](#).
 - b. Uncovered terraces, decks, steps and porches, which are not, in any part, located within five (5) feet of any abutting lot line zoned R-5, R-6, R-7, R-8 and R-9 only. Uncovered steps and stairs, of any height, may encroach no more than twenty-five (25) percent into a required front yard on a single-family or duplex lot.

Adjusted minimum setback on Frontage A = 36 ft
Adjusted minimum setback on Frontage B = 30 ft

Figure 4.3.6 Reduced front yard setbacks

- c. Roof overhangs, projecting into a required yard no more than three (3) feet but in no case shall they project closer than three (3) feet to any property line.
- d. Bay windows, chimneys, window air condition units and similar architectural features or mechanical components of single-family dwellings and duplexes projecting no more than four (4) feet into a required yard. The cumulative width(s) of such encroachments shall not constitute more than ten (10) percent of the total length of the corresponding wall. In no case shall such projections extend nearer than three (3) feet from any abutting lot line.

- e. Mechanical components of central air conditioning systems, irrigation pumps, grinder pumps, or similar mechanical equipment projecting into a required side yard no more than four (4) feet and no closer than five (5) feet to any lot line, except in subdivisions with side setbacks of a minimum of 5' or less or as may be otherwise approved by the Building Official in the case of zero lot line developments.
- f. Moveable awnings attached to and supported by a building wall may be placed over doors or windows in any required yard, but such awnings shall not project closer than five (5) feet to any lot line. Canopies shall provide a clear space between grade level and the bottom of the valance of at least eight (8) feet. See also [§7.2 Gas and Service Stations](#) for gas and service station canopies.

In addition to the aforesaid, a reduction of a front, rear or side yard up to one (1) foot may be approved by the Building Official provided that no portion of the building shall extend closer than three (3) feet to the nearest property line.

- 5. On through lots, the required front yard setback shall be provided on each frontage except where a note appears on a recorded plat prohibiting access to one of the abutting frontages. Along such frontage, the minimum rear yard shall be required per the applicable district.
- 4.3.7. Height Regulations. The maximum building height regulations prescribed in this Ordinance shall not apply to belfries, chimneys, church spires, cooling towers, elevator bulkheads, fire towers, flag poles, television antennae, tanks, water towers, or mechanical equipment rooms that:

1. do not separately or in combination with other rooftop structures exceed ten (10) percent of the horizontal roof area; and
 2. no sign, nameplate, display or advertising device of any kind shall be inscribed upon or attached to any such structure or otherwise erected so as to extend above the roof of the principal structure.
- 4.3.8. Sight Distance Requirements. No planting, fence, building, wall, sign or other structure shall be placed or maintained so as to obstruct the vision of motorists within a clear sight triangle determined by the City Engineer in accordance with the City Public Works and Engineering Standards.

Foundation. Footings and foundations for new constructions and additions installed on a lot or parcel that has an average grade slope exceeding 1/3 shall be designed by a State of Alabama licensed engineer. A geotechnical engineer shall be required to evaluate the site and inspect the footings and foundations.

§4.4. Accessory Structures

- 4.4.1. Time of Construction. No accessory building shall be constructed until the construction of the principal building, to which it is accessory, has been commenced, and no accessory building shall be used unless the principal building is also being used
- 4.4.2. Location
 1. Accessory structures shall be located only in the rear yard and shall not be located nearer than ten (10) feet from the principal dwelling.
 2. Side yard setback. The side yard setback shall be that required of principal structures in the applicable district.

3. Rear yard setback. Accessory structures shall not be located nearer than fifteen (15) feet from the rear lot line.

4.4.3. Height. Accessory structures shall not exceed one (1) story in height nor sixteen (16) feet. Greater height may be permitted only by a Special Exception upon request to the BZA in accordance with the provision of [§12.3 Special Exceptions](#).

4.4.4. Building Materials. If the accessory structure is a detached minor building consisting of masonry or frame walls and roof, then in such event said minor building shall be constructed with building materials of the same type and kind as used for the construction of the principal structure on the premises.

4.4.5. Miscellaneous

1. The term “accessory structure” shall not include:
 - a. Any use not on the same lot to which it is accessory unless authorized by the Board of Zoning Adjustment.
 - b. Any use not customarily incidental to a permitted use.
 - c. Any use detrimental to a residential neighborhood, if located within a residential area or if abutting residential uses.
 - d. An accessory dwelling except where specifically permitted by this Ordinance.

§4.5. Fences.

- 4.5.1. Visibility. No fence or wall shall be permitted between the building line and the front lot line. Fences shall not be placed within the clear sight triangle as determined by the City Engineer.
- 4.5.2. No fence shall be erected, installed, constructed or otherwise structurally altered in the City except in strict

compliance with the terms and provisions of this ordinance.

4.5.3. Any person, firm, corporation, partnerships or other entity desiring to build a fence on any property located within the City shall follow the procedure and comply with the following requirements:

1. Unless it has been approved as part of a valid Building Permit, no fence shall be erected, installed, constructed or otherwise structurally altered on any property until a fence permit is issued by the City.
2. No approval for the issuance of a permit shall be made until such time as the Building Official and Fire Marshal have approved the plans and specifications for the erection, installation, construction or structural alteration of said wall or fence and certifies that the same meet the requirement of paragraphs 3 and 4 below.
3. The person, firm, corporation, partnership or other entity applying for a permit shall submit plans and specifications for the erection, installation, construction or structural alteration of the fence. The plans and specifications shall include the following:
 - a. A map or survey of the lot upon which the fence will be located.
 - b. The location of the fence on the property
 - c. The dimensions of the fence, including the height, width and length.
 - d. Estimated cost.
 - e. List and description of materials to be used.
4. No fence shall be erected, installed, constructed, or otherwise structurally altered unless the material utilized therefore is such that the grade and

quality of said material is the same on all sides, including the front and back. Materials are limited to chain link, masonry, vinyl, composite, or wood.

5. In all residential zoning districts, fences, regardless of material, shall be no higher than eight feet measured from the ground. Any fence exceeding 8' in height shall require a Conditional Use Approval pursuant to Section 13.3. If Conditional Use Approval is requested, drawings indicating the requested fencing, location, height and materials will be required.
6. In all residential zoning districts, fences may be located between the front building line and the front setback line provided said fences are open, ornamental in style, finished on both sides and excluding any chain link or privacy wood fencing.
7. For security purposes, in all residential zoning districts, fences may be located between the front building setback and the front lot line providing that all of the following criteria are met:
 - a. The residential property must be a lot of record recorded in the Office of the Judge of Probate; and
 - b. The recorded lot must consist of a minimum one (1) acre of property; and
 - c. The primary residential unit constructed upon the property must be located a minimum 100' from the front lot line; and
 - d. The fence and gate shall be constructed so as to be open, ornamental and decorative in style and constructed of finished stone, masonry and/or metal. Said fencing located within the front yard setback shall exclude wood and/or chain link fencing; and

- e. Said fencing shall be located a minimum of 2' inside the front lot line or a minimum of 5' from any public improvements, within the right-of-way, whichever is greater. Said location shall be approved by the City Planner and/or City Engineer in order to mitigate adverse effects to the subject or adjacent properties. NOTE: All public improvements, including utilities, shall be designated on required drawings in the form of a survey and certified by an Engineer and/or Surveyor licensed by the State of Alabama; and
- f. Said security gate shall be set back minimum 40' from the edge of pavement or at least 2' inside of the private property line, whichever is greater; and
- g. A Knox switch/switches shall be installed and gate shall be at proper width in order to allow access for emergency vehicles and shall be approved by Fire Marshall prior to permitting."

§4.6. Ownership and Management of Common Open Spaces and Facilities

For all developments involving the creation of open spaces or facilities to be owned and maintained by a homeowner, property owner, or Condominium association, the following shall apply:

- 4.6.1. Owner's Association. An association representing the owners shall own the common open space or facility in perpetuity. Membership in the association shall be mandatory and automatic for all owners of the subdivision or condominium and their successors. The association shall have lien authority to ensure the collection of dues from all members. The responsibility for maintaining the

common open space and/or facilities located thereon shall be borne by the association.

- 4.6.2. Management Plan. The applicant shall submit a plan for management of open space and/or common facilities that:
 1. allocates responsibility and guidelines for the maintenance and operation of the common open space/facilities including provisions for ongoing maintenance and for long-term capital improvements;
 2. estimates the costs and staffing requirements needed for maintenance and operation of, and insurance for, the common open space/facilities and outlines the means by which such funding will be obtained or provided;
 3. provides that any changes to the plan be approved by the Commission; and
 4. provides for enforcement of the plan.
- 4.6.3. In the event the party responsible for maintenance of the common open space/facility fails to maintain all or any portion in reasonable order and condition, the City may take any corrective action, to the extent permitted by law, which is deemed necessary and suitable to remedy the situation.

§4.7. Condominiums

The condominium form of ownership is permitted in any and all Zoning Districts although the area and dimensional regulations for certain districts or uses may not directly relate to such form of property ownership, such as minimum lot areas, widths or yards. Therefore, condominiums shall not be held literally to such regulations; but instead shall be consistent with their intent. For example, if this Ordinance requires a minimum lot area of 10,000 sq. ft. for a particular district or use, such area shall be provided, although it is not within a separately owned lot, and shall not be

counted toward another part of the same development. Similarly, in a district that requires a ten (10) foot side yard setback; there shall be a twenty (20) foot separation between the sides of buildings in a condominium development.

Furthermore, when a district limits the intensity of development to one principal building per lot, such regulations shall not apply literally in the case of condominiums. In such case, more than one such building shall be permitted so long as the minimum (lot) area is provided per principal building.

§4.8. Commercial Vehicles in Residential Districts

In all residential zoning districts, commercial vehicles, as permitted, shall only be parked behind the front building line or within an enclosed structure.

§4.9. Donation Bins

4.9.1. Donation bins may be located on premises in non-residential districts only and shall not, after the effective date of these regulations, be placed on a premises without written approval of the Zoning Official. The following information shall be provided to the Zoning Official with the request for placement:

1. Name, address and phone number of the applicant.
2. Name, address and phone number of the owner of the concerned property and a letter of authority/permission from said owner.
3. Information as to the manner and schedule for which the bin is to be emptied or removed.

4.9.2. Standards. The Zoning Official shall only approve bin placement in accordance with the following:

1. Bins shall be set back as required for principal buildings in the applicable non-residential district and may not encumber any required sight triangle, off-street parking or stacking space, circulation or loading/unloading area, buffer, required yard or landscaping area.
2. All goods shall be regularly removed to avoid overflow and the bin area shall be maintained in a safe, orderly condition.
3. Bins shall not be placed in any manner that conflicts with conditions imposed on the premises through conditional use, special exception use, variance, design review or similar approval.

§4.10. Swimming Pools in Residential Districts

- 4.10.1 In all residential zoning districts, pools shall be constructed within the side and/or rear yards with a minimum setback of 5' from any adjacent property line.
- 4.10.2 All mechanical pool equipment shall be located a minimum of 3' from any adjacent property line.
- 4.10.2 Decks constructed for above ground pools in Residential District R-1, R-2, R-3 and R-4 shall be located within the regular side setbacks of the respective zoning district.

Article 5 RESIDENTIAL DISTRICTS

§5.1. E-2 Residential Estate District

This district is intended to accommodate detached, single-family dwellings on estate-sized lots.

5.1.1. Use Regulations. See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following limitations:

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.1.2. Area and Dimensional Regulations: The area and dimensional regulations set forth following and in Table 5.1 shall be observed (See also [Article 4 General Regulations](#)):

1. Only one principal building and its accessory structures may be built on any lot of record, which, at the time of enactment of this Ordinance, is separately owned.
2. The maximum building height may be increased to three (3) stories, or 45 feet, whichever is less, upon approval of a Special Exception. Such increase in height shall only be permitted upon a favorable recommendation by the Fire Marshal and subject to any conditions required by the Fire Marshal and/or Board, which may include installation of a home fire sprinkler system.

5.1.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements for permitted non-residential uses, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Table 5.1 E-2 District Area and Dimensional Regulations	
Min. Floor Area	
One Story	2,000 sq. ft.
Two Story	2,000 sq. ft.
Min. Total Floor Area	2,000 sq. ft.
Min. Yard Setbacks	
Front	75 ft
Rear	50 ft
Side	25 ft
Min. Lot Area	1 acre
Min. Lot Width	150 ft
Max. Building Height (see also §5.1.2.2)	35 ft or 2 ½ stories, whichever is less
Max. Building Area	
On percent of lot	25%

§5.2. R-1 Low Density Residential District

The district is intended to accommodate detached, single-family dwellings on large lots together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

5.2.1. Use Regulations. See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following limitations:

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.2.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.2 shall be observed (See also [Article 4 General Regulations](#)):

1. Only one main structure and its accessory buildings may be built on any lot of record, which, at the time of enactment of this Ordinance, is separately owned.
2. On no lot separately owned shall the aggregate width of required side yards be such that less than twenty-four (24) feet of the width of the lot be left to build upon after side yard requirements are observed.
3. The maximum building height may be increased to three (3) stories, or 45 feet, whichever is less, upon approval of a Special Exception. Such increase in height shall only be permitted upon a favorable recommendation by the Fire Marshal and subject to any conditions required by the Fire Marshal and/or Board, which may include installation of a home fire sprinkler system.

5.2.3. Development Standards.

1. For accessory structures, see [§4.4](#).

2. For parking requirements, see [Article 8](#).
3. For landscaping requirements for permitted non-residential uses, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Rear	30 ft
Side	17 ft
Min. Lot Area	20,000 sq. ft.
Min. Lot Width	115 ft
Max. Building Height (see also §5.2.2.3)	35 ft or 2 ½ stories, whichever is less
Max. Building Area	
On percent of lot	30%

§5.3. R-2 Medium Density Residential District

This district is intended to accommodate detached, single-family dwellings on moderately-sized lots together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

5.3.1. Use Regulations: See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.3.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.3 shall be observed (See also [Article 4 General Regulations](#)):

1. Only one main structure and its accessory buildings may be built on any lot of record, which, at the time of enactment of this Ordinance, is separately owned.
2. On no lot separately owned shall the aggregate width of required side yards be such that less than twenty-four (24) feet of the width of the lot be left to build upon after side yard requirements are observed.

5.3.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements for permitted non-residential uses, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Max. Building Height	35 ft or 2 ½ stories, whichever is less
Max. Building Area	
On percent of lot	30%

§5.4. R-3 Medium Density Residential District

This district is intended to accommodate detached, single-family dwellings on moderately-sized lots together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

5.4.1. Use Regulations: See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.4.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.4 shall be observed (See also [Article 4 General Regulations](#)):

1. Only one main structure and its accessory buildings may be built on any lot of record, which, at the time of enactment of this Ordinance, is separately owned.
2. On no lot separately owned shall the aggregate width of required side yards be such that less than twenty-four (24) feet of the width of the lot be left to build upon after side yard requirements are observed.

5.4.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements for permitted non-residential uses, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Min. Floor Area	1,400 sq. ft.
Min. Yard Setbacks	
Front	50 ft
Rear	30 ft

Max. Building Area	
On percent of lot	30%

§5.5. R-4 Medium Density Residential District

This district is intended to accommodate detached, single-family dwellings on moderately-sized lots together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

5.5.1. Use Regulations: See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.5.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.5 shall be observed (See also [Article 4 General Regulations](#)):

1. Only one main structure and its accessory buildings may be built on any lot of record, which, at the time of enactment of this Ordinance, is separately owned.
2. On no lot separately owned shall the aggregate width of required side yards be such that less than twenty-four (24) feet of the width of the lot be left to build upon after side yard requirements are observed.

5.5.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements for permitted non-residential uses, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Min. Lot Width	70 ft
Max. Building Height	35 ft or 2 ½ stories, whichever is less
Max. Building Area	
On percent of lot	30%

§5.6. R-5 Multi-family Residential District

This district is intended to accommodate multi-family dwellings together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

- 5.6.1. Use Regulations: See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.
1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.
- 5.6.2. Area and Dimensional Regulations. The area and dimensional regulations set forth in Table 5.6 shall be observed (See also [Article 4 General Regulations](#)).
- 5.6.3. Development Standards.
1. For accessory structures, see [§4.4](#).
 2. For parking requirements, see [Article 8](#).
 3. For landscaping requirements, see [Article 9](#).
 4. For sign regulations, see [Article 11](#).

Any other situation	16 ft
Max. Building Area	
On percent of lot	35%

§5.7. R-6 Zero Lot Line Residential District

This district is intended to accommodate detached, single-family dwellings on small lots together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

5.7.1. Use Regulations: See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.7.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.7 shall be observed (See also [Article 4 General Regulations](#)):

1. Only one main structure and its accessory buildings may be built on any lot of record, which, at the time of enactment of this Ordinance, is separately owned.

2. Accessory structures and uses customarily incidental to single family uses are permitted in the rear yard only, subject to [§4.4](#).

5.7.3. Development Standards.

1. Homes may be attached with patio fence or wall in order to achieve privacy between homes.

2. For accessory structures, see [§4.4](#).

3. For parking requirements, see [Article 8](#).

4. For landscaping requirements for permitted non-residential uses, see [Article 9](#).

5. For sign regulations, see [Article 11](#).

Table 5.7 R-6 District Area and Dimensional Regulations ^(Notes)

Front	12 ft ⁽¹⁾
Rear	20 ft
Side	0/10 ft ⁽²⁾
Min. Lot Area	4,000 sq. ft.
Min. Lot Width	40 ft
Maxi. Building Height	35 ft or 2 ½ stories, whichever is less
Max. Density	4 DU/acre ⁽³⁾
Min. Dwelling Spacing	
Front-to-front	40 ft
Front-to-side	20 ft
Front-to-back	40 ft
Back-to-back	40 ft
Side-to-back	30 ft
Side-to-side	10 ft
¹ Front yard setback shall be measured from the outside edge of the gutter, curb or edge of pavement, or back of sidewalk, where required, whichever is greater, but under no circumstances within the right-of-way of any dedicated street. ² One side yard with no (zero) setback is permitted, provided however the total of setbacks of both sides shall be at least ten (10) ft. Building separation, in any case, shall comply with City Building and Fire Codes. ³ Included in the calculations shall be all parts of the development including, but not limited to, common areas, streets and public improvements, park areas, etc.	

§5.8. R-7 Duplex and Triplex Residential District

This district is intended to accommodate detached, single-family dwellings on small lots, duplexes and triplexes together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

5.8.1. Use Regulations: See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.8.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.8 shall be observed (See also [Article 4 General Regulations](#)):

1. Accessory structures and uses are permitted in the rear yard only.

5.8.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements for permitted non-residential uses, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

5.8.4. Procedures for creating an R-7 District. See [§13.4 Amendments](#).

Single-unit	10 ft
Any other situation	16 ft
¹ Front yard setback shall be measured from the outside edge of curb or back of sidewalk, where required, but under no circumstances within the right-of-way of any dedicated street. ² May include common area.	

§5.9. R-8 Townhouse Residential District

This district is intended to accommodate detached single-family dwellings and townhouses, together with other uses, as may be permitted on appeal, which are compatible with such residential uses.

5.9.1. Use Regulations: See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.

1. Only low intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.9.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.9 shall be observed (See also [Article 4 General Regulations](#)):

1. That portion of the façade containing a front-loaded garage shall be set back twenty (20) feet from the back of sidewalk. Driveways in front yards shall not take up more than fifty (50) percent of the front yard, as provided. Narrow lots may require rear access.
2. Customary accessory buildings or structures are permitted provided such use is located in rear yard.

5.9.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements, see [Article 9](#).
4. For sign regulations, see [Article 11](#).
5. Procedures for creating an R-8 District. See [§13.4 Amendments](#).

Max. Building Height	35 ft or 2 ½ stories, whichever is less
Min. Building Group Spacing	
Front-to-front	40 ft
Front-to-side	30 ft
Front-to-back	50 ft
Back-to-back	40 ft
Side-to-back	30 ft
Side-to-side	20 ft
Any other situation	16 ft
¹ Front yard setback shall be measured from the back of curb or back of sidewalk, where required, but under no circumstances within the right-of-way of any dedicated street.	

§5.10. R-9 Planned Residential District

This district is intended to accommodate a range of residential uses, which may be selected from, combined and distributed within a site as is most appropriate to the location, access, context and natural character of the area. The R-9 District also provides for a limited number of non-residential uses, as may be permitted in appeal, which are compatible with residential uses.

- 5.10.1. Use Regulations. See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following limitations:
 1. Only low and medium intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.
- 5.10.2. Area and Dimensional Regulations. For the following uses, the area and dimensional regulations set forth for the corresponding district shall be observed (See also [Article 4 General Regulations](#)).
 1. Single-family dwellings (E-2, R-1, R-2, R-3, R-4 and R-6)
 2. Townhouse dwellings (R-8)
 3. Duplexes and triplexes (R-7)
- 5.10.3. Development Standards.
 1. For parking requirements, see [Article 8](#).
 2. For landscaping requirements, see [Article 9](#).
 3. For sign regulations, see [Article 11](#).
- 5.10.4. Procedures for creating an R-9 District. See [§13.4 Amendments](#).

§5.11. RC-1 Residential District

5.11.1. Use Regulations See [Table 5](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following limitations:

1. Only low and medium intensity institutional uses shall be permitted and only by Special Exception per [§12.3](#) or as Conditional Uses per [§13.3](#), as indicated in Table 5.

5.11.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 5.11 shall be observed (See also [Article 4 General Regulations](#)):

1. For the purposes of this §5.11, stories shall mean levels of livable floor space, which are all above ground.

5.11.3. Development Standards.

1. For parking requirements, see [Article 8](#).
2. For landscaping requirements, see [Article 9](#).
3. For sign regulations, see [Article 11](#).

Article 6 NON-RESIDENTIAL DISTRICTS

§6.1. A-Agriculture District

This district is intended to promote the continued use of open, unsubdivided lands for agriculture and low-density residential use as well as non-residential uses, as may be permitted on appeal, which are compatible with the conservation of such semi-rural uses and land areas.

6.1.1. Use Regulations: See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following limitations.

1. Stables and Farms shall only be permitted on lots of one (1) acre or larger.
2. Only low and medium intensity institutional uses may be approved and only as Special Exceptions per [§12.3](#) or as Conditional Uses per [§13.3](#) as indicated in Table 6.

6.1.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 6.1 shall be observed (See also [Article 4 General Regulations](#)):

1. Only one main structure and its accessory buildings may be built on any lot of record, which at the time of enactment of this ordinance, is separately owned.
2. Livestock and fowl shall not be housed, fed or watered within 150 feet from the boundary of another district nor 300 feet of the nearest existing residence on any abutting or adjacent property.
3. Piles of feed or bedding shall be located no closer than 100 feet from a right-of-way line, property line to minimize odor and nuisance problems.
4. Manure shall be stored for removal and disposed of in accordance with all

applicable county, state and federal regulations. No manure piles shall be located closer than 100 feet from a right-of-way line, property line, zoning district boundary, wetland, watercourse or other water body.

Table 6.1 A District Area and Dimensional Regulations	
Min. Floor Area	1,400 sq. ft.
Min. Yard Setbacks	
Front	40 ft
Rear	30 ft
Side	15 ft
Min. Lot Area	20,000 sq. ft.
Min. Lot Width	100 ft
Max. Building Height	40 ft or 3 stories, whichever is less
Max. Building Area	
On percent of lot	25%
Rear yard percentage	30%
¹ Calculation includes common area.	

6.1.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

§6.2. B-1 Neighborhood Business District

This district is intended to accommodate non-residential uses of a scale and in such locations as to be compatible with and conveniently serve the day-to-day needs of adjacent neighborhoods.

6.2.1. Use Regulations: See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.

1. Retail, service and office uses shall be limited to a maximum gross floor area of 10,000 sq. ft. per establishment. However, additional floor area up to 25,000 sq. ft. may be approved as a Conditional Use per [§13.3](#).
2. Only low and medium intensity institutional uses may be approved and only as Special Exceptions per [§12.3](#) or as Conditional Uses per [§13.3](#) as indicated in Table 6.

6.2.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 6.2 shall be observed (See also [Article 4 General Regulations](#)):

1. Side yard setbacks shall not be required; however, wherever a building is set back from the side lot line, such setback shall be as required by the Building Code and landscaping as required by [§9.2](#) shall be provided.

6.2.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Table 6.2 B-1 District Area and Dimensional Regulations	
Min. Yard Setbacks	
Front	20 ft
Rear	30 ft
Side	0-10 ft, see §6.2.2.1
Max. Building Height	35 ft or 3 stories, whichever is less

§6.3. B-1.2 Planned Neighborhood Mixed Use District

This district is intended to accommodate a range of mutually supportive residential and neighborhood-scale non-residential and mixed uses developed in a pedestrian-friendly pattern. Such development is further intended to be located and designed so as to be convenient to and compatible with adjacent neighborhoods.

Council approval of the application for B-1.2 zoning will include approval of the development plan, including, site plan and setbacks, renderings, and other public improvements. The Zoning Official, Building Official, and City Engineer may approve incidental changes, however, substantial changes to the approved plan (i.e. increased density, amended layout, change of use, etc.) may only be approved by Council following recommendation of the Planning and Zoning Commission.

6.3.1. Use Regulations: See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following limitations.

1. Retail, service and office uses shall be limited to a maximum gross floor area of 10,000 sq. ft. per establishment. However, additional floor area up to 25,000 sq. ft. may be approved as a Conditional Use per [§13.3](#).
2. Only low and medium intensity institutional uses may be approved and only as Special Exceptions per [§12.3](#) or as Conditional Uses per [§13.3](#) as indicated in Table 6.

6.3.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 6.3 shall be observed (See also [Article 4 General Regulations](#)):

1. Front Yards.

- a. When separated from the nearest boundary of any single-family residential district by more than 200 feet or by a street right-of-way, no front yard setback shall be required. Otherwise, the minimum front yard setback shall be twenty (20) feet.
 - b. Buildings may be required to be set back as needed to provide a sidewalk as required in §6.3.3.1.
2. Side yard setbacks shall not be required; however, wherever a building is set back from the side lot line, such setback shall be as required by the Building Code and landscaping as required by [§9.2](#) shall be provided.

Table 6.3 B-1.2 District Area and Dimensional Regulations	
Min. Yard Setbacks	
Front	see §6.3.2.1
Rear	0-15 (depending on buffer if required) ft
Side	see §6.3.2.2
Max. Building Height	35 ft

6.3.3. Development Standards.

1. All buildings shall have a sidewalk a minimum five (5) to eight (8) feet width along the lot frontage as determined and approved by the City Engineer. Additional right-of-way or a sidewalk easement shall be provided along the lot frontage, if necessary, to accommodate the required sidewalk width.
2. Residential uses, if located within fifteen (15) feet or less of a front lot line, shall be raised at least two (2) feet above grade level.
3. Residential and non-residential uses shall not be located on the same floor of the same building.
4. No vehicular use area, other than a driveway, shall be permitted forward of

any front building line without
Conditional Use approval per [§13.3](#).

5. For accessory structures, see [§4.4](#).
6. For parking requirements, see [Article 8](#).
Abutting on-street parking spaces may be counted toward these requirements.
7. Landscaping shall be provided as required in [Article 9](#) except as follows;
 - a. Landscaping shall not be required at the building front when the building is built up to the public sidewalk. If the building is set back, the front yard shall be (1) designed and improved as an extension of the sidewalk; (2) designed and improved as a plaza; (3) landscaped as required in [§9.2](#) Site Landscaping; or (4) a combination of these.
 - b. Buffers shall not be required between developments within the B-1.2 District but shall required between B-1.2 District developments and uses located outside of the district, as applicable.
8. For sign regulations, see [Article 11](#).

§6.4. B-2 General Business District

This district is intended to accommodate a wide range of non-residential uses in locations convenient to large sections of the community.

6.4.1. Use Regulations: See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following.

1. Manufacturing incidental to a retail business where articles are sold at retail on the premises may be permitted as a Special Exception per [§12.3](#).

6.4.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 6.4 shall be observed (See also [Article 4 General Regulations](#)):

1. Side yard setbacks shall not be required; however, wherever a building is set back from the side lot line, such setback shall be as required by the Building Code and landscaping as required by [§9.2](#) shall be provided.

6.4.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Front	30 ft
Rear	30 ft
Side	0-10 ft, see §6.4.2.1
Max. Building Height	45 ft or 4 stories, whichever is less

§6.5. B-3 Conditional Business District

This district is intended to accommodate a wide range of business uses as well as certain non-residential uses that are generally incompatible with the other districts within this Ordinance. Thus the District provides a mechanism through which such uses may be reviewed by the Commission and Council, who may impose conditions upon such development to mitigate incompatibilities with surrounding development.

- 6.5.1. Use Regulations: See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses.
- 6.5.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in Table 6.5 shall be observed (See also [Article 4 General Regulations](#)):
1. Side yard setbacks shall not be required; however, wherever a building is set back from the side lot line, such setback shall be as required by the Building Code and landscaping as required by [§9.2](#) shall be provided.
- 6.5.3. Development Standards.
1. For accessory structures, see [§4.4](#).
 2. For parking requirements, see [Article 8](#).
 3. For landscaping requirements, see [Article 9](#).
 4. For sign regulations, see [Article 11](#).

Max. Building Height	5 stories

§6.6. O-1 Office Park District

This district is intended to accommodate office buildings of limited scale and intensity in locations easily accessible to the overall community.

6.6.1. Use Regulations: See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following limitations.

1. No storage (except of samples for display purposes), manufacture, repair or delivery of merchandise thereon or therefrom shall be permitted. This shall not apply to said activities when they are incidental to a permitted use and completely contained within the interior of the building or tenant space housing the principal use.

6.6.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in [Table 6.6](#) shall be observed (See also [Article 4 General Regulations](#)):

6.6.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Min. Lot Width	100 ft
Max. Building Height	35 ft or 2 stories, whichever is less
Max. Building Area	
With basement parking	30%
Without basement parking	25%

§6.7. O-2 Office Park District

This district is intended to accommodate large-scale, intensive office development in locations easily accessible to the overall region.

6.7.1. Use Regulations: See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following use limitations.

1. No Storage (except of samples for display purposes), manufacture, repair or delivery of merchandise thereon or therefrom shall be permitted. This shall not apply to said activities when they are incidental to a permitted use and completely contained within the interior of the building or tenant space housing the principal use.

6.7.2. Area and Dimensional Regulations. The area and dimensional regulations set forth following and in [Table 6.7](#) shall be observed (See also [Article 4 General Regulations](#)):

1. The maximum building height shall be four (4) stories. However, additional building height up to ten (10) stories may be approved by the Council through Conditional Use review per [§13.3](#). Additional building height shall only be permitted in accordance with the following findings:
 - a. The location of the building is a sufficient distance from any single-family residential districts to mitigate incompatibility.
 - b. The capacity of the existing street network and any proposed improvements will be sufficient to serve the additional traffic without undue disruption of current traffic.
 - c. The location and available fire protection services are sufficient to

effectively serve the proposed development.

6.7.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

Maximum Building Area	
With basement parking	30%
Without basement parking	25%

§6.8. INST Institutional District

This district is intended to accommodate institutional uses that, due to their scale and related impacts, are not compatible with residential use and are therefore generally to be developed in highly accessible locations and/or outside of established neighborhoods.

6.8.1. Use Regulations. See [Table 6](#) (at the end of this Article) for Permitted Uses, Special Exception Uses, and Conditional Uses and the following use limitations:

1. No party may alter, expand or extend existing buildings nor construct new ones for the purpose of establishing a use not permitted within the INST District.

6.8.2. Area and Dimensional Regulations. The area and dimensional regulations set forth in Table 6.8 shall be observed (See also [Article 4 General Regulations](#)):

6.8.3. Development Standards.

1. For accessory structures, see [§4.4](#).
2. For parking requirements, see [Article 8](#).
3. For landscaping requirements, see [Article 9](#).
4. For sign regulations, see [Article 11](#).

6.8.4. Exemptions.

1. Any and all real property located within the corporate City Limits, which was developed as a place of worship, municipal building or facility, school or hospital on or before October 16, 1978, is exempt from these regulations.
2. The purpose of this provision is to establish that any and all places of worship, municipal buildings or facilities, school or hospitals which had developed in the City prior to the adoption of Ordinance Number 445 and were at said time rezoned to the INST District, may continue to use said property, either in whole or in part, and

have the right to continue its operations on said property without further proceedings. Said places of worship, municipal buildings and facilities, schools and hospitals may continue the lawful use of said land and structures located thereon, existing on and prior to October 16, 1978. As such, any structure may be built, enlarged, extended, reconstructed or structurally altered on said land for any lawful purpose permitted on said land under the Zoning Ordinance in force and effect on and prior to October 16, 1978.

3. The regulations herein shall apply only to that real estate within the INST District developed subsequent to October 16, 1978.

Rear	50 ft
Side	35 ft
Max. Building Height	45 ft or 3 stories, whichever is less

§6.9. Planned Unit Development (PUD)

6.9.1. Intent.

Planned unit development (“PUD”) is a method of development which permits more than one use to be developed on a tract of land, in part or whole, in accordance with an approved Master Development Plan, the intent of which is to:

1. Promote a sense of community, permit flexibility and consequently more creative and imaginative design to accommodate planned associations of uses developed as integral land use units such as office parks or complexes, commercial uses, service centers, residential developments of multiple or mixed housing, including multi-family dwellings, attached and detached single-family dwellings, or any appropriate combination of uses which may be planned, developed or operated as integral land use units;
2. Permit higher than typical densities of land in areas within the PUD in conjunction with provisions for more expansive functional open space and community services;
3. Promote the efficient use of land to facilitate a more economic arrangement of uses, buildings, traffic circulation systems and utilities;
4. Combine and coordinate uses, building forms, building relationships, and architectural styles within the PUD;
5. Promote the preservation and enhancement of existing natural landscape features, their scenic qualities and amenities to the greatest extent possible, and utilize such features in a harmonious fashion;
6. Exempt a development from the conventional zoning regulations

regarding setbacks, minimum yard size, minimum greenbelts, off-street parking regulations, minimum floor areas, and other regulations to achieve the intent described herein;

7. Give the developer reasonable assurance of ultimate approval before beginning final engineering work while providing City officials with reasonable assurance that the development will retain the character envisioned at the time of concurrence; and
8. Promote privacy by permitting the use of gates to control access on private streets, subject to approval by the City as part of the PUD and subdivision review process.

6.9.2. Application and Requirements for PUD.

1. Submission of Application. The property owner (or his/her/its duly appointed representative) of a tract of land shall submit to the City Clerk, a minimum of twenty-five (25) working days prior to a regularly scheduled Commission meeting, an application for approval of a PUD, which shall meet the requirements of this §6.9.
2. Area Requirements. Except when the Master Development Plan of an existing approved PUD is amended by the original applicant, or his/her/its successors or assigns, to include additional area as provided in §6.9.9.3 hereof, any tract of land to be zoned PUD shall have a minimum of seventy-five (75) acres.
3. Contents of Application. The application submitted in accordance with this §6.9 shall contain the following:
 - a. Application Fee. A fee to defray the cost of processing the application, as set from time to time by the Council. Applicant shall be responsible for all

- costs of notification and advertisement incurred.
- b. Owners. List of owners of the property. Any material change in the owners of the property shall be submitted to the City Clerk within sixty (60) days after such change.
 - c. Plan. A Master Development Plan of the PUD and any maps necessary to show the following information:
 - (1) The direction of north, appropriate scale and topography (in no greater than ten (10) feet contour intervals), waterways, flood plains, wetlands, forest cover and known areas of subsurface mining or environmental hazards;
 - (2) The location of the various land uses by PUD land use districts as listed in §6.9.5 hereof;
 - (3) The location of any existing and proposed public or private streets, greenbelts, buffers, natural or man-made open spaces, schools, parks and community service areas within and adjacent to the project area; and
 - (4) The location of any proposed gates for control of access on public and private streets.
 - 4. Planning Criteria. The application shall also include the following written statements and other matters:
 - a. A legal description of the total site proposed for the PUD;
 - b. A general description of the surrounding area, including current zoning and/or land uses;
 - c. A statement of planning objectives to be achieved by the PUD through the particular approach proposed by the applicant. The statement should include a description of the character of the proposed development and the rationale behind the assumptions and projections made by the applicant in relation to the over-all community growth;
 - d. Of the development is to be in phases or stages, a general discussion of how the phases or staging is to proceed and an estimated date when the PUD will begin;
 - e. General delineation of the various land use districts within the PUD, indicating for each such district its general size in terms of estimated total number of acres, with the exact boundaries of each such area to be determined by plat approved by the Commission;
 - f. A calculation of the residential density in dwelling units per gross acre including interior roadways, and including maximum density in units per acre, and densities for all other land use districts within the PUD;
 - g. Development criteria which shall include:
 - (1) setbacks or other location methods, minimum finished floor areas, sign criteria, building heights, off-street parking requirements for each proposed land use district, and/or any other development criteria which the applicant may proposed, and
 - (2) a general discussion of loading areas, greenbelts and buffers;
 - h. Proposed plans for open space;
 - i. Availability and accessibility if transportation, water supply and sewage disposal to the property;
 - j. General statement regarding the ownership and maintenance of common areas and/or common open space;
 - k. Documentation of any protective and/or restrictive covenants, homeowner or business associations

and architectural review committees, if any, and a discussion of their functions;

- l. A general statement concerning any planned street/subdivision sign designs, including street, traffic and informational signs or other standards;
- m. Any planned interim uses of any portion of the property;
- n. A traffic study, if required by the City Engineer;
- o. Landscaping criteria; and
- p. Any proposed modification of existing subdivision regulations as applicable to the PUD.

6.9.3. Other Regulations Not Applicable.

It is the intent of this §6.9 that the PUD application shall set forth development criteria applicable to the property and that flexibility shall be allowed in the construction of improvements thereon. Accordingly, for the purposes of this §6.9, [Articles 5 and 6, §4.4 Accessory Structures](#) (except as set forth in §6.9.6) of this Zoning Ordinance, shall not apply to this §6.9. The applicability of the City Subdivision Regulations shall be subject to any modifications approved pursuant to §6.9.2.4.p above.

6.9.4. Review Procedure.

1. General. The application shall be reviewed as provided in [§13.4](#) of this Zoning Ordinance.
2. Approval. Approval of the application for the PUD by the Council shall be an approval of (a) the Master Development Plan and (b) the planning criteria of the application (collectively, the “Plan”). The developer of the PUD may proceed with the development of the property in accordance with the Plan, and no further approvals shall be required except as set forth in §6.9.9 hereof.

6.9.5. PUD Land Use Districts

The following PUD land use districts shall apply to all or part of a PUD.

1. Planned Single-Family Residential (PR-1).
 - a. Permitted Uses. Attached or detached single-family residential dwellings (including, without limitation, cluster residential, garden homes, duplexes, and townhouses); open spaces; parks; tot lots; swimming pools; picnic areas; tennis courts; community buildings; public playgrounds; municipal fire and/or police stations; golf courses and/or country clubs (if shown on the Plan); home occupations (as defined in §7.1); non-residential child and/or adult day-care centers; residential information offices; wastewater effluent spray irrigation fields (if shown on the Plan); and accessory structures and uses customarily incidental to such permitted uses.
 - b. Conditional Uses. Public, private or parochial schools, but not providing residential accommodations; places of worship; museums; libraries; art galleries; recreational facilities operated on a nonprofit basis; golf courses and country clubs (if not shown on the Plan); convenience commercial uses; wastewater effluent spray irrigation fields (if not shown on the Plan); and other uses not listed in this §6.9.5.1 as may be approved by the Council following the recommendation of the Commission.
 - c. Maximum Building Height. Buildings in the PR-I District shall not exceed three (3) stories in height and shall conform to the City Building Code, Fire Code and Fire Prevention Code, as adopted and amended by the City.
 - d. Special Setback Requirement. Unless otherwise approved by the

Commission, any single-family residential dwelling constructed in a PR-1 land use district must be, at the time of initial construction, located or situated:

- (1) Not less than three hundred (300) feet from any then existing building in any other land use district in the Plan, which exceeds three (3) stories in height but does not exceed six (6) stories in height; and
- (2) Not less than five hundred (500) feet from any then existing building in any other land use district in the Plan, which exceeds six (6) stories in height.

This requirement shall apply only to the initial construction of a single-family residential dwelling in a PR-1 land use district, and specifically shall not apply to subsequent additions to or modifications of such single-family residential dwelling, nor to any reconstruction in the event of partial or total destruction to such single-family dwelling due to a fire or other casualty.

2. Planned Multi-family Residential (PR-2).

- a. Permitted Uses. Multi-family dwellings and accessory structures; those permitted and conditional uses allowed by PR-1; municipal fire and/or police stations and uses customarily incidental to such permitted uses.
- b. Conditional Uses. Nursing homes; independent living facilities; assisted living facilities; professional offices; and other uses not listed in this §6.9.5.2 as may be approved by the Council following recommendation by the Commission.
- c. Maximum Building Height. Unless approved as a conditional use:

- (1) When a building is to be constructed within three hundred (300) feet of a single-family residential dwelling in a PR-1 land use district existing at the time of the issuance of a Building Permit for said building, said building shall not exceed three (3) stories in height.
- (2) When a building is more than three hundred (300) feet but less than five (500) feet from a single-family residential dwelling in a PR-1 land use district existing at the time of the issuance of a Building Permit for said building, said building shall not exceed six (6) stories in height.
- (3) No building shall exceed ten (10) stories in height.

In the event a building is destroyed by fire or other casualty, such building may be rebuilt or reconstructed up to its original height without regard to the distance between such building and any single-family residential dwelling built after the commencement of the initial construction of such building.

All buildings shall conform to the City Building Code, Fire Code and Fire Prevention Code as adopted by the City.

3. Planned Office (PO).

- a. Permitted Uses. Public buildings, places of worship, banks and other lending institutions; municipal fire and/or police stations; professional offices ; and offices used exclusively for office purposes, wherein retail or wholesale trade or business is not conducted or wherein no merchandise or products are manufactured, stored, handled, conveyed, sold or otherwise disposed of, together with usual related support businesses (such as, but not limited to, restaurants and food

- service restaurants, drug stores, barber shops, beauty parlors, travel agencies, hotel/motel accommodations; office supply and/or quick print and copy establishments, and like uses), provided that such related support uses are physically located inside the structures devoted to the permitted uses set forth above, and accessory structures and uses customarily incidental to such permitted uses.
- b. Conditional Uses. Those conditional uses allowed by PR-2, except detached single-family dwellings; helistops, and other uses not listed in this §6.9.5.3 as may be approved by the Council following recommendation by the Commission.
- c. Maximum Building Height. Unless approved as a conditional use:
- (1) When a building is to be constructed within three hundred (300) feet of a single-family residential dwelling in a PR-1 land use district existing at the time of the issuance of a building permit for said building, said building shall not exceed three (3) stories in height.
 - (2) When a building is to be constructed more than three hundred (300) feet but less than five hundred (500) feet from a single-family residential dwelling in a PR-1 land use district existing at the time of the issuance of a building permit for said building, said building shall not exceed six (6) stories in height.
 - (3) No building shall exceed ten (10) stories in height.
- In the event a building is destroyed by fire or other casualty, such building may be rebuilt or reconstructed up to its original height without regard to the distance between such building and any single-family residential dwelling built after the commencement of the initial construction of such building.
- All buildings shall conform to the City Building Code, Fire Code and Fire Prevention Code as adopted by the City.
4. Planned Neighborhood Commercial (PNC).
- a. Permitted Uses. Those permitted uses allowed by PO; those permitted uses and conditional uses allowed by PR-2; retail establishments consistent with a neighborhood environment, including, but not limited to barber or beauty shops; restaurants; private clubs; drug stores; laundry and dry cleaning pick up stations and plants using non-flammable solvents only, if otherwise free of obnoxious fumes, odors and smoke; grocery stores; convenience stores; automotive gasoline service stations; florist shops; bakeries; child and/or adult day-care or nurseries; neighborhood service facilities; copy centers; travel agencies; car rental agencies; and with accessory structures and uses customarily incidental to such permitted uses.
 - b. Conditional Uses. Those permitted uses allowed by PR-2; helistops; amphitheaters; in-door motion picture theaters and/or auditoriums; and such other uses not listed in this §6.9.5.4 as may be approved by the Council following recommendation by the Commission.

5. Planned Business (PB).

- a. Permitted Uses. Those permitted uses allowed by PR-1 and PNC; schools; retail establishments, including but not limited to, shopping centers; veterinary clinics (no outside kennels); auto dealerships; auto parts stores; building material sales; department stores; radio and TV stations; domestic equipment rental, furniture stores; motels or hotels; in-door motion picture theatres and/or auditoriums; hospitals; automotive gasoline service establishments which may also serve auto functions such as muffler, tire, battery, brake and transmission shops; establishments for the design and distribution of printed material, coin-operated laundromats; car washes; card/gift shops; cosmetic studios; craft or hobby shops; dance studios; photographic studios; duplicating or copying service; health food stores; interior decorating stores; opticians, medical clinics; shoe repair, audio video; tanning salons; assisted living care facilities; hardware stores; jewelry stores; sporting goods stores; sales showrooms for appliances, furniture, carpet, lighting fixtures, medical and office equipment; toy stores; indoor sports facilities (bowling, health club or spa, racquet club, skating rink); and factory outlet stores, and accessory structures and uses customarily incidental to such permitted uses.
- b. Conditional Uses. Those conditional uses allowed by PNC; commercial recreation and amusement facilities; self-service storage facilities; telecommunications facilities; and other uses not listed in this §6.9.5.5 as may be approved by the Council following recommendation by the Commission.

6. Planned Light Industrial (PI).

- a. Permitted Uses. Those permitted uses allowed by PB; major auto repair or renovation facilities not housed in the same structure or accessory structure to an auto sales establishment; bottling plants; construction yards; distribution yards for gasoline and fuel or tanks; domestic animal kennels; farm machinery and farm supply sales; heavy equipment sales and service; highway maintenance yards and buildings; janitorial and maintenance service; laundry and dry cleaning plants; printing establishments; light industrial, fabricating, processing, assembling and manufacturing uses; sanitary sewage and/or waste water treatment facilities; research and development laboratory facilities; warehouses; water or liquid storage tanks; wood working shops; and self-service storage facilities and accessory structures and uses customarily incidental to such permitted uses.
- b. Conditional Uses. Those conditional uses allowed by PB, except multi-family; live entertainment; telecommunications facilities; and other uses not listed in this §6.9.5.6, all as may be approved by the Council following recommendation by the Commission.

6.9.6. Requirements for Accessory Structures, Fences, Signs, Off-street Parking, Loading Areas, Landscaping, and Buffer Strips

It is intended that the development criteria submitted with the application for the PUD will set forth requirements for accessory structures, fences, landscaping, buffer strips, signs, off-street parking, and loading areas. If the application does not contain such information, then the provisions of [§4.4](#) Accessory Structures,

§4.5 Fences, [Article 8](#) Parking Regulations, [Article 9](#) Landscaping and [Article 11](#) Sign Regulations shall apply, but not otherwise.

6.9.7. Mixed Use.

It is intended that the flexibility of the PUD will allow in appropriate circumstances mixed uses on any particular parcel within the PUD, taking into consideration the compatibility of the intended uses with the surrounding use(s). "Mixed use," as used herein, shall be defined as a combination of permitted use(s) and conditional use(s) for more than one land use district and shall be considered as a "conditional use" under each land use district.

6.9.8. Building Permit

1. General. The developer of the PUD shall proceed with the development of the property in accordance with the Plan and no further approvals shall be required except as set forth in this §6.9.8. If plans are submitted for the construction of improvements on any particular parcel within the PUD, a Building Permit shall be approved or disapproved according to the procedure set forth in this §6.9.8.
2. Issuance of Building Permits for Permitted Uses. Upon application for a Building Permit for the construction of improvements on any parcel within the PUD, if the Zoning Official shall determine that the intended use of the improvements is a "permitted use" within the applicable land use district of the PUD, then a Building Permit shall be issued in accordance with the provisions of [Article 13](#).
3. Other Uses. Upon application for a building permit for the construction of improvements on any parcel within the PUD, if the Zoning Official shall determine that the intended use of the improvements is a "conditional use" or "mixed use" within the applicable land use district of the PUD, the Zoning Official shall defer said applicant and application to the Commission for application review in accordance with §6.9.8.4 below.
4. Conditional uses. Requests for conditional uses as stipulated within the land use district regulations of the PUD are permitted only after review and a recommendation for approval, denial or other report by the Commission and approval by the City Council, in accordance with [§13.3](#), subject to the following procedure:
 - a. The applicant shall submit to the Commission a site development plan which shall include:
 - (1) Existing and proposed topography;
 - (2) Property lines;
 - (3) Scale;
 - (4) Storm drainage facilities and other utility easements;
 - (5) Existing and proposed structures and their uses;
 - (6) Schematic exterior lighting;
 - (7) General landscaping and fences;
 - (8) Location of outside storage areas;
 - (9) Location of parking and loading areas;
 - (10) Points of ingress and egress; and
 - (11) Signs, unless the protective covenants for the PUD establishes an architectural review committee or other entity that is responsible for, among other things, review and approval of signage.
 - b. Any review and/or determination made by the Commission pursuant to this §6.9.8.4 shall be governed by, and performed in accordance with [§13.3](#) of the Zoning Ordinance.

5. Subdivision plats and roads. Nothing in this §6.9.8 shall be construed to require a Building Permit for approval of subdivision plats or road designs or the construction of roads within the PUD.

6.9.9. Deviation from the Plan.

1. Incidental Change. To facilitate insignificant adjustments of the approved Plan as may be required by engineering or other circumstances unforeseen at the time of zoning approval, Zoning Official and City Engineer, as applicable or appropriate under the circumstances, may approve alterations to the plan which are considered incidental in scope, which approval shall be in writing. Approval of plans by official rubber stamp, initials and/or signature of the appropriate official shall be deemed approval “in writing”.
2. Minor Change. Changes to the plan, which are minor but more significant in scope than an incidental change, are subject to the review, approval and authorization of the Commission through the typical plat approval process. “Minor changes” shall be defined as increases in density, reductions in open space, and land use district boundary changes, provided no such minor change exceeds 5% of the original specification for such respective matter under the plan.
3. Major Change. A “major change” in the plan shall be defined as any increase in density, reduction in open space, or land use district boundary change, in excess of 5% of the original specification for such respective matter under the plan. (NOTE: Such 5% is a cumulative total, which includes all requests since the plan was approved by the Council).
4. Approval of Major Changes. Whenever the developer of a PUD shall request a major change as defined in §6.9.9.3, the

developer shall file an application for change, which shall be reviewed in accordance with the provision of §6.9.2 of the Zoning Ordinance.

5. Approval of Plat Changes. Once any plat has been approved by the Commission, any changes to such approved plat will be subject to review and approval by the Commission through the typical process for such changes. Any approved changes to a plat will not constitute a change to the Plan.

6.9.10. Time Limit for Development of Plan.

If no construction has begun within twelve (12) months from the estimated and approved start up date of the PUD, as indicated by §6.9.2.4.d. above, said approval shall lapse and be of no further effect. The Commission, upon showing of good cause by the developer, may extend for period(s) of six (6) months for the beginning of construction and development shall commence each year on the lesser of ten (10) percent of the total PUD or twenty (20) acres (whichever is less) and said construction should continue and be completed within a reasonable time.

6.9.11. Definitions.

1. Intent. For purposes of this §6.9, certain terms used herein are herewith defined, and if any terms defined herewith in this §6.9.11 shall contradict or conflict with any terms defined in any other section of this Zoning Ordinance, those terms as defined in this §6.9.11 shall control.
2. Definitions.
 - a. *Attached single-family dwelling* shall refer to those buildings so designed and arranged to provide separate sleeping, cooking, and kitchen accommodations and toilet facilities for occupancy of two (2) families or

- more whereby the living units are built for sale, in fee simple, and not for lease and including condominiums and townhouses.
- b. *Cluster residential* shall refer to detached single-family residential dwellings, typified by a building separation of a minimum of ten (10) feet or as allowable by applicable fire code.
- c. *Detached single-family dwelling* shall refer to a detached building so designed and arranged to provide sleeping, cooking, and kitchen accommodations and toilet facilities for occupancy by one family only.
- d. *Interim use* shall refer to any temporary use of land in any area of a PUD, which has been approved as a part of the Master Development Plan and criteria. An interim use can be any use and may or may not be a permitted use or a conditional use of the land use district in which it is located.
- e. *Multi-family dwellings* shall refer to a structure designed or used for residential occupancy by more than two (2) families, with or without common or separate kitchen facilities or dining facilities, and which is leased in part or whole, including apartment houses, apartment hotels, rooming houses, boarding houses, fraternities, sororities, dormitories, or similar housing types, but not including hotels, motels, hospitals, or nursing homes.
- f. *Open space* shall refer to any greenbelt, buffer, park, lake, river, or recreational development or area which is owned by or dedicated to the public, or owned in common or private, devoid of any habitable buildings, except where accessory to the provision of recreation opportunities, landscaping, drainage, spray irrigation or soil conservation, including, without limitation, conservation or green space easements, parks, such open spaces as may be located within a school site, golf courses, and such spaces as may be restricted to homeowner or business association membership. NOTE: No more than twenty-five (25) percent of the open space specified in the approved Plan shall be included in building setbacks. Furthermore, no areas may be included as part of the open space specified in the approved Plan unless such area is a contiguous area of at least 1,000 square feet, which exceeds 15 feet in width at its narrowest point.
- g. *Plat* shall refer to any drawing or drawings and related written material indicating the manner or layout of a road, parcel, and/or subdivision to be submitted to the City for approvals and/or recording purposes.
- h. *Story* shall refer to any portion of a building that is (1) constructed wholly above ground and (2) included between the surface of any floor and the surface of the floor next above it, or, if there is no floor next above it, then the space between the floor and the ceiling next above it. Attic space shall not be included as a story.
- 6.9.12. Changes to Zoning Ordinance
- No amendment or modification of this Zoning Ordinance shall negate or affect in any adverse manner any property which was developed under a PUD Plan approved prior to the date hereof (the "Approved Plan"), it being intended that all existing improvements developed in accordance with an Approved Plan shall remain legally conforming. The property owner (of his/her/its duly appointed

representative) may request in accordance with the requirements of this Zoning Ordinance, an amendment or modification of the Approved Plan with respect to any Property owned by such property-owner in light of any amendments or modifications of this Zoning Ordinance adopted subsequent to the date of the Approved Plan. .

§6.10. MXD Planned Community Mixed Use District

6.10.1. Intent. The MXD District is intended to direct and encourage development of mixed uses in a pedestrian and/or transit-supportive pattern in locations indicated as “Village Centers” in the Comprehensive Plan. An MXD District may also coincide with an area surrounding a transit station or within designated centers along a transit line as designated in the Comprehensive Plan. Also considered shall be the use of the land and its improvements with adjacent land and the benefits or detriments to the property, adjacent land and to the City, which would result from the development in accordance with the proposed plan; thus promoting the public health, safety and welfare.

Furthermore the MXD District is intended to encourage redevelopment and infill development laid out, developed and used according to a Master Development Plan to improve mobility by providing pedestrian and transit-friendly development with a mix of residential, commercial and employment opportunities in accord with the following:

1. Encourage investment in areas so designated by the Comprehensive Plan while adding to the quality of life in neighborhoods;
2. Encourage safe, attractive and convenient access for transit users, pedestrians and bicyclists through appropriate design;
3. Allow densities supportive of mixed use development;
4. Reduce vehicular trip generation by allowing for combining of trips and locating destinations within walking and biking distances of neighborhoods and transit stops;

5. Reduce congestion and increase safety on major roadways by providing from local streets, shared drives and alleys;
6. Reduce conflicts between pedestrians, bicycles and vehicles;
7. Reinforce the use of public transit by locating employment-oriented business and higher density residential uses, adjacent to transit stops.

6.10.2. Area Requirements. Except when the Master Development Plan of an existing approved MXD is amended to include additional area, any tract of land to be zoned MXD shall have a minimum of two (2) acres.

6.10.3. Review Procedure.

1. Prior to submission of the Master Development Plan, the applicant shall submit and review a conceptual plan with City Planning Staff for a preliminary indication of the consistency of the plan with the basic intents and requirements of the District. The applicant shall then prepare and submit the required materials of the Master Development Plan to the City Clerk.
2. Applications shall be submitted a minimum of twenty-five (25) working days prior to the next regularly scheduled Commission meeting.
3. Rezoning to an MXD District shall proceed as provided in [§13.4 Amendments](#) and as described herein.
4. Council approval of the application for the MXD shall be an approval of (a) the Master Development Plan and (b) the planning criteria of the application (collectively, the “Plan”). The developer may proceed with the development in accordance with the Plan, and no further approvals shall be required except for Building Permits, subject to [§13.2](#).

6.10.4. Application. The application shall contain the following:

1. An application fee to defray the cost of processing the application, as set from time to time by the Council. Applicant shall be responsible for all costs of notification and advertisement incurred.
2. A list of property owners. Any material change in the owners of the property shall be submitted to the City Clerk within sixty (60) days after such change.
3. A Master Development Plan and any maps necessary to show the following information:
 - a. A legal description;
 - b. North arrow and scale
 - c. Planning objectives to be achieved.
The statement should include a description of the character of the proposed development and the rationale behind the assumptions made by the applicant in relation to the overall community growth;
 - d. Topography (in no greater than two (2) foot contour intervals), waterways, flood plains, wetlands, forest cover and known areas of subsurface mining or environmental hazards;
 - e. A general description of the surrounding area, including current zoning and/or land uses,
 - f. Existing and proposed streets, greenbelts, buffers, open spaces, schools, parks and community service areas within and adjacent to the project area
 - g. A description of how any phases or staging will proceed and an estimated date when the development will begin;
 - h. The gross floor area of non-residential uses, area of proposed open spaces, and the number and gross density

(including streets and open spaces) of all dwelling units;

- i. Development criteria, in accordance with §6.10.8 through §6.10.10, including but not limited to: setbacks and build-to lines, building heights, street and sidewalk design, signage, off-street parking, lighting, and/or any other development criteria which the applicant may propose;
- j. The location of proposed structures and uses;
- k. Landscape design criteria and plans for open space;
 - l. Availability of transportation, water supply, storm sewer and sewage disposal;
- m. Plans for the ownership and maintenance of common areas;
- n. Documentation of any protective and/or restrictive covenants, property owner associations and architectural review committees, if any, and a discussion of their functions;
- o. A traffic study, if required by the City Engineer;
- p. Any proposed modification of the subdivision regulations.

6.10.5. Other Regulations Not Applicable.

Where the provisions of this Section are in conflict with other provisions of this Ordinance, the provisions of this Section shall take precedence.

It is the intent of this Section that the application shall set forth criteria applicable to the property and that flexibility shall be allowed in the construction of improvements thereon. Accordingly, for the purposes of this district, the strict conformity to provisions of [Articles 4, 7, 8](#) and [9](#), shall not apply, except as otherwise stated herein. The applicability of the City Subdivision Regulations shall be subject

to any modifications accepted by the Commission.

6.10.6. Deviation from the Plan.

1. Incidental Change. The Zoning Official, Building Official and City Engineer, as applicable, may approve alterations to the plan that are considered incidental in scope, which acceptance shall be in writing. Acceptance of plans by official stamp or seal, initials and/or signature of the appropriate official shall be deemed acceptance “in writing”.
2. Minor Change. Changes that are minor but more significant in scope than an incidental change are subject to review, acceptance by the Commission through the typical plat acceptance process. “Minor changes” include increases in density, reductions in open space, and changes to the accepted proportion of mixed uses, provided no such minor change exceeds five (5) percent of the original specification under the Plan.
3. Major Change. A “major change” includes any increase in density, reduction in open space, or change to the accepted proportion of mixed uses over five (5) percent of the original specification for such respective matter. (NOTE: Such percentage is cumulative, which includes all requests since final acceptance). The developer shall file an application for any major change, which shall be reviewed in accordance with the provision of §6.10.3.
4. Acceptance of Plat Changes. Once the Commission has accepted any plat, any changes shall require acceptance by the Commission through the typical process for such changes. Any accepted changes to a plat will not constitute a change to the plan.

6.10.7. Time Limit for Development of Plan. If no construction has begun within twelve

(12) months from the start up date, as accepted in the Plan, said acceptance shall lapse and be of no further effect. The Commission, upon showing of good cause by the developer, may extend for period(s) of six (6) months for the beginning of construction, the intent being that construction should be completed within a reasonable time.

6.10.8. Uses. It is intended that flexibility be provided to allow mixed uses within the development, taking into consideration compatibility with surrounding use(s). Therefore, the development shall contain and provide an appropriate mix of complementary uses, which shall include those that offer goods and services at different times of day and those in which people may choose to live, work, shop and play in close proximity to one another.

1. Prohibited uses. Uses or structures prohibited shall be the following, including uses and structures deemed by the Commission to be substantially similar in use and impact to those listed following:
 - a. Drive-through facilities, except those located to the rear or interior of the development.
 - b. Sales, service and rental of commercial equipment and construction materials.
 - c. Vehicle sales, service and rental, except in an enclosed structure.
 - d. Distribution, storage and warehousing facilities.
 - e. Heavy commercial services.
 - f. General manufacturing and other industrial uses.
 - g. Salvage, recycling and outdoor storage.
 - h. Towing services.

- i. Wholesale trade.
2. Notwithstanding provisions to the contrary that may be found elsewhere in this Ordinance:
 - a. Uses prohibited in a mixed use development that were lawfully in existence at the time of district designation but that are to remain as a part of the overall Plan, shall not be expanded, because such uses are not considered to be compatible with the intent of the district.
 - b. All other uses and structures that were lawfully in existence at the time of district designation may be expanded, upon findings by the Commission that the proposed expansion complies with the intents of the MXD District and the Plan. Total such expansion shall be limited to a maximum of twenty (20) percent of the gross floor area present at the time of district designation, and only upon acceptance by the Commission of a Plan that commits the applicant, through covenant or other appropriate means, to development that will achieve, through phases if necessary, full compliance with all applicable standards of the district.
- 6.10.9. Parking Requirements. It is intended that the provision of shared and on-street parking, mixed uses and optimized pedestrian access allows reductions in parking requirements as provided in [§8.1.2](#).
 1. Parking shall not exceed 120% of the cumulative spaces required by [§8.1.2](#) unless such additional parking is provided in a parking structure.
 2. Only new on-street parking, created as a result of the development, may be counted toward the parking requirement.
3. Surface parking lots shall be landscaped in accordance with the applicable requirements of [§9.2 Site Landscaping](#).
4. Vehicular access to parking and loading areas shall be limited to mid-block alleys and shared driveways.
- 6.10.10. Review Criteria and Standards. The Commission shall employ the following checklist during the review process.
 1. Uses.
 - a. A project shall include a residential component in combination with one or more of the following: commercial, lodging, institutional or recreational uses. The ratio of mixed uses shall be acceptable to the Commission.
 - b. A variety of uses shall be placed close together to optimize pedestrian convenience.
 - c. Buildings may include more than one use. However, residential uses may not be located on the same floor of the same building as a different use.
 - d. Residential uses shall not exceed a net density of ten (10) dwelling units per acre.
 2. Site Planning. Site plans should establish legible circulation paths, human-scaled public spaces and clear transitions between public and private space through the location of buildings, parking areas, access points, and walkways.
 - a. Blocks larger than 400 feet x 400 feet should be avoided within the center of a mixed use development. Blocks may be larger along the periphery to provide an appropriate transition to surrounding neighborhoods.
 3. Building Height.
 - a. The maximum building height, for lots adjacent to any single-family residential district, shall be three (3)

- stories or forty-eight (48) feet, whichever is less.
- b. The maximum building height for all other cases shall be five (5) stories or sixty (60) feet, whichever is less.
4. Streetscape Design.
- a. All streets shall be designed to promote connectivity while calming traffic.
- b. New streets may include on-street parking as approved by the City Engineer.
- c. Sidewalks shall be installed along all street frontages as needed, and shall:
- (1) Be completely interconnected within the site and from the site to adjacent public sidewalks;
 - (2) Be at least five (5) feet wide in primarily residential areas;
 - (3) Be at least eight (8) feet wide in primarily commercial areas; and
 - (4) Be separated from the street by a vertical curb.
- d. A tree lawn, regularly spaced tree wells, planter boxes, and/or on-street parking shall be provided as a buffer between the roadway and sidewalk.
- e. Planting strips and street trees shall be provided as required in the City Public Works Manual.
5. Building Design. Buildings shall be oriented to maximize the building frontage along the street. Building frontage may be less and a modest setback incorporated where necessary to provide an appropriate transition to adjacent neighborhoods.
- a. Mixed-use buildings with street level commercial space shall be set back no more than five (5) feet from the sidewalk unless the proposed setback is to be a courtyard, plaza or similar public space.
- b. Any residential units located within fifteen (15) feet of a public sidewalk shall be raised at least two (2) feet above the grade level of the sidewalk.
- c. Buildings shall provide and maintain a public entrance along the street. Buildings shall be oriented toward the pedestrian by providing a direct link between the building and the existing and/or proposed pedestrian system.
- d. Shading and protection from inclement weather, through awnings or canopies, shall be provided over public sidewalks to optimize pedestrian comfort.
- e. Building service areas should be placed away from street view.
6. Open Space.
- a. In primarily non-residential areas at least fifteen (15) percent of the total site area shall be dedicated to open space. Where feasible, this should be fulfilled with a plaza, courtyard or similar public space in a central location adjacent to multiple buildings on the site.
- b. In primarily residential areas at least twenty (20) percent of the total site area shall be dedicated to usable open space.
7. Vehicle and Bicycle Parking.
- a. Parking should be placed away from street view, to the rear or side of buildings and never at corners.
- b. Parking areas within a block should be shared. Reserved spaces shall be excluded from shared parking reductions per [§8.1.2](#).
- c. Parking facilities shall be designed with connections to the sidewalk system and through-pedestrian paths, clearly identifiable through changes in material or elevation.

- d. Along street frontages, parking structures should contain ground-level business uses.
 - e. Bicycle parking facilities should be provided as follows:
 - (1) Multi-family: 1 space per dwelling
 - (2) Retail: 1 space per 2000 sq. ft. GLA
 - (3) Office: 1.0 space per 4,000 sq. ft. GLA
 - (4) Park and Ride Facilities: 10 spaces per acre
8. Lighting. Lighting should be carefully integrated with building, landscape and streetscape design. Scale, intensity, and fixture design should vary between areas of different densities and uses. Lighting should increase pedestrian comfort and safety. Well-lit streetscapes provide a sense of security and encourage nighttime activity. Ornamental light posts and fixtures help to create an attractive streetscape and should be consistent with the architectural character of the area.
- Light fixtures should be shielded to keep light focused downward and avoid glare and excess lighting.
- a. Lighting may be used to showcase building and landscape features, emphasize important spaces and promote nighttime vitality and safety. All light sources should be shielded to eliminate nighttime glare. Building-mounted lights may be used in place of light posts to safely illuminate pedestrian and minor vehicular ways.
 - b. Streetscape lighting should be compatible with the scale and character of surrounding buildings and open spaces. A larger number of lower scale, low-intensity lights is preferred to fewer, taller high-intensity lights. In the center of mixed use developments, light posts should be eight (8) to twelve (12) feet in height along sidewalks and spaced no more than thirty (30) feet apart. For natural quality, lighting elements should provide full-spectrum light to prevent color distortion. Ornamental fixtures are recommended.
- c. Roadway lighting should be designed to enhance the safety of vehicular and pedestrian flows. Light posts may be located at both edges of the roadway or within a landscaped median. Lighting should be concentrated at intersection crosswalks for pedestrian safety. Roadway lighting should not adversely affect the streetscape lighting.
9. Stormwater management. Off-site treatment (including curb and gutter, conduits, catch basins, and related appurtenances) shall be the preferable management technique; however, where such technique is inadequate or impractical, it should be combined or substituted with on-site retention and/or detention facilities integrated into the open space and landscape design of the site.
10. Transit. Development sites that include an existing or planned transit stop shall:
- a. Be directly served by a sidewalk.
 - b. Include a concrete loading pad from sidewalk to curb.
 - c. Include a transit shelter integrated with the development.
 - d. Provide bicycle parking as accepted by the Commission.
 - e. Include bus turnout lanes along the transit route.
 - f. Provide park-and-ride facilities (if in area designated by the MPO as a park-and-ride service area)

Article 7 USE-SPECIFIC REGULATIONS

§7.1. Home Occupations

Home occupations are permitted uses in any estate or residential zoning classification under the following limitations. For home occupations in a planned unit development, refer to [§6.9.5.1](#).

7.1.1. Limitations

1. Home occupations shall be conducted only in the principal dwelling. No more than twenty-five (25) percent, up to 500 sq. ft., of the dwelling may be used for a home occupation.
 2. There shall be no outdoor display or storage associated with the home occupation and no commodities shall be sold on the premises other than by phone, mail or internet. No goods shall be delivered to a purchaser on the premises.
 3. No sign may be attached to the dwelling or any part of the real estate advertising any home occupation.
 4. No home occupation shall be permitted if it creates noise, odors, vibrations or traffic congestion, which interferes with the residential qualities of the neighborhood insofar as health, safety, morals, convenience and general welfare are concerned.
 5. In order to be a permitted home occupation, the use must be one which is habitually, customarily, and commonly established as a reasonable incidental, accessory, subordinate and secondary use. The existing dwelling shall not be enlarged to accommodate the home occupation; nor shall any accessory structure be built for the purpose of operating the home occupation.
 6. No home occupation shall be permitted that requires the operation or keeping on premises of a commercial vehicle.
7. No persons other than members of the family residing on the premises shall be employed by the home occupation.
 8. Home occupations shall be limited to the hours between 7:00 a.m. and 10:00 p.m.
- 7.1.2. Provided full conformance with the above limitations, the types of home occupations that may be permitted shall include, but not be limited to, the following:
1. Offices provided no customers or clients shall be allowed on premises
 2. Phone, mail order and similar sales provided no inventory is stored on the premises and no goods are delivered on the premises by the home owner to any customers.
 3. Music and art lessons, provided there shall be no more than two students receiving instruction at any one time and no students shall be received after 7:00 p.m.
 4. Instruction by a private tutor who offers academic instruction in the several branches of study required to be taught in the public schools of the State of Alabama provided there are no more than five (5) individuals participating in the tutorial instruction at any one time. When complying with this limitation, the home occupation shall not be considered an “Educational Group E” or “Educational Occupancy” for the purposes of the City Building and Fire Codes or City Life Safety Code, respectively. The requirement of “no more than five (5) individuals participating in the tutorial instruction at any one time” shall not mean or include parents that reside in the home or their children, stepchildren or wards.
 5. Crafts, dress making, sewing, tailoring and similar occupations with limited

equipment and provided no clients or customers shall be allowed on premises.

The Board of Zoning Adjustment may approve other home occupations per [§12.3 Special Exceptions](#) so long as they present no greater impact on the neighborhood than those listed above and provided conditions required by the BZA will be met to limit noise, traffic or other impacts that might otherwise disrupt the residential character of the neighborhood.

§7.2. Gas and Service Stations

7.2.1. Use Limitations

1. The following uses shall be prohibited: painting, body work, major repair, dismantling for recovery of parts, and sales or rental of motor vehicles or trailers.
2. Service stations shall not include more than three (3) service bays.

7.2.2. Area and Dimensional Regulations

1. All oil drainage pits and hydraulic lifts shall be located within an enclosed Structure and shall be located no closer than fifty (50) feet to an abutting residential lot line and no closer than twenty-five (25) feet to any other lot line.
2. All permitted mechanical repair work shall be conducted within an enclosed structure and shall be located no closer than fifty (50) feet to any abutting residential lot line and no closer than twenty-five (25) feet to any other lot line.
3. Fuel pumps, pump islands and other service facilities may occupy required yards; however, such shall be set back at least fifteen (15) feet from any lot line. Canopies shall not extend closer than five (5) feet to any lot line.

- 7.2.3. No storage of vehicles shall be permitted for periods in excess of thirty (30) days. Vehicles shall not be permitted to remain

on the property longer than forty-eight (48) hours unless such vehicles are stored within an enclosed building or within a rear or side yard screened in accordance with [§9.4 Screening](#).

§7.3. Conservation Subdivisions

7.3.1. Intent

1. To provide the flexibility to achieve the most effective development on lands that are constrained by natural hazards, environmentally sensitive areas or environmental regulations, which may limit the amount or type of development on such properties;
2. To enhance quality of life by promoting the creation of accessible greenspace throughout the community;
3. To protect sensitive, environmental land features to protect the health and safety of residents and neighboring property owners;
4. To reduce erosion and sedimentation by minimizing land disturbance and removal of vegetation;
5. To encourage interaction within the community by allowing clustering of homes and orienting them closer to the street, thereby providing gathering places and encouraging the use of parks as focal points within the community;
6. To encourage street systems that tend to reduce traffic speeds and reliance on main arteries.
7. To promote construction of convenient walking trails, bike paths, and greenways within new developments that are connected to Adjacent neighborhoods and activity centers to increase accessibility for pedestrians and bicyclists; and

8. To reduce perceived density by providing a maximum number of lots with direct access to and views of open space.

7.3.2. Applicability. The Conservation Subdivision option is available as a use by right in any zoning district in which single-family detached dwellings may be permitted. The applicant shall comply with all other provisions of this Ordinance and all other applicable regulations, except those which may be modified as specified within this Section.

7.3.3. Ownership of Development Site. The tract of land to be subdivided and/or developed may be held in single, separate, and multiple ownership. If held in multiple ownership, the site shall be developed according to a single plan with common authority and common maintenance responsibility as approved by the City Attorney.

7.3.4. Density Determination. The maximum number of lots shall be determined by the minimum lot size of the Applicable District, the minimum lot size as required by City or County Health Department standards for septic tank use (or similar density limitation where applicable), or the maximum density of the applicable district, whichever is most restrictive. Furthermore, density determination shall also take into account the amount of land necessary for internal streets and other subdivision requirements. In making this calculation, the following shall not be included in the total acreage of the Parcel:

1. Bodies of open water over 5,000 sq. ft. of contiguous area; and
2. Wetlands, as defined by the City or by the Army Corps of Engineers pursuant to Section 404 of the Clean Water Act.

7.3.5. Application Requirements

1. Site Analysis Map Required. Concurrent with the submission of a subdivision plat, the applicant shall prepare and submit a site analysis map. The purpose of the site analysis map is to ensure that important site features have been adequately identified prior to the creation of the site design, and that the proposed open space will meet the requirements of this Section. The site analysis map shall include the following:

- a. Property boundaries;
- b. All streams, rivers, lakes, wetlands, flood hazard boundaries, and other hydrologic features;
- c. All boundaries of applicable regulated buffer areas, easements, and rights-of-way;
- d. Topography at 5-foot or smaller intervals;
- e. All Primary and Secondary Conservation Areas labeled by type, as described in §7.3.6;
- f. General vegetation characteristics;
- g. General soil types;
- h. Planned location of protected Open Space;
- i. Existing roads and structures; and
- j. Potential connections with existing greenspace and trails.

2. Conservation Subdivision Plan. The developer shall prepare a conservation subdivision plan which yields no more lots than identified under §7.3.4. The conservation subdivision plan shall identify open spaces to be protected in accord with §7.3.6 and may include lots which do not meet the size and setback requirements of the applicable district. The Conservation Subdivision Plan shall include an Open Space Management Plan, as described in §7.3.6 and shall be prepared and submitted prior to the issuance of a land disturbance permit.

3. Instrument of Permanent Protection Required. An instrument of permanent protection, such as a conservation easement or permanent restrictive covenant and as described in §7.3.6.5, shall be placed on the open space concurrent with the issuance of a land disturbance permit.
4. Other Requirements. The applicant shall adhere to all other applicable requirements of the applicable district and the Subdivision Regulations.
- 7.3.6. Open Space Management Plan. For the purposes of conservation subdivisions, open space is defined as the portion of the conservation development or subdivision that has been set aside for permanent protection. Activities within the open space are restricted in perpetuity

through the use of a legal instrument approved by the City Attorney.

1. Standards to Determine Open Space
- a. The minimum restricted open space shall comprise at least twenty-five (25) percent of the gross tract area.
 - b. The following are considered Primary Conservation Areas and are required to be included within the open space, unless the applicant demonstrates that this provision would constitute an unusual hardship and be counter to the purposes of the Conservation Subdivision:
 - (1) The 100-year floodplain;
 - (2) Riparian zones of at least 75 feet width along perennial and intermittent stream shown on the United States Geological Survey (USGS) quadrangle topographic maps.
 - (3) Slopes above twenty-five (25) percent of at least 10,000 sq. ft. contiguous area;
 - (4) Wetlands determined to be jurisdictional by the Corps pursuant to the Clean Water Act;
 - (5) Existing and planned trails that connect the site to neighboring areas; and
 - (6) Archaeological sites, cemeteries and burial grounds.
 - c. The following are considered Secondary Conservation Areas and should be included within the open space to the maximum extent feasible:
 - (1) Important historic sites
 - (2) Existing healthy, native forests of at least one (1) acre contiguous area;
 - (3) Individual existing healthy trees greater than eight (8) inches caliper; and

- (4) Other significant natural features and scenic viewsheds, particularly those that can be seen from public streets.
 - d. Utility rights-of-way and small areas of impervious surface may be included within the protected open space but cannot be counted towards the twenty-five (25) percent minimum area requirement (exception: historic Structures and existing trails may be counted). Large areas of impervious surface, such as streets and parking lots shall be excluded from the open space.
 - e. At least thirty-three (33) percent of the open space shall be suitable for passive recreational use.
 - f. At least seventy-five (75) percent of the open space shall be in a contiguous tract, which may be divided by a local Street whose area shall be excluded from the open space. The open space shall adjoin any neighboring areas of open space, other protected areas, and non-protected natural areas that would be candidates for inclusion as part of a future area of protected open space.
 - g. The open space shall be directly accessible to the largest practicable number of lots and/or Buildings within the site. Non-abutting lots shall be provided with safe, convenient access to the open space.
2. The following uses shall be permitted within the open space:
 - a. Conservation of natural, archeological or historical resources;
 - b. Meadows, woodlands, wetlands, wildlife corridors, game preserves, or similar conservation-oriented areas;
 - c. Boardwalks or walking /bicycle trails constructed of porous paving materials;
 - d. Passive recreation areas, such as open fields;
 - e. Active recreation areas, provided that they are limited to no more than ten (10) percent of the total open space and are not located within Primary Conservation Areas. Active recreation areas may include impervious surfaces. Active recreation areas in excess of this limit must be located outside of the protected open space.
 - f. Landscaped Stormwater Management facilities, community wastewater disposal systems and individual wastewater disposal systems located on soils particularly suited to such uses. Such facilities shall be located outside of Primary Conservation Areas;
 - g. Easements for drainage, access, and underground utility lines;
 - h. Other conservation-oriented uses compatible with the purposes of this Ordinance.
 3. The following uses shall be prohibited within the open space:
 - a. Golf courses;
 - b. Roads, parking lots and similar impervious surfaces, except as specifically authorized in the previous sections;
 - c. Agricultural and forestry activities not conducted according to accepted best management practices;
 - d. Impoundments; and
 - e. Other activities as determined by the applicant and recorded on the legal instrument providing for permanent protection.
 4. Ownership and Management of Open Space. Ownership and maintenance of the common open space and any facilities thereon shall be as provided for

in §4.6 Ownership and Management of Common Open Spaces.

5. Legal Instrument for Protection of Open Space. The open space shall be protected in perpetuity by a binding legal instrument that is recorded with the deed. The instrument for permanent protection shall include clear restrictions on the use of the open space. These restrictions shall include all restrictions contained in this article, as well as any further restrictions the applicant chooses to place on the use of the open space. The instrument shall be one of the following:
 - a. A permanent conservation easement in favor of either:
 - (1) a land trust or similar conservation-oriented non-profit organization with legal authority to accept such easements. The organization shall be bona fide and in perpetual existence and the conveyance instruments shall contain an appropriate provision for retransfer in the event the organization becomes unable to carry out its functions; *or*
 - (2) a governmental entity with an interest in pursuing goals compatible with the purposes of this Ordinance, and if the entity accepting the easement is not the City, then a third right of enforcement favoring the City shall be included in the easement.
 - b. A permanent restrictive covenant for conservation purposes in favor of a governmental entity.
 - c. An equivalent legal tool that provides permanent protection, as approved by the City Attorney.
6. Tax Assessment of Open Space. Once a legal instrument for permanent protection has been placed upon the open space, the applicant may request the County Tax Assessor to reassess the open space at a

lower value to reflect its more limited use.

§7.4. Bed and Breakfast

7.4.1. Use Limitations

1. Bed and Breakfasts are permitted only in detached single-family dwellings. Lodging located in a non-residential building is considered either a “hotel” or “motel” and is not subject to the requirements of this §7.4.
2. The maximum number of allowable guest rooms shall be determined by dividing the gross interior floor area of the principal building (excluding garages) by 500 sq. ft. And, no more than fifty (50) percent of the GFA (excluding garages) of the principal building shall be utilized for guest accommodations. All guest rooms shall be located within the principal building.

7.4.2. Parking. For each approved guest room, there shall be provided one (1) parking space, in addition to those required for the dwelling use. Such additional required parking spaces shall be properly situated on site and screened from adjacent properties. Such parking areas should not detract from the residential character of the neighborhood. Recreational vehicle parking shall be prohibited.

7.4.3. Modifications to Dwelling. Aside from any alterations necessary to ensure the safety of the dwelling, no exterior modifications shall be allowed unless approved by the BZA as a part of the Special Exception approval process. Approved exterior modifications should not detract from the residential character of the dwelling or the neighborhood.

§7.5. Mini-warehouses

- 7.5.1. No storage space shall exceed 400 sq. ft. in area nor be used for other than storage purposes.
- 7.5.2. For single-story facilities all storage units shall open onto a paved driveway with a minimum width of ten (10) feet for each direction of travel or fourteen (14) feet for one-way travel.
- 7.5.3. Outdoor storage of goods and materials, other than vehicles, shall be prohibited. Any types of vehicles, including recreational vehicles, if stored on site, shall be fully screened in accordance with [§9.4 Screening](#).

§7.6. Veterinary Hospitals, Animal Shelters and Kennels

- 7.6.1. No indoor or outdoor pens or runs shall be located within 100 feet of a residential district boundary. Outdoor runs shall be set back no less than fifty (50) ft from all lot lines.
- 7.6.2. Outdoor runs shall be located to the rear of the building and all such areas visible from a public right-of-way shall be enclosed with a wooden privacy fence or similar weather-resistant, durable, and opaque material. Fences (or walls) shall be no less than four (4) ft nor greater than eight (8) ft in height and shall be subject to the applicable regulations of [§9.4 Screening](#).
- 7.6.3. All waste material shall be stored in closed containers and screened as required in [§9.4 Screening](#).
- 7.6.4. Emission of any offensive odors, beyond the lot line, shall not be permitted at any time.

§7.7. Day Care Facilities

Day care facilities, operated within a dwelling, shall comply with the following

requirements and all applicable requirements of [§7.1 Home Occupations](#), as applicable

- 7.7.1. Application of Regulations. The provisions of this Section shall apply to day care facilities providing service for part of a twenty-four (24)-hour day for children under sixteen (16) years of age; for the aged; or for persons who are disabled, by persons giving care (excluding care provided by relatives). Day care facilities shall include family day care homes and day care centers. This Section does not apply to baby-sitting or child day care service furnished in places of worship during worship services.
- 7.7.2. General Provisions. The following general provisions apply to all day care facilities.
 1. All day care facilities shall comply with all applicable State regulations.
 2. Hours of outside play shall be limited to between the hours of 7:00 a.m. and sunset, as defined by the National Weather Service
 3. An outdoor play area shall be provided for child day care facilities in other than the front yard. Play equipment shall be located at least ten (10) feet from an abutting lot line.
 4. Fencing, where permitted by this Ordinance, shall be provided to restrict children from hazardous areas and principal arterial and minor arterial roads. Natural or physical barriers may be used as required fencing so long as such barriers functionally restrict children from these areas.
 5. The expansion of a family day care home to a day care center shall require rezoning to a district in which a day care center is permitted. When applying for rezoning, the applicant shall submit a

plan showing any existing or proposed outdoor play areas, outdoor play equipment, fencing, access drives, adjacent streets, adjacent hazardous uses, on-site hazards, merchandise delivery areas, on-site sewage disposal facilities, parking spaces, and the drop-off circulation pattern.

7.7.3. Family Day Care Homes. In addition to the other provisions of this Section, family day care homes shall comply with the following:

1. The facility must have a current State registration certificate. Proof of registration renewal must be supplied to the Fire Marshal every two (2) years.
2. There shall be no external evidence of such use. No signs indicating such use may be erected on site.
3. Family day care homes shall be limited to the care of no more than two (2) non-occupant children at any one time.
4. Family day care homes shall only be permitted in detached single-family dwellings.

7.7.4. Day Care Centers. In addition to the other provisions of this Section, day care centers shall comply with the following:

1. A fence with a minimum height of four (4) feet shall physically contain the children within the outdoor play area. Natural or physical barriers may be used in place of fencing so long as such barriers functionally contain children.
2. If the facility fronts on streets of different classifications, access shall be along the thoroughfare of lesser functional classification.
3. All pedestrian pathways shall be adequately lit for safety if utilized during non-daylight hours. Specific areas for lighting are entranceways, pedestrian access to the outdoor play areas,

sidewalks, drop-off areas, merchandise delivery areas, and all parking areas. Such lighting shall not produce objectionable glare on adjacent properties.

7.7.5. Inspections. The Building Official and/or Fire Marshal shall have the right to enter and inspect the dwelling, building and premises for compliance purposes following advance notice to the owner.

§7.8. Accessory Dwellings

7.8.1. Use Limitations.

1. No more than one Accessory Dwelling shall be permitted for each principal dwelling.
2. The gross floor area of the Accessory Dwelling shall not exceed twenty-five (25) percent of that of the principal dwelling. If housed within a structure also containing parking for the principal dwelling, such parking area may be excluded from the calculation. However, if any parking is provided for the Accessory Dwelling, it shall be included in the calculation.

7.8.2. Location and Setbacks. Accessory Dwellings shall be located to the side or rear of the principal dwelling and shall be set back from side and rear lot lines as required of the principal dwelling.

7.8.3. Access. The Accessory Dwelling shall not have access to abutting streets in addition to that permitted for the principal dwelling.

7.8.4. Design Standards. If visible from the public right-of-way, the design of the Accessory Dwelling shall be consistent with that of the principal dwelling, including colors, materials, roof pitch, etc.

§7.9. Telecommunications Facilities

- 7.9.1. Purpose. The purpose of these standards is to establish minimum considerations and criteria for the review of telecommunications facilities. It is the City of Vestavia Hill's express intent that the construction of new towers be an option of last resort; to the greatest extent feasible, location of antennae on existing towers and other suitable structures should first be sought. These standards are designed to ensure the compatibility of towers with and avoid adverse impacts to nearby properties and discourage the proliferation of towers throughout the City.
- 7.9.2. Applicability. All telecommunication facilities are subject to these standards and to statutory review by the Commission and Council in accordance with Section 11-52-11 of the Code of Alabama, 1975, as amended. Anything contained in this Ordinance to the contrary notwithstanding, telecommunications facilities are conditional uses, which require approval by the Council.
- 7.9.3. Objectives. The proposed locations and design of all telecommunication facilities shall duly consider the following public health, safety and general welfare objectives:
1. Structural Safety. The proposed facility will comply with wind loading and other structural standards contained in applicable building and technical codes so as not to endanger the health and safety of residents, employees or travelers in the event of structural failure of the tower due to extreme weather conditions or other acts of God.
 2. View Protection. The proposed facility will be designed to minimize adverse visual impacts to surrounding properties
- and the public right-of-way, given the topography of the proposed site and surrounding area.
3. Land Use Compatibility. The proposed facility will be compatible with the surrounding land uses, given the character of the use and development of the location.
 4. Design Harmony. The proposed facility will be designed in harmony with the natural setting and the surrounding development pattern as well as to the highest industry standards.
 5. Existing Communication Services. The proposed facility will comply with FCC and other applicable standards so as not to interfere with existing communication services in the area.
 6. Health Effects. The proposed tower will comply with all applicable federal, state, county and City health standards so as not to cause detrimental health effects to persons in the surrounding area.
- 7.9.4. Development Criteria. The Building Official and City Engineer shall review all applications for telecommunications facilities for compliance with the applicable standards and criteria listed below. These criteria are considered the minimum necessary to protect the public health, safety and general welfare. The Commission may also impose higher standards if it deems them to be necessary to further the objectives of this Section.
1. Co-Location. No new tower shall be established if space is structurally, technically and economically available on an existing tower, which would serve the area that, the new tower would serve. Documentation that reasonable efforts have been made by the applicant to achieve co-location shall be submitted in accordance with §7.9.4.2 below. Towers

shall be designed to maximize shared use to the greatest extent possible, given the structural and technical limitations of the type of tower proposed. In any event, collocation shall be encouraged. If feasible, each tower shall, at a minimum, be designed for double its intended use for all transmitting and receiving antennae other than microwave dish antennae.

2. Removal of Obsolete Towers. Any tower that is no longer in use for its original communications purpose shall be removed at the owners' expense. The owner shall provide the Building Official with a copy of the notice of the FCC of intent to cease operations, which shall be given ninety (90) days from the date of ceasing operations to remove the obsolete tower and accessory structures. In the case of multiple operators sharing use of single tower, this provision shall not become effective until all users cease operations.
3. Setbacks.
 - a. Where permitted, the distance between the base of the tower, including guys, accessory facilities and property lines abutting residential districts, public parks and roads must equal twenty (20) percent of the tower height. Property lines adjacent to other uses (e.g. agricultural, industrial) shall require a setback equal to the rear yard setback established for the underlying zone.
 - b. Notwithstanding Item a above, when located within or adjacent to a residential district or dwelling, the minimum standard setback from all adjoining residential property boundaries shall be fifty (50) feet.
 - c. Site plan review by the Commission may result in reduction of the standard setbacks in exceptional cases where a hardship would result due to unusual

conditions on the site or other impracticalities. However, the Commission shall not reduce the setbacks to the detriment of affected residential properties.

4. Appearance.
 - a. Towers shall be of a monopole type and shall maintain an exterior finish so as to reduce the visibility of the structure, unless other standards are required by the FAA.
 - b. The design of the tower shall be of a type that has the least visual impact on the surrounding area as determined by the Commission.
 - c. The design of the tower compound shall, to the greatest extent possible, maximize use of building materials, colors, textures, screening and landscaping that effectively blend the tower facilities within the surrounding natural setting and built environment.
5. Lighting. Towers shall not be artificially lighted unless required by FAA or other authority for safety purposes. Where required, the Commission shall review the available lighting alternatives to assure that lighting proposed would cause the least disturbance to the surrounding views. "Dual lighting" (red at night/strobe during the day) shall be preferred unless restricted by the FAA. Security lighting may be permitted in accordance with Item e: Security Devices, below.
6. Landscaping.
 - a. A landscaped buffer shall effectively screen the view of the tower compound from adjacent public ways and residential properties.
 - b. The standard buffer shall consist of a minimum eight (8) feet wide landscaped strip outside the dark vinyl coated steel security fencing of the

- perimeter of the compound. The buffer strip shall be planted with an attractive combination of trees, shrubs, vines and/or ground covers that can achieve the full height of the fence at maturity and enhances the outward appearance of the security fence. For sites within 1,000 feet of a residence, site review by the Commission may impose increased buffer standards to include a decay-resistant, solid wood fence, earth berms and brick or masonry walls in addition to the security fencing. All fencing and landscaping shall be maintained by the lessor/owner.
- c. In isolated non-residential areas, alternative landscaping methods may be accepted, such as the use of earth toned colored, vinyl-coated steel security fencing in combination with four feet of evergreen trees, shrubs, vines and/or other plantings.
 - d. In certain locations where the visual impact of the tower would be minimal, such as remote, agricultural or rural locations, or developed heavy industrial areas, the landscaping requirements may be reduced or waived by the Commission.
 - e. Existing mature tree growth and natural landforms on the site shall be preserved to the maximum extent possible. In some cases, such as towers located on large, wooded lots, preservation of substantial natural growth around the property perimeter may be a sufficient buffer.
 - f. Cellular facilities utilizing underground vaults in lieu of above ground switching gear buildings shall be exempted from any buffer requirements.
7. Security Devices. The facility shall be fully secured. A minimum eight (8) feet high, dark vinyl coated steel fence shall be installed around the entire perimeter of the compound (measured to the top of the fence or barbed wired, if applicable). Security fencing shall require screening in accordance with landscaping requirements, as defined above. Other security measures shall include locks and alarms. Approved barbed or razor wire and lighting of the compound shall be permitted, if deemed necessary to fully secure the tower compound.
8. Access. Driveways and onsite parking shall be provided to assure the operator's access to the facility for maintenance or emergency services.
- 7.9.5. Application. Any application submitted for approval shall submit the following items, in addition to any other required items, to show compliance with these review standards.
1. Statement of Impact on Health, Safety and Welfare. A brief written statement shall address conformance with the health, safety and welfare objectives of this guideline.
 2. Site Plan. A scaled site plan shall show the location and dimensions of all improvements, including setbacks, drives, parking, fencing, landscaping, and other information necessary to determine compliance with the development criteria of these guidelines.
 3. Rendering. A rendering of the tower, accessory facilities and compound shall depict colors, materials and treatment. If lighting or other FAA requirements for tower color is proposed, evidence of such requirement shall be submitted.
 4. Justification for a New Tower. The applicant shall document a proposal for a new tower that the planned equipment for a proposed tower cannot be accommodated on an existing tower

within the proposed service area. The applicant shall submit a written affidavit showing what attempts have been made to share an existing tower or that no such tower exists.

5. Certification of Shared Use Design. A qualified, registered engineer shall certify that the proposed tower's structural design can accommodate a minimum of two (2) shared users, in accordance with §7.9.4 Development Criteria.
 6. As Built Survey. A qualified, registered engineer shall certify that the proposed tower is to be constructed and installed in accordance with the submitted site plan including the installation of any required buffer yard.
 7. Total anticipated capacity of the structure, including the number and types of antennae that can be accommodated.
 8. Mitigation measures for ice and other hazardous falling debris, including setbacks and de-icing equipment.
- 7.9.6. Exceptions. Towers camouflaged to resemble woody trees or indigenous vegetation to blend in with the native landscape, and other types of concealment, shall be reviewed by the Design Review Board. Concealment techniques are design methods used to blend a wireless telecommunications facility, including any antennas thereon, unobtrusively into the existing surroundings so as to not have the appearance of a wireless telecommunications facility. Such structures shall be considered wireless telecommunications facilities and not spires, belfries, cupolas, or other appurtenances usually required to be placed above the roof level for purposes of applying height limitations. Due to their height, such structures must be designed with sensitivity to elements

such as building bulk, massing and architectural treatment of both the wireless telecommunications facility and surrounding development. Concealed towers on developed property must be disguised to appear as either a part of the structure housing, a principal uses, or an accessory structure that is normally associated with the principal use occupying the property. Concealed towers developed on unimproved property must be disguised to blend in with existing vegetation.

Article 8 PARKING REGULATIONS

§8.1. Off Street Parking

There shall be provided, at the time of the erection of any building or at the time any principal building is enlarged or increased in capacity by adding dwelling units, guest rooms, seats, or floor area, or before conversion from one type of use or occupancy to another, permanent off-street parking in the amount specified in [Table 8.1](#). Required parking shall be provided for each use on the site. In calculating required parking, fractions are rounded up to the next whole number; however, when multiple uses are proposed on the same site, the fractional requirement for each use is added together prior to rounding. For the purpose of calculation in non-residential uses, "storage areas, including merchandise storage areas" shall not be a part of the NFA or GFA calculation. For uses not specified, the Building Official shall determine required parking based on the most similar use in [Table 8.1](#).

- 8.1.1. Certification of Minimum Parking Requirements. Each application for zoning approval shall include the location, number and dimensions of off-street parking spaces, if required, and the means of access. This information shall be in sufficient detail to enable the Zoning Official to determine whether or not the requirements of this Article are met. The Building Permit for the use of any building, structure or land where off-street parking space is required shall be withheld by the Building Official until the provisions of this Article are fully met.
- 8.1.2. Joint Use Parking Lots. Parking facilities for one use shall not be considered as providing the required parking facilities for any other use on the same or separate lots, except as provided herein:

1. Under circumstances wherein a combination of uses or other factors might require total parking facilities in excess of actual need, if so determined and certified by the Zoning Official, a commensurate reduction in parking may be approved by the Commission. Two uses, for example, may share one parking facility and the spaces provided therein when the parking demand for the uses occur at wholly separate times. Furthermore, such uses need not be located on the same lot, so long as the requirements of [§8.1.3 Remote Parking](#) are met.
2. Shared parking for mixed-use developments. Subject to approval by the Commission, minimum parking requirements for a mixed-use development may be reduced by calculation of shared parking requirements for the development utilizing the shared parking demand information in [Table 8.1.1](#) and the Worksheet shown in Figure 8.1.1. These parking reductions shall not be available to lodging or residential uses unless such uses are part of a development also including non-lodging, non-residential uses.

Parking reductions may be allowed as part of site plan approval only if it is demonstrated to the satisfaction of the Commission that a combination of the following factors or measures are proposed by the development plan, including but not limited to:
 - a. There are no material adverse impacts on parking conditions in the immediate vicinity.
 - b. The development plan mitigates vehicular traffic impacts by proposing limited access to and from public streets.

- c. The development plan proposes the creation of new or upgraded sidewalks to help foster non-vehicular accessibility.

Table 8.1 Minimum Required Off-street Parking Spaces		
Residential Uses		
a.	Single-family dwellings (attached or detached), duplexes and triplexes	2 spaces per dwelling unit
b.	Multi-family dwellings <ul style="list-style-type: none"> • 1-BR of efficiency unit • 2-BR unit • 3+ BR unit 	<ul style="list-style-type: none"> • 1.25 spaces • 1.75 spaces • 2.0 spaces
Lodging Uses		
c.	Hotels and Motels	1 space per sleeping unit
d.	Lodging/conference rooms. The Lodging-Conference Parking Factor (LCRP) = the total conference room square footage divided by the total number of sleeping units.	<ul style="list-style-type: none"> • 0-20 LCP = 0 • 20-40 LCP = 1 space/400 sq. ft. • 40-60 LCP = 1 space/200 sq. ft. • 60+ LCP = 1 space/150 sq. ft.
e.	Lodging/restaurants and lounges. The Lodging-Restaurant Parking Factor (LRP) = total restaurant or lounge square footage divided by the total number of sleeping units (SU's)	<ul style="list-style-type: none"> • 0-10 LRP = 20% of normal requirement • 10-30 LRP = 40% of normal requirement • 30-50 LRP = 60% of normal requirement • 50+ LRP = 80% of normal requirement
Institutional Uses		
f.	Places of assembly, Funeral homes	1 space per 4 fixed seats in the largest assembly area or per 40 sq. ft. of floor area available for the accommodation of moveable seats in the largest assembly room
g.	Libraries, art museums and similar cultural facilities	1 space per 400 sq. ft. of GFA
h.	Private clubs, country clubs, and lodges	1 space per 250 sq. ft. of GFA
i. Conventional Demand = <u>500 spaces</u>							
Shared Parking Demand (greatest value from Line 6 Columns A-F) = <u>400 Spaces</u>							
Shared Parking Reduction = <u>100 Spaces</u>							

* Figures in italics are sample calculations only.

8.1.3. Remote Parking. All residential and lodging uses shall have the required parking spaces provided on the lot(s) on which such use is located. For all other uses, if the off-street parking space required by this Ordinance cannot be reasonably provided on the same lot on which the principal use is located, such space may be provided on land within 400 feet of the main entrance to such principal use. Said land shall not be used for other purposes unless adequate provisions for parking have been made for such other use. However, remote parking areas must be zoned the same as the principal use or as may be permitted upon appeal to the BZA.

8.1.4. Maintenance of Parking Capacity. No off-street parking facility shall be reduced to less than the amount required for the use involved.

§8.2. Design Standards

Off-street parking areas shall be improved and maintained as required herein.

8.2.1. General Requirements.

1. Ingress and egress for parking facilities shall be in accordance with access spacing standards adopted by the City Engineer. Wherever stacking space is deemed necessary by the City Engineer to prevent blocking of traffic, such space shall be required. No parking space shall block designated emergency access. Fire lanes may be required by the Fire Department.
2. No portion of any parking or stacking space shall be located within the street right-of-way or an easement not intended for such purposes, nor cross a public sidewalk.
3. Except for detached single-family dwellings and duplexes, no off-street parking space shall be permitted which

requires a vehicle to back out into a public street.

4. Except for single-family dwellings and duplexes, access drives and parking aisles shall not be used to meet minimum parking requirements.

8.2.2. Dimensions. The design and dimensions of the parking area and spaces shall be in accordance with [Table 8.2.2](#), as shown in Figure 8.2.2, and as follows:

1. Compact car spaces may be provided but shall not exceed a ratio of one (1) compact car space: three (3) standard spaces. Compact Parking Stalls, if used pursuant to this section, may be 8’ stall width and 16’ stall depth.
2. Handicapped spaces shall be provided as required by the Building Code.
3. Up to two (2) ft of vehicle overhang over a wheel stop may count toward the required length of a parking space. However, in such cases, the City Engineer may require additional aisle width. Vehicle overhang shall not project over a lot line, right-of-way, or required sidewalk or landscaped area.

Parking Angle	0°	30°	45°	60°	90°
Stall Width (A)	8	8.5	8.5	9	9
Stall Length (B)	22	20	20	19	19
Stall Depth (C)	8	17.4	20.2	21	19
Curb Length (D)	22	17	12	10.4	9
Aisle Width (E)					
One Way	12	15	15	20	20
Two Way	20	20	20	24	24
Interlock (F)	n/a	3.9	3.2	2.3	n/a

Figure 8.2.2 Parking Lot Dimensions

8.2.3. Paving Standards. All parking and vehicular use areas shall be paved with asphaltic concrete, concrete, paving stone or masonry in accord with standards adopted by the City Engineer. However, the City Engineer may approve pervious parking surfaces in areas susceptible to flooding and/or in zoning districts with restrictive impervious coverage standards. Required parking spaces shall be permanently marked and maintained and shall be accessible from a driveway

or aisle such that all vehicles approach the street in a forward motion.

Restrictions and exceptions include:

1. Detached single-family dwellings and duplexes may substitute a ribbon-type driveway or an unpaved all-weather surface, in accord with standards adopted by the City Engineer, in place of a solid-paved surface. Vehicles may approach a street in either a forward or backing motion. This shall not apply to shared driveways serving multiple residences unless approved in writing by the City Engineer.
2. All driveways that cross an existing sidewalk shall be paved from the edge of street pavement to at least ten (10) ft from the back of the sidewalk, regardless of whether the parking on-site is required to be paved or not. See illustration at right. Ribbon-type driveways shall be solid-paved from the back of sidewalk to the edge-of-pavement.

3. In addition to Paragraph 2, above, all uses, whether required to provide paved parking or an unpaved all-weather surface, driveways shall be required to pave all turn-outs and portions of

driveways located within any rights-of-way.

- 8.2.4. Pavement Markings. The City Engineer may prescribe such traffic markers and or signs as deemed necessary to safely and efficiently manage traffic flow. Parking spaces, except those serving single-family dwellings and duplexes, shall be demarcated with painted lines and/or signs or other markings accepted by the City Engineer. Stacking spaces shall not be individually marked but instead shall be clearly demarcated to direct traffic, as necessary.
- 8.2.5. Drainage. Off-street Parking facilities shall be drained to prevent damage to abutting property and streets. Landscaping areas shall be graded and designed to receive a reasonable portion of the rainfall from surrounding pavement. Openings for the flow of water shall be provided around any landscaped areas lined with protective curbing.
- 8.2.6. Dead End Parking. Vehicular use areas shall be designed to provide for safe and convenient circulation within the site. Dead end parking is discouraged. When all other design options have been exhausted, the City may approve a striped area measuring a minimum of fifteen (15) ft by the full width of the parking aisle to be used as a vehicular turnaround area. “No Parking” and “Tow Away Zone” signage must be provided in vehicular turnaround areas in order to discourage vehicular parking. Ten (10) or less consecutive parking spaces shall not be considered dead end parking.
- 8.2.7. Landscaping. Off-street parking areas extending to within twenty-five (25) feet or less of a lot line, shall be landscaped in accordance with [§9.2.2 Frontage and Perimeter Landscaping](#). Off-street parking areas of twenty-five (25) or more

parking spaces shall be landscaped in accordance with [§9.2.3 Interior Landscaping](#).

§8.3. Off-Street Loading

For all uses involving the receipt or distribution of goods by trucks, there shall be provided off-street loading berths as indicated in Table 8.3 unless modified or waived by the City Engineer. Loading berth(s) shall:

- 8.3.1. Be a minimum of twelve (12) feet in width, thirty (30) feet in length, and fourteen (14) feet in clear height.
- 8.3.2. Be screened as required in [§9.4 Screening](#).
- 8.3.3. Not occupy any part of a required buffer, rear yard or front yard.
- 8.3.4. Not be located or oriented on site so as to require trucks to back onto the property from a public street.

4,000 – 25,000 sq. ft. GFA	1 berth
25,001 – 40,000 sq. ft. GFA	2 berths
40,001 – 60,000 sq. ft. GFA	3 berths
For each additional 50,000 sq. ft. GFA	1 berth

This page intentionally left blank.

Article 9 LANDSCAPING REGULATIONS

The City of Vestavia Hills, Alabama, in accordance with Title 11-52-70, Code of Alabama, 1975, has determined that some regulation of landscaping property will promote the beauty and aesthetics of the City. Furthermore, the intent of these standards are: to facilitate a harmonious and attractive environment; to prevent erosion; to capture and treat drainage and stormwater runoff; to reduce glare, wind turbulence, carbon monoxide, heat, and noise; to stabilize property values; and to generally preserve and promote the establishment of a healthful and pleasant community.

§9.1. General

A landscape plan for any development subject to design review pursuant to [§13.2.2](#) shall be submitted to the Design Review Board prior to issuance of a Building Permit. If the development includes a request for rezoning or conditional use, then such landscaping plan shall also be presented to the Commission, together with the application for rezoning or conditional use, as applicable.

- 9.1.1. The landscape plan shall include the following information:
 - 1. Proposed planting schedule including the type, quantity, spacing, size, installation instructions and common name of all plantings.
 - 2. Plant materials labeled and shown in relation to lot lines, adjacent streets, buildings and parking areas.
 - 3. All Buffers required under [§9.3](#), if any.
 - 4. All Screening required under [§9.4](#), if any.
 - 5. Approaches to building entrances.
 - 6. Proposed parking areas and means of vehicular egress and ingress.
 - 7. Location, size, function and furnishings for proposed open spaces shown in

relation to lot lines, adjacent streets, sidewalks, buildings and parking areas.

- 8. All utilities and fire connections.
- 9. Proposed landscape vehicles, equipment, and materials to be stored on the property.
- 10. Soil preparation methods, bedding and mulching, and planting details
- 9.1.2. Landscaping shall be provided in accordance with the following:
 - 1. Where existing topographic patterns contribute to beauty and utility of a development, they shall be preserved whenever at all possible, practical and feasible.
 - 2. Landscape treatment shall be provided to enhance architectural features and to strengthen vistas.
 - 3. All landscaping shall be installed in accordance with accepted good planting procedures as prescribed by the American Society of Landscape Architects.
 - 4. This Article establishes requirements for site landscaping, as well as landscaping for Buffers and Screening. Landscaping provided to fulfill Buffer or Screening requirements, may also be counted, in whole or in part, toward site landscaping requirements and vice versa.
 - 5. Existing trees, plantings and other vegetation, which meet these standards, in whole or in part, may be accepted by the approving authority, to count toward landscaping requirements.

§9.2. Site Landscaping

- 9.2.1. Applicability. Site landscaping shall be provided with all new multi-family, non-residential and mixed-use developments in accordance with the following standards. Existing premises must

conform with these standards as provided in [Article 10 Nonconformities](#). Required site landscape areas include: frontage landscaping, building landscaping, parking lot interior landscaping and parking lot perimeter landscaping as shown in Figure 9.2.

Figure 9.2 Site Landscaping Areas

9.2.2. Frontage and Perimeter Landscaping

1. Frontage landscaping shall be provided along lot frontages to reduce the visual impact of and glare from vehicular use areas, enhance the public streetscape, and to control access between private and public space where appropriate. Frontage landscaping is required for the length of parking and vehicular circulation areas that extend within twenty-five feet of the front lot line(s). Frontage landscaping shall be provided as shown in Table 9.2.2 and as follows:
 - a. For the purposes of this Subsection, corner lots shall be considered to have two frontages.
 - b. The planting strip shall be located along the outside edge of the vehicular use area
2. Perimeter Landscaping shall be provided to reduce the visual impact of and glare from vehicular use areas on adjacent property, capture and treat stormwater and to control access between

developments where appropriate. Perimeter landscaping is required for the length of parking and vehicular circulation areas that extend within twenty-five (25) of side and rear lot lines. Perimeter landscaping shall be provided as shown in Table 9.2.2 and as follows:

- a. The planting strip shall be located along the outside edge of the vehicular use area.
- b. Perimeter landscaping requirements may be modified by the Zoning Official in writing where natural conditions make such landscaping unnecessary and/or impractical.
- c. Perimeter landscaping may be waived or reduced between two vehicular use areas on abutting lots, which are connected by a cross access agreement and are of integrated design.
- d. A solid fence of a height of at least thirty (30) inches shall suffice for perimeter landscaping along an alley.

	Frontage Landscaping	Perimeter Landscaping
Min. Depth of Planting Strip	8 ft OR 4 ft and fence/wall	5 ft
Height (at maturity)	2.5–3.5 ft ⁽¹⁾	2.5 ft min.
Min. Density of Shrubs (size at time of planting)	1 3-gal shrub per 3 ft OR 1 5-gal shrub per 5 ft	
Min. Density of Trees	1 canopy tree per 50 ft OR 1 understory tree per 40 ft	
¹ Shall not exceed 2.5 ft within Clear Sight Triangle (§4.3.8 Intersection Sight Distance)		

9.2.3. Interior Landscaping shall be provided within off-street parking areas of twenty-five (25) or more spaces to capture and treat stormwater, create human scale and minimize heat islands by providing shade

and reducing reflective surfaces, as follows:

1. There shall be at least twenty (20) sq. ft. of interior landscaping per parking space.
2. Every planting area (peninsula, median or island) containing a required tree shall be at least seventy-five (75) sq. ft. and seven (7) feet in width. Each planting area shall be suitably landscaped with a variety of plant materials including but not limited to ground covers, shrubs, flowering plants, pine straw and mulch.
3. There shall be a canopy tree within eighty (80) feet or an understory tree within sixty (60) feet of every parking space, which may include trees planted to meet other landscaping requirements.
4. Landscape islands shall be provided at the end of any parking bay containing twenty (20) or more parking spaces. Trees shall be provided within said islands in accordance with §9.2.3.3 above.

9.2.4. Building Landscaping shall be incorporated along building elevations, which are thirty-five (35) feet or greater in length and are set back from property lines, to accentuate entrances, reinforce pedestrian accessways to and from parking areas, and to enhance secondary facade areas, as shown in Table 9.2.4 and as follows:

1. Building landscaping areas shall be located along or shall begin within fifteen (15) feet of each building elevation to accommodate a walkway between the building and landscaping. Other required landscaping may be counted toward Building Landscaping requirements if meeting this location requirement.
2. Required building landscaping may be aggregated into one or more locations

along the elevation to allow for pedestrian/vehicular access and loading areas along the building elevation.

Min. Depth of Planting Strip	6 ft
Shrubs per Elevation Length	10 hedge plants or shrubs per 50 ft
Trees per Elevation Length	1 canopy tree per 50 ft OR 1 understory tree per 35 ft

§9.3. Buffers

Buffers shall be provided in accord with the requirements of [Tables 8.3A](#) and [8.3B](#) and as described in this §9.3. In cases where Buffers are required or deemed necessary for the protection and/or separation of uses on abutting lots, the following provisions shall be the minimum requirements unless otherwise specified by the reviewing authority in individual cases. For the purposes of this Section, “fences” and “walls” shall have the same meaning.

9.3.1. General Requirements. Except as otherwise provided herein, buffers shall be required based on the developing use and the existing, abutting use, regardless of the zoning districts in which they are located.

1. Required yards, where corresponding with the buffer area, may overlap and may be counted toward a buffer width requirement.
2. 100 percent of the applicable buffer requirements shall be the responsibility of the developing land use, except when the developing use will abut an existing more intensive use established prior to the adoption of these standards and for which no buffer is in place. In this case, the approving authority may require up to fifty (50) percent of the required buffer width on the developing site. In such

case, the applicant shall only be required to preserve existing vegetation within the buffer width or replace such vegetation with equivalent landscaping.

3. Any required buffer abutting a park or greenway may be reduced, if the property owner dedicates land to be set aside, for all or part of the required buffer width, to the City for incorporation into the park or greenway if approved by the Council.
4. Buffer requirements may be modified by the approving authority for certain cases as follows:
 - a. When the proposed use will abut an existing, nonconforming use on a property that is designated for another use in the Comprehensive Plan *and* is zoned accordingly with said plan, the Buffer may be modified to be consistent with the projected use of the neighboring land.
 - b. If the land use relationships between two (2) abutting lots changes so that a lesser Buffer would be required, the width of the previously provided Buffer may be reduced accordingly.
 - c. If the required Buffer abuts a public alley, up to one-half (1/2) of the alley width may be counted toward the buffer width requirement but the landscaping density requirements shall not be reduced.
 - d. Whenever the proposed use abuts vacant land, buffer requirements shall be based on the zoning of the abutting property or the use projected by the Comprehensive Plan, whichever requires a lesser buffer. When determining buffer requirements based on the zoning or projected use of abutting vacant land, the Zoning Official shall consider the range of possible future uses and base the requirement on the use(s) that require a lesser buffer.

5. Golf courses, playfields, stables, swimming pools, tennis courts, and other recreational facilities; parking and other vehicular use areas; Buildings, dumpsters, and Outdoor Storage are prohibited in required Buffers. The approving authority may permit a pedestrian access way through a required Buffer, to allow access between the abutting uses, if desired.

9.3.2. Design Requirements.

1. Trees and shrubs shall be provided in accordance with [Table 9.3B](#).
2. Stormwater management and drainage controls required by the City Engineer shall be coordinated with the buffer design and integrated into the overall site design.
3. The required Buffer width and planting density may be reduced as provided in Table 9.3B when a buffer fence is provided that meets the following standards:
 - a. Buffer fences shall be of masonry, ornamental metal, durable wood, or a combination thereof as approved by the reviewing authority. Untreated wood, chain-link, plastic or wire shall not be permitted. No more than twenty-five (25) percent of the fence surface, required as a part of a buffer, shall be left open. The finished side of the fence shall face abutting property.
 - b. Buffer fences shall be a minimum of six (6) feet high and no taller than eight (8) feet. Buffer landscaping shall be placed along the exterior side. If longer than 100 feet in one direction, the fence shall have columns of wood or masonry, spaced no greater than fifty (50) feet on center and which project outward from the fence surface.

Table 9.3A Buffer Requirements By Use									
Proposed Use	Existing Abutting Uses or Zoning								
	Single-family		Multi-family	Lodging	Institutional			Business	Parks & greenways
	detached	attached			low/medium/high

Buffer Class	Width		Required trees per 100 lf	Required Shrubs per 100 lf	
	With fence/wall	Without fence/wall	Understory Trees	With fence/wall	Without fence/wall
A	10 ft	15 ft	9 in single row	15 in single row	20 in single row
B	15 ft	20 ft	10 in single row	20 in single row	30 in alternating or double rows
C	22 ft	30 ft	12 in single row	25 in alternating or double rows	40 in double rows

Figure 9.3: Buffer Landscaping Rows

9.3.3. Planting Requirements. The required Buffer shall be installed before a Certificate of Occupancy may be approved. Except as herein provided, plantings installed toward buffer requirements shall be in accord with the general requirements and minimum planting specifications set forth in [§9.5 Planting, Installation and Maintenance](#).

1. Existing natural vegetation, which meets, in whole or in part, buffer planting requirements, may be applied toward the requirements of this Section.
2. Trees shall be evergreen.
3. Shrubs shall be evergreen and be thirty (30) inches tall at planting. However, up to twenty-five (25) percent of the required shrubs: 1) may be deciduous, b) may be two (2) feet tall when planted, provided an average height of three (3) to four (4) feet within four (4) years; and c) when planted on a berm, may be of a lesser height, provided that the combined height of the Berms and planting is at least six (6) feet after four (4) years.

§9.4. Screening

Screening is intended to provide both visual separation of conflicting uses on-site and between adjacent properties and shall be designed to be compatible with the surrounding environment and shall not dominate the view. For the purposes of this section, “fences” and “walls” shall have the same meaning.

9.4.1. Applicability. For all multi-family, non-residential and mixed use developments, the following shall require Screening:

1. Garbage collection, recycling and refuse handling areas
2. Maintenance areas or utility structures associated with a building or development
3. Water meters, gas meters, electric meters and air conditioners/mechanical units
4. Loading docks or spaces
5. Outside runs for veterinary clinics, animal shelters, and kennels
6. Outdoor storage of materials, stock, equipment, and vehicles (such as those stored for repair)
7. Any other uses for which screening may be required by the reviewing authority

9.4.2. Safety Provisions.

1. Screening shall not conflict with §4.3.8 Sight Distance Requirements.
2. Screening shall not block access to any above-ground, pad-mounted transformer and shall provide the minimum clear distance required by the utility company.
3. Screening shall not impede or divert the flow of water in any drainage way.

9.4.3. Design Requirements. The method of screening, including height and materials, shall be that which is sufficient to visually screen the use. The minimum height needed is preferred. Fences, berms, or landscaping used for other purposes, but that are proposed as part of

a required screen and that meet the requirements of this Section, may count toward screening requirements. The design of screening shall be in accord with the following and as approved by the reviewing authority:

1. Location of uses. Location on site should be the first consideration in screening the uses listed in §9.4.1 above. The reviewing authority may lessen screening requirements when the location of the use to be screened reduces its visibility or other impact to the public and neighboring properties.
 - a. Uses requiring screening, when co-located, may be screened together.
 - b. Uses that produce objectionable noise or odors shall be located so as to minimize such impacts to the public and abutting properties.
2. Screening Fences. All screening fences shall comply with the following:
 - a. Screening fences shall be of masonry, ornamental metal, vinyl, durable wood, or a combination thereof. Untreated wood, chain-link, plastic or wire shall not be permitted. No more than twenty-five (25) percent of the fence surface, required as part of a Screen, shall be left open. The finished side of the fence shall face abutting property.
 - b. Where screening fences are longer than fifty (50) feet in one direction, evergreen landscaping shall be placed along the exterior side. Where such fences are longer than 100 feet in one direction, required landscaping shall include both trees and shrubs and the fence shall have columns of wood or masonry which project outward from the fence surface. Such columns shall be spaced no greater than fifty (50) feet on center.
 - c. Fences located forward of the front building line shall not exceed six (6) feet. Fences located in a required rear or side yard shall not exceed eight (8) feet in height.
3. Berms. Berms shall be landscaped and stabilized to prevent erosion and shall be a minimum height of four (4) feet. Slopes shall be approved by the City Engineer.
4. Shrubs and trees. Except as herein provided, plantings installed for screening requirements shall conform to [§9.5](#) following.
 - a. Shrubs shall be evergreen and spaced no more than five (5) feet on center.
 - b. Trees shall be evergreen and, when used in the absence of a fence, should have a low understory and/or be used together with shrubs to provide an opaque visual Screen.
5. Screening requirements for specific uses.
 - a. Dumpsters, trash refuse, and recycling containers shall not be located forward of the front building line. Enclosures, while allowed within the property setback lines, cannot be included within the required buffer areas or within 5' of a property line. Such containers shall be screened by a combination of opaque fence or masonry wall and plant material on three (3) sides. Opaque gates, designed to complement the screen, shall be installed for access. The fence or wall shall be at least two (2) feet taller than the container.
 - b. For restaurants, enclosures shall be sized, as needed, to accommodate the storage of grease containers.
 - c. Mechanical equipment on roofs or on site shall be screened so as to not be visible from public streets or adjacent properties. The screening of building-mounted mechanical equipment shall

- be an integral component of the building design. Mechanical equipment installed on site shall be adequately screened by plant materials and/or fences and shall blend in with site landscaping.
- d. Outdoor storage, where permitted, shall be screened to a height of six (6) feet or two (2) feet taller than the material or equipment to be screened, whichever is greater.
 - e. Service areas, loading docks, work yards, and similar uses should be located to minimize their visibility to the public and to any abutting properties to which such functions would be objectionable. Where their location is insufficient to effectively screen the use, required screening shall be at least six (6) feet in height. Loading berths shall be within the building or concealed by means of a screening wall of material similar to and compatible with that of the Building.

§9.5. Planting, Installation and Maintenance

9.5.1. Planting.

1. All plants shall be suitable for local planting conditions and the intended landscaping purpose. All required landscaping areas shall be maintained with mulch (two inches deep at installation), sod or other approved ground cover.
2. Native, drought-tolerant vegetation shall be used where practicable to avoid excess water consumption for irrigation. Plans submitted for review shall identify such native species.
3. Required plantings shall be spaced to allow for adequate growth and coverage.
4. Canopy trees shall have a minimum two-and-one-half (2.5) inch caliper measured

six (6) inches above ground and be a minimum twelve (12) feet in height at time of planting. At time of planting, evergreen trees shall be a minimum seven (7) feet in height and multi-stemmed trees shall be eight (8) feet in height.

5. Shrubs shall have a minimum height of one (1) foot measured from grade level at the time of planting.

9.5.2. Installation and Inspection.

1. Required plantings shall be installed at the next seasonal planting opportunity unless a written waiver has been issued by the Zoning Official.
2. Required landscaping materials shall be installed before a Certificate of Occupancy may be approved.
3. At the time of installation and upon inspection, minor changes may be approved in writing by the Zoning Official, provided the changes meet the minimum requirements of this Article. Any change, which said Official determines to be a major change, shall require a revised Landscaping Plan be resubmitted for approval.

- 9.5.3. Maintenance. The Owner shall be responsible for providing, protecting, and maintaining required plantings in a healthy and growing condition. Any dead, missing, or unhealthy plants shall be replanted at the next seasonal planting opportunity, and broken or deteriorated non-living materials shall be replaced. Planted areas shall be maintained in a healthy condition. Screening fences/walls, pavers, irrigation or other improvements shall be maintained in good condition, and any such improvement shall be replaced or repaired within thirty (30) days of its demise. Failure to comply with these maintenance requirements shall

constitute a violation of this Ordinance and shall be subject to the remedies and penalties provided in [§13.7](#).

§9.6. Tree Preservation Regulations

9.6.1. These provisions are intended to regulate the removal and/or destruction of trees within the community for the purpose of:

1. Preserving the existing character of the city, part of which is derived from existing groves of mature pine, oak and other species of trees;
2. Reducing the effects of noise and air pollution;
3. Preventing soil erosion and the siltation of drainage improvements and waterway;
4. Protection and enhancing the aesthetic qualities of the community; and
5. Adding an element of landscape maturity to new developments in the city thereby enhancing buffering, privacy and increasing the value of property.

9.6.2. Applicability and Exceptions. These regulations shall apply to each Protected Tree within the corporate limits of the City, except a Protected Tree on any lot zoned or used exclusively for single family (attached and/or detached) [*except new residential subdivisions as defined in §9.6.5.2*] and any property zoned as PUD (planned unit development).

9.6.3. General Regulations. No Protected Tree as defined in this Section shall be removed, relocated, destroyed or otherwise directly or indirectly damaged unless and until a tree permit under this Section has first been issued. The City is authorized to issue an annual permit to public utility companies exempting them from this requirement with respect to the trimming of Protected Trees that may interfere with utility lines located within public right-of-way, upon such terms and

conditions as may be determined by the City. No tree permit shall be required for the incidental trimming or pruning of a Protected Tree located on private property by the owner of the property or the owner's agent.

9.6.4. Definitions

1. Caliper: The measurement of the diameter of a tree trunk four (4) feet above existing grade.
2. Protected Tree: Any tree that has a caliper of at least six (6) inches.

9.6.5. Tree Permit

1. Any person wishing to remove, relocate, destroy, or otherwise damage a Protected Tree shall, under the provisions of this subsection, make written application to the DRB, which application shall include a landscape plan as provided before in said application or other information that adequately explains the request.
2. As part of any request for a land disturbance permit for a new subdivision with a minimum of five (5) lots, the applicant shall include, as a part of the application, a tree save plan that will preserve as many trees in the development as practical. The plan shall be approved by the Commission as part of the preliminary plat process (or final plat process if no preliminary is required) with input and recommendations from the City Engineer, the Department of Building Safety and the Vestavia Hills Tree Commission. Once approval of the tree save plan has been secured along with all other requirements concerning a land disturbance permit, the City Engineer may issue a land disturbance permit for said subdivision; or
3. Application fees for the filing of tree permit requests shall be in accordance with City of Vestavia Hills Schedule of

Fees unless it can be demonstrated to the Department of Building Safety that said tree is/has been damaged, diseased, or in danger of falling close to existing or proposed structures.

4. In the case of tree removal or relocation activities that will be required on a continuing or repetitive basis, the City may issue a blanket tree permit on such terms and for such duration as are determined to be appropriate under the circumstances. Completed applications shall be filed with the Committee a minimum of 15 days prior to the regular scheduled meeting and shall contain the signature of the property owner or a notarized letter assigning an agent to represent signed by the owner.
5. The DRB will consider approval or denial of the application at the next regularly scheduled meeting following proper filing of the completed application. If approved, a tree permit shall be issued by the Department of Building Safety authorizing the proposed activity.
6. The Mayor may declare an emergency and impose a temporary moratorium on the enforcement of this requirement, following severe storm events within the city.

9.6.6. Criteria for Issuance of a Tree Permit

1. A Tree Permit for the requested activity shall be issued if:
 - a. The tree is located in an area where a structure or improvement is to be placed according to a site plan or building permit approved by the City; or
 - b. The tree is diseased, damaged, in danger of falling close to existing or proposed structures (approved in A. above), interferes with existing or proposed essential utility services,

creates unsafe vision clearance or conflicts with other ordinances or regulations of the City; or

- c. Removal of the tree will not result in any adverse material affect to the appearance of the site, since other Protected Trees of similar age, height, and species are present on the site and/or a sufficient number of replacement trees are proposed to be planted on the site in appropriate locations and of sufficient size to prevent such adverse affect.
 - d. The tree is to be removed and relocated as part of (1) the bona fide harvesting or thinning of timber from land currently assessed and managed as forest property; (2) the bona fide thinning of growth from undeveloped property for the purpose of the maintenance of the overall health of the trees and growth on such property; (3) the release from nursery inventory of trees commercially cultivated for the purpose of resale; or (4) the preservation of such tree in connection with the expansion of agricultural operations in the vicinity of such tree.
2. If, in the determination of the DRB that the application does not meet the above criteria, it will be denied and the reasons communicated to the applicant who may appeal the decision to the Commission within ten (10) working days by filing a written request with the City Clerk in a format or on a form as specified by the department.

9.6.7. Enforcement and Penalties. Whenever the Building Official shall determine that a violation of this Section has occurred, any of the following actions may be initiated singly or in combination:

1. On any new construction site, a stop work order may be immediately issued to the contractor or property owner. Upon

receipt of such order, construction may not be resumed until an approved plan authorizing the removal of the subject trees is presented to the DRB or a remediation proposal is presented to the Chairman and approved by the DRB as provided in subsection (3) below.

2. On an existing developed site, depending upon the circumstances of the violation, a formal citation may be issued to the violator as determined by the Building Official. A stop work order shall specify the nature of the violation and require that any work not permitted under this Article immediately cease and desist. The property owner shall, within, two (2) weeks, present a remediation proposal to the City for correcting the violation.
3. Each remediation proposal shall be reviewed by the Building Official, who shall present the proposal to the DRB along with a recommendation for acceptance or rejection, or modification thereof.
4. Any person violating any of the provisions of this Section shall be guilty of an offense against the City and shall, upon conviction, be punished for each violation as provided in [§13.7 Remedies and Penalties for Violation](#). Each Protected Tree removed, relocated, destroyed, or otherwise damaged without a Tree Permit shall constitute a separate violation.
5. These regulations shall not be construed to impair: (1) the right of eminent domain granted by State laws to utilities, whether public or private, or (2) their right to design, locate, erect, construct, re-construct, alter, protect or maintain utility poles, towers, lines, conduits, pipes or mains reasonably required in the public service or (3) their right to exercise authority conferred by statute, franchise, certificate of convenience and

necessity, license or easement. Maintenance, repair, and extension of any public and private utility lines or related infrastructure are expressly allowed. The preceding will apply to work done by the utility's employees, agents and contractors doing work for the utility.

This page intentionally left blank.

Article 10 NONCONFORMITIES

§10.1. General

Any use or structure existing at the time of enactment or of subsequent amendment to this Ordinance, but not in conformity with its provisions, may be continued with the following limitations. Any use or structure, which does not conform to the provisions of this Ordinance, shall not be:

- 10.1.1. Changed to another non-conforming use
- 10.1.2. Re-established after discontinuance for one year
- 10.1.3. Extended except in conformity to this Ordinance
- 10.1.4. Rebuilt after fire or damage exceeding fifty (50) percent of its fair market value immediately prior to said damage.

§10.2. Continuance

The lawful use of a structure or the lawful use of land existing at the time of the effective date of this Ordinance may be continued although such use does not conform to the provisions hereof.

- 10.2.1. If no structural alterations are made, a non-conforming use may be changed to another non-conforming use of the same or a more restrictive classification or to a conforming use, but such use shall not thereafter be changed to a less restrictive classification.
- 10.2.2. Whenever a non-conforming use has been changed to a more restrictive classification or to a conforming use, such use shall not thereafter be changed to a less restrictive classification or nonconforming use, respectively.
- 10.2.3. The Nonconforming Use of a Structure or of a premises may be hereafter extended throughout those parts of a building or premises, which were lawfully and manifestly arranged or

designed for such use at the effective date of nonconformity.

§10.3. Abandonment or Discontinuation

- 10.3.1. In the event that a structure or premises occupied by a non-conforming use becomes and remains abandoned for a continuous period of one (1) year, the use of the same shall thereafter conform to the use regulation of the applicable district.
- 10.3.2. In the event the use of a property, on which nonconforming improvements exist, including but not limited to, parking areas, driveways, lighting, sidewalks, buffers and screening, and other landscaping, becomes discontinued for a continuous period of one (1) year, such nonconforming improvements shall be brought into conformity with the applicable provisions of this Ordinance.

§10.4. Structural Extensions and Alterations

No structure or premises occupied by a non-conforming use shall be enlarged, extended, reconstructed or structurally altered, unless such use is changed to a use which conforms to the use regulations of the applicable district, provided, however, that a structure or premises may be physically enlarged, extended, reconstructed or structurally altered to the extent necessary for compliance with any existing and applicable law or ordinance specifying minimum standards of health and safety.

§10.5. Use Extensions

No non-conforming use shall be enlarged, extended or expanded unless such use is changed to a use, which conforms to the use regulations of the applicable district.

§10.6. New Construction Conforming

A structure or building conforming to the use regulations of the applicable district but not

conforming to any other provision of these regulations may be enlarged, extended or expanded provided that such enlargement, extension or expansion conforms to all regulations required in the district.

§10.7. Destruction

Any building or structure damaged by explosion, fire, act of God or the public enemy to the extent of more than fifty (50) percent of its fair market value immediately prior to said damage, shall not be restored except in conformity with this Section.

Article 11 SIGN REGULATIONS

§11.1. Purpose.

The purpose of these Sign Regulations is to provide specific regulations for the control of all signs designed or intended to be seen by, or attract the attention of, the public, which may be erected, displayed, maintained, or altered in the City, for the public health, safety, and welfare of the residents. Further, it is the intent of this Ordinance to:

1. Support implementation of the City of Vestavia Hills Comprehensive Plan 2004 – 2025 and any subsequent adopted amendments;
2. Encourage the effective use of signs as a means of communication in the City;
3. Acknowledge the public need of commercial and non-commercial individuality and expression balanced with the public need for an aesthetically pleasing community;
4. Provide a pleasing overall environmental setting and community appearance deemed vital to the continued economic viability of the City;
5. Protect and enhance the value of properties and to have signage appropriate to the planned character and development of each area in the City;
6. Promote quality and consistent signage within the community;
7. Provide signage standards by which all properties are to adhere;
8. Assist the applicant in understanding how to apply for signage plan approval as required; and
9. Promote the public health, safety and welfare of the City by preventing signs from becoming hazards or nuisances.

§11.2. Definitions

For the purposes of this Article, certain words and terms are defined as herein indicated and shall apply to all parts of this Article unless otherwise specified.

Unless specifically defined herein, words or phrases used in this Article shall have the meaning otherwise ascribed to them in this Zoning Ordinance. Otherwise they shall have the same meaning as they have in their common usage.

- 11.2.1. *Abandoned Sign.* A sign that no longer correctly directs or exhorts any person, advertises a bona fide business, leaser, owner, product or activity conducted or product available on the premises where such sign is displayed.
- 11.2.2. *Arterial.* For the purposes of this Article, a thoroughfare or the applicable segment thereof with four (4) or more lanes or having a posted speed limit of forty (40) or more miles per hour.
- 11.2.3. *Attached Sign.* A sign other than a freestanding sign, including wall signs, projecting signs and awning and canopy signs.
- 11.2.4. *Awning Sign.* A sign directly painted or otherwise directly affixed to an awning.
- 11.2.5. *Banner.* A flexible substrate on which copy or graphics may be displayed.
- 11.2.6. *Banner Sign.* A sign utilizing a banner as its display surface.
- 11.2.7. *Canopy.* A multisided overhead structure or architectural projection that is supported: 1) by attachments to a building on one or more sides and either cantilevered from such building or also supported by columns at additional points, or 2) supported by columns, but not enclosed by walls. The surface(s) and/or soffit of an a canopy may be illuminated by means of internal or external sources of light.

11.2.8. *Canopy Sign.* A sign directly painted or otherwise directly affixed to a canopy. When the sign appears on a canopy detached from the building, it is considered a “detached canopy sign”.

11.2.9. *Collector.* For the purposes of this Article, a thoroughfare or the applicable segment thereof, excluding an “arterial,” with three (3) or more lanes or having a posted speed limit of thirty (30) miles or more per hour. A thoroughfare with a continuous two-way left turn lane, shall be considered to have three (3) lanes.

11.2.10. *Commercial Message.* Words, symbols, logos, pictures or any combination thereof that identify or which direct attention to a business, commodity, service or entertainment sold or offered for sale or a fee.

11.2.11. *Copy Area, Sign Copy Area.* The area in square feet that can be enclosed by the smallest rectangle or combination thereof that will encompass the actual copy of a sign. Signs that are of a regular geometric shape may be calculated based upon that shape, such as circles and triangles. Spacing between letters or between letters and graphics is counted. Where different height letters are used, the sign copy area is the area of the composite shape formed by circumscribing each letter with the smallest possible rectangle. Logos shall be considered part of the copy area. For attached signs, copy area refers to the message, not to the background.

Calculating copy area

Circumscribe each letter, symbol, or graphic (including spacing between each) with the smallest possible rectangle

Copy area equals the area of the composite shape formed by the individual rectangles

11.2.12. *Department.* The City of Vestavia Hills Department of Building Safety.

11.2.13. *Double-Faced Sign.* A sign constructed to display its message on the outer surfaces of two opposite planes. When only one face may be viewed from any vantage point along the thoroughfare, the area of one side (the larger, if applicable) is counted toward allowable sign area. If both faces may be viewed from the same vantage point, the area of both sides is counted.

Double-faced signs: For the sign above left, copy area on only one face is counted. For the sign above right, copy area of both faces is counted.

11.2.14. *Electrical Sign.* Any sign containing electrical wiring attached or equipped to be attached to an electrical energy source.

- 11.2.15. *Freestanding Sign*. Any sign erected on a freestanding frame, foundation, mast or pole and not attached in any way to any building.
- 11.2.16. *Holiday Decorations*. Decorative elements of a temporary nature intended for the acknowledgement of a holiday or holiday season, exclusive of decorations that contain business, product sales, or service advertising content. Holiday decorations shall not be considered “signs.”
- 11.2.17. *Incidental Sign*. A non-commercial sign, other than an official sign, providing information or direction for the convenience and necessity of the public.
- 11.2.18. *Integrated Business Center*. A group of commercial establishments on one or more parcels of land having shared access and/or shared parking.
- 11.2.19. *Legible*. Able to be read by a person of ordinary eyesight standing at ground level at a location on the public right-of-way or on another private property.
- 11.2.20. *Local Street*. For the purposes of this Article, a thoroughfare or applicable segment thereof with no more than two (2) lanes and having a posted speed limit less than thirty (30) miles per hour.
- 11.2.21. *Mansard Sign*. A sign integrated into a portion of a mansard roof or a mansard roof-like structure at the top of a wall and that does not extend more than two feet above the top of the wall or deck line, whichever is lower.

- 11.2.22. *Marquee Sign*. A changeable message sign mounted on a marquee or canopy.
- 11.2.23. *Message Board*. A sign that is designed to allow changing the message through the replacement of individual characters, or through electronic or other means.
- 11.2.24. *Neighborhood*. For the purposes of this Article, 1) A building or group of buildings containing ten or more multi-family dwelling units (regardless of ownership); or 2) Any area of twenty (20) or more dwelling units on individual lots located within the same subdivision plat and sharing access to city streets through the same collector or local streets or any combination thereof.
- 11.2.25. *Neighborhood Sign*. A freestanding sign located at the principal entrance or entrances to a neighborhood.
- 11.2.26. *Non-commercial Message*. Any wording or other displays other than a commercial message. Non-commercial messages are considered to be on-premises messages.
- 11.2.27. *Nonconforming Sign*. A sign which is not in conformance with the provisions of this ordinance or amendment heretofore or hereafter enacted, where such sign lawfully existed prior to the enactment of this ordinance or amendment or prior to the application of this ordinance or amendment to its location by reason of annexation.
- 11.2.28. *Off-Premise Sign*. A sign that at any time bears a message related to a commercial establishment, activity, product, or service which is sold, produced, manufactured, available or furnished at a place other than the premises on which the sign is located.
- 11.2.29. *Portable Sign*. Any sign that is designed to be transported, including, but not limited to, such signs:

1. With wheels removed;

2. With chassis or support constructed without wheels;
3. Designed to be transported by trailer or wheels;
4. Converted to an A- or T-frame sign;
5. Attached temporarily to the ground, structure, or other signs; or
6. Mounted on a vehicle for advertising purposes, parked, and visible from the public right-of-way, except signs identifying the related business when the vehicle is being used in the normal day-to-day operations of that business.

11.2.30. *Projecting Sign.* An attached sign, other than a wall sign, permanently affixed at more or less a right angle to the exterior façade of the building to which it is attached.

Projecting Sign

11.2.31. *Real Estate Sign.* Any sign pertaining to the sale, lease, or rental of land or buildings. Includes “Property for Sale,” “For Rent,” and “For Lease” signs.

11.2.32. *Roof Sign.* A sign that is mounted on the roof of a building or which is wholly dependent upon a building for support and which projects above the highest point of a building with a flat roof or the eave line of a building with a gambrel, gable or hip roof; or the deck line of a building with a mansard roof. A sign integrated into a mansard roof and that does not project above the deck line of such roof shall be considered a “mansard sign” and not a “roof sign.”

Roof Signs

11.2.33. *Sign.* Any identification, description, illustration or device illuminated or non-illuminated that directs attention to a product, services, place, activity, person, institution, business, idea, issue or solicitation, including any permanently installed or situated merchandise or any emblem, painting, banner, pennant, placard or temporary sign designed to advertise, identify or convey information.

11.2.34. *Sign Area.* The entire area of a sign within a single, continuous perimeter enclosing the extreme limits of writing, representation, emblem, or any figure or character, together with any frame or other material or color forming an integral part of the display or used to differentiate such sign from the background against which it is placed.

11.2.35. *Sign Copy Area.* See “Copy Area”.

11.2.36. *Sign Face.* The entire area of a sign on which copy could be placed.

11.2.37. *Sign Height.* The vertical distance measured from the adjacent thoroughfare, grade level at the sign or upper surface of the nearest curb other than an elevated roadway, whichever

permits the greatest height, to the highest point of said sign.

Sign Height (from grade level)

- 11.2.38. *Sign Permit.* A permit for the installation of a sign issued by the Building Official once such a sign complies with the regulations of this ordinance and/or any variance granted by the Board of Zoning Adjustment.
- 11.2.39. *Sign Structure.* Any structure that supports, has supported, or is capable of supporting a sign, including decorative cover.
- 11.2.40. *Snipe Sign.* A sign made of any material when tacked, nailed, posted, pasted, glued, or otherwise attached to: trees, poles, stakes, rocks, fences or other object visible from but not in the public right-of-way; trees, light or utility poles, park benches, bus shelters, waste receptacles, street markers, traffic control devices, guard rails, or similar objects located on public property or right-of-way. Historical markers and official signs identifying a natural feature are not considered "Snipe Signs".
- 11.2.41. *Temporary Sign.* A sign intended to display commercial messages of a transitory or temporary nature. Any such sign not permanently embedded in the ground, or not permanently affixed to a building or sign structure that is permanently embedded in the ground, is considered a temporary sign.
- 11.2.42. *Unlawful Sign.* A sign erected after the effective date of this ordinance and which is not in conformance with the

provisions of said ordinance; a sign which the Building Official may declare as unlawful where it poses a danger to public safety by reason of dilapidation or abandonment; or, a nonconforming sign for which a permit required under a previous sign ordinance was not obtained.

- 11.2.43. *Wall Sign.* A sign attached, painted or erected against or on a building wall with the face in a parallel plane to the plane of the building wall.

Wall Sign

- 11.2.44. *Window Sign.* Any sign attached, affixed, painted or otherwise imprinted on a window, whether applied to the interior or exterior surface of the glass. This shall also include signage attached, affixed, painted or imprinted on glass doors.
- 11.2.45. *Wind Sign.* A sign consisting of one or more flags, pennants, ribbons, spinners, streamers or captive balloons or other objects or material fastened in such a manner as to move freely upon being subjected to pressure by wind, whether the sign contains a commercial message or not. Wind signs exclude holiday or community decorations.

§11.3. General Provisions

11.3.1. License Required. Sign contractors must be licensed by the City. No person shall perform any work or service for any person or for any government entity for compensation, in or in connection with the erection, construction, enlargement, alteration, repair, moving, improvement, maintenance, conversion or manufacture of any sign, or any work or service in connection with causing any such work to be done unless such person shall first have obtained a sign contractor's license from the City and paid the license fees provided for by the City License Code, or shall be represented by a duly licensed agent or subcontractor.

11.3.2. Permit Fees. A sign permit fee, as may be set from time to time by the Council, shall accompany each application for a sign permit. Additional building and electrical permit and inspection fees as established by Chapter 5 of the City Code of Ordinances and shall be applied as applicable.

Specific sign permit procedures can be obtained by contacting the Department of Building Safety, hereinafter referred to as "the Department".

11.3.3. Building and Electrical Permits. Building permits and electrical permits for all signs shall be obtained as required by the International Building Code and National Electrical Code, respectively. Compliance with the requirements of the building code and electrical code in effect at the time of any installation, modification or repair of a sign is required, in addition to conformance with this Article and all other applicable codes and ordinances of the City. Applications for required sign permits and related electrical and building permits may be submitted simultaneously and will be

processed together, within the time limits established in this Ordinance.

11.3.4. Sign Permit.

1. Any person, organization, or corporation desiring to erect, construct, enlarge, move, alter, or convert any sign in the City must obtain a "Sign Permit" for each sign as required by [§11.3.2](#), except for those actions that do not require a permit under the provisions of [§11.3.5](#). Application instructions are available from the Department. Application shall be made to the Department. Every sign permit shall become null and void if work has not commenced within 120 days of the issuance date of the permit. If the work permitted by a sign permit is suspended or abandoned for 120 days anytime after commencement, a new permit shall be obtained. Temporary sign permits shall be obtained as required in [§11.8](#). Additionally, any sign permit shall become null and void if the sign varies in any respect from the approved design or location.

2. All nonconforming signs on a premises shall be removed or shall be made to conform with these regulations as part of the work under any (permanent) sign permit being applied for.

11.3.5. Actions Not Requiring a Permit. The following signs and actions related to signs shall be exempt from the permit requirements of this Ordinance but shall be subject to all other standards of this Ordinance. Certain temporary signs are subject to temporary permits, see [§11.8](#).

1. Changing of the commercial message on an existing painted or printed sign, marquee, changeable copy sign or a similar conforming sign, whether electrical, illuminated, electronic message center or non-illuminated painted message, provided that the copy

- on an electronic message board shall not change more frequently than allowed under [§11.5.1](#).
2. Painting, repainting, cleaning, or other normal maintenance and repair of a sign not involving structural changes. Any maintenance or repair to improve the structural integrity of the sign shall require a Sign Permit and design drawings submitted, if applicable. Repainting the entire sign face shall also require a Sign Permit.
 3. Installation of permanent signs smaller than four sq. ft. where such signs are permitted by this ordinance, contain no commercial message and involve no electrical installation.
 4. Installation of signs exempt from these regulations as defined in [§11.4.2](#).
 5. Installation of signs subject to other standards as defined in [§11.4.3](#).
 6. Installation of signs permitted in all districts as defined in [§11.4.4](#).
 7. Temporary Signs announcing the sale or rent of property. One (1) on-premises sign, not exceeding an area of six and one-half (6.5) sq. ft. on a residential lot nor thirty-two (32) sq. ft. on a non-residential lot shall be permitted per lot but shall not interfere with traffic visibility at intersections of public streets and/or private drives; and shall be removed within four (4) days after a sale, lease or rental.
- 11.3.6. Sign Contractor's Requirements. As a condition to issuance of a business license as required in [§11.3.1](#), all persons engaged in the business of installing or maintaining signs which involves in whole or in part, the erection, alteration, relocation, or maintenance of a sign or other sign work in or immediately adjacent to a public right-of-way shall agree to hold harmless and indemnify the City, its officials, agents, and employees from any and all claims of personal injury or property damage resulting from the erection, alteration, relocation or maintenance of a sign or other sign work.
 - 11.3.7. Permission to Install. No person shall erect, construct, alter, or maintain any sign upon any property or building without the consent of the owner or person entitled to possession of the property or building if any, or their authorized representatives.
 - 11.3.8. Denial. The Department may, in writing, suspend or revoke a permit issued under the provisions of this Ordinance whenever the permit is issued on the basis of a misstatement of fact or fraud. When a sign permit is denied by the Department, a written statement shall be provided to the applicant with the reason for the denial. The applicant may appeal the decision to the BZA.
 - 11.3.9. Time Limits. The Department shall, within five days of receipt of an application for a sign permit: approve the application; deny the application, stating the specific reasons for denial, with reference to specific sections of this ordinance; or return the application to the applicant as incomplete, specifying exactly what additional submittals are required to make the application complete.
 - 11.3.10. Prior Variances. All prior variances on permanent signs not in compliance with this Ordinance shall come in compliance in the time frame specified in this Ordinance. Temporary signs which are inconsistent with the provisions of this ordinance shall be removed or brought into conformance within five (5) days after the passage of this ordinance, regardless of whether such a sign may be subject to a variance allowing such

inconsistency. The BZA may grant a subsequent variance in accordance with [§12.4](#).

11.3.11. Administrative Enforcement

1. Procedure. If at any time the Department, after an inspection, determines that a sign has been erected, maintained, modified, or abandoned, or any combination thereof, in violation of any provision of this Article, the Department shall proceed in accordance with this subsection. Upon such determination, the Department shall prepare a notice which shall describe the sign and its location and which shall state, if the violation or violations are not corrected within ten (10) working days after receipt for permanent signs or within 24 hours after receipt when violations pertain to temporary, portable, or other non-permanent types of signs, the sign, including the sign face, supports, and all structural members pertaining to said sign, shall be removed and the cost of said removal billed to the property owner and/or sign owner. All notices mailed by the Department shall be sent by certified mail, return receipt requested, or personally served by an employee or agent of the City. Any time periods provided for in this Article relative to compliance shall be deemed to commence on the date of receipt noted on the certified mail return receipt. All notices shall be mailed to the owner of the property on which said sign is located as shown on the latest available tax maps and/or the owner of the sign itself.
2. Removal of Signs on Private Property. If, after the notice required by §11.3.11.1, the sign owner does not correct the matter identified within thirty (30) working days, the Department may cause to be removed, any sign that endangers the public safety, such as an abandoned,

dangerous, or materially, electrically, or structurally defective sign, or a sign for which no sign permit has been issued.

3. Signs in the Public Right-of-Way. Except where specifically permitted in [§11.4.5](#), any sign erected in the public right-of-way or on public property shall be deemed abandoned and may be removed by the Department without notice or compensation to the owner. Removal by the Department shall not affect penalties applicable for the unlawful erection or placement of the sign in the public right-of-way or on public property.

- 11.3.12. Substitution of Message. Any sign allowed under this Article, may contain, in lieu of any other message or copy, any lawful noncommercial message.

11.3.13. Maintenance and Other Requirements

1. Maintenance of Signs. Every sign, including but not limited to those signs for which permit fees are required, shall be maintained in good structural condition at all times. The Building Official or his authorized agent shall inspect and have the authority to order the painting, repair, alteration, or removal of any sign which has become dilapidated, abandoned, unlawful or which constitutes a physical hazard to public safety after fifteen (15) days has lapsed from the Notice of Violation or Certified Letter to the property owner, last known owner, manager or employee of the business. Any repair, painting, alteration or removal will be at the expense of the property owner or business owner, as applicable.
2. Obsolete Sign Copy. Any sign copy that advertises or identifies a use no longer conducted on the property on which said sign is erected must have the sign copy covered or removed within 30 days after written notification from the Department.

However, obsolete sign copy may only be covered for six months, at which time such copy shall have been removed. The Department shall send written notice to that effect. Upon failure to comply with such notice, the Building Official is authorized to cause removal of such sign copy and any expense incident thereto shall be paid by the owner of the building, structure, or land on which the sign is located.

3. Nonconforming Signs associated with spaces or property remaining unoccupied for a period in excess of 270 consecutive days, shall be removed.

§11.4. General Sign Regulations

11.4.1. Prohibited Signs. It shall be unlawful to erect, cause to be erected, maintain or cause to be maintained, any sign not expressly authorized by, or exempted from these regulations. The following signs are expressly prohibited in all zoning districts:

1. Banner Signs and their temporary support posts except as allowed for temporary signs in [§11.8](#).
2. Signs that are in violation of the Building Code or Electrical Code adopted by the City of Vestavia Hills.
3. Portable signs.
4. Off-premise signs.
5. Beacons and searchlights.
6. Inflatable signs, figures, and tethered balloons.
7. Roof signs.
8. Wind signs.
9. Any sign that simulates or imitates in size, color, lettering or design any traffic sign or signal, or that makes use of words, symbols, or characters in such a manner to interfere with, mislead or confuse pedestrian or vehicular traffic.
10. Any sign consisting of any moving, rotating, flashing, or otherwise animated light or component, except for permitted message boards.
11. Strips or strings of lights outlining lot lines or sales areas. This prohibition does not include neon and LED lighting on buildings. If neon or LED is used to depict wording or logos, it will be calculated as part of the overall allowable signage. Outlining or other specialized lighting that does not include a commercial message or logo but that is used as an element of building design may be allowed with approval by the Design Review Board.
12. Signs that emit audible sound, odor, visible matter such as smoke or steam, or involve the use of live animals.
13. Signs or sign structures that interfere in any way with free use of any fire escape, emergency exit, or standpipes, or that obstruct any window to such an extent that light or ventilation is reduced to a point below that required by any provision of the Zoning Regulations or any other ordinance of the City;
14. Signs that are of such intensity or brilliance, including LED and electronic message boards, as to cause glare or impair the vision of motorists, cyclists, or pedestrians, including flashing light signs on parked vehicles; see also [§11.5.1 Regulations for Message Boards](#).
15. Snipe signs, excluding those specifically permitted under [§11.4.5 Signs allowed in Rights-of-Way](#).
16. Signs legible from a public right-of-way that use the word "stop" or "danger" or otherwise present or imply the need or requirement of stopping, caution, the

existence of danger, or which for any reason are likely to be confused with a traffic control sign specified by the Alabama Manual of Uniform Traffic Control Devices.

17. Signs with a commercial message on any broadcasting or telecommunications tower or any antenna, except call letters of a broadcasting station.
18. Vehicles or trailers, which contain commercial messages, where such a vehicle or trailer is parked so that the advertising is legible from the public right-of-way and such vehicle or trailer is not used in the regular conduct of the business which it advertises, to include delivery vehicles.

Nothing in this ordinance shall prohibit or limit the outdoor display of products where such displays are allowed under the zoning ordinance. This ordinance shall, however, apply to any sign, banner, pennant, or other attention-attracting device affixed to a product displayed outdoors.

- 11.4.2. Exempt Signs. Signs listed in this subsection are entirely exempt from this Ordinance, except that such signs shall conform to the requirements of the City of Vestavia Hills Building and Electrical Codes, including the application for a building and electrical permits, and any other applicable ordinance or regulation within this jurisdiction.

1. Any sign installed in a building or enclosed space and not legible from the public right-of-way or from private or public property other than the property on which it is located.
2. Any sign with a sign area of less than four sq. ft. and less than four (4) feet in height (if freestanding), that is not separately lighted and that is not legible from the public right-of-way or from

private or public property other than the property on which it is located.

3. Official signs.
 4. Stadium signs. Scoreboards and incidental advertising signs intended to be viewed from within a stadium.
 5. Any sign erected within a Planned Unit Development (PUD) established and approved pursuant to the provisions of [§6.9](#) of the Zoning Ordinance as amended.
- 11.4.3. Signs Subject to Other Standards. Signs listed in this Section shall be exempt from the permit requirements of this Ordinance; but, shall, to the maximum extent allowed by law, be subject to the other standards of this ordinance. Where a sign is erected pursuant to a statute or a court order, the sign may exceed the size standards of this ordinance or otherwise deviate from the standards set forth in this ordinance to the extent that the statute or court order expressly required the larger size or other deviation. In all other respects, such signs shall conform to the standards of this ordinance. This sub-section shall apply to the following types of signs:
 1. Signs conforming to the Manual of Uniform Traffic Control Devices and bearing no commercial message;
 2. Signs bearing no commercial message and installed by employees or officials of the City, a state or federal agency in the course of their governmental duties;
 3. Signs required by a state or federal statute;
 4. Signs required by an order of a court of competent jurisdiction;
 5. Signs installed by public utilities in their rights-of-way or on their facilities and bearing no commercial message other

than such messages necessary to identify the use;

6. Signs installed by a transit company with a franchise or other right to operate in the City, where such signs are installed along its routes and relate to schedules or other information about the transit route;

11.4.4. Signs Permitted in All Districts. The following signs are allowed without a sign permit and are not to be included in determination of the allowable numbers, type and area of a sign that requires a sign permit. If a sign otherwise falling under this section is electrified, it will require an electrical permit. Signs subject to this Section shall conform to the requirements specified:

1. Address Numbers. Signs used for the purpose of identifying the E-911 address of any building shall not be counted toward sign area provided such signs are not larger than two (2) square foot in area.
2. Incidental signs, whether freestanding or attached, that are smaller than four (4) sq. ft. in area and less than four (4) feet in height;
3. Memorial Signs. Signs or tablets, names of buildings and date of erection, when cut into any masonry surface or inlaid so as to be part of the building or when constructed of bronze or other incombustible material, provided that no such sign shall exceed six sq. ft. in area nor shall any such sign be separately illuminated.
4. Non Commercial Flags. Flags that do not contain a commercial message must be displayed in accordance with the applicable protocol. No premise shall contain more than four flags.
5. Window Signs. Window signs that total no more than thirty-three (33) percent of

the window area per window. A window sign may be made of paper or other material and will not be considered a banner if affixed to the inside of a window. A lighted window sign is subject to requirements of the City Electrical Code.

6. Non-commercial Signs. In addition to any other permanent or temporary signage otherwise provided for in this Article, each occupied lot shall be permitted an aggregate sign area of fifteen (15) sq. ft. for non-commercial speech, which shall not be illuminated, shall not exceed six and one-half (6.5) sq. ft. in area per sign and shall not exceed five (5) feet in height. In addition, the following provisions shall apply to non-commercial signage during an election, which shall include 180 days preceding and including the day of a governmental election; and, whenever a run-off election is scheduled, the 180 day period shall be extended through the date of the run-off election:
 - a. Signs may be placed on private property, buildings, or motor vehicles. With permission of the owner, signs may be placed on the property and portions of the street right-of-way maintained by the owner, provided that no sign shall be placed in any state right-of-way nor protrude into or over paved or improved streets, sidewalks, or gutters. All signs shall be removed within forty-eight (48) hours after the election has been determined. For municipal elections, the locational allowances herein shall not apply until the final day of filing of statements for candidacy.
 - b. The aggregate non-commercial sign area for non-residentially-zoned, occupied lots shall be increased to thirty-two (32) sq. ft. Non-commercial

- signs shall be subject to a maximum sign area of thirty-two (32) sq. ft. and a maximum height of eight (8) ft.
- c. Motor vehicles displaying signage may not be parked, except in the normal course of business, in a parking lot, on a public street, or similar public location
 - d. Notwithstanding the above, any signs deemed a hazard to safety are prohibited and subject to removal by the City.
7. Property Management Signs. Signage that identifies the entity responsible for the management or leasing of property is permitted in all districts provided it is: 1) incorporated into a permitted freestanding, wall, or projecting sign or 2) is incorporated into or meets the criteria for an exempt sign pursuant to [§11.4.2](#). In no case, shall additional freestanding, wall or projecting sign area or an additional freestanding, wall or projecting sign be permitted for conveying property management information.
- 11.4.5. Signs allowed in Rights-of-Way. The following signs, and no other signs, are allowed in the public right-of-way:
1. Signs conforming to the Alabama Manual of Uniform Traffic Control Devices and bearing no commercial message;
 2. Signs bearing no commercial message and installed by employees or officials of the City, a state or federal agency in the course of their governmental duties;
 3. Signs required by a state or federal statute;
 4. Signs required by an order of a court of competent jurisdiction;
 5. Election or campaign signs installed pursuant to [§11.4.4.6.a](#);
6. Signs installed by public utilities in their rights-of-way or on their facilities and bearing no commercial message other than such messages necessary to identify the user; and
 7. Signs installed by a transit company with a franchise or other right to operate in the City, where such signs are installed along its routes and relate to schedules or other information about the transit route.

§11.5. Regulations for Certain Sign Types

11.5.1. Message Boards. Message boards on which the message is changed electronically shall be permitted only in those districts in which “message board” is listed as a permitted sign type and shall be subject to the following additional restrictions.

1. Sign display technology shall be programmed so that the message or image on the sign changes no more often than every eight seconds.
2. There shall be no effects of movement, flashing, scintillation, or similar effects in the individual images.
3. Changes of image shall be substantially instantaneous as seen by the human eye and shall not use fading, rolling, window shading, dissolving or similar effects as part of the change.
4. Message boards shall use automatic level controls to reduce light levels at night and under cloudy or other darkened conditions, in accordance with the following standards. All electronic or digital display unit message boards shall have installed ambient light monitors, and shall at all times allow such monitors to automatically adjust the brightness level of the electronic message board based on ambient light conditions. Maximum brightness levels shall not exceed 5,000 nits when measured from

the sign's face at its maximum brightness, during daylight hours and 500 nits when measured from the sign face at its maximum brightness between dusk and dawn, i.e., the time of day between sunrise and sunset.

5. Any sign using video technology which malfunctions, fails, or ceases to operate in its usual or normal programmed manner causing therein motion, movement, flashing or any other similar effects, shall be repaired or disconnected within twenty-four (24) hours by the owner or operator of such sign.
6. The area consisting of electric or electronic message board elements shall not exceed 200 sq. ft..
7. The following limitations shall apply to the location of signs using video technology for a message board:
 - a. A sign on which the video technology includes 100 or more sq. ft. of sign area shall not be erected within 500 feet of property falling in one of the city's residential zoning districts, although this restriction shall not apply to the city's mixed use districts and commercial districts allowing residential uses.
 - b. A sign on which the video technology includes twenty (20) or more sq. ft. of sign area but less than 100 sq. ft. of sign area shall not be erected within 200 feet of property falling in one of the city's residential zoning districts, although this restriction shall not apply to the city's mixed use districts and commercial districts allowing residential use.
 - c. A sign on which the video technology includes less than twenty (20) sq. ft. of sign area shall not be erected within 100 feet of property zoned and use exclusively for single family uses: it is

the express intent of this provision to allow the use of such technology on signs for institutional uses located in residential districts, provided that the required separation is maintained.

- 11.5.2. Freestanding and Detached Canopy Signs. Except as otherwise provided for integrated business centers, non-residential uses shall be limited to one freestanding sign and one detached canopy sign per establishment. However, establishments fronting on more than one thoroughfare shall be permitted one freestanding sign and one detached canopy sign per frontage, subject to the following:

1. Freestanding Signs.
 - a. The width of the base shall be no less than eighty (80) percent of, and no greater than 120 percent of, the width of the permitted copy area. The BZA may alter the base requirements of the sign, but such shall not be less than fifty (50) percent of the copy area permitted.
 - b. Maximum sign height shall be based upon the classification of the street along which the sign is placed, as follows:
 - (1) Arterial: fifteen (15) ft
 - (2) Collector: ten (10) ft
 - (3) Local Street: eight (8) ft
 - c. The sign may be illuminated or non-illuminated.
 - d. The sign shall be no closer than ten (10) feet to the edge of pavement of any street and no closer than twenty (20) feet from a sign on an adjoining property. No sign shall be placed on the right-of-way.
 - e. The sign may contain a message board, which shall count as part of the total copy area permitted.

2. Detached Canopy Signs.

- a. The sign shall be flat against the surface of the canopy, which shall extend no closer than two (2) feet horizontally to the curb line of any public thoroughfare nor eight (8) feet vertically from the finished surface directly below.
- b. The permanently-affixed copy area shall not exceed an area equal to twenty-five (25) percent of the surface area of the detached canopy, which surface area shall not be counted as part of the sign area.

11.5.3. Attached Signs. Each establishment shall be allowed attached signage on each facade or on any elevation that faces a public parking lot or a parking lot directly associated with the establishment. No more than two forms of attached signage (i.e., one wall sign and one awning sign) shall be permitted on one elevation, subject to the maximum attached sign area permitted on any one elevation. Attached sign copy area, including the maximum aggregate copy area for attached signage permitted on multiple elevations, shall be as described in [Table 11.5.3](#) and as provided in Paragraphs 1 and 2 following.

1. For attached signs placed less than 250 feet from the nearest thoroughfare right-of-way: Where an establishment, per this Section, may be permitted attached signage on more than one elevation, the aggregate, attached sign copy area on each elevation shall not exceed the area specified in Row 1. Each such establishment is permitted an aggregate copy area for all permitted attached signs as specified in ROW 2.

For example, if an establishment with a GFA of 2,500 sq. ft. is permitted attached signage on each of two elevations, the

amount in Row 2 (40 sq. ft.) is multiplied by “2” to determine how much copy area may be distributed among the two permitted attached sign locations. A total of 80 sq. ft. of attached sign copy area would be permitted with no individual sign being larger than 50 sq. ft.

2. For attached signs placed 250 feet or more from the nearest thoroughfare right-of-way: Where an establishment, per this Section, may be permitted attached signage on more than one elevation, the aggregate, attached sign copy area on each elevation shall not exceed the area specified in Row 3. Each such establishment is permitted an aggregate copy area for all permitted attached signs as specified in Row 4.

For example, if an establishment with a GFA of 2,500 sq. ft. is permitted attached signage on each of two elevations, all of which are 250 feet or more from the nearest thoroughfare right-of-way, the amount in Row 4 (48 sq. ft.) is multiplied by “2” to determine how much copy area may be distributed among the two permitted attached sign locations. A total of 96 sq. ft. of attached sign copy area would be permitted with no individual sign being larger than 60 sq. ft.

3. Wall Signs. Where permitted, wall signs shall not extend out from the face of the building more than 18 inches.

Table 11.5.3 Attached Sign Area				
For attached signage placed less than 250 feet from the nearest thoroughfare				
GFA of building or tenant space	2,000 sq. ft. or less	2,001-5,000 sq. ft.	5,001-10,000 sq. ft.	10,001 sq. ft. or greater
1. max. copy area per sign	32 sq. ft.	50 sq. ft.	70 sq. ft.	100 sq. ft.
2. max. aggregate copy area (per no. of permitted sign locations)	28 sq. ft.	40 sq. ft.	55 sq. ft.	70 sq. ft.
For wall signs placed 250 feet or more from the nearest thoroughfare				
3. adjusted max. copy area	48 sq. ft.	60 sq. ft.	80 sq. ft.	120 sq. ft.
4. adjusted max. aggregate copy area (per no. of permitted sign locations)	42 sq. ft.	48 sq. ft.	60 sq. ft.	84 sq. ft.

4. Projecting Signs. Where permitted, projecting signs may be either illuminated or non-illuminated, provided no other signs for such establishment are located on the same building wall. Additionally:

- a. Such sign(s) shall not project outward more than thirty-six (36) inches from the face of the building and shall have a minimum clearance of ten (10) feet above the ground level or sidewalk to the lowest point on the sign.

Maximum Projection of Projecting Sign

- b. Such sign(s) shall not project into public right-of-way nor exceed sixteen (16) sq. ft. in sign area.
- c. A bottom of a projecting sign shall not extend vertically above the window sill of the second story of a multi-story building to which it is attached.

Projecting Sign on multi-story building

5. Awning, Attached Canopy and Marquee Signs. Where permitted, awning and attached canopy signs may be painted on, applied to, or otherwise be a part of the fabric or other non-structural material. Additionally,:

- a. The sign shall be flat against the surface of the awning or canopy, which shall extend no closer than two (2) feet horizontally to the curb line of any public thoroughfare nor eight (8) feet vertically from the finished surface directly below.
- b. Awning signs shall not be internally-illuminated.
- c. The permanently-affixed copy area of canopy or marquee signs shall not exceed an area equal to twenty-five (25) percent of the surface area of the canopy, marquee or architectural projection upon which such sign is affixed or applied, which surface area shall not be counted toward allowable sign area.

§11.6. Signs Permitted By District

11.6.1. Business and Office Districts (B-1, B-1.2, B-2, O-1, O-2). Each City licensed business or other organization shall be permitted the following types of signage. For integrated business centers, refer to [§11.7](#).

1. Freestanding Signs, subject to [§11.5.2](#). Freestanding signs shall not exceed 40 sq. ft. in copy area, except that where two (2) freestanding signs are permitted, each shall not exceed thirty-two (32) sq. ft. of copy area.
2. Detached canopy sign subject to [§11.5.2.2](#).
3. Attached Signs, subject to [§11.5.3](#).
 - a. Wall sign, subject to [§11.5.3.3](#) or projecting sign, subject to [§11.5.3.4](#).
 - b. Awning, attached canopy, or marquee sign, subject to [§11.5.3.5](#).
4. Message Board, subject to [§11.5.1](#). Message board shall be included within, not in addition to, any freestanding or attached sign permitted under Paragraph

1 or 3 above. Not more than one message board shall be permitted per premises.

5. Temporary signs allowed under [§11.8](#);
 6. Other signs expressly allowed under [§11.4.4 Signs Permitted in All Districts](#) or other sections of this Article.
- 11.6.2. Commercial Districts (B-3). Each City-licensed business or other organization shall be permitted the following types of signage. For integrated business centers, refer to [§11.7](#).
1. Freestanding Signs, subject to [§11.5.2](#). Freestanding signs shall not exceed 80 sq. ft. in copy area. Each shall be no more than ten (10) feet long.
 2. Detached canopy sign subject to [§11.5.2.2](#).
 3. Attached Signs, subject to [§11.5.3](#).
 - a. Wall Sign, subject to [§11.5.3.3](#) or Projecting Sign, subject to [§11.5.3.4](#).
 - b. Awning, Attached Canopy, or Marquee Sign, subject to [§11.5.3.5](#).
 4. Message Board, subject to [§11.5.1](#). Message board shall be included within, not in addition to, any freestanding or attached sign permitted under Paragraph 1 or 3 above. Not more than one message board shall be permitted per premises.
 5. Temporary signs allowed under [§11.8](#).
 6. Other signs expressly allowed under [§11.4.4 Signs Permitted in All Districts](#) or other sections of this Article.
- 11.6.3. Institutional (INST-1). Each City licensed business or institution shall be permitted the following types of signage:
1. Freestanding Sign, subject to [§11.5.2](#). Such sign shall not exceed thirty-two (32) sq. ft. in copy area. Such sign shall be no more than eight (8) feet long.
 2. Attached Signs, subject to [§11.5.3](#).

- a. Wall Sign. Permitted subject to [§11.5.3.3](#).
 - b. Projecting Sign, subject to [§11.5.3.4](#).
 - c. Awning, Attached Canopy, and Marquee Signs, subject to [§11.5.3.5](#).
3. Message Board, subject to [§11.5.1](#).
Message board shall be included within, not in addition to, any freestanding or attached sign permitted under Paragraph 1 or 2 above. Not more than one message board shall be permitted per premises.
 4. Places of Public Assembly. Places of assembly shall be allowed one additional freestanding or attached sign not to exceed twenty (20) sq. ft. in copy area or an additional twenty (20) sq. ft in copy area that may be used to increase the maximum copy area of a freestanding or wall sign otherwise permitted in this [§11.6.3](#).
 5. Temporary signs allowed under [§11.8](#).
 6. Other signs expressly allowed under [§11.4.4 Signs Permitted in All Districts](#) or other sections of this Article.
- 11.6.4. Residential Districts. The following signs shall be permitted for each neighborhood within an E-2, R-1, R-2, R-3, R-4, R-5, R-6, R-7, R-8, R-9 or RC-1 District:
1. Any dispute over whether a proposed sign will serve a “neighborhood” shall be referred to the Planning Commission for determination of the boundaries of the neighborhood. If the Commission fails to determine the boundaries of the proposed neighborhood within sixty (60) days of the submittal of an application for a neighborhood sign to the Building Official, then the neighborhood shall be deemed to be that area designated in the original application, and the application processed accordingly.
 2. One freestanding sign shall be permitted at each principal entrance to the neighborhood. Sign shall not exceed thirty-two (32) sq. ft. of copy area. If there are walls on both sides of the entrance to the development or neighborhood, then one wall sign per side is permitted in lieu of a freestanding sign, each not to exceed sixteen (16) sq. ft. in copy area.
 - a. A “principal entrance” shall be considered to be that place where property included within the neighborhood abuts a collector or thoroughfare shown on the city's master street plan or other transportation plan;
 - b. There shall not be more than one “principal entrance” for each 20 dwelling units in a neighborhood, provided that a neighborhood as defined in this Article shall be entitled to at least one such sign;
 - c. The permitted signs shall be located on private property owned in common by residents of the neighborhood, or, with the permission of the property owner, on private property owned by one or more individuals and located at a principal entrance to the neighborhood;
 - d. The permitted neighborhood sign(s) shall bear no commercial message;
 - e. The permitted neighborhood sign(s) may be lighted by direct white light but shall not otherwise be illuminated.
 3. Street signs shall be of the standard design used commonly in the City, or of such other design as may be approved by the Council. Location of such signs shall be approved by the City Engineer.
 4. As a temporary use accessory to the permitted activity of lawful subdivision development, one temporary sign shall be permitted at each principal entrance to

the subdivision in accordance with the following:

- a. There shall in no case be more than one such sign for a subdivision or development with fifty (50) or fewer lots included in the subdivision or development and no more than two such signs for any other subdivision or development.
- b. Such sign shall not be illuminated and shall not exceed twenty-four (24) sq. ft. in area;
- c. Such sign shall be removed upon the earlier of: installation of a permanent neighborhood identification sign; or sale of more than ninety (90) percent of the lots in the subdivision.
- d. Sign permit is renewable on an annual basis.

11.6.5. Signs Allowed for Individual Residential Units in Agricultural and Residential Districts. The following signs shall be allowed for individual dwelling units within an A-1, E-2, R-1, R-2, R-3, R-4, R-5, R-6, R-7, R-8, R-9 or RC-1 District:

1. One wall sign, not to exceed two sq. ft. in area shall be permitted for each dwelling unit. Such sign may not contain a commercial message. Such sign shall not be illuminated.
2. Each occupied lot shall be permitted no more than two temporary signs at one time that contain a commercial message, which shall not be illuminated, shall not exceed six and one-half (6.5) sq. ft. in area and shall not exceed five (5) feet in height. The only commercial messages permitted on such signs are messages related to commercial activity lawfully and temporarily conducted on the premises, including the lawful, occasional sale of personal property (such as through a garage sale or a yard sale) or the sale, rental or lease of the

premises. Signs related to the sale of personal property shall be removed within twenty-four (24) hours after the end of the sale. Signs related to the sale, lease or rental of the premises shall be removed no later than four (4) days from the date on which the deed, lease or other document representing the transaction is completed.

§11.7. Signs Permitted for Integrated Business Centers

For integrated business centers, sign area, height, and number of signs shall be in accordance with the standards of this Section.

11.7.1. Freestanding Signs.

1. The number, area and height of freestanding signs shall be in accordance with Table 11.7. Allowable sign height is determined by the maximum sign height permitted in [§11.5.2.1](#) plus the additional height permitted in [Table 11.7](#). Spacing between freestanding signs along the same frontage, where permitted, shall be no less than 200 feet.
2. No freestanding sign shall be built on berms or manmade structures to add height to the sign.
3. Freestanding signs may include message board elements, subject to [§11.5.1](#). The message board shall be considered part of the permitted aggregate freestanding sign area.

11.7.2. Attached Signs. Tenants shall be allowed attached (wall, projecting or awning/canopy) signage complying with [§11.5.3](#) and in accordance with the following:

1. Each ground level tenant space with frontage on the exterior of the building shall be allowed attached signage pursuant to [§11.5.3](#).

Table 11.7 Freestanding Signage for Integrated Business Centers	
GFA of Center	Area, Number and Height of Signs
More than 1,000,000 sq. ft.	Max. aggregate sign area: 1,000 sq. ft. Max. number of signs: 4 Max. area of each sign: 500 sq. ft. Additional height permitted: 25 ft
500,001-1,000,000 sq. ft.	Max. aggregate sign area: 750 sq. ft. Max. number of signs: 3 Max. area of each sign: 400 sq. ft. Additional height permitted: 20 ft
100,000-500,000 sq. ft.	Max. aggregate sign area: 500 sq. ft. Max. number of signs: 1 per street frontage up to 2 total Max. area of each sign: 280 sq. ft. Additional height permitted: 15 ft
50,000-99,999 sq. ft.	Max. aggregate sign area: 320 sq. ft. Max. number of signs: 1 per street frontage up to 2 total Max. area of each sign: 180 sq. ft. Additional height permitted: 10 ft
10,000-49,999 sq. ft.	Max. aggregate sign area: 160 sq. ft. Max. number of signs: 1 per street frontage up to 2 total Max. area of each sign: 100 sq. ft. Additional height permitted: 7.5 ft
Less than 10,000 sq. ft.	Max. aggregate sign area: 100 sq. ft. Max. number of signs: 1 per street frontage up to 2 total Max. area of each sign: 60 sq. ft. Additional height permitted: 5 ft

2. Except as provided for ground floor tenants in Paragraph 1 above, for multi-story buildings, each tenant space with its own exterior public entrance shall be permitted one attached sign.
3. For multi-story buildings in which upper level tenants are accessed through a common, ground level entrance, one attached sign not to exceed twenty (20) sq. ft. in copy area in addition to any other permitted attached signage, shall be permitted at such ground level entrance for building and/or tenant identification.

§11.8. Temporary Signs in Non-residential Districts

Temporary signs shall be allowed in non-residential zoning districts as follows:

- 11.8.1. Applicability. This section shall apply to the following zoning districts: B-1, B-1.2, B-2, B-3, O-1, O-2, Inst-1 and MXD.
- 11.8.2. Temporary Sign Permits. Each temporary sign allowed by this section shall require a temporary sign permit along with a date sticker that must be attached to such temporary sign. Anyone that is required to have a business license in the city must have a current business license at the address where the temporary sign is to be located before a temporary sign permit can be issued. Temporary signs may be permitted only intermittently throughout the year. A permit is required for each sign. No less than thirty (30) days shall pass before the second permit can be issued. In the event a new business is located at the same address, then the new business license holder shall be exempt from the temporary sign permits issued to the previous occupant.
- 11.8.3. General Provisions. Unless specifically provided for otherwise in this Section, the following shall apply to all temporary signs in non-residential districts:
 1. A temporary sign may be a wall sign or a freestanding sign, but shall not be permitted in a public right-of-way.
 2. Duration of Display. Each temporary sign shall not be displayed for more than thirty (30) days in a one year period.
 3. There shall be no more than one temporary sign per address at any one time.
 4. Content. Any sign allowed under this section may contain: any noncommercial message; a commercial message pertaining to goods, services or other commercial transactions available on the premises or that will be available on the premises when construction is complete. Signs seeking employees for a business

shall be considered to pertain to commercial transactions available on the premises and shall be allowed.

11.8.4. Rules for Types of Temporary Signs.

1. Temporary Sign Where Permanent Sign not Installed. For any premises which is occupied or for which a building permit has been issued, and for which the permanent sign allowed by [§11.6](#) or [§11.7](#) has not been installed, one temporary sign shall be allowed from the date of occupancy or the date of issuance of the building permit, whichever comes first, until the date of installation of the permanent sign not to exceed sixty (60) days. The temporary sign shall not exceed the size allowed for the permanent sign or thirty-two (32) sq. ft., whichever is smaller, and, if freestanding, shall not exceed eight (8) feet in height.
2. Grand Opening Banners. Each new non-residential use may have one (1) banner per frontage announcing the opening of the establishment. Such banners shall be limited to an aggregate area of thirty-two (32) sq. ft. per establishment and, if freestanding, shall not exceed eight (8) ft in height. Newly established integrated business centers shall be permitted an aggregate area of forty (40) sq. ft. but shall be limited to one (1) banner per frontage of such center regardless of the number of new uses.
3. Other Temporary Signs. Other temporary signs shall not exceed twenty-four (24) sq. ft. in area and, if detached, shall not exceed six (6) feet in height.
4. Temporary Signs for Non-Profit Organizations. Temporary signs for non-profit 501(c)-3 organizations, such as for charitable fundraising events, that conform to the limitations of this Section shall require a permit as provided in

[§11.8.2](#); however, the permit shall be at no cost. The location, number and size of the signs shall be at the direction of the Mayor. Such signs shall be removed within forty-eight (48) hours following the event. Failure to remove signs in a timely manner may affect issuance of future permits.

§11.9. Nonconforming Conditions

- 11.9.1. Conditions. Any sign that is not specifically permitted, or that does not comply with all provisions of this Ordinance, yet which existed and was maintained as such, as of the effective date of this Ordinance, shall be considered a nonconforming sign.
- 11.9.2. Alterations. A nonconforming sign shall not, after the effective date of this Ordinance, be enlarged, structurally altered, or extended unless such sign shall be made to comply with all the provisions of this Ordinance. Sign faces may be replaced on a nonconforming sign, but no change may be made in the technology of a nonconforming sign unless such sign is made to comply with all of the provisions of this Article.

For purposes of this section, prohibited changes in technology include but are not necessarily limited to: conversion of a single-faced sign to a tri-vision sign; addition of electronic message board technology to a sign; addition of any other form of changeable copy technology – manual, mechanical or electronic – to a sign; conversion from internally lighted to externally lighted or vice versa; or addition of exposed bulbs.

A nonconforming sign may not be replaced by another nonconforming sign. Minor repairs and maintenance of nonconforming signs, such as repainting and electrical repairs, shall be permitted. However, no changes in the location,

size, or shape of any nonconforming sign shall be permitted except to make the sign comply with all provisions of this Ordinance.

- 11.9.3. Compliance. The Department shall require all nonconforming signs to be removed or made to conform to all provisions of this Ordinance, by the owner of the property upon which the sign is located, upon the occurrence of any of the following events:
1. Damage or deterioration of the sign to the extent that the Department Official or its authorized agent determines that the sign is structurally unsound.
 2. Any proposed alteration or repairs to a sign that would prolong the useful life of the sign or that would involve an expenditure of more than fifty (50) percent of the original cost of the sign.
 3. Within ten (10) years from the effective date of this ordinance; or if a business with a nonconforming sign has a written plan on file in the Department to replace the nonconforming sign within fifteen (15) years of the effective date of this ordinance. A written sign replacement plan must include site plan, sign dimensions, sign materials, and location. However, this shall not apply to nonconforming neighborhood signs existing on or prior to the effective date of these regulations. Such nonconforming neighborhood signs shall still be subject to Paragraphs 1 and 2 immediately above.
 4. For any message board on which the message is changed electronically, to achieve compliance with the requirements of [§11.5.1](#) by January 1, 2011.
 5. Where there is any application for a permit for a new or replacement permanent sign on the same site as the

nonconforming sign, except that this provision shall not apply to integrated business centers as defined herein.

§11.10. Legal Status Provisions

- 11.10.1. Generally. If any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this Article is declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this chapter.
- 11.10.2. Severability where less speech results. Without diminishing or limiting in any way the declaration of severability set forth above in §11.10.1, or elsewhere in this Ordinance, if any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this chapter is declared unconstitutional shall not affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article, even if such severability would result in a situation where there would be less speech, whether by subjecting previously exempt signs to permitting or otherwise.
- 11.10.3. Severability of provisions pertaining to prohibited signs. Without diminishing or limiting in any way the declaration of severability set forth above in §11.10.1, or elsewhere in this Ordinance, if any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article or any other laws declared unconstitutional by valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect any other part, section, subsection,

paragraph, subparagraph, sentence, phrase, clause, term or word of this chapter that pertains to prohibited signs, including specifically those signs and sign types prohibited and not allowed under [§11.4.1](#). Furthermore, if any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this ordinance is declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this ordinance.

- 11.10.4. Severability of prohibition on off-premise signs. If any part section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article and/or any other provisions of this Ordinance are declared invalid or unconstitutional by the valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect the prohibition on off-premise signs as contained herein.

Article 12 BOARD OF ZONING ADJUSTMENT

§12.1. Powers and Duties of the Board of Zoning Adjustment

The Board of Zoning Adjustment, hereinafter referred to as the “BZA”, as prescribed by Code of Alabama, 1975, Section 11-52-80, as amended, shall have the following powers and authority.

§12.2. Administrative Review

The BZA shall have hear and decide appeals where it is alleged that an error exists in any order, requirements, decision or determination made by an administrative official in the enforcement of this Ordinance, in accordance with the following.

- 12.2.1. All appeals shall be filed in writing on forms prescribed by the Board and made available by the Zoning Official. Any such appeal shall be filed with the Zoning Official within fifteen (15) days of the date of the action being appealed. The Zoning Official shall forthwith transmit to the BZA papers constituting the record upon which the action appealed was taken.
- 12.2.2. In exercising the power of administrative review the BZA must apply, not vary, the terms of the Ordinance.
- 12.2.3. An appeal stays all proceedings in furtherance of the action appealed therefrom, unless the Zoning Official certifies to the BZA after the notice of appeal has been filed, that by reason of facts cited in such certification a stay would, in the Zoning Official’s opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the BZA or by a court of record.

12.2.4. The BZA shall select a reasonable time and place for hearing the appeal. Notice shall be provided in accordance with §12.7 Notice Requirement.

12.2.5. The BZA may affirm, reverse wholly or in part, or modify the Zoning Official’s decision, order, or determination as in its opinion ought to be done, and to that end shall have all the powers of the Zoning Official.

Furthermore, the BZA may classify a use, which is not specifically mentioned, along with a comparable permitted use for purpose of the use regulations of any Zoning District.

§12.3. Special Exceptions

The BZA shall hear and decide requests for approval of Special Exceptions uses in accordance with the following:

- 12.3.1. Special Exception uses shall require the submission of an application to the BZA. Such application shall be filed with the Zoning Official at least thirty (30) days before the scheduled hearing date before the BZA. The application shall be filed by the property owner or their authorized agent on a form made available by the Zoning Official. Notice shall be provided fifteen (15) days in advance and as otherwise in accordance with [§12.7 Notice Requirement](#).
- 12.3.2. The BZA shall review the application for compliance with this Ordinance and all other applicable codes and ordinances of the City. In particular the BZA shall determine that satisfactory provisions have been made concerning the following, among other considerations of this Ordinance:
 1. Access to and from the property and the proposed structure and/or uses, with particular attention to vehicular and pedestrian safety and convenience, traffic flow and control, and emergency access.

2. The location and accessibility of off-street parking and loading areas.
 3. The location and accessibility of refuse and service areas and their potentially adverse affects upon surrounding properties.
 4. The screening and buffering of potentially adverse views and activities from surrounding properties.
 5. Control of noise, glare, odor, surface water runoff, and other potentially disturbing impacts upon surrounding properties.
 6. The availability, location, and capacity of utilities.
 7. The location and scale of signs and lighting with particular reference to traffic safety, glare, and visual compatibility with surrounding properties.
 8. The bulk, density, and lot coverage of structures, and yards and open areas, with reference to their compatibility with the character of the surrounding area.
- 12.3.3. The Board may impose such conditions for approval that it deems necessary in the particular case to protect the public interest and the intent of the Comprehensive Plan and this Ordinance in relation to the items listed above and as may otherwise be reasonably necessary. Such conditions shall apply to the land, structure, and use for which the Special Exception is granted and not to a particular person. Violations of conditions lawfully attached to any Special Exception shall be deemed to be violations of this Ordinance.
- 12.3.4. A Special Exception granted by the BZA shall lapse and be of no effect if, after the expiration of one (1) year from the date of such action by the BZA, no construction or change in use pursuant to

such Special Exception has taken place, provided that the BZA may, for good cause shown, specify a longer period of time in conjunction with its action to grant the Special Exception.

§12.4. Variances

The BZA may authorize upon appeal in specific cases such variances from the terms of this Ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of this Ordinance will result in unnecessary hardship, and so that the spirit of the Ordinance shall be observed and substantial justice done. Such variance may be granted in such individual case of unnecessary hardship upon a finding by the BZA that the conditions outlined below do, in fact, exist. In no case shall the BZA grant a variance that permits the permanent use of land, building or structure for a use prohibited within the district in which the land, building or structure is located. Nor shall the BZA grant a variance, which permits the extension or addition of a non-conforming use or in any way makes a non-conforming use more permanent.

It is the intent of this Ordinance that variances be used only to overcome some physical condition of a parcel of land, which poses a practical difficulty to its development and prevents its owner from using it in conformance with this Ordinance. Any variance granted shall be the minimum adjustment necessary for the reasonable use of the land.

- 12.4.1. Procedure. Applications shall be filed with the Zoning Official at least thirty (30) days before the scheduled hearing date before the BZA. The property owner or authorized agent shall file the application on a form made available by the Zoning Official. Notice shall be provided fifteen (15) days in advance and

otherwise in accordance with [§12.7 Notice Requirement](#).

- 12.4.2. Before any variance is granted, the BZA must find that *all* of the following conditions exist:
1. There are extraordinary and exceptional conditions, which are peculiar to the piece of property in question because of its size, shape or topography, that are not applicable to other lands or structures in the same district.
 2. Granting the variance requested will not confer upon the applicant any special privileges that are denied to other owners of property in the District in which the property is located.
 3. All literal interpretations of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other owners of property in the district in which the property is located.
 4. The requested variance will be in harmony with the purpose and intent of this Ordinance and will not be injurious to the neighborhood or to the general welfare.
 5. The special circumstances are not the intended result of the actions of the applicant (i.e., self-imposed hardship)
 6. The variance requested is the minimum variance that will make possible the legal use of the land, building or structure.
 7. That no non-conforming use of neighboring lands, structures, or buildings in the same district, and no permitted or non-conforming use of lands, structures, or building in other districts shall be considered grounds for the issuance of a variance.
 8. That the variance will not allow the permanent establishment of a use not permissible under the terms of this

Ordinance in the district involved, or any use expressly or by implication prohibited by the terms of this Ordinance in said district.

- 12.4.3. In proving that an unnecessary hardship has been imposed on the property as a result of the strict interpretation of this Ordinance, the following conditions cannot be considered pertinent to the determination of whether or not an unnecessary hardship exists.

1. Proof that a variance would increase the financial return from the land
2. Personal or economic hardship
3. Self-imposed hardship

In other words, hardship alone is not sufficient to permit variance. It must be an “unnecessary hardship”. Mere financial loss of a kind, which might be common to all of the property owners in a district, is not an “unnecessary hardship”.

- 12.4.4. A Variance granted by the BZA shall lapse and be of no effect if, after the expiration of one (1) year from the date of such action by the BZA, no construction pursuant to such Variance has taken place, provided that the BZA may, for good cause shown, specify a longer period of time in conjunction with its action to grant the Variance.

§12.5. Abatement Order

The BZA may require the conduct of any use, conforming or non-conforming, which results in unreasonable noise, smoke, gas, vibration, fumes, dust, fire, radio interference or explosion hazard or nuisance to surrounding property to be modified or changed to abate such hazard to health, comfort, and convenience. The BZA may direct the Building Official to issue an abatement order, but such order may be directed only after a public hearing by the said Board, notice of

which shall be sent by registered mail to the owners and/or operators of the property in which the use is conducted in addition to due notice by advertisement in a newspaper of general circulation. A hearing to consider issuance of an abatement order shall be held by the BZA either upon petition signed by a person affected by the hazard or nuisance and such order shall specify the date by which the hazard or nuisance shall be abated.

§12.6. Rehearings

- 12.6.1. All decisions rendered by the BZA shall be final and binding upon all parties. No appeal of an administrative decision, or decision on an application for a variance or a special exception shall be reheard, and no further application shall be accepted once a decision has been rendered except under one or more of the following conditions:
1. New evidence or information pertinent to the request has been discovered which was not available to the applicant at the time of the original hearing.
 2. The decision resulted from an error in procedures required by this Ordinance or State law and made by the BZA, the Zoning Official, or any other City Officials.
 3. The decision resulted from an error in substantive law under the provisions of this Ordinance or the Code of Alabama, 1975, as amended.
- 12.6.2. Where no error is alleged and no new evidence is available, a new or more effective presentation by the applicant shall not constitute grounds for rehearing a decision of the BZA. Any applicant wishing a rehearing shall appear before the BZA to present one or more of the qualifying conditions listed in this Section.

- 12.6.3. If the BZA finds that one or more of the qualifying conditions exist, the applicant may submit a new application. This new application shall be heard at a subsequent BZA meeting, and shall be subject to all regular advertising and procedural requirements. Allowing a new application does not obligate the BZA to grant the request.

§12.7. Notice Requirement

The BZA shall not grant any variance, exception or conduct any other public hearing regarding any other request without first giving written notice a minimum of fifteen (15) days prior to the proposed date of such public hearing to all owners of property located adjacent or contiguous to the boundaries of the property which is subject to the requested variance, exception or other business, as shown by the records of the office of the Tax Assessor of the applicable County on a date not more than ninety (90) days prior to the date of such notice. Such notice shall state the street address of the property, if any, which is the subject of the proposed variance, exception or other request to such proposal and that the said property owner is welcome to attend the public hearing and invited to speak on the issue if he or she so desires. Such notice shall be deemed given when deposited in the United States mail, certified mail-return receipt requested, first class postage prepaid, addressed to such property owners at their addresses as shown on the records of the office of the Tax Assessor of the applicable County on the date such owners are determined. Any error in the address of any notice shall not invalidate the giving of notice, provided that no more than five (5) percent of the total number of notices given with respect to the applicable hearing contain any such error.

§12.8. Appeals from Action of the Board of Adjustment

Any party aggrieved by any final judgment or decision of the BZA may, within fifteen (15) days thereafter appeal there from to the circuit court or court of like jurisdiction, by filing with the BZA a written notice of appeal specifying the judgment or decision from which appeal is taken. In case of such appeal, the BZA shall cause a transcript of the proceedings in the case to be certified to the court to which the appeal is taken and the cause in such court shall be tried *de novo*.

Service of a notice of appeal on the City Clerk by an aggrieved party within the fifteen (15) day appeal time constitutes service on the BZA.

This page intentionally left blank.

**Article 13 ADMINISTRATION,
ENFORCEMENT, AMENDMENTS,
PENALTIES**

§13.1. Zoning Official

The Zoning Official is hereby authorized, and it shall be his/her duty to enforce and administer the provisions of this Ordinance. The Zoning Official shall give information upon request as to the provisions of this Ordinance and shall interpret the meaning of the Ordinance in the course of enforcement. This official shall have the right to enter upon any premises at any reasonable time prior to the issuance of a Certificate of Occupancy for the purpose of making inspections of buildings or premises necessary to carry out his/her duties in the enforcement of this Ordinance.

§13.2. Building Permit; Design Review

13.2.1. Building permit required. No building, sign or other structure shall be erected, moved, extended or enlarged, or structurally altered, until the Building Official has issued a Building Permit for such work. The Building Official shall not issue a Building Permit until conformance with the provisions of the Zoning Ordinance is certified by the City Clerk, City Engineer and Fire Marshal. In no case shall a zoning approval be issued for the construction or alteration of a structure not in conformity with the provisions of this Ordinance.

1. The builder or owner shall furnish to the Building Official a foundation survey signed by a Land Surveyor licensed in the State of Alabama prior to the commencement of framing of the building.
2. It shall be unlawful to violate any of this §13.2. Violations shall be remedied in accordance with [§13.7 Remedies and Penalties for Violation](#).

13.2.2. Design review required.

1. For any application related to a non-residential development or landscaping or architectural elements within common areas of residential subdivisions, the Building Official shall not issue any Building Permit until completion of design review as certified by the Design Review Board.
2. Design review applications shall be submitted at least fifteen (15) working days in advance of the next regularly scheduled DRB meeting. The Zoning Official shall submit to the Design Review Board for its review, and thus shall require of the applicant, in addition to any other supporting information as required by this Ordinance, information concerning, as applicable:
 - a. Site Plan, including:
 - (1) location and size of proposed structures, open spaces and parking areas shown in relation to lot lines, adjacent streets, sidewalks, existing buildings, and existing parking areas
 - (2) location and size of proposed accesses to public streets including spacing from adjacent intersections and driveways on abutting properties
 - (3) description of vehicular use areas, including circulation pattern, loading areas, and vehicle stacking space, if applicable
 - (4) location of all proposed and existing sidewalks and other pedestrian facilities on and adjacent to the site
 - (5) location and type of drainage improvements and facilities, including detention or retention basins, shown in relation to lot lines, adjacent streets, sidewalks, buildings, parking areas and open spaces

- b. Architectural Plans, including floor plans, building elevations and proposed façade materials and colors;
- c. the current use and zoning of abutting properties;
- d. Landscaping Plan, including:
 - (1) required landscaping areas with plant materials labeled and shown in relation to lot lines, adjacent streets, buildings and parking areas
 - (2) location, size, function and furnishings for proposed open spaces shown in relation to lot lines, adjacent streets, sidewalks, buildings and parking areas
 - (3) vehicles, equipment, and materials to be stored on the property during construction
 - (4) soil preparation methods, bedding and mulching, and planting details
 - (5) proposed material schedule showing common name, size, spacing, quantity, and installation instructions – differentiating existing and new landscaping
 - (6) proposed screening and buffers, including location of all uses and structures to be screened; and
- e. Lighting Plan, including the location of proposed exterior lighting fixtures shown in relation to lot lines, adjacent streets, sidewalks, existing buildings, parking areas, open spaces, and any existing fixtures on-site or within 50 ft of the site boundary and the height, method of shielding and intensity of proposed exterior lighting fixtures
- f. Signage Plan, including sign locations shown in relation to lot lines, adjacent streets, sidewalks, proposed and existing buildings, and signs within 50 ft of the site boundary and the area, height, design, colors and materials of all proposed signs

§13.3. Conditional Uses

13.3.1. Application. All requests for Conditional Uses shall be submitted on applications made available by the City Clerk. Applications shall be submitted at least twenty-five (25) working days prior to the next regularly scheduled meeting of the Commission and accompanied by maps, drawings, statements and/or other documentation as necessary to determine compliance with the criteria of this [§13.3](#).

13.3.2. Public Hearing. Upon acceptance of an application, the Commission shall consider the application during a public hearing. The Commission shall, after the public hearing, make a recommendation to the Council. Following the recommendation by the Commission, the Council shall hold a public hearing regarding the application and upon completion of said hearing, shall approve with conditions or deny the request within the time limit required by law.

The recommendation by the Commission may be to approve or deny the application, which said recommendation shall be advisory only. Zoning is a legislative matter decided by the Council. The Council shall not be bound by the recommendation of the Commission.

13.3.3. Expiration and Revocation.

1. Approval of a Conditional Use shall be considered exercised when the use has been established or when the Building Permit has been issued and substantial construction accomplished. A Conditional Use approval shall lapse and be of no effect if, after the expiration of one (1) year from the date of Council approval, no construction or change in use pursuant to such Conditional Use has taken place, provided that the Council may, for good cause shown, specify a

longer period of time in conjunction with its action to approve a Conditional Use.

2. When such use is abandoned or discontinued for a period of one (1) year, it shall not be reestablished, unless authorized by the Council. Conditional Use approval shall be revoked when the applicant fails to comply with the conditions imposed by the Council.

13.3.4. Determination. Conditional Uses shall only be approved upon a finding that all of the following criteria are satisfied:

1. The use will not, under the circumstances of the particular case, be detrimental to the health, safety or general welfare of the surrounding area.
2. The use is necessary or desirable and provides a service or facility that contributes to the general well-being of the surrounding area.
3. The request is consistent with all applicable provisions of the Comprehensive Plan.
4. The request shall not adversely affect adjacent properties.
5. The request is compatible with the existing or allowable uses of adjacent properties.
6. The request can demonstrate that adequate public facilities, including roads, drainage, potable water, sanitary sewer, and police and fire protection exist or will exist to serve the requested use at the time such facilities are needed.
7. The request can demonstrate adequate provision for maintenance of the use and associated structures.
8. The request has minimized, to the degree possible, adverse effects on the natural environment.
9. The request will not create undue traffic congestion.

10. That such development will comply with all applicable regulations and conditions specified within this Ordinance.

The Council shall describe and have recorded in the minutes, the conditions imposed on the development to assure satisfaction of these criteria.

§13.4. Amendments

The provisions of this Ordinance, including the Zoning map, may from time to time be amended, supplemented, changed, modified, or repealed by the Council in accordance with Alabama Law.

- 13.4.1. Petition to Amend. Petitions to amend this Ordinance with respect to rezoning land may be initiated only upon filing of an application with the Commission by the owner of the land or the owner's authorized agent, in which case a notarized letter is required. Any member of the Council may initiate the rezoning of any land by introduction of a resolution for such purpose. An application for any change of zoning shall be filed in the office of the Commission at least twenty-five (25) working days prior to the next regularly scheduled meeting of the Commission. The petition shall state the nature of the proposed amendment, and a legal description of the property involved and the names and addresses of the owner(s) of the property. No application shall be taken out without descriptive information as to how the petitioner proposes to utilize the parcel of land (plot plan, drawings, sketches, et cetera).

- 13.4.2. Action on Petition. The Commission shall consider the petition at the first regularly scheduled meeting following the proper filing of the petition. The Commission shall, after the public hearing, make recommendations to the Council. The recommendations of the

Commission shall be advisory only, and shall not be binding on the Council. No amendment to the Ordinance shall become effective unless it has been submitted to the Commission for a recommendation.

13.4.3. Notice of Public Hearing. Notice of a public hearing to consider a change in zoning classification must be given to the public as required by Act 1123 of the 1973 Legislature of the State of Alabama and those requirements set forth in the Code of Alabama, 1975. No changes or amendments in the provisions of this Ordinance shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard, in accordance with the following.

1. Petitioner shall furnish City Clerk with names and addresses of owners of record of property within 500 feet, as shown in the records of the Applicable County Tax Assessor.
2. For the purposes of this §13.4.3, the phrase “change in zoning classification” shall include, without limitation, any change, modification or amendment of zoning district boundaries.
3. The Commission shall not conduct any public hearing proposing the recommendation for change in the zoning classification of any property within the City without first giving written notice a minimum of fifteen (15) days prior to the proposed date of the public hearing, to all owners of property located in whole or in part within 500 feet from the boundaries of the property which is the subject of the proposed change in zoning classification, as shown by the records of the office of the applicable County Tax Assessor.
4. The Council shall not enact any change in the zoning classification of any

property subject to the zoning jurisdiction of the City without first giving written notice a minimum of fifteen (15) days prior to the proposed date of such enactment to all owners of property located in whole or in part within 500 feet from the boundaries of the property which is the subject of the proposed change in zoning classification, as shown by the records of the office of the applicable County Tax Assessor on a date not more than one year prior to the date of such notice. Such notice shall state the street address of the property, if any, which is the subject of the proposed change in zoning classification and shall also state that a protest may be filed with respect to such proposed change and that said property owner is welcome to attend the public hearing to speak on the issue if he or she so desires. Such notice shall be deemed given when deposited in the United States mail, first class postage prepaid, addressed to such property owners at their addresses as shown on the records of the office of the applicable County Tax Assessor on the date of such owners are determined. Any error in the address of any such notice shall not invalidate the giving of notice pursuant to this Ordinance, provided that no more than five (5) percent of the total number of notices given with respect to any proposed change in zoning classification contain any such error.

5. For purposes of this Ordinance, the term “written notice by United States mail” shall mean “certified mail-return receipt requested”.

13.4.4. Time Limit. After the Council has voted on an application for rezoning, another application for the same kind of rezoning of the same tract or parcel of land, or change of the same portion of the Zoning Ordinance will not be considered until a period of one (1) year has elapsed from

the date of such action by the Council. Further, a withdrawal of the application for rezoning after hearing held by the Commission, but prior to the hearing by the Council shall also require a one (1) year period of time before another application may be submitted. Provided, however that the Commission and/or Council may adjust this time period if in the opinion of a majority of the Commission and/or Council, an unusual situation or circumstance exists which would warrant another hearing. In other words, the Commission and Council have the discretion to hear rezoning requests at any time when it is determined by the said Commission and/or Council that it will promote the health, safety, morals and general welfare to do so or that there are other justifiable reasons for warranting such rezoning hearing.

13.4.5. Procedures for Creation of Certain Residential Zoning Districts.

1. For applications for rezoning to an R-5, R-7 or R-8 District, the Commission shall consider the preliminary plot plan simultaneously with its recommendation to the Council on the rezoning request as provided herein. For applications for rezoning to an R-9 District, the Commission may consider the preliminary plot plan prior to its recommendation to the Council on the rezoning request.
2. Materials to Accompany Application. An application for rezoning shall be accompanied by a vicinity map and preliminary plot plan as required by the City Subdivision Regulations. For R-9 applications, the following information shall be provided with the preliminary plot plan:
 - a. The location, grouping, and height of all facilities and proposed land uses.

- b. The number of residential units produced, their location, setbacks, building areas (including building areas for covered and uncovered porches, stoops, decks, etc., number of stories, accommodations/requirements for accessory structures for storage, gazebos, etc., indicating those areas to be occupied, buffer areas and details of proposed buffering, and the location and nature of any non-residential uses.
 - c. A preliminary vehicular and pedestrian circulation system, including driveways, walkways, parking areas, and streets to be dedicated.
3. Subject to the applicant's preliminary plot plan (and with any suggested modifications) the Commission shall recommend that the Council approve or disapprove the request.
 4. If the Council approves said rezoning, the applicant shall be generally bound by said preliminary plot plan and all details submitted and presented in the zoning request pursuant to Paragraph 2 above.
 5. Deviations from Approved Preliminary Plot Plan
 - a. Minor changes to the approved preliminary plot plan may be approved by Zoning Official or City Engineer.
 - b. Substantial changes to the approved preliminary plot plan must be approved by the Commission.

§13.5. Zoning of Annexed Property

- 13.5.1. Annexed Property. All territory annexed to the City of Vestavia Hills, Alabama shall be subject to the laws, rules, regulations and ordinances of the said City. All territory annexed to the City shall be zoned in accordance with the following procedure.
- 13.5.2. Jurisdiction over Annexed Property. All territory brought within the corporate

limited of the City by annexation shall be subject to the laws, rules, regulations and ordinances of the City, including specifically but not limited to the Zoning Ordinance, Subdivision Regulations and the City Building Code. The Council shall have and exercise the authority over the territory within the corporate limits of the City.

13.5.3. Authority. Pursuant to the authority vested in the City by the provisions of Title 11-52-70, et seq., Code of Alabama, 1975, the Council shall zone all property annexed to the corporate limits of the City.

13.5.4. Intents and Purpose. In accordance with the provisions of Act Number 300 of the 1955 session of the Alabama Legislature, (Code of Alabama Recompiled, 1958, Appendix Section 985, Volume 14 at page 397), the Council intends to zone and regulate annexed territory as to the kind, character and use and structures and improvements. It is the intent of the Council that all real property located within the municipal boundaries shall be governed by the laws, rules, regulations and ordinances of the City rather than by those of the County.

The City follows the annexation procedure outlined in Act Number 32 of the 1964 session of the Alabama legislature to extend the corporate limits. Said act requires that the municipality shall hold a public hearing to determine the truth of the matters set forth in the Petition for annexation and consider any written protests or objections regarding the proposed annexation. The public hearing on the annexation petition must not be less than ninety (90) days from the date of publication. It is the intent of the Council to conduct a public hearing on the zoning of the annexed territory immediately following the public hearing

on the annexation petition. An ordinance zoning the annexed territory shall be adopted immediately after enactment of the ordinance annexing said property. The terms of this Ordinance however, shall not preclude or prohibit the City from extending its corporate limits in any other way or manner that may now or hereafter be authorized by Alabama Law.

13.5.5. Zoning Classification.

1. The application to zone or rezone the property sought to be annexed shall be initiated by the property owner or the owner's authorized agent by filing a petition concurrently with the petition for annexation. Any member of the Council may also initiate the rezoning of said territory by introduction of resolution for such purposes. The zoning classification to be applied for shall be that Vestavia Hills classification closest to and most compatible with the applicable County classification in effect on the property at the time of filing the petition for annexation except as provided in Paragraph 2 immediately below. Should two different City zoning classifications be close to and compatible with the County classification, then the City classification imposing greater restrictions shall be applied for.
2. A petitioner may request rezoning to a City zoning classification not otherwise compatible with the County zoning classification in effect on the concerned property. In such case, the request shall be considered according to the procedure set forth in [§13.4 Amendments](#). If the request is denied, the Council shall have the authority to classify the property in accordance with Paragraph 1 above. In any case, the property, upon annexation, shall be rezoned to a City zoning classification.

13.5.6. Notice Requirements. Notice shall be in accordance with [§13.4.3 Notice of Public Hearing](#) for other zoning amendments.

§13.6. Temporary Emergency Relief

The Zoning Official upon approval by the Council is hereby granted authority to provide immediate emergency relief to applicants requesting such relief by issuing permits authorizing installation of mobile homes on applicant's property under the following conditions:

- 13.6.1. Such permit shall be temporary and not exceed one (1) year from date of issuance.
- 13.6.2. Such permit shall not be transferable.
- 13.6.3. Prior to issuance of such permit, the Zoning Official shall, with discretion, be reasonably satisfied that the applicant's requested relief is necessary and the need thereof was approximately caused by damage resulting from fire or natural disasters.

§13.7. Remedies and Penalties for Violation

It shall be unlawful to erect, construct, reconstruct, alter, maintain, use or occupy any land in violation of any regulation in, or any provision of this Ordinance, or any amendment thereof, enacted or adopted under the authority of this Act. Any person, firm or corporation violating any such regulation, provision or amendment shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished in accordance with Title 11-45-9, Code of Alabama, for a misdemeanor violation for each such offense. Each and every day during which such illegal erection, construction, reconstruction, alteration, maintenance, use or occupancy continues shall be deemed a separate offense. Provided, however, that prior to any criminal prosecution the Zoning or Building Official or his agent shall give a written notice or citation to the person, firm or corporation

violating any provision of this Ordinance stating the rule or regulation being violated and notifying the said person, firm or corporation to cease and desist such violation immediately, otherwise said person will be prosecuted as provided herein. In case any building or structure is, or is proposed to be erected, constructed, reconstructed, altered, maintained, used or occupied in violation of any regulation or provision of this Ordinance or amendment thereof, enacted or adopted by the City, said Official or any other appropriate authority or any adjacent or neighboring property owner who would be specifically damaged by such violation, may, in addition to other remedies provided by law, institute injunction, mandamus, abatement or any other appropriate action or actions, proceeding or proceedings to prevent, enjoin, abate or remove such unlawful erection, construction, reconstruction, alteration, maintenance, use or occupancy.

The Zoning or Building Official may intervene in any action, suit or other proceedings wherein there is involved any amendment thereof, enacted or adopted by the City. When said Official so intervenes hereunder, that official shall be deemed to be, and shall be treated as an original party to the action, suit or proceedings. It is the intent of this Section that any action, suit or proceedings in which the Zoning or Building Official intervenes shall proceed the same as if that Official has been an original party, insofar as any statute, act or rule prohibiting an entire change in parties is concerned. The provisions of this Section shall apply to any action, suit or proceedings pending at the time of its adoption.

§13.8. Certificate of Occupancy Required

No land or building or other structure or part thereof hereafter erected, moved or altered in its use shall be used until the Building Official, after approval of the Fire Marshal,

shall have issued a Certificate of Occupancy stating that such land or structure or part thereof is found to be in conformity with provisions of this Ordinance.

Within five (5) working days after the owner or his agent has notified the Building Official that a building or premises or part thereof is ready for occupancy or use, it shall be the duty of the Building Official to make a final inspection thereof, and to issue a Certificate of Occupancy if the building or premises or part thereof is found to conform with the provisions of this Ordinance or, if such Certificate is refused, to state the refusal in writing with the cause.

§13.9. Fees

The following requests shall be subject to application fees pursuant to City Ordinance #2342 Schedule of Fees, as amended. All funds collected under the provisions of this Ordinance shall be paid to the City of Vestavia Hills, Alabama.

13.9.1. Requests before the City Council.

1. Rezoning
2. Conditional Use
3. PUD or MXD Master Plan approval

13.9.2. Special Provisions – Rezoning, Conditional Use and PUD Application Fees. The fee and charge shall be retained by the City and shall not be conditioned upon or related to the action taken with respect to said application.

1. In the event of a request for withdrawal or postponement within fifteen (15) working days of a hearing date, there shall be no refund.
2. If a hearing at a later date is desired, an additional fee in the amount of the initial fee shall be charged.

13.9.3. Request before the BZA. The following shall be assessed an application fee for the filing of a request before the BZA.

1. Variance request
2. Special Exception request
3. Other applications to appear before the BZA

13.9.4. Special Provisions, BZA Fees. The fee shall be retained by the City and shall not be conditioned upon or related to the action taken with respect to said applications.

1. In the event of a request for withdrawal or postponement within twenty (20) working days of a hearing date, there shall be no refund of said fees.
2. If a hearing at a later date is desired, an additional fee in the same amount as the initial fee shall be charged.

13.9.5. Design Review Fee. An application fee shall be assessed for each review before the DRB.

13.9.6. Publication and Mailing Expenses. The applicant shall be responsible for publication and mailing expenses necessarily incurred by the City for mailings and publication as required by Alabama law and the terms and provisions of this Ordinance.

13.9.7. Fee Exemptions. The following groups are exempt from all the above application fees, but shall not be exempt from mailing and publication expenses: places of worship, Vestavia Hills City and/or School Board owned properties, properties owned by the County, County School Board, State or Federal Government and projects funded entirely by the City.

Article 14 LEGAL STATUS PROVISIONS

§14.1. Interpretation and Purpose

In their interpretation and application the provisions of this Ordinance shall be considered the minimum requirements adopted for the promotion of the public health, safety, morals, convenience, order, prosperity, and general welfare of the community. Where other ordinances or regulations, which may be adopted hereafter, impose greater restrictions than those specified herein, compliance with such other ordinances or regulations is mandatory. This Ordinance shall not lessen the requirements of plats, deeds, or private contract when such requirements are more restrictive than the provisions of this Ordinance.

§14.2. Savings Clause

If any section, clause, provision, or portion of this Ordinance shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect any other section, clause, provision or portion of this Ordinance, which is not in and of itself invalid or unconstitutional.

§14.3. Repealing Clause

This Ordinance does not repeal or rescind any other ordinance previously adopted and enacted by the City of Vestavia Hills, which zoned or rezoned property located within the corporate boundaries of the said municipality. To the contrary, any and all previously adopted ordinances which have zoned or rezoned any land within the City of Vestavia Hills be and are hereby reaffirmed.

This Ordinance amends, codifies and republishes the Zoning Code of the City of Vestavia Hills, which provides the kind, character and use of structures and improvements that may be erected or made within the these zoning districts. It does not repeal any portion of the previously enacted

Zoning Code except for those provisions, which are in direct conflict with the terms and provisions of this Ordinance Number 3099.

§14.4. Effective Date

This Ordinance shall become effective immediately upon its approval, adoption and publication as required by law.

APPROVED and ADOPTED this the 27th day of June, 2022.

RESOLUTION NUMBER 5397

**A RESOLUTION AUTHORIZING A CONDITIONAL PERMISSIVE USE
OF A PORTION OF THE PUBLIC RIGHT-OF-WAY OF SUNSET DRIVE**

THIS RESOLUTION NUMBER 5397 is approved and adopted by the City of Vestavia Hills, Alabama on this the 27th day of June, 2022.

WITNESSETH THESE RECITALS:

WHEREAS, Article XII, Section 220 of the *Constitution of Alabama of 1901* provides as follows:

“No person, firm, association, or corporation shall be authorized or permitted to use the streets, avenues, alleys, or public places of any city, town, or village for the construction or operation of any public utility or private enterprise, without first obtaining the consent of the property authorities of such city, town, or village.”; and

WHEREAS, Ordinance Number 826 enacted by the City Council of the City of Vestavia Hills, Alabama (“City”) on March 17, 1986 provides in pertinent part as follows:

“3. Should any person, firm or corporation wish to place any rocks or other encumbrances on any part of the unimproved portion of any dedicated public street, road or alley in the City of Vestavia Hills, Alabama, then in such event such rocks and other encumbrances shall be placed a minimum distance of one (1) foot from the edge of the improved street, road or alley and in such a manner so as to not interfere or obstruct motor vehicular traffic along the improved portion of said dedicated public street, road or alley.”; and

WHEREAS, Sunset Drive is a fifty foot (50’) public dedicated street (right-of-way) owned by the City; and

WHEREAS, Rodger D. and Catherine B. Dempsey (“Property owner”) is the owner of the real estate and improvements situated at 304 Sunset Drive, which is Lot 7, Charles R Byrd & Paul H Goodson 3rd Add to Grandview as recorded in Map Book 33, Page 14 in the office of the Judge of Probate of Jefferson County, Alabama (“Property”); and

WHEREAS, the Property owner has requested the City to allow him to use a portion of the public right-of-way of Sunset Drive where he has constructed a stone retaining wall; and

WHEREAS, the City is willing to grant to the Property owner a conditional permissive use of a portion of the public right-of-way of Sunset Drive subject to the following terms, provisions and conditions itemized below in sections 1 through 10.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF VESTAVIA HILLS, ALABAMA, AS FOLLOWS:

1. The City grants to the Property owner a conditional permissive use of a portion of the public right-of-way of Sunset Drive for the purpose of the stone retaining wall to remain.

2. The stone retaining wall shall be no closer to the paved portion of Sunset Drive than seven feet six inches (7.5').

3. If in the future the City needs that portion of the public right-of-way of Sunset Drive where the stone wall was installed for public purposes, then in such event the Property owner shall remove the stone retaining wall at the sole expense of the Property owner and at no expense to the City.

4. The stone retaining wall on a portion of the public right-of-way of Sunset Drive shall not interfere in any way whatsoever with any utilities situated on, along or under Sunset Drive.

5. The liability of the City, if any, arising out of any incident caused directly or indirectly by the stone retaining wall situated in a portion of the public right-of-way of Sunset Drive shall be determined by Title 11-47-190, *Code of Alabama, 1975*.

6. Any judgment rendered against the City and any other party or parties arising out of the installation of the stone retaining wall on a portion of the public right-of-way of Sunset Drive shall be paid and satisfied all in accordance with the terms and provisions of Title 11-47-191, *Code of Alabama, 1975*.

7. This resolution shall be binding on the Property owner and his heirs, successors and assigns.

8. If any part, section or subdivision of this resolution shall be held unconstitutional or invalid for any reason, such holding shall not be construed to invalidate or impair the remainder of this resolution which shall continue in full force and effect notwithstanding such holding.

9. This Resolution Number 5397 shall become effective immediately upon adoption.

DONE, ORDERED, ADOPTED and APPROVED this the 27th day of June, 2022.

Cc: Rebecca Leavings, City Clerk
Brian Davis, Public Services Director
Christopher Brady, City Engineer

RE: 304 Sunset Drive – Encroachment in Right-of-Way

In July 2021, the City discovered that a new wall had been constructed within the public right-of-way, adjacent to the public sidewalk, at 304 Sunset Drive without a permit. The City responded by sending a letter to the property owners, Mr. and Mrs. Rod Dempsey, notifying them that this work was not in compliance with City Ordinance. City Ordinance No. 2329 states that no wall or fence shall be located in the right-of-way. The letter to the Dempseys is included for reference.

Engineering understands that action by the City Council is required for this structure to remain as an encroachment in the public right-of-way. Otherwise, it has to be removed. This was made known to the Dempseys.

In response to stormwater concerns, Engineering requested additional documentation from a licensed professional engineer to provide a determination as to whether or not the wall as constructed will cause adverse impacts on adjacent or downstream property owners. The property owner responded with a letter from Engineering Design Group, LLC stating that the wall has no adverse effect on downstream properties. This letter is also included for reference.

A Resolution for a conditional permissive use of a portion of public right-of-way has been prepared for the City Council's consideration that would allow the wall to remain if approved. Otherwise the wall will have to be removed at the Owner's expense.

Please let me know if you have any questions or need additional information.

BRIAN C. DAVIS
Public Services Director

July 26, 2021

Mr. and Mrs. Dempsey
304 Sunset Drive
Vestavia Hills, AL 35216

Dear Mr. and Mrs. Dempsey,

It has been brought to the City's attention that a new wall has been constructed within what appears to be the public right-of-way, adjacent to a public sidewalk. There was no permit or approval issued for construction of the wall. Per City Ordinance No. 2329, no wall or fence shall be located in the right-of-way.

Alabama TurfWorks was issued a Land Disturbance permit in May 2021 for: landscaping work, work on private concrete sidewalk, and installation of small parking pad adjacent to existing driveway. A wall was not included in the proposed plans and thus, not approved or permitted.

Action is required on your part in order to bring your property into compliance, which includes:

- (1) Provide a current survey to verify the location of the wall and whether or not it is located within the public right-of-way.
- (2) Provide engineering documentation that the wall as constructed does not divert stormwater in such a way that it causes adverse impacts on adjacent or downstream property owners.

Based on the information provided and engineering review of that information, you will either need to petition the City Council to allow permission for this structure to remain in the public right-of-way with conditions or either remove the wall at your expense.

Please contact us immediately, and let us know your plan to bring your property into compliance.

Sincerely,

Attn: Lori Beth Kearley, Asst City Engineer

Re: Dempsey Residence

Dear Lori Beth,

Mr. Dempsey has engaged us to review and offer an opinion on the effects of a wall constructed within the right of way in front of his property. I have walked the property to observe the shape of the land and met with Mr. Dempsey and his neighbor to discuss the historical flow patterns of the property. While the neighbor does experience occasional drainage issues with the back part of his driveway/parking area, the addition of this wall should not contribute any more to this issue than the previous condition without the wall. Therefore it is my professional opinion that the wall has no adverse effect on downstream properties.

Please do not hesitate to contact me should you need further information.

Thank you,

Alabama Reg. No. 24748

ORDINANCE NUMBER 3106

AN ORDINANCE AUTHORIZING THE MAYOR AND CITY MANAGER TO EXECUTE AND DELIVER AN AGREEMENT FOR A PUBLIC SIDEWALK EASEMENT WITH VARIOUS OWNERS IN CAHABA HEIGHTS

WHEREAS, various owners ("Owners"), own the real estate situated in a proposed sidewalk area in the Cahaba Heights community of the City of Vestavia Hills, Jefferson County, Alabama by virtue of various Deeds filed in the office of the Judge of Probate of Jefferson County, Alabama; and

WHEREAS, the City of Vestavia Hills, Alabama is a municipal corporation, organized, existing and operating pursuant to the laws of the State of Alabama ("City"); and

WHEREAS, municipalities in Alabama have the legal authority to construct public sidewalks pursuant to Title 11-48-4, Code of Alabama, 1975; and

WHEREAS, the City Council has found and determined that it would be in the public interest to build a public sidewalk on a portion of various properties for the purpose of providing pedestrian access to and from The Heights Shopping Center and along the rear of various commercial/multi-family residential properties; and

WHEREAS, the City has requested that the Owners grant easements on, over and along the designated properties for the sole purpose of constructing a public sidewalk that will provide pedestrian access between the designated properties owned by various owners; and

WHEREAS, the Owners are willing to grant easements to the City as requested; and

WHEREAS, the City and Owners wish to reduce their agreement to writing, a copy of which is marked as Exhibit A & B, attached to and incorporated into this Ordinance Number 3106 as if written fully therein; and

WHEREAS, a copy of Surveys of Easement Exhibits prepared by Engineering Design Group, LLC ("EDG") is attached hereto with said exhibits and are incorporated into this Agreement by reference as though set out fully herein; and

WHEREAS, Exhibits A& B accurately reflects the following information:

- a) The boundary lines of the Gilbert property (previously signed);
- b) The location of the R&R Investments, LLC property;
- c) The location of the Red B, LLC property;

- d) The proposed access easement requested by the City; and
- e) The legal description of the access and maintenance easement.

**NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL
OF THE CITY OF VESTAVIA, HILLS, ALABAMA, AS FOLLOWS:**

1. The Mayor and City Manager are hereby authorized to execute and deliver the Agreements for Public Sidewalk and/or Construction Easements as detailed in the attached Exhibits A & B; and
2. Following execution the Red B, LLC Agreement shall be recorded in the Office of the Judge of Probate Jefferson County and a copy delivered to the Office of the City Clerk for permanent record; and
3. This Ordinance Number 3106 shall become effective immediately upon adoption and approval following posting/publication as require by Alabama law.

APPROVED and ADOPTED this the 27th day of June, 2022.

**AGREEMENT FOR PUBLIC SIDEWALK EASEMENT,
TEMPORARY CONSTRUCTION EASEMENT AND
LICENSE FOR PARKING AND STAGING**

THIS AGREEMENT FOR PUBLIC SIDEWALK EASEMENT, TEMPORARY CONSTRUCTION EASEMENT AND LICENSE FOR PARKING AND STAGING (“the Agreement”), is made and entered on this the _____ day of April, 2022 by and between Red B, LLC, an Alabama Limited Liability Corporation with its principal address of 3235 Overton Manor Drive in the City of Vestavia Hills, Jefferson County, Alabama (hereinafter referred to as “Owner”) and the City of Vestavia Hills, a municipal corporation with its principal place office located at 1032 Montgomery Highway in the City of Vestavia Hills, Jefferson County, Alabama 35216 (hereinafter referred to as “City”).

WITNESSETH THESE RECITALS:

WHEREAS, Red B, LLC (“Owner”) owns the real estate situated at 3160 Cahaba Heights Road in the Cahaba Heights community of the City of Vestavia Hills, Jefferson County, Alabama by virtue of that certain Statutory Warranty Deed filed in the office of the Judge of Probate of Jefferson County, Alabama on December 30, 2010 and recorded at BK: LR201011, p.1073 (“the property”); and

WHEREAS, the City of Vestavia Hills, Alabama is a municipal corporation, organized, existing and operating pursuant to the laws of the State of Alabama (“City”); and

WHEREAS, the Owner and the City have heretofore entered into a Special Economic Development Agreement, pursuant to the authority of Amendment 772 of the *Constitution of Alabama 1901*, dated to-wit, October 25, 2021, approved by the City with the enactment of Resolution Number 5354 on that date, which provides, among other things, in Article 6 that members of the public may use certain parking spaces during public events; and

WHEREAS, municipalities in Alabama have the legal authority to construct public sidewalks pursuant to Title 11-48-4, *Code of Alabama, 1975* ; and

WHEREAS, the City Council has found and determined that it would be in the public interest to construct on a portion of the Owner’s property an improvement that would be a public sidewalk to access a public sidewalk on the property adjacent and immediately west of the Owner’s property; and

Agreement for Public Sidewalk Easement,
Temporary Construction Easement and
License for Parking and Staging
Page 2

WHEREAS, the City has requested that Owner grant to the City the following rights on, over and along portions of the property of Owner:

(1) A perpetual easement for the sole purpose of constructing a sidewalk to connect to a public sidewalk to be built on the adjacent property; and

(2) A temporary construction easement over, along and on the property for a period of one hundred twenty (120) days during which the public sidewalk described in (1) above will be built; and

(3) A license to use a portion of the property for the purpose of staging and parking motor vehicles and equipment during the one hundred twenty (120) day construction period; and

WHEREAS, a copy of a preliminary map of the property prepared by Engineering Design Group ("EDG") showing the area for the requested perpetual easement for a public sidewalk and the license area (clouded area) is attached hereto, marked as Exhibit 1 and is incorporated herein by reference as though set out fully herein; and

WHEREAS, a copy of Special Purpose Access Easement prepared by Engineering Design Group ("EDG") showing the location and setting forth the legal description of the access sidewalk easement is attached hereto, marked as Exhibit 2 and is incorporated herein by reference as though set out fully herein; and

WHEREAS, the Owner is willing to grant the requests by the City; and

WHEREAS, the City and Owner wish to reduce their agreement to writing.

NOW, THEREFORE, in consideration of the premises, the mutual covenants hereinafter contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the parties hereto, City and Owner hereby mutually covenant and agree as follows:

1. **RECITALS:** The recitals set forth in the premises above are hereby incorporated into this Agreement by reference as though set out fully herein.

2. **EXHIBITS:** Exhibit 1 and Exhibit 2 described in the premises above are hereby incorporated into this Agreement by reference as though set out fully herein.

3. **GRANT OF EASEMENT FOR PUBLIC SIDEWALK: KNOW ALL MEN BY THESE PRESENTS:** That for and in consideration of the Owner and City continuing to work together for the promotion of the public welfare and benefit of the Cahaba Heights community (as they did on October 25, 2021) and other good and valuable consideration to Red B, LLC, in hand paid by the City of Vestavia Hills, Alabama, a municipal corporation, the receipt and sufficiency whereof is hereby acknowledged, the said Red B, LLC, hereinafter called "Grantor/Owner," does hereby grant, bargain, sell and convey unto the City of Vestavia Hills, Alabama, a municipal corporation in Jefferson County, Alabama, hereinafter called "Grantee/City," its successors and assigns, a perpetual right-of-way and easement for the purposes of construction, installation and continued operation, maintenance, repair, inspection, alteration and replacement of a public sidewalk, together with all necessary rights of access, ingress and egress thereto and therefrom, in, over, across, through and under the following described lands of the Grantor, in Jefferson County, Alabama, to-wit:

PERPETUAL EASEMENT DESCRIPTION: Commence at the Northwest corner of the Southwest $\frac{1}{4}$ of the Northeast $\frac{1}{4}$ of Section 22, Township 18 South, Range 2 West and run thence south along the west line of said $\frac{1}{4}$ - $\frac{1}{4}$ section for a distance of 104.71 feet to a point on the South line of the Birmingham Water Works Company right-of-way; thence turn an angle left 58 degrees 28'30" and run Southeasterly along said right of way 614.18 feet to the Northwest corner of property as described in Deed Book 201011, Pg. 1073, as recorded in the Probate Office of Jefferson County, Alabama; thence turn an angle to the right of 63 degrees 02' and run in a southerly direction along the westerly line of said property a distance of 130.46 feet to the POINT OF BEGINNING of an Access and Maintenance easement herein described; Thence continue along the last described course a distance of 20.02 feet to a point; Thence leaving the west line of said property turn an angle left of 92 degrees 17'17" and run in an easterly direction a distance of 14.86 feet to a point; Thence turn an angle left of 90 degrees 00'00" and run northerly a distance of 20.00 feet to a point; Thence turn an angle left of 90 degrees 00'00" and run westerly a distance of 14.06 feet to the POINT OF BEGINNING.

A. **LIABILITY:** The City hereby assumes the sole responsibility and liability for the operation, maintenance and repair of the sidewalk along the west side of the Red B, LLC property (Owner) as shown on Exhibit 1 and Exhibit 2 attached hereto.

Agreement for Public Sidewalk Easement,
Temporary Construction Easement and
License for Parking and Staging
Page 4

B. INDEMNITY: The City agrees to indemnify and hold harmless the Owner and its successors and assigns from and against all actions, causes of action, claims, demands, damages, losses and expenses of any kind, including, but not limited to, attorneys' fees and court costs, which may be asserted against, or suffered by, the Owner on account of, or arising out of, the sidewalk.

C. CONSTRUCTION OF SIDEWALK: The City shall install, or have installed, the sidewalk in a good and workmanlike manner at the sole expense of the City.

D. FUTURE MAINTENANCE OF SIDEWALK:

- (i) The City shall maintain the sidewalk in a good and safe condition.
- (ii) The Owner shall have no responsibility with respect to the installation, maintenance or repair of the improvements.

4. GRANT OF TEMPORARY EASEMENT FOR CONSTRUCTION OF SIDEWALK: Owner hereby grants to City a temporary construction easement over, on and along the Red B, LLC property for a period of one hundred twenty (120) days beginning on the date of commencement of the construction of the public sidewalk over, on and along the easement described in section 3 hereof. The City shall promptly repair and replace any landscaping or damages to the Red B, LLC property which may be damaged or destroyed in connection with the work by the City and/or its contractor. Notwithstanding the foregoing or anything to the contrary herein, upon the completion of the work, the City shall promptly restore the Red B, LLC property to substantially the condition of the Red B, LLC property was prior to the commencement of the sidewalk construction work.

5. GRANT OF LICENSE: Owner (Red B, LLC) does hereby grant to City a license to use the property shown on Exhibit 1 as a "clouded" area for a period of one hundred twenty (120) days beginning on the date of commencement of the construction of the public sidewalk on the land described in section 3 above for the following purpose: (a) parking of motor vehicles; (b) parking of construction equipment; and (c) staging for construction work.

A. CONSIDERATION: During the term of this Agreement, the City shall not be required to pay any monetary consideration to the Owner for the permission to use the property as aforesaid.

B. NO WARRANTIES: City acknowledges that neither the Owner nor any agent of the Owner has made any representation as to the condition of the land or improvements located thereon or the suitability of the property for City's intended use, and City hereby accepts the property in its "as is and where is" condition "with all faults."

Agreement for Public Sidewalk Easement,
Temporary Construction Easement and
License for Parking and Staging
Page 5

C. **INSURANCE:**

(i) **Owner:** The Owner shall keep and maintain its insurance on the Property (including the structure) that is in full force and effect on the date of the execution and delivery of this License Agreement.

D. **COMPLIANCE WITH GOVERNMENTAL REQUIREMENTS:** City shall, at its sole cost and expense, comply in all respects with any and all statutes, ordinances, code provisions, rules, regulations, requirements and directives ("governmental requirements") of any federal, state, county or city agencies.

E. **CLEANING AND MAINTENANCE:** City shall keep the property clean during the term of this temporary license.

6. **MISCELLANEOUS:**

A. **NON WAIVER:** The failure of the City to insist, in any one or more instances, upon a strict performance of any of the covenants of this Agreement, or to exercise any option herein contained, shall not be construed as a waiver, or a relinquishment for the future of such covenant or option, but the same shall continue and remain in full force and effect.

B. **WAIVER OF MODIFICATION:** Any waiver, alteration or modification of any of the provisions of this Agreement or cancellation or replacement of this Agreement shall not be valid unless in writing and signed by the City and Owner. This Agreement may be amended at any time by written agreement of the parties signatory hereto.

C. **NOTICES:** Any and all notices required or permitted to be given under this Agreement will be sufficient if furnished in writing and sent by Registered Mail to the parties' last known address.

D. **CONSTRUCTION OF TERMS:** The City and Owner negotiated the terms, provisions and conditions of this Agreement and both parties had the equal opportunity for input for the drafting of this Agreement. Therefore, any ambiguities of this Agreement shall be construed fairly and equitably regardless of the participation of either party in drafting this Agreement. The reference in terms to gender and number shall be modified as may be appropriate.

E. **GOVERNING LAW:** This Agreement shall be interpreted, construed and governed to the laws of the State of Alabama.

Agreement for Public Sidewalk Easement,
Temporary Construction Easement and
License for Parking and Staging
Page 6

F. **ARTICLE AND SECTION HEADINGS:** The article and section headings and captions contained herein are included for convenience only, and shall not be considered a part hereof or affect in any manner the construction or interpretation hereof.

G. **EXECUTION IN COUNTERPARTS:** The Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

H. **BINDING EFFECT:** The Agreement shall inure to the benefit of, and shall be binding upon City and Owner, and their heirs, successors and assigns.

I. **SEVERABILITY:** In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

J. **SURVIVAL:** All representations and warranties of this Agreement shall survive the execution and delivery of this Agreement, as shall any covenants for performance thereafter.

K. **ENTIRE AGREEMENT:** This written Agreement contains the entire agreement between the City and the Owner.

L. **RECORDING:** This Agreement for Public Sidewalk Easement, Temporary Construction Easement and License for Parking and Staging shall be filed for record in the office of the Judge of Probate of Jefferson County, Alabama.

IN WITNESS WHEREOF, City and Owner have caused this Agreement to be executed by their duly authorized officers and their respective seals to be affixed hereto on the date first above written.

**LICENSE AGREEMENT AND
AGREEMENT FOR TEMPORARY CONSTRUCTION EASEMENT**

R&R THIS LICENSE AGREEMENT AND AGREEMENT FOR TEMPORARY CONSTRUCTION EASEMENT (“Agreement”) is made and entered into on this the 22nd day of ~~July~~^{June}, 2022 by and among the City of Vestavia Hills, Alabama, a municipal corporation (hereinafter referred to as “City”) and R&R Investments, LLC, an Alabama limited liability company (hereinafter referred to as “Owner”).

WITNESSETH THESE RECITALS:

WHEREAS, the City of Vestavia Hills, Alabama, a municipal corporation (“City”) has a plan to construct sidewalks in the Cahaba Heights community for the purposes of pedestrian, use and access; and

WHEREAS, R&R Investments, LLC, an Alabama limited liability company (“Owner”) is the owner of the real estate and improvements situated in the City of Vestavia Hills, Jefferson County, Alabama, which said real estate is commonly referred to as the “Cahaba Heights Shopping Center” and more particularly described in that Statutory Warranty Deed, dated September 16, 1999, filed in the office of the Judge of Probate of Jefferson County, Alabama on September 17, 1999 and recorded at Instrument 9912/6876, which said property shall hereinafter be referred to as “Property”; and

WHEREAS, the City wishes to construct and install sidewalks on, over and along a portion of the Property for the purpose of providing pedestrian access and use; and

WHEREAS, the City has engaged Engineering Design Group (“EDG”) to design and prepare a Design Layout Plan for the construction and installation of sidewalks on, over and along the Property; and

WHEREAS, a copy of the Design Layout Plan for the proposed sidewalks on, over and along the Property is attached hereto, marked as Exhibit 1 and is incorporated into this License Agreement and Agreement for Temporary Construction Easement by reference as though set out fully herein ; and

WHEREAS, the City has requested that Owner allow the construction and installation of sidewalks on, over and along the Property all in accordance with the Design Layout Plan marked as Exhibit 1; and

WHEREAS, the City has requested that Owner grant City a temporary construction easement on, over and along the Property during the period of construction and installation of said sidewalks; and

License Agreement and Agreement for TCE
Page 2

WHEREAS, the Owner is willing to allow the sidewalks to be constructed and installed on the Property in accordance with Exhibit 1 and to grant a temporary construction easement pursuant to the terms, provisions and conditions of this License Agreement and Agreement for Temporary Construction Easement; and

WHEREAS, the City and Owner wish to reduce their agreement to writing.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the mutual promises and premises contained herein and other good and valuable consideration, the receipt of which is hereby acknowledged by each of the parties hereto, the City and Owner expressly and mutually agree as follows:

I. RECITALS

The recitals set forth in the premises above are hereby incorporated into this License Agreement and Agreement for Temporary Construction Easement by reference as though set out fully herein.

II. EXHIBIT

Exhibit 1 described in the premises above is hereby incorporated verbatim into this License Agreement and Agreement for Temporary Construction Easement by reference as though set out fully herein.

III. GRANT OF LICENSE

Owner does hereby grant to the City a license to install sidewalks on the Property upon the following terms, provisions and conditions:

A. ENGINEERING DESIGN AND LAYOUT: That the construction work is performed in strict compliance with the Design Layout Plan prepared by EDG and attached hereto as Exhibit 1; and

B. COST: That the total cost of the construction and installation of the said sidewalks shall be paid solely by the City; and

C. COMPLIANCE WITH GOVERNMENTAL REQUIREMENTS: The City shall comply with all respects with any and all statutes, Code provisions, rules and regulations, requirements and directives (“governmental requirements”) of any federal, state, county or city agencies.

D. TERMINATION OF LICENSE: Anything contained herein to the contrary notwithstanding, the Owner shall have the right, in its sole and absolute discretion, to cancel and terminate the license granted herein by providing the City with forty-five (45) days advance written notice.

IV. GRANT OF TEMPORARY CONSTRUCTION EASEMENT

Owner hereby grants to City a temporary construction easement on, over and along the Property subject, however, to the following terms, provisions and conditions:

A. **PURPOSE:** The grant of the temporary construction easement is for the purpose of constructing and installing sidewalks.

B. **CONSTRUCTION TIME:** The construction time will be for a period of one hundred twenty (120) days.

1. **Commencement of Temporary Construction Easement:** The temporary construction easement shall begin on September 5, 2022.

2. **Termination Date:** The temporary construction easement shall terminate on December 31, 2022.

C. **RESTORATION:** The City shall promptly repair and replace any landscaping or damages to the Owner's property which may be damaged or destroyed in connection with the work by the City and/or its contractor. Notwithstanding the foregoing or anything to the contrary herein, upon completion of the work, the City shall promptly restore the Owner's property to substantially the condition of the Owner's property was prior to the commencement of the sidewalk construction work.

V. MISCELLANEOUS

A. **NON WAIVER:** The failure of the Owner to insist, in any one or more instances, upon a strict performance of any of the covenants of this Agreement, or to exercise any option herein contained, shall not be construed as a waiver, or a relinquishment for the future of such covenant or option, but the same shall continue and remain in full force and effect.

B. **WAIVER OF MODIFICATION:** Any waiver, alteration or modification of any of the provisions of this Agreement or cancellation or replacement of this Agreement shall not be valid unless in writing and signed by the City and Owner. This Agreement may be amended at any time by written agreement of the parties signatory hereto.

C. **NOTICES:** Any and all notices required or permitted to be given under this Agreement will be sufficient if furnished in writing and sent by Registered Mail to the parties' last known address.

D. **CONSTRUCTION OF TERMS:** The City and Owner negotiated the terms, provisions and conditions of this License Agreement and Agreement for Temporary Construction Easement and both parties had the equal opportunity for input for the drafting of this Agreement. Therefore, any ambiguities of this Agreement shall be construed fairly and equitably regardless of the participation

License Agreement and Agreement for TCE
Page 4

of either party in drafting this Agreement. The reference in terms to gender and number shall be modified as may be appropriate.

E. GOVERNING LAW: This Agreement shall be interpreted, construed and governed to the laws of the State of Alabama.

F. ARTICLE AND SECTION HEADINGS: The article and section headings and captions contained herein are included for convenience only, and shall not be considered a part hereof or affect in any manner the construction or interpretation hereof.

G. EXECUTION IN COUNTERPARTS: The Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

H. BINDING EFFECT: The Agreement shall inure to the benefit of, and shall be binding upon City and Owner, and their heirs, successors and assigns.

I. SEVERABILITY: In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

J. SURVIVAL: All representations and warranties of this Agreement shall survive the execution and delivery of this Agreement, as shall any covenants for performance thereafter.

K. ENTIRE AGREEMENT: This written Agreement contains the entire agreement between the City and the Owner.

L. RECORDING: This License Agreement and Agreement for Temporary Construction Easement shall not be filed for record in the office of the Judge of Probate of Jefferson County, Alabama.

IN WITNESS WHEREOF, the City of Vestavia Hills, Alabama, a municipal corporation, and R&R Investments, LLC, an Alabama limited liability company, have hereunto caused this License Agreement and Agreement for Temporary Construction Easement to be executed by their duly authorized officers and their respective seals to be affixed hereto as of the date first above written.

RESOLUTION NUMBER 5398

**A RESOLUTION AUTHORIZING A ONE-TIME BONUS FOR RETIREES
AND BENEFICIARIES OF DECEASED RETIREES TO BE EXPENSED IN
FY23**

**BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF
VESTAVIA HILLS, ALABAMA**, as follows:

1. The City of Vestavia Hills through its governing authority, elects to come under the provisions of Section 2, of Act 299 of the Regular Session of the 2022 Alabama Legislature; and
2. The Retirement Systems of Alabama has informed the City by letter dated May 11, 2022, that the total cost of said bonus is \$102,718.00. A copy of said letter is marked as Exhibit A, attached to and incorporated into this Resolution Number 5398 as though written fully therein; and
3. The City of Vestavia Hills agrees to provide all funds necessary to the Employees' Retirement System to cover the cost of the one-time lump sum payment as provided for by this Act for those eligible retirees and beneficiaries of deceased retirees of the City of Vestavia Hills with the aforementioned lump sum payment being paid in October 2022; and
4. This Resolution Number 5398 shall become effective immediately upon adoption and approval.

ADOPTED and APPROVED this the 11th day of July, 2022.

Unit Code: EVES

Act 2022-229 of the Regular Session of the Alabama Legislature provides your agency with the opportunity to grant a one-time lump sum payment to retired members and beneficiaries of deceased retirees who retired prior to March 1, 2022 and are entitled to receive a monthly retirement benefit from the Employees' Retirement System (ERS) on September 30, 2022.

The Act provides for the retiree to receive a one-time lump sum payment of \$2.00 for each month of service credited to the retiree's account or a beneficiary of a deceased retiree. Payment will be made in October 2022 separate from the monthly retirement direct deposit.

If your agency elects to grant the 2022 one-time lump sum payment, your estimated cost is **\$102,718.00** which will require **0.53%** to be added to your agency's employer contribution rate effective for the one year period from October 1, 2023 – September 30, 2024, or you may submit a one-time lump sum payment remitted with the resolution to cover the cost.

To grant the provisions of Act 2022-229 for retirees and beneficiaries of your agency, the governing authority of your agency must adopt and submit a Resolution. A fillable form Resolution can be found on the RSA website at https://www.rsa-al.gov/uploads/files/2022_Lump_Sum_Resolution_Retiree_fillable.pdf. **Resolution to adopt the provisions of Act 2022-229 must be received by the ERS no later than August 31, 2022.** Please note that there is no provision that will allow the one-time lump sum payment to be granted retroactively.

Any retiree or beneficiary whose eligibility for Medicaid benefits is impaired by this payment shall not be entitled to receive payment and should notify this office to request that the increase not be granted.

If you have any questions regarding the implementation of the provisions of Act 2022-229, please contact my office at (334) 517-7000 or 1-877-517-0020.

Sincerely,
William F. Kelley, Jr.
Director
Employees' Retirement System

ORDINANCE NUMBER 3104

AN ORDINANCE TO FURTHER AMEND THE ZONING ORDINANCE AND THE ZONING MAP OF THE CITY OF VESTAVIA HILLS, ALABAMA, ADOPTED SEPTEMBER 16, 1985, AND AS LAST AMENDED SO AS TO CHANGE THE CLASS OF DISTRICT ZONING OF PROPERTY FROM VESTAVIA HILLS R-2 TO VESTAVIA HILLS R-9

BE IT ORDAINED by the City Council of the City of Vestavia Hills, Alabama, as follows: That the Zoning Ordinance and Zoning Map of the City of Vestavia Hills, Alabama, adopted September 16, 1985, and as last amended so as to change the class of district zoning of the following described property from Vestavia Hills R-2 (medium density residential district) to Vestavia Hills R-9 (planned residential district):

3276 Greendale Road
Braxton Cove Properties, LLC, Owner

More Particularly Described as Follows:

Part of Lots 12 and 13, according to Jonas Schwab Co. survey, as recorded in Map Book 5, Page 35, in the Office of the Judge of Probate of Jefferson County, Alabama, more particularly described as follows:

Begin at the northwest corner of Lot 12, run thence eastwardly along the North line of said Lot 12, for a distance of 244.40 feet; thence turn an angle to the right of 83° 27' and run southwardly for a distance of 475.25 feet; thence turn an angle to the right of 130° 23' and run northwestwardly for a distance of 161.00 feet to point of curve having a radius of 361.66 feet, a tangent distance of 107.50 feet and an intersection angle of 34° 00' left; thence continue northwestwardly around said curve for a distance of 173.2 feet, to a point in the west boundary line of said Lot 12, 9.5 feet north of the southwest corner; run thence northwardly along said west boundary line for a distance of 330.50 feet, to the point of beginning.

BE IT FURTHER ORDAINED that said zoning shall not be effective until the following conditions have been met:

1. Said zoning is based upon the preliminary plat plan which was presented with zoning (see attached); and
2. Said rezoning shall not become effective prior to the required CC&R's are filed with the Jefferson County Judge of Probate and a copy is attached to and incorporated into this Ordinance Number 3104.

APPROVED and ADOPTED this the 11th day of July, 2022.

Ashley C. Curry
Mayor

CITY OF VESTAVIA HILLS
SYNOPSIS AND STAFF RECOMMENDATION CONCERNING
APPLICATION BEFORE THE PLANNING AND ZONING COMMISSION

Date: MAY 12, 2022

- **CASE:** P-0522-11
- **REQUESTED ACTION:** Rezoning From Vestavia Hills R-2 to Vestavia Hills R-9
- **ADDRESS/LOCATION:** 3276 Greendale Rd.
- **APPLICANT/OWNER:** Braxton Cove Properties, LLC
- **GENERAL DISCUSSION:** The request is for rezoning for property on Greendale Rd., adjacent to the Overton Manor townhomes and Trinity Presbyterian Church. The request is for an 11 lot subdivision. The lots will be accessed off a new private street with a sidewalk and a hammerhead terminus. Applicants are proposing to extend the sewer line from Overton Manor to serve the development.

Proposed setbacks include 7' in the front, 5' on the sides, and 20' for the rear. Site plan and proposed landscaping are attached.

- **CAHABA HEIGHTS COMMUNITY PLAN:** The proposal is consistent with the plan for medium density residential. Additionally, the project could be considered transitional due to the large townhome development adjacent to the site.
- **STAFF REVIEW AND RECOMMENDATION:**

1. **City Planner Review:** I have looked at all of the relevant zoning / subdivision requirements related to this proposal, including application, notification, setbacks, area of lot development, etc. Notification has been sent to property owners pursuant to Alabama law. I have reviewed this request and find it does meet the minimum requirements of the proposed zoning.

City Planner Recommendation: Staff recommends the following conditions: A. Approval based on site plan presented. B. Rezoning not completed until the final map has been recorded CC&R's for the subdivision are recorded,

2. **City Engineer Review:** I have reviewed the application and I have no issues with this request.
3. **City Fire Marshal Review:** I have reviewed the application and I have no issues with this request.

4. **Building Safety Review:** I have reviewed the application and I have no issues with this request.

MOTION Mr. Larson made a motion to recommend Rezoning for 3276 Greendale Rd. from Vestavia Hills R-2 to Vestavia Hills R-9 with the following conditions:

1. Approval based on site plan presented;
2. Rezoning not completed until the final map has been recorded CC&R's for the subdivision are recorded.

Second was by Mr. Ferrell. Motion was carried on a roll call; vote as follows:

Mr. Honeycutt – yes

Ms. Sykes – yes

Mr. Romeo – yes

Mr. Weaver– yes

Motion carried.

Mr. Farrell – yes

Mr. Larson – yes

Mr. Maloof– yes

Ms. Barnes– yes

CITY OF VESTAVIA HILLS

APPLICATION

PLANNING AND ZONING COMMISSION

ORDINANCE NUMBER 2802-A

AN ORDINANCE AMENDING ORDINANCE NUMBER 2802 TO RE-ESTABLISH THE CAHABA HEIGHTS ENTERTAINMENT DISTRICT

WITNESSETH THESE RECITALS:

WHEREAS, Act 2012-438 as amended by Act 2013-382 now appearing as Section 28-3A-17.1, *Code of Alabama, 1975*, authorized certain municipalities in the State of Alabama to establish entertainment districts within its corporate limits; and

WHEREAS, the Legislature of the State of Alabama enacted Act No. 2015-267, which became law on May 27, 2015, to authorize the City of Vestavia Hills, Alabama to establish no more than three (3) entertainment districts within the corporate City limits; and

WHEREAS, pursuant to the terms and provisions and conditions of Act No. 2015-267, the Rocky Ridge Entertainment District was established through Ordinance 2600; and

WHEREAS, on October 8, 2018, the Vestavia Hills City Council adopted and approved Ordinance Number 2802 to establish entertainment districts in the City Center area and the Cahaba Heights area; and

WHEREAS, pursuant to the terms and provisions and conditions of Act No. 2015-267, the City Council wishes to re-establish the Cahaba Heights entertainment district for the purpose of regulating the sale and consumption of alcoholic beverages in a designated area as provided herein below.

NOW, THEREFORE BE IT HEREBY ORDAINED BY THE CITY COUNCIL OF THE CITY OF VESTAVIA HILLS, ALABAMA AS FOLLOWS:

SECTION 1. Under the authority granted in Section 1 of Act No. 2015-267 of the Alabama Legislature, there shall be hereby re-established the Cahaba Heights Entertainment District with the areas and boundaries as set forth and designated in Exhibit A.

SECTION 2. Any licensee who receives an entertainment district designation for an on-premise retail license from the Alabama Alcoholic Beverage Control Board shall comply with all laws, rules, and regulations which govern its license type, except that the patrons, guests or members of that licensee may exit that licensed premises with open containers of alcoholic beverages and consume alcoholic beverages anywhere within the confines of the entertainment district but may not enter another licensed premises with open containers or closed containers of alcoholic beverages acquired elsewhere.

SECTION 3. No licensee who receives an entertainment district designation shall allow alcoholic beverages to be removed from the licensed premises in bottles or glass containers.

SECTION 4. Except for special events as permitted by the Alabama Alcoholic Beverage Control Board and in compliance with all laws, rules, and regulations, no alcoholic beverages purchased outside of the district shall be allowed in open containers in the Entertainment District.

SECTION 5. Alcoholic beverages may be sold at licensed premises and consumed within the entertainment district designation boundaries during the following days and hours:

Sunday through Thursday from Noon to 9:00 PM

Friday and Saturday from Noon to 11:00 PM

*The City Manager may, at his discretion issue a waiver to these posted hours.

SECTION 6. This Ordinance shall become effective upon passage, approval and publication or as otherwise required by Alabama law.

DONE, ORDERED, APPROVED and ADOPTED this 11th day of July, 2022.

Ashley C. Curry
Mayor

ATTESTED BY:

Rebecca Leavings
City Clerk

CERTIFICATION:

I, Rebecca H. Leavings, as City Clerk of the City of Vestavia Hills, Alabama, hereby certify that the above and foregoing copy of 1 (one) Ordinance Number 2802-A is a true and correct copy of such Ordinance that was duly adopted by the City Council of the City of Vestavia Hills on the 11th day of July, 2022, as same appears in the official records of said City.

Posted at Vestavia Hills City Hall, Vestavia Hills Public Library, Vestavia Hills New Merkle House and Vestavia Hills Recreational Center this the ___ day of _____, 2022.
