The project includes, but is not limited to, the following:

The project consists of the renovation and addition of the existing Fire Station #4 in Liberty Park totaling approximately 11,736 square feet of gross building area. Work includes demolition of the existing living quarters portion of the building and construction of new foundations and slab-on-grade systems to support the renovated and expanded facility. Structural improvements will include new metal stud framing, structural framing members, CMU masonry construction, and wood truss roof framing with a new asphalt shingle roofing system. The exterior building envelope will include brick veneer systems, cast stone masonry, new thermal / weather resistant systems, metal wall panels, sheet metal flashing and trim, and installation of all new doors, windows, glazing, and storefront systems. Interior construction will include complete buildout of new and renovated spaces with updated finishes, specialties, and associated architectural components necessary to support fire station operations and living quarters. The project also includes complete replacement and upgrade of plumbing, mechanical, and electrical systems, including new HVAC equipment and distribution systems, plumbing infrastructure and fixtures, electrical distribution, lighting, fire alarm, communications, and associated controls. Site improvements will consist of new asphalt and concrete paving, sidewalks, utility infrastructure, grease trap, oil and water separator, grading, irrigation systems, and landscaping necessary to support the overall development and operation of the facility.

The project is located at 13041 Liberty Parkway, Vestavia Hills, 35242.
