WHEREAS, colorectal cancer is the second most common cause of cancer deaths for men and women in Alabama; and

WHEREAS, the lifetime risk of being diagnosed with cancer of the colon or rectum is 4.4 percent for men and 4.1 percent for women in the United States; and

WHEREAS, the survival rate of individuals who have colorectal cancer is 90 percent when detected in the early stages versus only a 10 percent survival rate when colorectal cancer is diagnosed after it has spread to other organs; and

WHEREAS, when detected early, the five-year survival rates for colon cancer is 90 percent; however, only 39 percent of colorectal cancers is diagnosed at this stage, mostly due to low rates of screening; and

WHEREAS, colorectal cancer is preventable, treatable, and beatable in most cases; and

WHEREAS, observing a Go Blue Day for Colorectal Cancer Awareness would provide a special opportunity to offer education on the importance of early detection and screening.

NOW, THEREFORE, I, Ashley C. Curry, by virtue of the authority vested in me as Mayor of the City of Vestavia Hills in the State of Alabama, do hereby proclaim March 2020 as National Colorectal Cancer Awareness Month and March 6, 2020 as

**GO BLUE DAY for
COLORECTAL CANCER AWARENESS**

in the City of Vestavia Hills, Alabama, and urge our citizens who are 45 and over to get a colorectal screening because the vast majority of colon cancer deaths can be prevented through proper screening and early detection.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Vestavia Hills to be affixed this the 24th day of February 2020.

Ashley C. Curry
Mayor

WHEREAS, the National Association of Women in Construction (NAWIC) was founded in Fort Worth, Texas by sixteen women working in the construction industry in 1953; and

WHEREAS, today the NAWIC provides its members with opportunities for professional development, education, networking, leadership training, public service; and

WHEREAS, Women in Construction Week will celebrate and highlight women as a visible component of the construction industry; and

WHEREAS, Women in Construction Week provides an occasion to raise awareness of the opportunities available for women in the construction industry and to emphasize the growing role of women in the industry; and

WHEREAS, for more than 60 years, NAWIC has helped women take advantage of the opportunities in construction and empowered women to be successful in a predominately male dominated sphere which is important to ensuring equality for generations to come.

NOW, THEREFORE, I, Ashley C. Curry, by virtue of the authority vested in me as Mayor of the City of Vestavia Hills in the State of Alabama, do hereby recognize the National Association of Women in Construction Birmingham Chapter 53 and proclaim the week of March 1 – 7, 2020 as

WOMEN IN CONSTRUCTION WEEK

and encourage our citizens to congratulate the organization and its many dedicated volunteers for their steadfast work on behalf and support of women in construction.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Vestavia Hills to be affixed this the 24th day of February 2020.

Ashley C. Curry
Mayor

WHEREAS, the economic and aesthetic welfare of the people of Alabama is largely dependent on the trees and forests of the State; and

WHEREAS, everyone in the City of Vestavia Hills benefits either directly or indirectly from trees and forests; and

WHEREAS, trees provide jobs, products, habitat for wildlife, and recreational opportunities; and

WHEREAS, trees are an invaluable physical and psychological addition to the City, as they provide shade, cool the air, reduce noise levels and glare; and

WHEREAS, trees in our City increase property values, enhance the economic vitality of business areas, and beautify our community; and

WHEREAS, the management of trees through planning, planting, maintenance, timely removal and replacement increases their benefit to our City for both present and future generations; and

WHEREAS, the Keep Vestavia Hills Beautiful organization, an affiliate of Keep America Beautiful, has committed to integrate into its purpose promoting, planting and caring for community trees as well as engaging in other activities which ensure that trees are considered in community aesthetics.

NOW, THEREFORE, I, Ashley C. Curry, by virtue of the authority vested in me as Mayor of the City of Vestavia Hills in the State of Alabama, do hereby proclaim the week of February 23 – 29, 2020 as

ARBOR WEEK

and encourage all residents to participate in tree planting activities during this week.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Vestavia Hills to be affixed this the 13th day of February 2020.

Brian Davis, Public Services Director
Danny Rary, Police Chief
Jason Hardin, Police Captain
Marvin Green, Fire Chief
Shawn Jackson, Asst. Fire Chief
Christopher Brady, City Engineer
Jason Burnett, Parks and Recreation
Superintendent for Athletics and Facilities
Sandi Wilson, Parks and Recreation
Superintendent for Athletics and Facilities
Jeff Corley, Athletic Program Coordinator
for Aquatics and Recreation

The Mayor called the work session to order.

INFRASTRUCTURE AND COMMUNITY SPACES PLAN

Ken Upchurch TCU, presented the Mayor and City Council with detail of the Infrastructure and Community Spaces Plan which detailed a variance of \$9,929,153 which

represents an estimate of the variance of all the projects. Mr. Upchurch explained the projects both bid and not yet bid and the figures on the presentation. (copy attached)

Mrs. Cook asked for a detail of which projects have been bid.

Mr. Upchurch stated that Wald Park Initial Site Plan was bid and has been completed. He stated the Community Center, Crosshaven Drive and New Merkel have been advertised and will soon bid. He stated that Wald Park, Phase 3 is anticipated for this spring in order to get aligned with school requirements. Wald Park Phase 2, Cahaba Heights have both bid.

Mr. Upchurch explained the deviations that were needed from the original estimates including an additional pool, additional square footage in the poolhouse for lifeguards, conference room, etc. He stated that much of the landscaping was deleted and might need to be replaced, etc.

Raynor Boles, TCU, explained the quality of the soils below the immediate surface were bad so they had to do down 5" and deal with the soils. He stated these field remediations will carry these fields for decades.

Mr. Pierce asked about who was aware of these costs rising.

Mr. Upchurch explained that issues were discussed when the bids were discussed but all of these numbers were in the contract amounts.

Mrs. Cook asked about the landscaping.

Mr. Upchurch explained the landscaping allowances. He stated that currently no planting has taken place but the landscaping will be the most visible part of these projects. He stated that he would rather see deductions from projects not yet bid than to cut your landscaping.

Mr. Weaver arrived to the work session.

Discussion ensued as to the estimated landscaping and the estimated overage. He stated that they knew the landscaping would be over budget but didn't know how much. He stated it was emphasized throughout the project.

Mr. Boles stated that they did pull back through value engineering on Wald Park Phase 2 in order to try and save costs without infringing on integrity.

Mrs. Cook asked about the lighting problems and asked what was meant that the overage could be covered.

Mr. Upchurch stated that each bid has some allowance to pull from in situations like this. He stated that they haven't produced any change orders and they are hoping there'll be some negative change orders coming to offset some of this.

Mr. Boles explained that the unforeseen contingency dominoes down the line and meets up with "end game" savings.

Mr. Head stated that the initial estimates were done years ago and it's difficult to project out costs over the years.

Mr. Upchurch explained.

Discussions ensued concerning each project and the need for each project. Mrs. Cook stated that the decisions that were made were good decisions and will end up with projects that the community needs and wants.

Discussion ensued into projects proceeding over the summertime. The Mayor asked about the estimated completion of the various project. Mr. Upchurch explained.

Mr. Pierce asked about airflow at the swimming pool with the proximity of the walls, poolhouse and roadway structures.

Mr. Downes explained options for advantages in financing, surpluses in revenues, drainage projects that aren't done yet along with capital projects funding.

There being no further business, work session adjourned at 5:00 PM.

CITY OF VESTAVIA HILLS
SYNOPSIS AND STAFF RECOMMENDATION CONCERNING
APPLICATION BEFORE THE PLANNING AND ZONING COMMISSION

Date: **JANUARY 9, 2020**

- **CASE: P-0120-02**
- **REQUESTED ACTION:** Rezoning JC E-1 to Vestavia Hills E-2
- **ADDRESS/LOCATION:** 2637 Alta Glen Dr.
- **APPLICANT/OWNER:** Jimit Parekh & Pallavi Shah
- **GENERAL DISCUSSION:** This is a compatible rezoning of annexed property on Alta Glen Dr. from JC E-1 to VH-E-2. Property was annexed overnight by Ordinance 2883 on 11/13/19.
- **VESTAVIA HILLS COMPREHENSIVE PLAN:** The request is consistent with the plan for low density residential.
- **STAFF REVIEW AND RECOMMENDATION:**
 1. **City Planner Review:** I have looked at all of the relevant zoning / subdivision requirements related to this proposal, including application, notification, setbacks, area of lot development, etc. Notification has been sent to property owners pursuant to Alabama law. I have reviewed this request and find it does meet the minimum requirements of the proposed zoning.

City Planner Recommendation: No recommendation
 2. **City Engineer Review:** I have reviewed the application and I have no issues with this request.
 3. **City Fire Marshal Review:** I have reviewed the application and I have no issues with this request.
 4. **Building Safety Review:** I have reviewed the application and I have no issues with this request.

Mr. Conrad Garrison
City Planner
City of Vestavia Hills
1032 Montgomery Highway
Vestavia Hills, AL 35216

Dear Mr. Garrison:

I am writing in response to the upcoming Planning and Zoning Commission public hearing on January 9, 2020 at 6:00 p.m. Specifically, I write to question the plans of the applicant, Dr. Oksana Senyk, who is requesting a rezoning change of Lot 49 Beacon Hill/312 Montgomery Highway and 1990 Southwood Road.

My husband and I live at 1980 Southwood Road, which borders Lot 49 on the west side of the property. While the plans for the property which we have reviewed appear to be in good taste and respectful of the neighboring residential area, we have three items of concern:

- 1) We ask that a wooden fence be installed bordering our property since the developer now wants to use the back side of the office as her parking lot. We want to ensure privacy between what is our backyard and the public who will park in the lot.
- 2) We ask to see the waste management plan (i.e. dumpster location and hazardous waste removal plan) to ensure that we will not be exposing our property to excessive rodent infestation (as is the case with our across the street neighbor, also adjacent to a dental office) or pharmaceutical waste.
- 3) We ask to see the lighting plan for the property as our den and master bedroom overlook the parking lot side of the building and we do not want spotlights shining into our living space.

Please let me know that this letter has been received by you at least 3 days prior to the public hearing, which my husband and I plan to attend.

Thank you for your time and for ensuring the plans for our city include positive environments for both residents and businesses.

Respectfully submitted,

Patti Hendrix Lovoy

ORDINANCE NUMBER 2916

AN ORDINANCE TO REPEAL ORDINANCE NUMBER 2429 AND AMENDING SECTION 5.5-200 THROUGH SECTION 5.5-311 OF THE VESTAVIA HILLS CODE OF ORDINANCES AND ADOPTING A FLOOD DAMAGE PREVENTION ORDINANCE FOR THE CITY OF VESTAVIA HILLS, ALABAMA

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF VESTAVIA HILLS, ALABAMA AS FOLLOWS:

- (1) Ordinance Number 2429, adopted and approved by the Vestavia Hills City Council on January 28, 2013, is hereby repealed in its entirety; and
- (2) Sections 5.5-200 through 5.5-311 of the Vestavia Hills Code of Ordinances entitled “ARTICLE III. FLOOD DAMAGE PREVENTION IN NONCOASTAL/REVERINE COMMUNITIES” is amended and Ordinance Number 2916 is hereby adopted in its entirety as follows:

ARTICLE 1

Statutory Authorization, Findings of Fact, Purpose And Objectives

SECTION A **STATUTORY AUTHORIZATION**

The Legislature of the State of Alabama has in Title 11, Chapter 19, Sections 1-24, Chapter 45, Sections 1-11, Chapter 52, Sections 1-84, and Title 41, Chapter 9, Section 166 of the Code of Alabama, 1975, authorized local government units to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry. Therefore, the City Council, of Vestavia Hills, Alabama, does ordain as follows:

SECTION B **FINDINGS OF FACT**

- (1) The flood hazard areas of Vestavia Hills, Alabama are subject to periodic inundation which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood relief and protection, and impairment of the tax base, all of which adversely affect the public health, safety and general welfare.
- (2) These flood losses are caused by the occupancy in flood hazard areas of uses vulnerable to floods, which are inadequately elevated, flood proofed, or otherwise unprotected from flood damages, and by the cumulative effect of obstructions in floodplains causing increases in flood heights and velocities.

SECTION C **STATEMENT OF PURPOSE**

It is the purpose of this ordinance to promote the public health, safety and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

- (1) require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;
- (2) restrict or prohibit uses which are dangerous to health, safety and property due to water or erosion hazards, or which increase flood heights, velocities, or erosion;
- (3) control filling, grading, dredging and other development which may increase flood damage or erosion;
- (4) prevent or regulate the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards to other lands; and
- (5) control the alteration of natural floodplains, stream channels, and natural protective barriers which are involved in the accommodation of flood waters.

SECTION D **OBJECTIVES**

The objectives of this ordinance are:

- (1) to protect human life and health;
- (2) to minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in floodplains;
- (3) to help maintain a stable tax base by providing for the sound use and development of flood prone areas in such a manner as to minimize flood blight areas,
- (4) to minimize expenditure of public money for costly flood control projects;
- (5) to minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
- (6) to minimize prolonged business interruptions, and
- (7) to ensure that potential home buyers are notified that property is in a flood area.

ARTICLE 2
GENERAL PROVISIONS

SECTION A **LANDS TO WHICH THIS ORDINANCE APPLIES**

This ordinance shall apply to all Areas of Special Flood Hazard within the jurisdiction of Vestavia Hills, Alabama.

SECTION B **BASIS FOR AREA OF SPECIAL FLOOD HAZARD**

The Areas of Special Flood Hazard identified by the Federal Emergency Management Agency in its **Flood Insurance Study (FIS), dated September 3, 2010** , with accompanying maps and other supporting data **and any revision thereto**, are adopted by reference and declared a part of this ordinance. For those land areas acquired by a municipality through annexation, the current effective FIS and data for Jefferson County, Alabama are hereby adopted by reference. Areas of Special Flood Hazard may also include those areas known to have flooded historically or defined through standard engineering analysis by governmental agencies or private parties but not yet incorporated in the FIS.

When Preliminary Flood Insurance Studies and Flood Insurance Rate Maps have been provided by FEMA to the City of Vestavia Hills:

- (1) Prior to the issuance of a Letter of Final Determination (LFD) by FEMA, the use of the preliminary flood hazard data shall only be required where no base flood elevations and/or floodway areas exist or where the preliminary base flood elevations or floodway area exceed the base flood elevations and/or floodway widths in the effective flood hazard data provided by FEMA. Such preliminary data may be subject to revision through valid appeals.
- (2) Upon the issuance of a Letter of Final Determination (LFD) by FEMA, the revised flood hazard data shall be used and replace all previously effective flood hazard data provided by FEMA for the purposes of administrating these regulations.

Where adopted regulatory standards conflict, the more stringent base flood elevation shall prevail. Preliminary FIS data may be subject to change by a valid appeal.

SECTION C: **ESTABLISHMENT OF A FLOODPLAIN DEVELOPMENT PERMIT**

A Development Permit shall be required in conformance with the provisions of this ordinance PRIOR to the commencement of any development activities in identified areas of special flood hazard and **community flood hazard areas** within the community.

SECTION D. **COMPLIANCE**

No structure or land shall hereafter be located, extended, converted or altered without **full compliance** with the terms of this ordinance and other applicable regulations.

SECTION E. **ABROGATION AND GREATER RESTRICTIONS**

This ordinance is not intended to repeal, abrogate, or impair any existing ordinance, easements, covenants, or deed restrictions. However, where this ordinance and another conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

SECTION F. INTERPRETATION

In the interpretation and application of this ordinance all provisions shall be: (1) considered as minimum requirements; (2) liberally construed in favor of the governing body, and (3) deemed neither to limit nor repeal any other powers granted under state statutes.

SECTION G. WARNING AND DISCLAIMER OF LIABILITY

The degree of flood protection required by this ordinance is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can and will occur; flood heights may be increased by man-made or natural causes. This ordinance does not imply that land outside the Areas of Special Flood Hazard or uses permitted within such areas will be free from flooding or flood damages. This ordinance shall not create liability on the part of City of Vestavia Hills or by any officer or employee thereof for any flood damages that result from reliance on this ordinance or any administrative decision lawfully made thereunder.

SECTION H. PENALTIES FOR VIOLATION

- (1) Notice of Violation. If the community determines that an applicant or other responsible person has failed to comply with the terms and conditions of a permit, or the provisions of this ordinance, it shall issue a written notice of violation, by certified return receipt mail, to such applicant or other responsible person. Where the person is engaged in activity covered by this ordinance without having first secured a permit, the notice shall be served on the owner or the responsible person in charge of the activity being conducted on the site. The notice of violation shall contain:
 - (a) The name and address of the owner or the applicant or the responsible person;
 - (b) The address or other description of the site upon which the violation is occurring;
 - (c) A statement specifying the nature of the violation;
 - (d) A description of the remedial measures necessary to bring the action or inaction into compliance with the permit or this ordinance and the date for the completion of such remedial action;
 - (e) A statement of the penalty or penalties that may be assessed against the person to whom the notice of violation is directed, and;
 - (f) A statement that the determination of violation may be appealed to the community by filing a written notice of appeal within ten (10) days after the notice of violation (except, that in the event the violation constitutes an immediate danger to public health or public safety, 24-hour notice shall be sufficient).

- (2) Additional Enforcement Actions. If the remedial measures described in the Notice of Violation have not been completed by the date set forth for such completion in the Notice of Violation, any one or more of the following enforcement actions may be enacted against the person to whom the Notice of Violation was directed. Before taking any of the following actions or imposing any of the following penalties, the City of Vestavia Hills shall first notify the applicant or other responsible person in writing of its intended action. The City of Vestavia

Hills shall provide reasonable opportunity, of not less than ten days (except, that in the event the violation constitutes an immediate danger to public health or public safety, 24-hour notice shall be sufficient) to cure such violation. In the event the applicant or other responsible person fails to cure such violation after such notice and cure period, the City of Vestavia Hills may take or impose any one or more of the following enforcement actions or penalties:

- (a) Stop Work Order: The community may issue a stop work order, which shall be served on the applicant or other responsible person. The stop work order shall remain in effect -until the applicant or other responsible person has taken the remedial measures set forth in the notice of violation or has otherwise cured the violation or violations described therein, provided the stop work order may be withdrawn or modified to enable the applicant or other responsible person to take the necessary remedial measures to cure such violation or violations.
- (b) Withhold or revoke Certificate of Occupancy: The community may refuse to issue and/or revoke a certificate of occupancy for the building or other improvements and/or repairs conducted or being conducted on the site until the applicant or other responsible person has taken the remedial measures set forth in the notice of violation or has otherwise cured the violation or violations described therein.
- (c) Suspension, revocation, or modifications of permit: The community may suspend, revoke, or modify the permit authorizing the development project. A suspended, revoked, or modified permit may be reinstated after the applicant or other responsible person has taken the remedial measures set forth in the notice of violation or has otherwise cured the violations described therein, provided such permit may be reinstated (upon such conditions as the community may deem necessary) to enable the applicant or other responsible person to take the necessary remedial measures to cure such violations.
- (d) Penalties: Violation of the provisions of this ordinance or failure to comply with any of its requirements, including violation of conditions and safeguards established in connection with grants of variance or special exceptions shall constitute a misdemeanor. Any person who violates this ordinance or fails to comply with any of its requirements shall, upon conviction thereof, be fined not more than \$500.00 or imprisoned for not more than 30 days, or both, and in addition, shall pay all costs and expenses involved in the case: Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent the City of Vestavia Hills from taking such other lawful actions as is necessary to prevent or remedy any violation.
- (e) Section 1316 Declaration: Section 1316 of the National Flood Insurance Act authorizes FEMA to deny flood insurance to a property declared by the State, County, or Municipal government to be in violation of the local floodplain management ordinance. A Section 1316 declaration shall be used when all other legal means to remedy a violation have been exhausted and the structure is noncompliant. Once invoked, the property's flood insurance coverage will be terminated and no new or renewal policy can be issued; no flood insurance claim can be paid on any policy on the property, and disaster assistance will be denied.

The declaration must be in writing (letter or citation), from the community to the property owner and the applicable FEMA Regional Office, and must contain the following items:

- i. The name(s) of the property owner(s) and address or legal description of the property sufficient to confirm its identity and location;
- ii. A clear and unequivocal declaration that the property is in violation of a cited State or local law, regulation or ordinance;
- iii. A clear statement that the public body making the declaration has authority to do so and a citation to that authority;
- iv. Evidence that the property owner has been provided notice of the violation and the prospective denial of insurance; and
- v. A clear statement that the declaration is being submitted pursuant to section 1316 of the National Flood Insurance Act of 1968, as amended.

If a structure that has received a Section 1316 declaration is made compliant with the community's floodplain management ordinance, then the Section 1316 declaration can be rescinded by the community and flood insurance eligibility restored.

- (3) Administrative appeal; judicial review. Any person receiving a Notice of Violation may appeal the determination of the community, including but not limited to the issuance of a stop work order, the assessment of an administratively-imposed monetary penalty, the suspension, revocation, modification, or grant with condition of a permit by the community upon finding that the holder is in violation of permit conditions, or that the holder is in violation of any applicable ordinance or any of the community's rules and regulations, or the issuance of a notice of bond forfeiture.

The Notice of Appeal must be in writing and must be received within ten (10) days from the date of the Notice of Violation. A hearing on the appeal shall take place within thirty days from the date of receipt of the Notice of Appeal by the Floodplain Administrator.

- (4) All appeals shall be heard and decided by the community's designated Appeal Board, which shall be City of Vestavia Hills Board of Zoning Adjustments, or their designees. The Appeal Board shall have the power to affirm, modify, or reject the original penalty, including the right to increase or decrease the amount of any monetary penalty and the right to add or delete remedial actions required for correction of the violation and compliance with the community's flood damage prevention ordinance, and any other applicable local, state, or federal requirements. The decision of the Appeal Board shall be final.
- (5) A judicial review can be requested by any person aggrieved by a decision or order of the community, after exhausting his/her administrative remedies. They shall have the right to appeal de novo to the Jefferson County Civil Court.

SECTION I. SAVINGS CLAUSE

If any section, subsection, sentence, clause, phrase, or word of this ordinance is for any reason held to be noncompliant with 44 Code of Federal Regulation 59-78, such decision shall not affect the validity of the remaining portions of this ordinance.

SECTION J. REPEALER

Ordinance Number 2429 of the City of Vestavia Hills, Alabama is hereby repealed. This Repealer shall not, however, effect, terminate, or preclude any rights, duties, requirements or terms which arose or existed while said Ordinance was in effect, all of which are specifically preserved.

ARTICLE 3
ADMINISTRATION

SECTION A DESIGNATION OF FLOODPLAIN ADMINISTRATOR

The City Engineer is hereby appointed to administer and implement the provisions of this ordinance.

SECTION B PERMIT PROCEDURES

Application for a Development Permit shall be made to the Floodplain Administrator on forms furnished by the community **PRIOR** to any development activities, and may include, but not be limited to, the following: Plans in duplicate drawn to scale showing the elevations of the area in question and the nature, location, dimensions, of existing or proposed structures, fill placement, storage of materials or equipment, and drainage facilities.

Specifically, the following procedures and information are required for all projects in the Special Flood Hazard Areas within the jurisdiction of City of Vestavia Hills:

(1) Application Stage

Plot plans are to include:

- (a) The Base Flood Elevation (BFE) where provided as set forth in Article 2, Section B; Article 4, Section C; or Article 5, Section D;
- (b) Boundary of the Special Flood Hazard Area and floodway(s) as delineated on the FIRM or other flood map as determined in Article 2, Section B;
- (c) Flood zone designation of the proposed development area as determined on the FIRM or other flood map as determined in Article 2, Section B;
- (d) Elevation in relation to mean sea level (or highest adjacent grade) of the regulatory lowest floor level, including basement, of all proposed structures;
- (e) Elevation in relation to mean sea level to which any non-residential structure will be flood proofed;
- (f) Design certification from a registered professional engineer or architect that any proposed non-residential flood-proofed structure will meet the flood-proofing criteria of Article 4, Sections B(2) and E(2);
- (g) A Foundation Plan, drawn to scale, that shall include details of the proposed foundation system to ensure all provisions of this ordinance are met. These details include, but are not limited to, the proposed method of elevation (i.e., fill, solid foundation perimeter wall, solid backfilled foundation, open foundation on columns/posts/piers/piles/shear walls) and description of any flood openings

required in accordance with Article 4, Sections B(1), B(3), D(7), and E(1) when solid foundation perimeter walls are used.

- (h) Usage details of any enclosed areas below the lowest floor shall be described.
 - (i) Plans and/or details for the protection of public utilities and facilities such as sewer, gas, electrical, and water systems to be located and constructed to minimize flood damage.
 - (j) Description of the extent to which any watercourse will be altered or relocated as a result of a proposed development including current and proposed locations of the watercourse. An engineering report shall be provided on the effects of the proposed project on the flood-carrying capacity of the watercourse and the effects to properties located both upstream and downstream. The affected properties shall be depicted on a map or on the plot plan.
 - (k) Certification of the plot plan by a licensed professional engineer or surveyor in the State of Alabama is required.
- (2) Construction Stage

For all new construction and substantial improvements, the permit holder shall provide to the Floodplain Administrator an as-built certification of the regulatory floor elevation or flood-proofing level **using appropriate FEMA elevation or floodproofing certificate** immediately after the lowest floor or flood proofing is completed.

- (a) When flood proofing is utilized for non-residential structures, said certification shall be prepared by or under the direct supervision of a professional engineer or architect and certified by same.
- (b) **Any work undertaken prior to submission of these certifications shall be at the permit holder's risk.**
- (c) The Floodplain Administrator shall review the above referenced certification data submitted. Deficiencies detected by such review shall be corrected by the permit holder immediately and prior to further progressive work being allowed to proceed. Failure to submit certification or failure to make said corrections required hereby, shall be cause to issue a stop-work order for the project.
- (d) The Floodplain Administrator shall make **periodic inspections** of projects during construction throughout the Special Flood Hazard Areas within the jurisdiction of the community to ensure that the work is being done according to the provisions of the local ordinance and the terms of the permit. Members of his or her inspections/engineering department shall have a right, upon presentation of proper credentials, to enter on any premises within the territorial jurisdiction of the department at any reasonable hour for the purposes of inspection or other enforcement action.
- (e) The Floodplain Administrator may **revoke and require the return of the floodplain development permit** by notifying the permit holder in writing stating the reason(s) for the revocation. Permits shall be revoked for any substantial departure from the approved application, plans, and specifications; for refusal or failure to comply with the requirements of State or local laws; or for false statements or misrepresentations made in securing the permit. Any floodplain development permit mistakenly issued in violation of an applicable State or local law may also be revoked.

- (f) In any lot or lots/areas that will be or have been removed from the special flood hazard area utilizing a Letter of Map Revision Based on Fill (LOMR-F), the top of fill level must meet the community's freeboard elevation at that location. If the top of fill level is below the freeboard elevation, all new structures, additions to existing buildings or substantial improvement must meet the required community freeboard elevation.

(3) Finished Construction

Upon completion of construction, a FEMA elevation certificate (FEMA Form 81-31), which depicts all finished construction elevations, is required to be submitted to the Floodplain Administrator prior to issuance of a Certificate of Occupancy.

- (a) If the project includes a floodproofing measure, a FEMA floodproofing certificate is required to be submitted by the permit holder to the Floodplain Administrator.
- (b) The Floodplain Administrator shall review the certificate(s) data submitted. Deficiencies detected by such review shall be corrected by the permit holder immediately and prior to Certificate of Compliance/Occupancy issuance.
- (c) In some instances, another certification may be required to certify corrected as-built construction. Failure to submit the certification or failure to make required corrections shall be cause to withhold the issuance of a Certificate of Compliance/Occupancy.
- (d) Documentation regarding completion and compliance with the requirements stated in the permit application and with Article 3, Section B(1) of this ordinance shall be provided to the local Floodplain Administrator at the completion of construction or records shall be maintained throughout the Construction Stage by inspectors for the Floodplain Administrator. Failure to provide the required documentation shall be cause to withhold the issuance of a Certificate of Compliance/Occupancy.
- (e) All records that pertain to the administration of this ordinance shall be maintained and made available for public inspection, recognizing that such information may be subject to the Privacy Act of 1974, as amended.

SECTION C DUTIES AND RESPONSIBILITIES OF THE ADMINISTRATOR

Duties of the Floodplain Administrator shall include, but shall not be limited to:

- (1) Review all development permits to assure that the permit requirements of this ordinance have been satisfied; and assure that development sites are reasonably safe from flooding.
- (2) Review copies of all necessary permits from governmental agencies from which approval is required by Federal or State law, including section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334. Maintain such permits permanently with floodplain development permit file.
- (3) When Base Flood Elevation data or floodway data have not been provided in accordance with Article 2, Section B then the Floodplain Administrator shall obtain, review and reasonably utilize any base flood elevation and floodway data available from a Federal, State, or other sources in order to administer the provisions of Article 4.

- (4) Verify and record the actual elevation in relation to mean sea level (or highest adjacent grade) of the regulatory floor level, including basement, of all new construction or substantially improved structures in accordance with Article 3, Section B.
- (5) Verify and record the actual elevation, in relation to mean sea level to which any new or substantially improved structures have been flood-proofed, in accordance with Article 4, Sections B(2) and E(2).
- (6) When flood proofing is utilized for a structure, the Floodplain Administrator shall obtain certification of design criteria from a registered professional engineer or architect in accordance with Article 3, Section B(1)(c) and Article 4, Section B(2) or E(2).
- (7) Notify adjacent communities and the Alabama Department of Natural Resources prior to any alteration or relocation of a watercourse and submit evidence of such notification to the Federal Emergency Management Agency (FEMA), and the Alabama Department of Economic and Community Affairs/Office of Water Resources/NFIP State Coordinator's Office.
- (8) For any altered or relocated watercourse, submit engineering data/analysis within six (6) months to FEMA and State to ensure accuracy of community flood maps through the Letter of Map Revision process. Assure flood carrying capacity of any altered or relocated watercourse is maintained.
- (9) Where interpretation is needed as to the exact location of boundaries of the Areas of Special Flood Hazard (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Floodplain Administrator shall make the necessary interpretation. Any person contesting the location of the boundary shall be given a reasonable opportunity to appeal the interpretation as provided in this Ordinance.
- (10) All records pertaining to the provisions of this ordinance shall be maintained in the office of the Floodplain Administrator and shall be open for public inspection.
- (11) In addition, the Floodplain Administrator and his or her designated staff is hereby authorized and directed to enforce the provisions of this ordinance. The Administrator is further authorized to render interpretations of this ordinance, which are consistent with its spirit and purpose.
 - (a) Right of Entry
 - i. Whenever necessary to make an inspection to enforce any of the provisions of this ordinance, or whenever the Administrator has reasonable cause to believe that there exists in any building or upon any premises any condition or ordinance violation which makes such building, structure or premises unsafe, dangerous or hazardous, the Administrator may enter such building, structure or premises at all reasonable times to inspect the same or perform any duty imposed upon the Administrator by this ordinance.
 - ii. If such building or premises are occupied, the Administrator shall first present proper credentials and request entry. If such building, structure, or premises are unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of such building or premises.

- iii. If entry is refused, the Administrator shall have recourse to every remedy provided by law to secure entry.
- iv. When the Administrator shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building, structure, or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the Administrator for the purpose of inspection and examination pursuant to this ordinance.

(b) Stop Work Orders

- i. Upon notice from the Administrator, work on any building, structure or premises that is being performed contrary to the provisions of this ordinance shall immediately cease.
- ii. Such notice shall be in writing and shall be given to the owner of the property, or to his or her agent, or to the person doing the work, and shall state the conditions under which work may be resumed.

(c) Revocation of Permits

- i. The Administrator may revoke a permit or approval, issued under the provisions of this ordinance, in case there has been any false statement or misrepresentation as to the material fact in the application or plans on which the permit or approval was based.
- ii. The Administrator may revoke a permit upon determination that the construction, erection, alteration, repair, moving, demolition, installation, or replacement of the structure for which the permit was issued is in violation of, or not in conformity with, the provisions of this ordinance.

ARTICLE 4

PROVISIONS FOR FLOOD HAZARD REDUCTION

SECTION A GENERAL STANDARDS

In ALL Areas of Special Flood Hazard the following provisions are required:

- (1) Require copies of all necessary permits from governmental agencies from which approval is required by Federal or State law, including section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334. Maintain such permits be on file.
- (2) New construction and substantial improvements of existing structures shall be anchored to prevent flotation, collapse and lateral movement of the structure.
- (3) New construction and substantial improvements of existing structures shall be constructed with materials and utility equipment resistant to flood damage.
- (4) New construction and substantial improvements of existing structures shall be constructed by methods and practices that minimize flood damage:

- (a) All subdivision proposals shall be consistent with the need to minimize flood damage;
 - (b) All subdivision proposals shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize flood damage;
 - (c) All subdivision proposals shall have adequate drainage provided to reduce exposure to flood hazards.
- (5) All heating and air conditioning equipment and components, all electrical, ventilation, plumbing, and other service facilities shall be designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.
- (6) Manufactured homes shall be anchored to prevent flotation, collapse, and lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This standard shall be in addition to and consistent with applicable State requirements for resisting wind forces.
- (7) New and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system.
- (8) New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters.
- (9) On-site waste disposal systems shall be located and constructed to avoid impairment to them or contamination from them during flooding.
- (10) Any alteration, repair, reconstruction or improvement to a structure which is not compliant with the provisions of this ordinance, shall be undertaken only if the non- conformity is not furthered, extended or replaced.
- (11) Proposed new construction and substantial improvements that are partially located in an area of special flood hazard shall have the entire structure meet the standards for new construction.
- (12) Proposed new construction and substantial improvements that are located in multiple flood hazard risk zones or in a flood hazard risk zone with multiple base flood elevations shall have the entire structure meet the standards for the most hazardous flood hazard risk zone and the highest base flood elevation.

SECTION B SPECIFIC STANDARDS

In ALL Areas of Special Flood Hazard designated as A1-30, AE, AH, A (with engineered or estimated base flood elevation), the following provisions are required:

- (1) Residential and Non-residential Structures - Where base flood elevation data is available, new construction and substantial improvement of any structure or manufactured home **shall have the lowest floor, including basement, elevated no lower than one foot above the base flood elevation.** Should solid foundation perimeter walls be used to elevate a

structure, openings sufficient to facilitate the unimpeded movements of flood waters shall be provided in accordance with standards of Article 4, Section B(3).

- (2) Non-Residential Structures - New construction and substantial improvement of any non-residential structure located in A1-30, AE, or AH zones, may be floodproofed in lieu of elevation. **The structure, together with attendant utility and sanitary facilities, must be designed to be water tight to one (1) foot above the base flood elevation,** with walls substantially impermeable to the passage of water, and structural components having the capability of resisting hydrostatic and hydrodynamic loads and the effect of buoyancy. A registered professional engineer or architect shall certify that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions above, and shall provide such certification to the official as set forth above and in Article 3, Section C(6).

Dry floodproofing is allowed only where flood velocities are less than or equal to five feet per second. A registered professional engineer or architect shall certify that the standards of this subsection are satisfied. A Flood Emergency Operation Plan and an Inspection and Maintenance Plan must be provided by the design professional for the building. Such certification shall be provided to the Floodplain Administrator.

- (3) Enclosures for Elevated Buildings - All new construction and substantial improvements of existing structures that include **ANY fully enclosed area** below the base flood elevation, located below the lowest floor formed by the foundation and other exterior walls shall be designed so as to be an unfinished or flood resistant enclosure. The enclosure shall be designed to equalize hydrostatic flood forces on exterior walls by allowing for the automatic entry and exit of flood waters.
- (a) Designs for complying with this requirement must either be certified by a professional engineer or architect or meet the following minimum criteria:
- (i) Provide a minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding (if a structure has more than one enclosed area below the base flood elevation, each shall have openings on exterior walls);
 - (ii) The bottom of all openings shall be no higher than one foot above grade; and
 - (iii) Openings may be equipped with screens, louvers, valves and other coverings and devices provided they permit the automatic flow of floodwater in both directions.
- (b) So as not to violate the "Lowest Floor" criteria of this ordinance, the unfinished or flood resistant enclosure shall only be used for parking of vehicles, limited storage of maintenance equipment used in connection with the premises, or entry to the elevated area.
- (c) The interior portion of such enclosed area shall not be partitioned or finished into separate rooms. All interior walls, ceilings and floors below the base flood elevation shall be unfinished and/or constructed of flood resistant materials.
- (d) Mechanical, electrical or plumbing devices shall not be installed below the Base Flood Elevation. The interior portion of such enclosed area(s) shall be void of utilities except for essential lighting and power as required.
- (e) Property owners shall be required to execute a flood openings/venting affidavit acknowledging that all openings will be maintained as flood vents, and that the

elimination or alteration of the openings in any way will violate the requirements for enclosures below the base flood elevation. Periodic inspections will be conducted by the Floodplain Administrator to ensure compliance.

- (f) Property owners shall agree, certify, and declare to the following conditions and restrictions placed on the affected property as a condition for granting a permit. A binding agreement, referred to as a Non-conversion Agreement, is required to be executed and recorded with the Deed. It shall obligate the Owner to the following terms and conditions:
 - (i) That the enclosed area(s) shall remain fully compliant with all parts of the section Enclosures for Elevated Buildings of this Ordinance unless otherwise modified to be fully compliant with the applicable sections of the Flood Damage Prevention Ordinance in effect at the time of conversion.
 - (ii) A duly appointed representative of the City of Vestavia Hills is authorized to enter the property for the purpose of inspecting the exterior and interior of the enclosed area to verify compliance with the Agreement and Permit.
 - (iii) The community may take any appropriate legal action to correct any violation pertaining to the Agreement and the subject Permit.

- (4) Standards for Manufactured Homes and Recreational Vehicles - Where base flood elevation data are available:
 - (a) All manufactured homes placed and substantially improved on:
 - (i) individual lots or parcels,
 - (ii) in new or substantially improved manufactured home parks or subdivisions,
 - (iii) in expansions to existing manufactured home parks or subdivisions, or
 - (iv) on a site in an existing manufactured home park or subdivision where a manufactured home has incurred "substantial damage" as the result of a flood, must have the lowest floor including basement elevated no lower than one foot above the base flood elevation.
 - (b) Manufactured homes placed and substantially improved in an existing manufactured home park or subdivision may be elevated so that either:
 - (i) the lowest floor of the manufactured home is elevated no lower than one foot above the level of the base flood elevation, or
 - (ii) where no Base Flood Elevation exists, the manufactured home chassis and supporting equipment is supported by reinforced piers or other foundation elements of at least equivalent strength and a maximum of 60 inches (five feet) above grade and must meet the standards of Article 4, Section D(5).
 - (c) All Manufactured homes must be securely anchored to an adequately anchored foundation system to resist flotation, collapse and lateral movement.
 - (d) All recreational vehicles placed on sites must either:
 - (i) be on the site for fewer than 180 consecutive days, fully licensed and ready for highway use if it is licensed, on its wheels or jacking system, attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached structures or additions; or
 - (ii) the recreational vehicle must meet all the requirements for "New Construction," including the anchoring and elevation requirements of Article 4, Section B, provisions (3)(a) and (3)(c).

- (5) Require, until a regulatory floodway is designated, that no new construction, substantial improvements, or other development (including fill) shall be permitted within Zones A1-30 and AE on the City of Vestavia Hills FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than **one foot** at any point within the community.
- (6) Accessory Structures (also referred to as appurtenant structures) – This provision generally applies to new and substantially improved accessory structures. When an accessory structure complies with all other provisions of this ordinance (including floodway encroachment), represents a minimal investment (less than \$1000), and meets the requirements outlined below, these structures may be wet-floodproofed and do not have to be elevated or dry floodproofed.

Accessory structures include, but are not limited to, residential structures such as detached garages, storage sheds for garden tools or woodworking, gazebos, picnic pavilions, boathouses, small pole barns, and similar buildings. The following provisions apply to accessory structures built below the base flood elevation:

- (a) A permit shall be required prior to construction or installation.
- (b) Must be low value (less than \$1000) and not be used for human habitation.
- (c) Use must be restricted to parking of personal vehicles or limited storage (low-cost items that cannot be conveniently stored in the principal structure).
- (d) Must be designed with an unfinished interior and constructed with flood damage-resistant materials below the BFE.
- (e) Must be adequately anchored to prevent flotation, collapse, or lateral movement.
- (f) Must have adequate flood openings as described in Article 4, Section A (5) and be designed to otherwise have low flood damage potential.
- (g) Shall be constructed and placed on the building site so as to offer the minimum resistance to the flow of floodwaters.
- (h) Any mechanical and other utility equipment in the structure must be elevated to or above the BFE or must be floodproofed.
- (i) Under limited circumstances communities may issue variances to permit construction of wet-floodproofed accessory structures. Communities should not grant variances to entire subdivisions for accessory structures, especially detached garages. Variances should only be reviewed and issued on an individual or case-by-case basis and be based on the unique characteristics of the site.

SECTION C FLOODWAYS

Located within Areas of Special Flood Hazard established in Article 2, Section B, are areas designated as floodway. A floodway may be an extremely hazardous area due to velocity floodwaters, debris or erosion potential. In addition, the area must remain free of encroachment in order to allow for the discharge of the base flood without increased flood heights. Therefore, the following provisions shall apply:

- (1) The community shall select and adopt a regulatory floodway based on the principle that the area chosen for the regulatory floodway must be designed to carry the waters of the base

flood, without increasing the water surface elevation of that flood more than one foot at any point;

- (2) Encroachments, including fill, new construction, placement of manufactured homes, substantial improvements, and other development, are prohibited.
- (3) As long as no fill, structures (including additions), or other impediments to flow are added, permissible uses within the floodway may include: lawns, gardens, athletic fields, play areas, picnic grounds, and hiking/biking/horseback riding trails, general farming, pasture, outdoor plant nurseries, horticulture, forestry, wildlife sanctuary, game farm, and other similar agricultural, wildlife, and related uses. The uses in this subsection are permissible only if and to the extent that they do not cause any increase in flood levels during the base flood discharge.

SECTION D **BUILDING STANDARDS FOR STREAMS WITHOUT ESTABLISHED BASE FLOOD ELEVATIONS (APPROXIMATE A-ZONES)**

Located within the Areas of Special Flood Hazard established in Article 2, Section B, where streams exist but no base flood data have been provided (Approximate A-Zones), the following provisions apply:

- (1) Base flood elevation data shall be provided for subdivision proposals and all other proposed development, including manufactured home parks and subdivisions, greater than fifty (50) lots or five (5) acres, whichever is the lesser.
- (2) When base flood elevation data or floodway data have not been provided in accordance with Article 2, Section B then the Floodplain Administrator shall obtain, review, and reasonably utilize any scientific or historic Base Flood Elevation and floodway data available from a Federal, State, or other source, in order to administer the provisions of Article 4. ONLY if data are not available from these sources, then Article 4, Section D, provisions (5) and (6) shall apply:
- (3) No encroachments, including structures or fill material, shall be located within an area equal to the width of the stream or twenty-five feet, whichever is greater, measured from the top of the stream bank, unless certification by a registered professional engineer is provided demonstrating that such encroachment shall not result in any increase in flood levels during the occurrence of the base flood discharge.
- (4) All development in Zone A must meet the requirements of Article 4, Section A and Section B(1) through B(4).
- (5) In special flood hazard areas without base flood elevation data, new construction and substantial improvements of existing structures shall have the lowest floor (for the lowest enclosed area; including basement) elevated no less than three (3) feet above the highest adjacent grade. If the requirement as set forth in Article 4, Section B(1) and (2) require the lowest floor to be elevated no less than one foot about the base flood elevation, then the structure for this condition shall be elevated no less than four (4) feet about the highest adjacent grade.

- (6) In the absence of a base flood elevation, a manufactured home must also meet the elevation requirements of Article 4, Section B(4)(b)(ii) in that the structure must be elevated to a maximum of 60 inches (5 feet).
- (7) Openings sufficient to facilitate automatic equalization of flood water hydrostatic forces on exterior walls shall be provided in accordance with standards of Article 4, Section B(3)(a). The Floodplain Administrator shall certify the lowest floor elevation level and the record shall become a permanent part of the permit file.
- (8) Fill within the area of special flood hazard shall result in no net loss of natural floodplain storage. The volume of loss of floodwater storage due to filling in the special flood hazard area shall be offset by providing an equal volume of flood storage by excavation or other compensatory measures at or adjacent to the development site. Any excavation or other measures taken for compensatory storage shall be properly designed to provide protection against erosion or overgrowth of vegetation in order to preserve the storage volume. Proper maintenance measures shall also be undertaken to ensure the intended storage volume remains in perpetuity.

SECTION E STANDARDS FOR AREAS OF SHALLOW FLOODING (AO ZONES)

Areas of Special Flood Hazard established in Article 2, Section B may include designated "AO" shallow flooding areas. These areas have base flood depths of one to three feet (1'-3') above ground, with no clearly defined channel. The following provisions apply:

- (1) All new construction and substantial improvements of residential and nonresidential structures shall have the lowest floor, including basement, elevated above the highest adjacent grade at least as high as the depth number specified on the Flood Insurance Rate Map (FIRM) plus one foot of freeboard. **If no depth number is specified, the lowest floor, including basement, shall be elevated at least three (3) feet above the highest adjacent grade.** Openings sufficient to facilitate the unimpeded movements of flood waters shall be provided in accordance with standards of Article 4, Section B(3), "Enclosures for Elevated Buildings".

The Floodplain Administrator shall certify the lowest floor elevation level and the record shall become a permanent part of the permit file.
- (2) New construction and the substantial improvement of a non-residential structure may be flood-proofed in lieu of elevation. **The structure, together with attendant utility and sanitary facilities, must be designed to be water tight to the specified flood level in Article 4, Section E(1) or three (3) feet (if no depth number is specified), above highest adjacent grade,** with walls substantially impermeable to the passage of water, and structural components having the capability of resisting hydrostatic and hydrodynamic loads and the effect of buoyancy. A registered professional engineer or architect shall certify that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions above, and shall provide such certification to the official as set forth above and as required in Article 3, Section B(1)(c) and (2).

- (3) Drainage paths shall be provided to guide floodwater around and away from any proposed structure.

SECTION F STANDARDS FOR SUBDIVISIONS

- (1) All subdivision proposals shall be consistent with the need to minimize flood damage.
- (2) All subdivision proposals shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize flood damage.
- (3) All subdivision proposals shall have adequate drainage provided to reduce exposure to flood hazards, and;
- (4) Base flood elevation data shall be provided for all new subdivision proposals and other proposed development (including manufactured home parks and subdivisions), which is greater than fifty lots or five acres; whichever is the lesser.
- (5) All subdivision and other development proposals which involve disturbing more than 1 acre of land shall include a stormwater management plan which is designed to limit peak runoff from the site to predevelopment levels for the one, ten, and 25-year rainfall event. These plans shall be designed to limit adverse impacts to downstream channels and floodplains. Single residential lots involving less than one acre of land disturbance are not subject to this regulation.
- (6) All preliminary plans for platted subdivisions shall identify the flood hazard area and the elevation of the base flood.
- (7) All final subdivision plats will provide the boundary of the special flood hazard area, the floodway boundary, and the base flood elevations.
- (8) In platted subdivisions, all proposed lots or parcels that will be future building sites shall have a minimum buildable area outside the natural (non-filled) 1% chance annual floodplain. The buildable area shall be, at a minimum, large enough to accommodate any primary structure and associated structures such as sheds, barns, swimming pools, detached garages, on-site sewage disposal systems, and water supply wells, where applicable.

SECTION G. CRITICAL FACILITIES

Construction of new and substantially improved critical facilities shall be located outside the limits of the special flood hazard area (one percent annual chance floodplain). Construction of new critical facilities shall be permissible within the SFHA only if no feasible alternative site is available and access to the facilities remains available during a 0.2 percent chance flood.

- (1) Critical facilities constructed within the SFHA shall have the lowest floor elevated three feet above the base flood elevation at the site (or to the 0.2 percent chance flood elevation whichever is greater).
- (2) Floodproofing and sealing measures must be implemented to ensure that any and all on-site toxic substances will not be displaced by or released into floodwaters.

- (3) Multiple access routes, elevated to or above the 0.2 percent flood elevation, shall be provided to all critical facilities to the maximum extent possible.
- (4) Critical facilities must be protected to or above the 0.2 percent chance flood and must remain operable during such an event.
 - a. The community's flood response plan must list facilities considered critical in a flood.
 - b. Other facilities in low risk flood zones that may also be needed to support flood response efforts must be included on the critical facility list.
- (5) The use of any structure shall not be changed to a critical facility, where such a change in use will render the new critical facility out of conformance with this section.

ARTICLE 5

VARIANCE PROCEDURES

SECTION A. DESIGNATION OF VARIANCE AND APPEALS BOARD

The Board of Zoning Adjustments as established by the City Council of Vestavia Hills, Alabama shall hear and decide requests for appeals or variance from the requirements of this ordinance.

SECTION B. DUTIES OF BOARD

The Board shall hear and decide appeals when it is alleged an error in any requirement, decision, or determination is made by the Floodplain Administrator in the enforcement or administration of this ordinance. Any person aggrieved by the decision of the Board of Zoning Adjustments may appeal such decision to the Jefferson County Circuit Court, as provided in State of Alabama statute.

SECTION C. VARIANCE PROCEDURES

In reviewing requests for variance, the Board of Zoning Adjustments shall consider all technical evaluations, relevant factors, and standards specified in other sections of this ordinance, and:

- (1) Variances may be issued for development necessary for the conduct of a functionally dependent use, provided the criteria of this Article are met, no reasonable alternative exists, the development is protected by methods that minimize flood damage during the base flood, and it creates no additional threats to public safety.
- (2) Variances shall not be issued within any designated floodway if ANY increase in flood levels during the base flood discharge would result.

- (3) The evaluation must be based on the characteristics unique to that property and not be shared by adjacent parcels. The characteristics must pertain to the land itself, not to the structure, its inhabitants, or its owners.
- (4) Variances should never be granted for multiple lots, phases of subdivisions, or entire subdivisions.
- (5) The danger of life and property due to flooding or erosion damage including materials that may be swept onto other lands to the injury of others.
- (6) The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner and the community.
- (7) The safety of access to the property during flood conditions for daily traffic and emergency vehicles.
- (8) The importance of the services provided by the proposed facility to the community.
- (9) The necessity of the facility to be at a waterfront location, where applicable.
- (10) The compatibility of the proposed use with existing and anticipated development based on the community's comprehensive plan for that area.
- (11) The expected heights, velocity, duration, rate of rise, and sediment transport of the floodwaters and the effects of wave action, if applicable, expected at the site.
- (12) The costs associated with providing governmental services to the development during and after flood conditions, including maintenance and repair of public utilities and facilities such as sewer, gas, electrical, and water systems, and community infrastructure such as streets, bridges, and culverts.

Upon consideration of factors listed above, and the purpose of this ordinance, the Board of Zoning Adjustments may attach such conditions to the granting of variances as it deems necessary to further the purposes of this ordinance.

SECTION D. VARIANCES FOR HISTORIC STRUCTURES

Variances may be issued for the repair or rehabilitation of Historic Structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a Historic Structure and the variance is the minimum to preserve the historic character and design of the structure.

SECTION E. CONDITIONS FOR VARIANCES

The provisions of this Ordinance are minimum standards for flood loss reduction, therefore any deviation from the standards must be weighed carefully. Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

- (1) A variance may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size, contiguous to and surrounded by lots with existing structures constructed below the base flood level, in conformance with the procedures of Sections E(3), E(4), F(1) and F(2) of this Article.
- (2) In the instance of a Historic Structure, a determination is required that the variance is the minimum necessary so as not to destroy the historic character and design of the building.
- (3) A variance shall be issued ONLY when there is:
 - (a) A finding of good and sufficient cause;
 - (b) A determination that failure to grant the variance would result in exceptional hardship; and
 - (c) A determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisance, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.
- (4) A variance shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
- (5) Variances shall not be issued “after the fact.”

SECTION F. VARIANCE NOTIFICATION AND RECORDS

- (1) Any applicant to whom a variance is granted shall be given written notice over the signature of a community official that specifies the difference between the base flood elevation and the elevation of the proposed lowest floor and stating that the issuance of such a variance could:
 - a. result in rate increases in the hundreds and possibly thousands of dollars annually depending on structure and site-specific conditions; and
 - b. increase the risk to life and property resulting from construction below the base flood level.
- (2) The Floodplain Administrator shall maintain a record of all variance actions and appeal actions, including justification for their issuance. Report any variances to the Federal Emergency Management Agency Region 4 and the Alabama Department of Economic and Community Affairs/Office of Water Resources upon request.
- (3) A copy of the notice shall be recorded by the Floodplain Administrator in the Office of the City Clerk and shall be recorded in a manner so that it appears in the chain of title of the affected parcel of land.

ARTICLE 6
DEFINITIONS

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this ordinance its most reasonable application.

A Zone means the Area of Special Flood Hazard without base flood elevations determined.

Accessory Structure (also referred to as appurtenant structures) means a structure which is located on the same parcel of property as a principal structure to be insured and the use of which is incidental to the use of the principal structure. They should constitute a minimal initial investment, may not be used for human habitation, and be designed to have minimal flood damage potential. These structures are used solely for parking (two-car detached garages or smaller) or limited storage (small, low cost storage sheds). They are included under the general definition of structure and are consequently subject to all floodplain management regulations pertaining to structures.

Addition (to an existing building) means any improvement that increases the square footage of a structure. These include lateral additions added to the front, side, or rear of a structure, vertical additions added on top of a structure, and enclosures added underneath a structure. NFIP regulations for new construction apply to any addition that is considered a perimeter expansion or enclosure beneath a structure. If it is considered to be a substantial improvement (more than 50% of market value) to a structure, the existing structure will also need to be treated as new construction.

Depending on the flood zone and details of the project, the existing building may not have to be elevated. The determining factors are the common wall and what improvements are made to the existing structure. If the common wall is demolished as part of the project, then the entire structure must be elevated. If only a doorway is knocked through it and only minimal finishing is done, then only the addition has to be elevated.

AE Zone means the Area of Special Flood Hazard with base flood elevations determined.

AH Zone means an area of one percent chance of shallow flooding where depths are between one to three feet (usually shallow ponding), with base flood elevations shown.

AO Zone means an area of one percent chance of shallow flooding where depths are between one to three feet (usually sheet flow on sloping terrain), with depth numbers shown.

Appeal means a request for a review of the City Engineer's interpretation of any provision of this ordinance.

AR/AE, AR/AH, AR/AO, and AR/A Zones means a flood zone that results from the decertification of a previously accredited flood protection system or levee that is in the process of being restored to provide a one percent chance or greater level of flood protection. After restoration is complete, these areas will still experience residual flooding from other flooding sources.

A99 Zone means that part of the special flood hazard area inundated by the one percent annual chance flood to be protected from the one percent chance flood by a Federal flood protection system or levee under construction, no base flood elevations are determined.

Area of shallow flooding means a designated AO or AH Zone on a community's Flood Insurance Rate Map (FIRM) with base flood depths from one to three feet, and/or where a clearly defined channel does not exist, where the path of flooding is unpredictable and indeterminate, and where velocity flow may be evident.

Area of special flood hazard (also see “Special flood hazard area”) means the land in the floodplain within a community subject to a one percent or greater chance of flooding in any given year. In the absence of official designation by the Federal Emergency Management Agency, Areas of Special Flood Hazard shall be those designated by the local community and referenced in Article 2, Section B.

Base flood means the flood having a one percent chance of being equaled or exceeded in any given year (also referred to as the “one percent chance flood”).

Base flood elevation means the computed elevation to which floodwater is anticipated to rise during the base flood. It is also the elevation of surface water resulting from a flood that has a 1% chance of equaling or exceeding that level in any given year. Base Flood Elevations are shown in the FIS and on the Flood Insurance Rate Map (FIRM) for zones AE, AH, A1–A30, AR, AR/A, AR/AE, AR/A1– A30, AR/AH, AR/AO, V1–V30 and VE.

Basement means any portion of a building having its floor sub grade (below ground level) on all sides.

Building (also see **Structure**) means (1) A structure with 2 or more outside rigid walls and a fully secured roof, that is affixed to a permanent site; or (2) a manufactured home (a “manufactured home,” also known as a mobile home, is a structure built on a permanent chassis, transported to its site in 1 or more sections, and affixed to a permanent foundation); or (3) a travel trailer without wheels, built on a chassis and affixed to a permanent foundation, that is regulated under the community’s floodplain management and building ordinances or laws.

Community means a political entity and/or its authorized agents or representatives that have the authority to adopt and enforce floodplain ordinances for the area under its jurisdiction.

Community Rating System (CRS) means a program developed by the Federal Insurance Administration to provide incentives for those communities in the Regular Program that have gone beyond the minimum floodplain management requirements to develop extra measures to provide protection from flooding.

Critical facility (aka, critical action) means facilities for which the effects of even a slight chance of flooding would be too great. The minimum floodplain of concern for critical facilities is the 0.2 percent chance flood level. Critical facilities include, but are not limited to facilities critical to the health and safety of the public such as: emergency operations centers, designated public shelters, schools, nursing homes, hospitals, police, fire and emergency response installations, vital data storage centers, power generation and water and other utilities (including related infrastructure such

as principal points of utility systems) and installations which produce, use or store hazardous materials or hazardous waste (as defined under the Clean Water Act and other Federal statutes and regulations).

D Zone means an area in which the flood hazard is undetermined.

Dam means any artificial barrier, including appurtenant works, constructed to impound or divert water, waste water, liquid borne materials, or solids that may flow if saturated. All structures necessary to maintain the water level in an impoundment or to divert a stream from its course will be considered a dam.

Development means any man-made change to improved or unimproved real estate, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavation, drilling operations, or storage of equipment or materials.

Dry Floodproofing means any combination of structural and nonstructural additions, changes, or adjustments to structures, which reduce or eliminate flood damages to real estate or improved real estate property, water, and sanitary facilities, structures, and their contents. Structures shall be floodproofed with a minimum of 12 inches above the base flood elevation (more is recommended). Dry floodproofing of a pre-FIRM residential structure that has not been substantially damaged or improved is allowed. Dry floodproofing of a post-FIRM residential building is not allowed. Non-residential structures may be dry floodproofed in all flood zones with the exception of the Coastal High Hazard Area or the Coastal AE Zone.

Elevated building means a non-basement building which has its lowest elevated floor raised above ground level by foundation walls, pilings, posts, columns, piers, or shear walls.

Elevation Certificate means a FEMA form used as a certified statement that verifies a building's elevation information.

Encroachment means the advance or infringement of uses, plant growth, fill, excavation, buildings, structures or development into a floodplain, which may impede or alter the flow capacity of a floodplain.

Existing Construction means any structure for which the "start of construction" commenced before April 21, 1997 [**i.e., the effective date of the FIRST floodplain management code or ordinance adopted by the community as a basis for that community's participation in the National Flood Insurance Program (NFIP)**] or before January 1, 1975, for FIRMs effective before that date. Existing construction may also be referred to as existing structures.

Existing manufactured home park or subdivision means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum the installation of utilities, the construction of streets, and final site grading or the pouring of concrete pads) is completed before April 21, 1997.

Expansion to an existing manufactured home park or subdivision means the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed, including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads.

Flood or flooding means a general and temporary condition of partial or complete inundation of normally dry land areas from:

- a. The overflow of inland or tidal waters; or
- b. The unusual and rapid accumulation or runoff of surface waters from any source.
- c. Mudslides which are proximately caused by flooding as described in part “b.” of this definition and are akin to a river of liquid and flowing mud on the surfaces of normally dry land areas, as when earth is carried by a current of water and deposited along the path of the current.
- d. The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually highwater level in a natural body of water, accompanied by a severe storm, or by an unanticipated force of nature, such as flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event which results in flooding as defined in part “a.” of this definition.

Flood Hazard Boundary Map (FHBM) means an official map of a community, issued by the Federal Insurance Administration, where the boundaries of areas of special flood hazard have been designated as Zone A.

Flood Insurance Rate Map (FIRM) means an official map of a community, on which the Federal Emergency Management Agency has delineated the areas of special flood hazard and/or risk premium zones applicable to the community.

Flood Insurance Study/ Flood Elevation Study means an examination, evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide and/or flood-related erosion hazards.

Floodplain means any land area susceptible to being inundated by water from any source.

Floodplain management means the operation of an overall program of corrective and preventive measures for reducing flood damage and preserving and enhancing, where possible, natural resources in the floodplain, including but not limited to emergency preparedness plans, flood control works, floodplain management regulations, and open space plans.

Floodplain management regulations means this ordinance and other zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances, and other applications of police power which control development in flood-prone areas. This term describes federal, state, or local regulations in any combination thereof, which provide standards for preventing and reducing flood loss and damage.

Floodproofing means any combination of structural and nonstructural additions, changes or adjustments to structures, which reduce or eliminate risk of flood damage to real estate or improved real property, water and sanitation facilities or structures with their contents.

Floodway (Regulatory Floodway) means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.

Floodway fringe means that area of the special flood hazard area on either side of the regulatory floodway.

Flood Protection Elevation means the base flood elevation plus the community freeboard. In areas where no base flood elevations exist from any authoritative source, the flood protection elevation can be historical flood elevations or base flood elevations determined and/or approved by the floodplain administrator plus freeboard.

Freeboard means a factor of safety usually expressed in feet above the Base Flood Elevation (BFE) for purposes of floodplain management which tends to compensate for the many unknown factors that could contribute to flood heights greater than the height calculated for a selected size flood and floodway conditions, such as wave action, bridge openings, and the hydrological effect of urbanization of the watershed. Used to determine the level for a building's lowest floor elevation or level of floodproofing required to be in compliance with the community's floodplain management regulations.

Functionally dependent facility means a facility which cannot be used for its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facility that are necessary for the loading and unloading of cargo or passengers, and shipbuilding, and ship repair facilities. The term does not include long-term storage or related manufacturing facilities.

Hardship (as related to variances of this ordinance) means the exceptional difficulty that would result from a failure to grant the requested variance. The City of Vestavia Hills requires that the variance is exceptional, unusual, and peculiar to the property involved. Mere economic or financial hardship alone is NOT exceptional. Inconvenience, aesthetic considerations, physical handicaps, personal preferences, or the disapproval of one's neighbors likewise cannot, as a rule, qualify as an exceptional hardship. All of these problems can be resolved through other means without granting a variance, even if the alternative is more expensive, or requires the property owner to build elsewhere or put the parcel to a different use than originally intended.

Highest adjacent grade means the highest natural elevation of the ground surface, prior to construction, next to the proposed walls of a structure.

Historic Structure means any structure that is;

- a. Listed individually in the National Register of Historic Places (a listing maintained by the U.S. Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register:
- b. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district:

- c. Individually listed on a state inventory of historic places and determined as eligible by states with historic preservation programs which have been approved by the Secretary of the Interior; or
- d. Individually listed on a local inventory of historic places and determined as eligible by communities with historic preservation programs that have been certified either:
 - i. By an approved state program as determined by the Secretary of the Interior, or
 - ii. Directly by the Secretary of the Interior in states without approved programs.

Letter of Map Change (LOMC) is an official FEMA determination, by letter, to amend or revise effective Flood Insurance Rate Maps, Flood Boundary and Floodway Maps, and Flood Insurance Studies. LOMC's are broken down into the following categories:

Letter of Map Amendment (LOMA)

An amendment based on technical data showing that a property was incorrectly included in a designated SFHA, was not elevated by fill (only by a natural grade elevation), and will not be inundated by the one percent chance flood. A LOMA amends the current effective FIRM and establishes that a specific property is not located in a SFHA.

Letter of Map Revision (LOMR)

A revision based on technical data that, usually due to manmade changes, shows changes to flood zones, flood elevations, floodplain and floodway delineations, and planimetric features. One common type of LOMR, a LOMR-F, is a determination concerning whether a structure or parcel has been elevated by fill above the BFE and is, therefore, excluded from the SFHA.

Conditional Letter of Map Revision (CLOMR)

A formal review and comment by FEMA as to whether a proposed project complies with the minimum NFIP floodplain management criteria. A CLOMR does not revise effective Flood Insurance Rate Maps, Flood Boundary and Floodway Maps, or Flood Insurance Studies.

Levee means a man-made structure, usually an earthen embankment, designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding.

Levee System means a flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices.

Lowest adjacent grade means the point of the ground level immediately next to a building. This may be the sidewalk, patio, deck support, or basement entryway immediately next to the structure after the completion of construction. It does not include earth that is placed for aesthetic or landscape reasons around a foundation wall. It does include natural ground or properly compacted fill that comprises a component of a building's foundation system.

Lowest floor means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, used solely for parking of vehicles, building access, or storage, in an area other than a basement, is not considered a building's lowest floor, provided that

such enclosure is not built so as to render the structure in violation of other provisions of this ordinance.

Manufactured home means a building, transportable in one or more section, built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. The term also includes park trailers, travel trailers, and similar transportable structures placed on a site for 180 consecutive days or longer and intended to be improved property.

Manufactured home park or subdivision means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

Market value means the property value (as agreed between a willing buyer and seller), excluding the value of land as established by what the local real estate market will bear. Market value can be established by independent certified appraisal; replacement cost depreciated by age of building (Actual Cash Value); or adjusted assessed values.

Mean Sea Level means the average height of the sea for all stages of the tide. It is used as a reference for the base flood elevations shown on a community's Flood Insurance Rate Map (FIRM). For purposes of this ordinance, the term is synonymous with National Geodetic Vertical Datum (NGVD) of 1929, North American Vertical Datum (NAVD) of 1988, or other datum.

National Flood Insurance Program (NFIP) means the federal program that makes flood insurance available to owners of property in participating communities nationwide through the cooperative efforts of the Federal Government and the private insurance industry.

National Geodetic Vertical Datum (NGVD) means as corrected in 1929 is a vertical control used as a reference for establishing varying elevations within the floodplain.

New construction means ANY structure (see definition) for which the "start of construction" commenced after April 21, 1997 and includes any subsequent improvements (including additions) to such structures.

New manufactured home park or subdivision means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after April 21, 1997.

Non-Residential means, but is not limited to; small business concerns, churches, schools, farm buildings (including grain bins and silos), pool houses, clubhouses, recreational buildings, mercantile structures, agricultural and industrial structures, warehouses, and hotels and motels with normal room rentals for less than 6 months duration.

North American Vertical Datum (NAVD) of 1988 means a vertical control, corrected in 1988, used as a reference for establishing varying elevations within the floodplain.

Obstruction means, but is not limited to, any dam, wall, wharf, embankment, levee, dike, pile, abutment, protection, excavation, channel construction, bridge, culvert, building, wire, fence, rock, gravel, refuse, fill, structure, vegetation or other material in, along, across or projecting into any watercourse which may alter, impede, retard or change the direction and/or velocity of the flow of

water, or due to its location, its propensity to snare or collect debris carried by the flow of water, or its likelihood of being carried downstream.

One Percent Flood (aka 100-Year Flood) is the flood that has a one percent chance of being equaled or exceeded in any given year. Any flood zone that begins with the letter A or V is subject to inundation by the one percent chance flood. Over the life of a 30-year loan, there is a 26-percent chance of experiencing such a flood within the SFHA.

Participating Community is any community that voluntarily elects to participate in the NFIP by adopting and enforcing floodplain management regulations that are consistent with the standards of the NFIP.

Permit means an official document or certificate issued by the City Official that authorizes performance of a specific activity.

Post-FIRM Construction means new construction and substantial improvements for which start of construction occurred after December 31, 1974, or on or after the effective date of the initial FIRM of the community, whichever is later.

Pre-FIRM Construction means new construction and substantial improvements for which start of construction occurred on or before December 31, 1974, or before the effective date of the initial FIRM of the community, whichever is later.

Probation means an action taken by FEMA to formally notify participating communities of the first of the two NFIP sanctions due to their failure to correct violations and deficiencies in the administration and enforcement of the local floodplain management regulations.

Public safety and nuisance means anything which is injurious to the safety or health of an entire community or neighborhood, or any considerable number of persons, or unlawfully obstructs the free passage or use, in the customary manner, of any navigable lake, or river, bay, stream, canal, or basin.

Recreational vehicle means a vehicle which is:

- a. Licensed and titled as a recreational vehicle or park model;
- b. Built on a single chassis;
- c. 400 square feet or less when measured at the largest horizontal projection;
- d. Has no attached deck, porch, or shed;
- e. Has quick-disconnect sewage, water, and electrical connectors;
- f. Designed to be self-propelled or permanently towable by a light duty truck; and
- g. Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Regular Program means the second phase of the community's participation in the NFIP in which second layer coverage is available based upon risk premium rates only after FEMA has completed a flood risk study for the community.

Regulatory floodway see **Floodway**.

Remedy a violation means to bring the structure or other development into compliance with State or local floodplain management regulations, or, if this is not possible, to reduce the impacts of its noncompliance. Ways that impacts may be reduced include protecting the structure or other affected development from flood damages, implementing the enforcement provisions of the ordinance or otherwise deterring future similar violations, or reducing Federal financial exposure with regard to the structure or other development.

Repetitive Loss means flood-related damages sustained by a structure on two separate occasions during a 10-year period for which the cost of repairs at the time of each such flood event, on the average, equals or exceeds 25 percent of the market value of the structure before the damages occurred.

Repetitive Loss Property means any insurable structure for which two or more claims of more than \$1,000 were paid by the National Flood Insurance Program (NFIP) within any rolling 10-year period, since 1978. At least two of the claims must be more than ten (10) days apart but, within ten years of each other. A repetitive loss property may or may not be currently insured by the NFIP.

Section 1316 means no new flood insurance policy or federal disaster assistance shall be provided for any property which the Administrator finds has been declared by a duly constituted State or local zoning authority or other authorized public body, to be in violation of State or local laws, regulations or ordinances which are intended to discourage or otherwise restrict land development or occupancy in floodprone areas. If the structure is made compliant with the applicable community's floodplain management ordinance, then the Section 1316 declaration can be rescinded by the community and flood insurance and disaster assistance eligibility restored.

Severe Repetitive Loss Structure means any insured property that has met at least one of the following paid flood loss criteria since 1978, regardless of ownership:

- a. Four or more separate claim payments of more than \$5,000 each (including building and contents payments); or
- b. Two or more separate claim payments (building payments only) where the total of the payments exceeds the current market value of the property.

In either case, two of the claim payments must have occurred within ten years of each other. Multiple losses at the same location within ten days of each other are counted as one loss, with the payment amounts added together.

Special flood hazard area (SFHA) means that portion of the floodplain subject to inundation by the base flood and/or flood-related erosion hazards as shown on a FHBM or FIRM as Zones A, AE, AH, AO, AR, AR/AE, AR/AO, AR/AH, AR/A, A99, or VE.

Start of construction (for other than new construction or substantial improvements under the Coastal Barrier Resources Act (Pub. L. 97-348)) means the date the development or building permit was issued (includes substantial improvement), provided the actual start of construction, repair, reconstruction, or improvement was within 180 days of the permit date. The actual start means the first placement of permanent construction of the structure (including a manufactured home) on a site, such as the pouring of slabs or footings, installation of piles, construction of columns, or any

work beyond the stage of excavation, and includes the placement of a manufactured home on a foundation.

“Permanent construction” does not include initial land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of buildings appurtenant to the permitted structure, such as garages or sheds not occupied as dwelling units or part of the main structure. (*NOTE: accessory structures are NOT exempt from any ordinance requirements*). For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Structure means a walled and roofed building, including a liquid or gas storage tank, that is principally above ground, as well as a manufactured home.

Substantial damage means damage of any origin sustained by a structure whereby the cost of restoring the structure to it before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred. Substantial damage also means flood related damages sustained by a structure on two separate occasions during a 10-year period for which the cost of repairs at the time of each such flood event, on the average, equals or exceeds 25 percent of the market value of the structure before the damages occurred.

Substantial improvement means any combination of reconstruction, alteration, or improvement to a building, taking place during a 10-year period, in which the cumulative percentage of improvement equals or exceeds 50 percent of the current market value of the structure before the “start of construction” of the initial improvement. Any subsequent improvement project costs shall be added to the initial costs for the initial improvement project. At the end of a 10-year period from the initial improvement project, an updated valuation for the structure can be used for the next time period. This term includes structures which have incurred “repetitive loss” or “substantial damage”, regardless of the actual repair work performed. The market value of the building should be (1) the appraised value of the structure prior to the start of the initial repair or improvement, or (2) in the case of damage, the value of the structure prior to the damage occurring.

For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the building. The term does not, however, include either:

- a. Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions (provided that said code deficiencies were not caused by neglect or lack of maintenance on the part of the current or previous owners) or;
- b. Any alteration of a “historic structure”, provided that the alteration will not preclude the structure’s continued designation as a “historic structure”.

Substantially improved existing manufactured home parks or subdivisions is where the repair, reconstruction, rehabilitation or improvement of the streets, utilities and pads equals or exceeds 50

percent of the value of the streets, utilities and pads before the repair, reconstruction or improvement commenced.

Suspension means the removal, with or without probation, of a participating community from the NFIP because the community failed to adopt and enforce the compliant floodplain management regulations required for participation in the NFIP.

Variance means a grant of relief from the requirements of this ordinance which permits construction in a manner otherwise prohibited by this ordinance.

Violation means the failure of a structure or other development to be fully compliant with the community's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in the Code of Federal Regulations (CFR) §44, Sec. 60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5) and corresponding parts of this ordinance is presumed to be in violation until such time as that documentation is provided.

Watercourse means any flowing body of water including a river, creek, stream, or a branch.

Water surface elevation means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, the North American Vertical Datum (NAVD) of 1988, (or other datum, where specified) of floods of various magnitudes and frequencies in the floodplains of coastal or riverine areas.

Wet floodproofing means a method of construction which allows water to enter a structure in such a way that will minimize damage to the structure and its contents. Wet floodproofing is appropriate for functionally dependent use and uses that facilitate open space use by variance only, structures utilized for parking or limited storage, or when all other techniques are not technically feasible. Wet floodproofing shall not be utilized as a method to satisfy the requirements of this ordinance for bringing substantially damaged or improved structures into compliance. Wet floodproofing is not allowed in lieu of complying with the lowest floor elevation requirements for new residential buildings.

X Zones (shaded) are areas of 0.2 percent chance flood that are outside of the SFHA subject to the one percent chance flood with average depths of less than one foot, or with contributing drainage area less than one square mile, and areas protected by certified levees from the base flood.

X Zones (unshaded) are areas determined to be outside the 0.2 percent chance floodplain.

Zone means a geographical area shown on a Flood Hazard Boundary Map or a Flood Insurance Rate Map that reflects the severity or type of flooding in the area.

ARTICLE 7
SEVERABILITY

If any section, clause, sentence, or phrase of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way effect the validity of the remaining portions of this Ordinance.

EFFECTIVE DATE

This Ordinance Number 2916 shall become effective immediately upon posting and publication as required by Alabama law.

DONE, ORDERED, ADOPTED and APPROVED this the 24th day of February, 2020.

STATE OF ALABAMA

COUNTY OF JEFFERSON

This instrument prepared by: Dean Fritz

Alabama Power Company
Corporate Real Estate
2 Industrial Park Drive
Pelham, AL 35124

KNOW ALL MEN BY THESE PRESENTS That the undersigned **City of Vestavia Hills, Alabama**, (hereinafter known as "Grantors", whether one or more) for and in consideration of One and No/100 Dollar (\$1.00) and other good and valuable consideration paid to Grantors in hand by Alabama Power Company, a corporation, the receipt and sufficiency of which are hereby acknowledged, do hereby grant to said Alabama Power Company, its successors and assigns (hereinafter the "Company"), the following easements, rights, and privileges:

Overhead and/or Underground. The right from time to time to construct, install, operate and maintain, upon, over, under and across the Property described below, all poles, towers, wires, conduits, fiber optics, cables, communication lines, translosures, transformers, anchors, guy wires, and other facilities useful or necessary in connection therewith (collectively, "Facilities"), for the overhead and/or underground transmission and distribution of electric power and communications, along a route selected by the Company, as determined by the location(s) in which the Company's facilities are to be installed. The width of the Company's right of way will depend on whether the Facilities are underground or overhead: for underground, the right of way will extend five (5) feet on all sides of said Facilities as and where installed; for overhead Facilities, the right of way will extend fifteen (15) feet on all sides of said Facilities as and where installed.

The Company is further granted all the rights or privileges necessary or convenient for the full enjoyment and use of said right of way for the purposes above described, including, without limitation, the right of ingress and egress to and from said Facilities, as applicable, the right to excavate for installation, replacement, repair and removal of said Facilities, the right to install, maintain, and use anchors and guy wires on land adjacent to said right of way, the right in the future to install intermediate poles and facilities on said right of way, and also the right to cut, remove, and otherwise keep clear any and all trees, undergrowth, structures, obstructions, or obstacles of whatever character, on, under and above said right of way, as applicable. Further, with respect to overhead Facilities, the Company is also granted the right to trim and cut, and keep trimmed and cut, all dead, weak, leaning or dangerous trees or limbs outside of the aforementioned right of way that, in the opinion of the Company, may now or hereafter endanger, interfere with, or fall upon any of said overhead Facilities.

The easements, rights and privileges granted hereby shall apply to, and the word "Property" as used in this instrument shall mean the real property more particularly described in that certain instrument recorded in Deed Book 3274, Page 2, in the Office of the Judge of Probate of the above-named County.

If, in connection with the construction or improvement of any public road or highway, it becomes necessary or desirable for the Company to move any of the Facilities, Grantor hereby grant to the Company the right to relocate the Facilities and, as to such relocated Facilities, to exercise the rights granted above; provided, however, the Company shall not relocate said Facilities on the Property at a distance greater than ten feet (10) outside the boundary of the right of way of any such public road or highway as established or re-established from time to time.

This grant and agreement shall be binding upon and shall inure to the benefit of Grantors, the Company and each of their respective heirs, personal representatives, successors and assigns and the words "Company" and "Grantors" as used in this instrument shall be deemed to include the heirs, personal representatives, successors and assigns of such parties.

TO HAVE AND TO HOLD the same to the Company, its successors and assigns, forever.

IN WITNESS WHEREOF, the said Grantors have caused this instrument to be executed by _____, its authorized representative, as of the _____ of _____, 20__.

Tax Revenue Enhancement Agreement Business License Administration

This Agreement made as of the ____ day of _____, 2020 by and between AVENU Insights & Analytics, LLC d/b/a AVENU and City of Vestavia Hills, Alabama, an Alabama CITY ("CITY").

A. Remittance Processing Services

1. Services Performed: AVENU will perform remittance processing for the collection of Business Licenses.
2. Taxpayer Notification and Remittance: AVENU will send individualized tax forms to all known taxpayers. Taxpayers will remit payments to CITY of Vestavia Hills, P.O. Box 830725, Birmingham, AL 35283-0725. Upon reasonable notice to CITY, AVENU may change the P.O. Box for CITY of Vestavia Hills payments.
3. Deposit Process: Deposits are made to the extent that funds have been received, via Automated Clearing House of the amounts and to the designated recipients as instructed by the CITY, as shown in more detail on **Exhibit A**.
4. Posting Process: Taxpayer accounts are posted with payment information captured in the AVENU revenue system. Additional information such as net sales, deductions, credit sales, measure of tax, name change, and address change are captured and added to payment data and taxpayer master file (as determined necessary by AVENU). Late payments (postmarked by U.S. Postal Service after due date) are invoiced at penalty amounts required by State code. Underpayments are invoiced for remaining tax due plus any required penalties.
5. Changes to **Exhibit A**: CITY shall notify AVENU in writing immediately of all changes in amounts to be deposited into the accounts of designated recipients. An amended **Exhibit A** shall be prepared and executed by the Parties as soon as reasonably possible. In addition, AVENU shall provide documentation confirming each change under the preceding sentence with the first monthly report reflecting the applicable change. If the changes reflected in the monthly report do not properly reflect the intended changes of the CITY, then the CITY shall immediately notify AVENU and, thereafter, AVENU shall take the steps necessary to insure designated recipients receive the amounts intended by CITY.
6. Notification, Reporting to CITY: AVENU will provide CITY with monthly reports including, but not limited to, payment listings showing all monies received, a detail and summary reconciliation report that corresponds to CITY's account numbers and all fees paid to AVENU.

B. General Provisions

1. Taxpayer service: AVENU will provide a taxpayer assistance number for taxpayer questions.
2. Review and Appeal Process: AVENU has adopted and will use a review and appeals process which is based on the *Alabama Taxpayers' Bill of Rights Act and Uniform Revenue Procedures Act* codified as Title 40, Chapter 2A, Code of Alabama, 1975, as amended.
3. Consideration for Remittance Processing Services, Revenue Analysis Services, and Compliance Services:
 - i. AVENU will receive an amount equal to Nine Dollars and Ninety-Five Cents (\$9.95) per business license notice mailed.
 - ii. AVENU archives all original licenses/applications. If a CITY wants a copy of the original license application, there is a fee equal to \$3.00 per business license/application that will be charged to CITY for the mailing or faxing.

4. Audit Services:

- i. AVENU Audit Services: Audit Services include all preparation for the performance of an audit, any research or statistical analysis performed in relation to an audit, examination of the books and records of the taxpayer, an assessment of the amount due (if any), and all services related to closing an audit.
 - ii. AVENU Fee: AVENU will receive an amount based on an hourly rate of seventy dollars (\$70.00) for audit services, without any contingent fees whatsoever. The fees associated with the auditing portion of this contract are adjusted at the beginning of each calendar year by the percentage change in the Consumer Price Index (in the geographic area) as reported by the Bureau of Labor Statistics. The initial CPI used for the first CPI adjustment will be the CPI for the month in which the agreement is fully signed. The adjustments thereafter will be based on the CPI from December of the prior calendar year. Each annual adjustment will not be less than two percent (2%) or greater than five percent (5%). If overnight travel outside the State of Alabama is required, AVENU will pay the auditor, and bill the CITY for its portion of travel expenses. CITY agrees to pay the amount of these fees when due, regardless of any recovery.
 1. Billing Increment: Time will be recorded in 15-minute intervals (.25 hours);
 2. Shared Audit Fees: When audits for CITY overlap with audits for other AVENU clients or clients of AVENU Affiliates, the fees will be shared as follows:
 - a. Travel Time: travel time, expenses, and a daily per diem amount for each audit is distributed evenly among the clients reviewed for each audit.
 - b. Interview Time: time billed during the initial interview of each audit is distributed evenly amongst the clients reviewed for each audit – during this process the auditor determines which clients will actually be audited for and billed Audit Time as follows:
 - i. Audit Time: time billed during the actual audit stage of each audit is billed according to actual time spent working for each client;
 - ii. No Double Billing: In no event will the overlapping audits combined require payment for more than 100% for any one AVENU representative.
5. Company Audit: Once a year AVENU will have an auditor prepare an Independent Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness. This report is commonly called a SOC 1 report and will be made available upon request.
 6. Term of the Agreement: This Agreement shall be for a term of three (3) years following the date of execution. Either party shall have the right to terminate this Agreement in the event of a material breach by the other party. Any such termination may be made only by providing ninety (90) days written notice to the other party, specifically identifying the breach or breaches on which termination is based. Following receipt of such notice, the party in breach shall have thirty (30) days to cure such breach or breaches. In the event that such cure is not made, this Agreement shall terminate in accordance with the initial ninety (90) day notice.
 7. Effect of Termination: Notwithstanding non-renewal or termination of this Agreement, CITY shall be obligated to pay AVENU for services performed through the effective date of termination for which AVENU has not been previously paid. In addition, because the services performed by AVENU prior to termination or non-renewal of this Agreement may result in the CITY's receipt of revenue after termination which are subject to AVENU' fee, the CITY shall remain obligated

after termination or non-renewal to provide to AVENU such information as is necessary for AVENU to calculate compensation due as a result of the receipt of revenue by the CITY. The CITY shall remain obligated to pay AVENU' invoices therefore in accordance with the terms of this Agreement.

8. Equal Opportunity to Draft: The Parties have participated and had an equal opportunity to participate in the drafting of this Agreement. No ambiguity shall be construed against any Party upon a claim that that party drafted the ambiguous language.
9. Assignment: This Agreement shall be binding upon and inure to the benefit of the Parties, their successors; representatives and assigns. AVENU shall not assign this Agreement, or delegate its duties or obligations under this Agreement, without the prior written consent of CITY, which consent shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing, AVENU may assign this Agreement, in whole or in part, without the consent of CITY to any corporation or entity into which or with which AVENU has merged or consolidated; any parent, subsidiary, successor or affiliated corporation of AVENU; or any corporation or entity which acquires all or substantially all of the assets of AVENU. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties and their successors or assigns.
10. Force Majeure: AVENU shall not be in default of its obligations hereunder to the extent that its performance is delayed or prevented by causes beyond its control, including but not limited to acts of God, government, weather, fire, power or telecommunications failures, inability to obtain supplies, breakdown of equipment or interruption in vendor services or communications.
11. Subcontractors: AVENU shall have the right to hire assistants as subcontractors or to use employees to provide the Services required by this Agreement. AVENU, in rendering performance under this Agreement shall be deemed an independent contractor and nothing contained herein shall constitute this arrangement to be employment, a joint venture, or a partnership. AVENU shall be solely responsible for and shall hold CITY harmless from any and all claims for any employee related fees and costs including without limitation employee insurance, employment taxes, workman's compensation, withholding taxes or income taxes.
12. Intellectual Property Rights: The entire right, title and interest in and to AVENU' database and all copyrights, patents, trade secrets, trademarks, trade names, and all other intellectual property rights associated with any and all ideas, concepts, techniques, inventions, processes, or works of authorship including, but not limited to, all materials in written or other tangible form developed or created in the course of this Agreement (collectively, the "Work Product") shall vest exclusively in AVENU. The foregoing notwithstanding, in no event shall any CITY-owned data provided to AVENU be deemed included within the Work Product.
13. Entire Agreement: This Agreement constitutes the entire agreement between the Parties hereto and supersedes any prior understandings or written or oral agreements between the parties respecting the subject matter contained herein. Said Agreement shall not be amended, altered, or changed, except by a written Agreement signed by both parties hereto.
14. Invalidity: If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
15. Effective Date: The effective date for the performance of services under the terms of this agreement shall commence _____ 1, 2020.

IN WITNESS WHEREOF, the parties hereto as of the date first above written have duly executed this Agreement.

Tax Revenue Enhancement Agreement Revenue Administration

This agreement made as of the _____, by and between AVENU Insights & Analytics, LLC and City of Vestavia Hills, an Alabama CITY ("CITY").

A. Remittance Processing Services

1. Taxes Processed: AVENU will perform remittance processing for sales and use taxes as designated by CITY.
2. Taxpayer Notification and Remittance: AVENU will send individualized tax forms to all known taxpayers. Taxpayers will remit payments to the following Address: City of Vestavia Hills, P.O. Box 830725, Birmingham, AL 35283-0725. Upon reasonable notice to CITY, AVENU may change the Address for payments.
3. Deposit Process: Deposits are made to the extent that funds have been received, via Automated Clearing House of the amounts and to the designated recipients as instructed by the CITY for each type of tax collected, as shown in more detail on **Exhibit A**.
4. Posting Process: Taxpayer accounts are posted with payment information captured in the AVENU revenue system. Additional information such as net sales, deductions, credit sales, measure of tax, name change, and address change is captured and added to payment data and taxpayer master file (as determined necessary by AVENU). Late payments (postmarked by U.S. Postal Service after due date) are invoiced at penalty amounts required by State code. Under-payments are invoiced for remaining tax due plus any required penalties.
5. Changes to **Exhibit A**: CITY shall notify AVENU in writing immediately of all changes in amounts to be deposited into the accounts of designated recipients. An amended **Exhibit A** shall be prepared and executed by the Parties as soon as reasonably possible. In addition, AVENU shall provide documentation confirming each change under the preceding sentence with the first monthly report reflecting the applicable change. If the changes reflected in the monthly report do not properly reflect the intended changes of the CITY, then the CITY shall immediately notify AVENU and, thereafter, AVENU shall take the steps necessary to insure, designated recipients receive the amounts intended by CITY.
6. Notification, Reporting to CITY:
 - i. AVENU will provide CITY with monthly reports including, but not limited to, payment listings showing all taxes received related to net receipts reported, a general ledger distribution that corresponds to CITY'S account numbers and all fees paid to AVENU. These reports will be provided by the 10th of the month following the tax month;
 - ii. CITY AGREES TO EXAMINE THIS REPORT IMMEDIATELY. IF NO ERROR IS REPORTED BY THE CITY TO AVENU WITHIN 60 DAYS, THE STATEMENT WILL BE DEEMED ACCURATE;
 - iii. All items credited will be subject to receipt of payment; and
 - iv. AVENU will attend Council meetings at such times as may be reasonably requested by CITY.

B. Compliance Services

1. Taxes Reviewed: AVENU will perform compliance services for sales, use and other taxes designated by CITY under Remittance Processing Services. AVENU will provide delinquency notification and follow-up. This includes correspondence, calls, and collection procedures and the related documentation. Delinquency policies and procedures will be applied consistently and within applicable tax laws. Unless otherwise directed by CITY, AVENU will make reasonable efforts to collect taxes designated by CITY hereunder. Where deemed reasonably appropriate, accounts may be turned over to audit or third-party collection. If CITY elects to have its attorney pursue collection of certain uncollected accounts, AVENU will assist CITY attorney as reasonably requested at its normal hourly rate as reflected herein.
2. Conduct of Compliance Services: To assure that all taxpayers are treated fairly and consistently, and all compliance services are performed in a similar manner, AVENU representatives who perform compliance services will use a similar compliance plan for each compliance service conducted. All funds due from compliance services will be remitted to CITY in the same manner as provided for pursuant to *Section A*, above.

C. General Provisions

1. Information Provided: CITY represents that the information provided to AVENU in the performance of services hereunder shall be provided free and clear of the claims of third parties. CITY represents that it has the right to provide this information to AVENU and that said information shall not be defamatory or otherwise expose AVENU to liability to third parties.
2. Compliance with laws: Each Party accepts responsibility for its compliance with federal, state, or local laws and regulations.
3. Taxpayer service: AVENU will provide a taxpayer assistance number for taxpayer questions. AVENU will provide informational brochures for placement in CITY offices, Chamber of Commerce offices, libraries and any other facilities. This information may also be available on the Internet at www.avenuinsights.com.
4. Review and Appeal Process: AVENU has adopted and will use a review and appeals process which is based on the *Alabama Taxpayers' Bill of Rights Act* and *Uniform Revenue Procedures Act* codified as Title 40, Chapter 2A, Code of Alabama, 1975, as amended.
5. Consideration for Remittance Processing Services, Revenue Analysis Services and Compliance Services: AVENU shall be compensated for the services rendered under this agreement in accordance with the schedule of fees set forth in Exhibit "A".
6. Audit Services:
 - i. AVENU Audit Services: Audit Services include all preparation for the performance of an audit, any research or statistical analysis performed in relation to an audit, in-house audit/collection efforts, examination of the books and records of the taxpayer, an assessment of the amount due (if any), and all services related to closing an audit.
 - ii. AVENU Reciprocal Agreement: To the fullest extent allowed by law, CITY hereby authorizes AVENU to act as a facilitator with the Alabama Department of Revenue and other applicable jurisdictions to share audit findings on its behalf.
 - iii. AVENU Fee: AVENU shall be compensated for audit services rendered under this agreement at the hourly rate set forth in Exhibit "A". There shall be no contingency fees.

1. If overnight travel or travel more than 25 miles beyond origination point is required, AVENU will pay the auditor and bill the CITY for its portion of travel expenses. CITY agrees to pay the amount of these fees when due, regardless of any recovery.
2. Billing Increment: Time will be recorded in 15-minute intervals (.25 hours);
3. Shared Audit Fees: When audits for CITY overlap with audits for other AVENU clients or clients of AVENU Affiliates, the fees will be shared as follows:
 - a. Travel Time: travel time, expenses, and a daily per diem amount for each audit is distributed evenly among the clients reviewed for each audit.
 - b. Interview Time: time billed during the initial interview of each audit is distributed evenly amongst the clients reviewed for each audit – during this process the auditor determines which clients will actually be audited for and billed Audit Time as follows:
 - i. Audit Time: Time billed during the actual audit stage of each audit is billed according to actual time spent working for each client;
 - i. No Double Billing: In no event will the overlapping audits combined require payment for more than 100% for any one AVENU representative.
7. Company Audit: Once a year AVENU will have an auditor prepare an Independent Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness. This report is commonly called a SOC 1 report and will be made available upon request.
8. Term of the Agreement: This Agreement shall be for a term of three (3) years following the date of execution or the maximum period allowed by law, whichever is shorter. Either party shall have the right to terminate this Agreement in the event of a material breach by the other party. Any such termination may be made only by providing ninety (90) days written notice to the other party, specifically identifying the breach or breaches on which termination is based. Following receipt of such notice, the party in breach shall have thirty (30) days to cure such breach or breaches. In the event that such cure is not made, this Agreement shall terminate in accordance with the initial ninety (90) days notice.
9. Effect of Termination: Notwithstanding non-renewal or termination of this Agreement, CITY shall be obligated to pay AVENU for services performed through the effective date of termination for which AVENU has not been previously paid. In addition, because the services performed by AVENU prior to termination or non-renewal of this Agreement may result in the CITY's receipt of revenue after termination which are subject to AVENU'S fee, the CITY shall remain obligated after termination or non-renewal to provide to AVENU such information as is necessary for AVENU to calculate compensation due as a result of the receipt of revenue by the CITY. The CITY shall remain obligated to pay AVENU'S invoices therefore in accordance with the terms of this Agreement.
10. Equal Opportunity to Draft: The Parties have participated and had an equal opportunity to participate in the drafting of this Agreement. No ambiguity shall be construed against any Party upon a claim that that party drafted the ambiguous language.
11. Assignment: This Agreement shall be binding upon and inure to the benefit of the Parties, their successors; representatives and assigns. AVENU shall not assign this Agreement, or delegate its duties or obligations under this Agreement, without the prior written consent of CITY, which consent shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing, AVENU may assign this Agreement, in whole or in part, without the consent of CITY to any corporation or

entity into which or with which AVENU has merged or consolidated; any parent, subsidiary, successor or affiliated corporation of AVENU; or any corporation or entity which acquires all or substantially all of the assets of AVENU. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties and their successors or assigns.

12. Force Majeure: AVENU shall not be in default of its obligations hereunder to the extent that its performance is delayed or prevented by causes beyond its control, including but not limited to acts of God, government, weather, fire, power or telecommunications failures, inability to obtain supplies, breakdown of equipment or interruption in vendor services or communications.
13. Subcontractors: AVENU shall have the right to hire assistants as subcontractors or to use employees to provide the Services required by this Agreement. AVENU, in rendering performance under this Agreement shall be deemed an independent contractor and nothing contained herein shall constitute this arrangement to be employment, a joint venture, or a partnership. AVENU shall be solely responsible for and shall hold CITY harmless from any and all claims for any employee related fees and costs including without limitation employee insurance, employment taxes, workman's compensation, withholding taxes or income taxes.
14. Intellectual Property Rights: The entire right, title and interest in and to AVENU'S database and all copyrights, patents, trade secrets, trademarks, trade names, and all other intellectual property rights associated with any and all ideas, concepts, techniques, inventions, processes, or works of authorship including, but not limited to, all materials in written or other tangible form developed or created in the course of this Agreement (collectively, the "Work Product") shall vest exclusively in AVENU. The foregoing notwithstanding, in no event shall any CITY-owned data provided to AVENU be deemed included within the Work Product.
15. Entire Agreement: This Agreement constitutes the entire agreement between the Parties hereto and supersedes any prior understandings or written or oral agreements between the Parties respecting the subject matter contained herein. Said Agreement shall not be amended, altered, or changed, except by a written Agreement signed by both Parties hereto.
16. Invalidity: If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
17. By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.
18. Effective Date: The effective date for the performance of services under the terms of this agreement shall commence _____ 1, 2020 with collection of _____ taxes to be remitted on or before _____20, 2020.

IN WITNESS WHEREOF, the parties hereto as of the date first above written have duly executed this Agreement.

RE: Letter of Introduction

Dear Taxpayer:

Request is hereby made to examine all books of account, invoices, sales receipts and working papers necessary to ascertain the correct amount of applicable taxes being administered by the City of Vestavia Hills.

Please note that under authority granted by Section 11-3-11.2 and Sections 11-51-200 through 11-51-206 of the Code of Alabama 1975, City of Vestavia Hills has contracted with AVENU to act as our duly authorized agent in order to perform taxpayer audit examination services for our jurisdiction. Therefore, AVENU is hereby authorized to examine and/or audit the records, books, or other relevant information maintained by you for the purpose of computing and determining the correct amount of any applicable tax, license, or fee assessed by our taxing jurisdiction.

At or before the beginning of this audit, AVENU will provide to you the current version of the State of Alabama Publication 1A which provides, in simple and non-technical terms, a statement of your rights. Those rights include the right to be represented during an examination, a written description of the basis for any assessments, and an explanation of your appeal rights. Please read this material carefully and contact your professional advisors for tax or legal advice.

Please contact us directly if at any time you have any questions or complaints or if you are unable to obtain a reasonable response after several attempts to communicate with the person assigned to your case. For verification of the identity of an auditor, you may contact the audit department of AVENU at 205-423-4126.

Your cooperation is greatly appreciated during this process.

Sincerely,

Tax Revenue Enhancement Agreement Alcohol Tax Revenue Administration

This agreement made as of the _____, by and between AVENU Insights & Analytics, LLC and City of Vestavia Hills, an Alabama CITY ("TOWN").

A. Remittance Processing Services

1. Taxes Processed: AVENU will perform remittance processing for Alcohol/Wine taxes as designated by the TOWN.
2. Taxpayer Notification and Remittance: AVENU will send individualized tax forms to all known taxpayers. Taxpayers will remit payments to the following Address: City of Vestavia Hills, P.O. Box 830725, Birmingham, AL 35283-0725. Upon reasonable notice to the TOWN, AVENU may change the Address for payments.
3. Deposit Process: Deposits are made to the extent that funds have been received, via Automated Clearing House of the amounts and to the designated recipients as instructed by the CITY for each type of tax collected, as shown in more detail on **Exhibit A**.
4. Posting Process: Taxpayer accounts are posted with payment information captured in the AVENU revenue system. Additional information such as net sales, deductions, credit sales, measure of tax, name change, and address change is captured and added to payment data and taxpayer master file (as determined necessary by AVENU). Late payments (postmarked by U.S. Postal Service after due date) are invoiced at penalty amounts required by State code. Under-payments are invoiced for remaining tax due plus any required penalties.
5. Changes to **Exhibit A**: CITY shall notify AVENU in writing immediately of all changes in amounts to be deposited into the accounts of designated recipients. An amended **Exhibit A** shall be prepared and executed by the Parties as soon as reasonably possible. In addition, AVENU shall provide documentation confirming each change under the preceding sentence with the first monthly report reflecting the applicable change. If the changes reflected in the monthly report do not properly reflect the intended changes of the TOWN, then the CITY shall immediately notify AVENU and, thereafter, AVENU shall take the steps necessary to insure, designated recipients receive the amounts intended by the TOWN.
6. Notification, Reporting to the TOWN:
 - i. AVENU will provide the CITY with monthly reports including, but not limited to, payment listings showing all taxes received related to net receipts reported, a general ledger distribution that corresponds to the TOWN'S account numbers and all fees paid to AVENU. These reports will be provided by the 10th of the month following the tax month;
 - ii. CITY AGREES TO EXAMINE THIS REPORT IMMEDIATELY. IF NO ERROR IS REPORTED BY THE CITY TO AVENU WITHIN 60 DAYS, THE STATEMENT WILL BE DEEMED ACCURATE;
 - iii. All items credited will be subject to receipt of payment; and
 - iv. AVENU will attend Council meetings at such times as may be reasonably requested by the TOWN.

B. Compliance Services

1. Taxes Reviewed: AVENU will perform compliance services for Alcohol/Wine and other taxes designated by the CITY under Remittance Processing Services. AVENU will provide delinquency notification and follow-up. This includes correspondence, calls, and collection procedures and the related documentation. Delinquency policies and procedures will be applied consistently and within applicable tax laws. Unless otherwise directed by the TOWN, AVENU will make reasonable efforts to collect taxes designated by the CITY hereunder. Where deemed reasonably appropriate, accounts may be turned over to audit or third-party collection. If the CITY elects to have its attorney pursue collection of certain uncollected accounts, AVENU will assist the CITY attorney as reasonably requested at its normal hourly rate as reflected herein.
2. Conduct of Compliance Services: To assure that all taxpayers are treated fairly, consistently and all compliance services are performed in a similar manner, AVENU representatives who perform compliance services will use a similar compliance plan for each compliance service conducted. All funds due from compliance services will be remitted to the CITY in the same manner as provided for pursuant to *Section A*, above.

C. General Provisions

1. Information Provided: The CITY represents that the information provided to AVENU in the performance of services hereunder shall be provided free and clear of the claims of third parties. The CITY represents that it has the right to provide this information to AVENU and that said information shall not be defamatory or otherwise expose AVENU to liability to third parties.
2. Compliance with laws: Each Party accepts responsibility for its compliance with federal, state, or local laws and regulations.
3. Taxpayer service: AVENU will provide a taxpayer assistance number for taxpayer questions. AVENU will provide informational brochures for placement in the CITY offices, Chamber of Commerce offices, libraries and any other facilities. This information may also be available on the Internet at www.avenuinsights.com.
4. Review and Appeal Process: AVENU has adopted and will use a review and appeals process which is based on the *Alabama Taxpayers' Bill of Rights Act* and *Uniform Revenue Procedures Act* codified as Title 40, Chapter 2A, Code of Alabama, 1975, as amended.
5. Consideration for Remittance Processing Services, Revenue Analysis Services and Compliance Services: AVENU shall be compensated for the services rendered under this agreement in accordance with the schedule of fees set forth in Exhibit "A".
6. Audit Services:
 - i. AVENU Audit Services: Audit Services include all preparation for the performance of an audit, any research or statistical analysis performed in relation to an audit, in-house audit/collection efforts, examination of the books and records of the taxpayer, an assessment of the amount due (if any), and all services related to closing an audit.
 - ii. AVENU Reciprocal Agreement: To the fullest extent allowed by law, the CITY hereby authorizes AVENU to act as a facilitator with the Alabama Department of Revenue and other applicable jurisdictions to share audit findings on its behalf.
 - iii. AVENU Fee: AVENU shall be compensated for audit services rendered under this agreement at the hourly rate set forth in Exhibit "A". There shall be no contingency fees.

1. If overnight travel or travel more than 25 miles beyond origination point is required, AVENU will pay the auditor and bill the CITY for its portion of travel expenses. The CITY agrees to pay the amount of these fees when due, regardless of any recovery.
2. Billing Increment: Time will be recorded in 15-minute intervals (.25 hours);
3. Shared Audit Fees: When audits for the CITY overlap with audits for other AVENU clients or clients of AVENU Affiliates, the fees will be shared as follows:
 - a. Travel Time: travel time, expenses, and a daily per diem amount for each audit is distributed evenly among the clients reviewed for each audit.
 - b. Interview Time: time billed during the initial interview of each audit is distributed evenly amongst the clients reviewed for each audit – during this process the auditor determines which clients will actually be audited for and billed Audit Time as follows:
 - i. Audit Time: Time billed during the actual audit stage of each audit is billed according to actual time spent working for each client;
 - i. No Double Billing: In no event will the overlapping audits combined require payment for more than 100% for any one AVENU representative.
7. Company Audit: Once a year AVENU will have an auditor prepare an Independent Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness. This report is commonly called a SOC 1 report and will be made available upon request.
8. Term of the Agreement: This Agreement shall be for a term of three (3) years following the date of execution or the maximum period allowed by law, whichever is shorter. Either party shall have the right to terminate this Agreement in the event of a material breach by the other party. Any such termination may be made only by providing ninety (90) days written notice to the other party, specifically identifying the breach or breaches on which termination is based. Following receipt of such notice, the party in breach shall have thirty (30) days to cure such breach or breaches. In the event that such cure is not made, this Agreement shall terminate in accordance with the initial ninety (90) days notice.
9. Effect of Termination: Notwithstanding non-renewal or termination of this Agreement, the CITY shall be obligated to pay AVENU for services performed through the effective date of termination for which AVENU has not been previously paid. In addition, because the services performed by AVENU prior to termination or non-renewal of this Agreement may result in the TOWN's receipt of revenue after termination which are subject to AVENU'S fee, the CITY shall remain obligated after termination or non-renewal to provide to AVENU such information as is necessary for AVENU to calculate compensation due as a result of the receipt of revenue by the TOWN. The CITY shall remain obligated to pay AVENU'S invoices therefore in accordance with the terms of this Agreement.
10. Equal Opportunity to Draft: The Parties have participated and had an equal opportunity to participate in the drafting of this Agreement. No ambiguity shall be construed against any Party upon a claim that that party drafted the ambiguous language.
11. Assignment: This Agreement shall be binding upon and inure to the benefit of the Parties, their successors; representatives and assigns. AVENU shall not assign this Agreement, or delegate its duties or obligations under this Agreement, without the prior written consent of the TOWN, which consent shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing, AVENU may assign this Agreement, in whole or in part, without the consent of the CITY to any

corporation or entity into which or with which AVENU has merged or consolidated; any parent, subsidiary, successor or affiliated corporation of AVENU; or any corporation or entity which acquires all or substantially all of the assets of AVENU. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties and their successors or assigns.

12. Force Majeure: AVENU shall not be in default of its obligations hereunder to the extent that its performance is delayed or prevented by causes beyond its control, including but not limited to acts of God, government, weather, fire, power or telecommunications failures, inability to obtain supplies, breakdown of equipment or interruption in vendor services or communications.
13. Subcontractors: AVENU shall have the right to hire assistants as subcontractors or to use employees to provide the Services required by this Agreement. AVENU, in rendering performance under this Agreement shall be deemed an independent contractor and nothing contained herein shall constitute this arrangement to be employment, a joint venture, or a partnership. AVENU shall be solely responsible for and shall hold the CITY harmless from any and all claims for any employee related fees and costs including without limitation employee insurance, employment taxes, workman's compensation, withholding taxes or income taxes.
14. Intellectual Property Rights: The entire right, title and interest in and to AVENU'S database and all copyrights, patents, trade secrets, trademarks, trade names, and all other intellectual property rights associated with any and all ideas, concepts, techniques, inventions, processes, or works of authorship including, but not limited to, all materials in written or other tangible form developed or created in the course of this Agreement (collectively, the "Work Product") shall vest exclusively in AVENU. The foregoing notwithstanding, in no event shall any the TOWN-owned data provided to AVENU be deemed included within the Work Product.
15. Entire Agreement: This Agreement constitutes the entire agreement between the Parties hereto and supersedes any prior understandings or written or oral agreements between the Parties respecting the subject matter contained herein. Said Agreement shall not be amended, altered, or changed, except by a written Agreement signed by both Parties hereto.
16. Invalidity: If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
17. By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.
18. Effective Date: The effective date for the performance of services under the terms of this agreement shall commence _____ 1, 2020 with collection of _____ taxes to be remitted on or before _____ 20, 2020.

IN WITNESS WHEREOF, the parties hereto as of the date first above written have duly executed this Agreement.

Tax Revenue Enhancement Agreement Business License Discovery/Recovery Administration

This agreement made as of the _____, by and between AVENU Insights & Analytics, LLC and City of Vestavia Hills, an Alabama CITY ("CITY").

A. Discovery/Recovery Services

1. Discovery/Recovery Services include:
 - i. Analysis of two or more municipal lists. These lists could include: current discovery/recovery license data, sales tax data, property tax lists and telephone directories at least once a year.
 - ii. Properties/entities that are not in one or all of the databases are presumed unregistered.
 - iii. AVENU will generate a letter requiring payment, proof of payment, or documented response for all properties/entities presumed unregistered. If no response, AVENU may mail additional letters and contact the property/entity via phone call before proceeding with additional collection procedures.
2. Taxpayer Remittance: Taxpayers will remit payments to City of Vestavia Hills, P.O. Box 830725, Birmingham, AL 35283-0725. Upon reasonable notice to CITY, AVENU may change the P.O. Box for City of Vestavia Hills payments. CITY will be responsible for renewals. AVENU will provide a list to CITY.
3. Deposit Process: Deposits are made to the extent that funds have been received, via Automated Clearing House of the amounts and to the designated recipients as instructed by the CITY for each type of tax collected, as shown in more detail on **Exhibit A**.
4. Posting Process: Taxpayer accounts are posted with payment information captured in the AVENU revenue system. In addition, AVENU shall provide documentation confirming each change under the preceding sentence with the first monthly report reflecting the applicable change. If the changes reflected in the monthly report do not properly reflect the intended changes of the CITY, then the CITY shall immediately notify AVENU and, thereafter, AVENU shall take the steps necessary to insure, designated recipients receive the amounts intended by CITY.
6. Notification, Reporting to CITY: AVENU will provide CITY with timely reports including, but not limited to, payment listings showing all monies received, a detail and summary reconciliation report that corresponds to CITY'S account numbers and all fees paid to AVENU.

B. General Provisions

1. Taxpayer service: AVENU will provide a taxpayer assistance number for taxpayer questions.

2. AVENU, in collecting any fee, tax, interest, court cost, or penalty shall have no authority to determine the amount of fee, tax, interest, court cost, or penalty owed the state, county, or municipal governing authority.
3. Consideration for Discovery/Recovery Services:
 - i. AVENU Fee for Discovery/Recovery Services: AVENU will receive fifty percent (50%) of discovery/recovery revenue collected by AVENU.
 - ii. AVENU fee for copies of forms: AVENU will receive an amount equal to \$3.00 per form mailed or faxed to the CITY per the request of the CITY. AVENU will provide at no additional cost a detailed payment listing that includes taxpayer name, address, schedule number, and remittance information.
 - iii. AVENU fee for Direct Payments: AVENU will receive fifty percent (50%) of discovery/recovery revenue received and deposited by the city, which is a result of AVENU collection efforts.
4. Company Audit: Once a year AVENU will have an auditor prepare an Independent Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness. This report is commonly called a SOC 1 report and will be made available upon request.

RE: Letter of Introduction

Dear Business Owner/ Manager:

The City of Vestavia Hills AL has contracted with AVENU (Revenue Discovery Systems) to perform collection services for business license taxes on the City's behalf. AVENU helps the City ensure that all businesses pay their fair share of business license tax.

AVENU, as the City's authorized representative, is bound by the same confidentiality as the City's own employees. Any information provided to AVENU will be used solely for the purpose(s) of this collection contract.

We ask that you extend your full cooperation to AVENU, and we thank you in advance for doing so. If you have any questions, please contact AVENU directly at 855-219-4336, or by email at dresupport@avenuinsights.com.

Your cooperation is greatly appreciated during this process.

Sincerely,

_____ Date: _____

Tax Revenue Enhancement Agreement Lodging Tax Revenue Administration

This agreement made as of the _____, by and between AVENU Insights & Analytics, LLC d/b/a AVENU ("AVENU") and City of Vestavia Hills, an Alabama CITY ("CITY").

A. Remittance Processing Services

1. Taxes Processed: AVENU will perform remittance processing for lodging taxes as designated by CITY.
2. Taxpayer Notification and Remittance: AVENU will send individualized tax forms to all known taxpayers. Taxpayers will remit payments to the following Address: City of Vestavia Hills, P.O. Box 830725, Birmingham, AL 35283-0725. Upon reasonable notice to CITY, AVENU may change the Address for payments.
3. Deposit Process: Deposits are made to the extent that funds have been received, via Automated Clearing House of the amounts and to the designated recipients as instructed by the CITY for each type of tax collected, as shown in more detail on **Exhibit A**.
4. Posting Process: Taxpayer accounts are posted with payment information captured in the AVENU revenue system. Additional information such as net sales, deductions, credit sales, measure of tax, name change, and address change is captured and added to payment data and taxpayer master file (as determined necessary by AVENU). Late payments (postmarked by U.S. Postal Service after due date) are invoiced at penalty amounts required by State code. Under-payments are invoiced for remaining tax due plus any required penalties.
5. Changes to **Exhibit A**: CITY shall notify AVENU in writing immediately of all changes in amounts to be deposited into the accounts of designated recipients. An amended **Exhibit A** shall be prepared and executed by the Parties as soon as reasonably possible. In addition, AVENU shall provide documentation confirming each change under the preceding sentence with the first monthly report reflecting the applicable change. If the changes reflected in the monthly report do not properly reflect the intended changes of the CITY, then the CITY shall immediately notify AVENU and, thereafter, AVENU shall take the steps necessary to insure, designated recipients receive the amounts intended by CITY.
6. Notification, Reporting to CITY:
 - i. AVENU will provide CITY with monthly reports including, but not limited to, payment listings showing all taxes received related to net receipts reported, a general ledger distribution that corresponds to CITY'S account numbers and all fees paid to AVENU. These reports will be provided by the 10th of the month following the tax month;
 - ii. CITY AGREES TO EXAMINE THIS REPORT IMMEDIATELY. IF NO ERROR IS REPORTED BY THE CITY TO AVENU WITHIN 60 DAYS, THE STATEMENT WILL BE DEEMED ACCURATE;
 - iii. All items credited will be subject to receipt of payment; and
 - iv. AVENU will attend Council meetings at such times as may be reasonably requested by CITY.

B. Compliance Services

1. Taxes Reviewed: AVENU will perform compliance services for lodging and other taxes designated by CITY under Remittance Processing Services. AVENU will provide delinquency notification and follow-up. This includes correspondence, calls, and collection procedures and the related documentation. Delinquency policies and procedures will be applied consistently and within applicable tax laws. Unless otherwise directed by CITY, AVENU will make reasonable efforts to collect taxes designated by CITY hereunder. Where deemed reasonably appropriate, accounts may be turned over to audit or third-party collection. If CITY elects to have its attorney pursue collection of certain uncollected accounts, AVENU will assist CITY attorney as reasonably requested at its normal hourly rate as reflected herein.
2. Conduct of Compliance Services: To assure that all taxpayers are treated fairly and consistently, and all compliance services are performed in a similar manner, AVENU representatives who perform compliance services will use a similar compliance plan for each compliance service conducted. All funds due from compliance services will be remitted to CITY in the same manner as provided for pursuant to *Section A*, above.

C. General Provisions

1. Information Provided: CITY represents that the information provided to AVENU in the performance of services hereunder shall be provided free and clear of the claims of third parties. CITY represents that it has the right to provide this information to AVENU and that said information shall not be defamatory or otherwise expose AVENU to liability to third parties.
2. Compliance with laws: Each Party accepts responsibility for its compliance with federal, state, or local laws and regulations.
3. Taxpayer service: AVENU will provide a taxpayer assistance number for taxpayer questions. AVENU will provide informational brochures for placement in CITY offices, Chamber of Commerce offices, libraries and any other facilities. This information may also be available on the Internet at www.avenuinsights.com.
4. Review and Appeal Process: AVENU has adopted and will use a review and appeals process which is based on the *Alabama Taxpayers' Bill of Rights Act* and *Uniform Revenue Procedures Act* codified as Title 40, Chapter 2A, Code of Alabama, 1975, as amended.
5. Consideration for Remittance Processing Services, Revenue Analysis Services and Compliance Services: AVENU shall be compensated for the services rendered under this agreement in accordance with the schedule of fees set forth in Exhibit "A".
6. Audit Services:
 - i. AVENU Audit Services: Audit Services include all preparation for the performance of an audit, any research or statistical analysis performed in relation to an audit, in-house audit/collection efforts, examination of the books and records of the taxpayer, an assessment of the amount due (if any), and all services related to closing an audit.
 - ii. AVENU Reciprocal Agreement: To the fullest extent allowed by law, CITY hereby authorizes AVENU to act as a facilitator with the Alabama Department of Revenue and other applicable jurisdictions to share audit findings on its behalf.
 - iii. AVENU Fee: AVENU shall be compensated for audit services rendered under this agreement at the hourly rate set forth in Exhibit "A". There shall be no contingency fees.

1. If overnight travel or travel more than 25 miles beyond origination point is required, AVENU will pay the auditor and bill the CITY for its portion of travel expenses. CITY agrees to pay the amount of these fees when due, regardless of any recovery.
2. Billing Increment: Time will be recorded in 15-minute intervals (.25 hours);
3. Shared Audit Fees: When audits for CITY overlap with audits for other AVENU clients or clients of AVENU Affiliates, the fees will be shared as follows:
 - a. Travel Time: travel time, expenses, and a daily per diem amount for each audit is distributed evenly among the clients reviewed for each audit.
 - b. Interview Time: time billed during the initial interview of each audit is distributed evenly amongst the clients reviewed for each audit – during this process the auditor determines which clients will actually be audited for and billed Audit Time as follows:
 - i. Audit Time: Time billed during the actual audit stage of each audit is billed according to actual time spent working for each client;
 - i. No Double Billing: In no event will the overlapping audits combined require payment for more than 100% for any one AVENU representative.
7. Company Audit: Once a year AVENU will have an auditor prepare an Independent Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness. This report is commonly called a SOC 1 report and will be made available upon request.
8. Term of the Agreement: This Agreement shall be for a term of three (3) years following the date of execution or the maximum period allowed by law, whichever is shorter. Either party shall have the right to terminate this Agreement in the event of a material breach by the other party. Any such termination may be made only by providing ninety (90) days written notice to the other party, specifically identifying the breach or breaches on which termination is based. Following receipt of such notice, the party in breach shall have thirty (30) days to cure such breach or breaches. In the event that such cure is not made, this Agreement shall terminate in accordance with the initial ninety (90) days notice.
9. Effect of Termination: Notwithstanding non-renewal or termination of this Agreement, CITY shall be obligated to pay AVENU for services performed through the effective date of termination for which AVENU has not been previously paid. In addition, because the services performed by AVENU prior to termination or non-renewal of this Agreement may result in the CITY's receipt of revenue after termination which are subject to AVENU's fee, the CITY shall remain obligated after termination or non-renewal to provide to AVENU such information as is necessary for AVENU to calculate compensation due as a result of the receipt of revenue by the CITY. The CITY shall remain obligated to pay AVENU's invoices therefore in accordance with the terms of this Agreement.
10. Equal Opportunity to Draft: The Parties have participated and had an equal opportunity to participate in the drafting of this Agreement. No ambiguity shall be construed against any Party upon a claim that that party drafted the ambiguous language.
11. Assignment: This Agreement shall be binding upon and inure to the benefit of the Parties, their successors; representatives and assigns. AVENU shall not assign this Agreement, or delegate its duties or obligations under this Agreement, without the prior written consent of CITY, which consent shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing, AVENU may assign this Agreement, in whole or in part, without the consent of CITY to any corporation or

entity into which or with which AVENU has merged or consolidated; any parent, subsidiary, successor or affiliated corporation of AVENU; or any corporation or entity which acquires all or substantially all of the assets of AVENU. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties and their successors or assigns.

12. Force Majeure: AVENU shall not be in default of its obligations hereunder to the extent that its performance is delayed or prevented by causes beyond its control, including but not limited to acts of God, government, weather, fire, power or telecommunications failures, inability to obtain supplies, breakdown of equipment or interruption in vendor services or communications.
13. Subcontractors: AVENU shall have the right to hire assistants as subcontractors or to use employees to provide the Services required by this Agreement. AVENU, in rendering performance under this Agreement shall be deemed an independent contractor and nothing contained herein shall constitute this arrangement to be employment, a joint venture, or a partnership. AVENU shall be solely responsible for and shall hold CITY harmless from any and all claims for any employee related fees and costs including without limitation employee insurance, employment taxes, workman's compensation, withholding taxes or income taxes.
14. Intellectual Property Rights: The entire right, title and interest in and to AVENU's database and all copyrights, patents, trade secrets, trademarks, trade names, and all other intellectual property rights associated with any and all ideas, concepts, techniques, inventions, processes, or works of authorship including, but not limited to, all materials in written or other tangible form developed or created in the course of this Agreement (collectively, the "Work Product") shall vest exclusively in AVENU. The foregoing notwithstanding, in no event shall any CITY-owned data provided to AVENU be deemed included within the Work Product.
15. Entire Agreement: This Agreement constitutes the entire agreement between the Parties hereto and supersedes any prior understandings or written or oral agreements between the Parties respecting the subject matter contained herein. Said Agreement shall not be amended, altered, or changed, except by a written Agreement signed by both Parties hereto.
16. Invalidity: If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
17. By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.
18. Effective Date: The effective date for the performance of services under the terms of this agreement shall commence _____ 1, 2020 with collection of _____ taxes to be remitted on or before _____ 20, 2020.

IN WITNESS WHEREOF, the parties hereto as of the date first above written have duly executed this Agreement.

COMPENSATION

Compliance Services: AVENU will receive an amount equal to 1.85% of gross revenues collected, for providing Remittance Processing Services and Revenue Analysis Services.

Audit Services: AVENU will receive an amount based on an hourly rate of seventy dollars (\$70.00) for audit services. There shall be no contingent fees. The fees associated with the auditing portion of this contract are adjusted at the beginning of each calendar year by the percentage change in the Consumer Price Index (in the geographic area) as reported by the Bureau of Labor Statistics. The initial CPI used for the first CPI adjustment will be the CPI for the month in which the agreement is fully signed. The adjustments thereafter

will be based on the CPI from December of the prior calendar year. Each annual adjustment will not be less than two percent (2%) or greater than five percent (5%).

Thank you for your assistance. If you have any questions, or if I may be of assistance, please let me know.

Sincerely Yours,

Tax Revenue Enhancement Agreement Rental Tax Revenue Administration

This agreement made as of the _____, by and between AVENU Insights & Analytics, LLC and City of Vestavia Hills, an Alabama CITY ("CITY").

A. Remittance Processing Services

1. Taxes Processed: AVENU will perform remittance processing for rental taxes as designated by CITY.
2. Taxpayer Notification and Remittance: AVENU will send individualized tax forms to all known taxpayers. Taxpayers will remit payments to the following Address: City of Vestavia Hills, P.O. Box 830725, Birmingham, AL 35283-0725. Upon reasonable notice to CITY, AVENU may change the Address for payments.
3. Deposit Process: Deposits are made to the extent that funds have been received, via Automated Clearing House of the amounts and to the designated recipients as instructed by the CITY for each type of tax collected, as shown in more detail on **Exhibit A**.
4. Posting Process: Taxpayer accounts are posted with payment information captured in the AVENU revenue system. Additional information such as net sales, deductions, credit sales, measure of tax, name change, and address change is captured and added to payment data and taxpayer master file (as determined necessary by AVENU). Late payments (postmarked by U.S. Postal Service after due date) are invoiced at penalty amounts required by State code. Under-payments are invoiced for remaining tax due plus any required penalties.
5. Changes to **Exhibit A**: CITY shall notify AVENU in writing immediately of all changes in amounts to be deposited into the accounts of designated recipients. An amended **Exhibit A** shall be prepared and executed by the Parties as soon as reasonably possible. In addition, AVENU shall provide documentation confirming each change under the preceding sentence with the first monthly report reflecting the applicable change. If the changes reflected in the monthly report do not properly reflect the intended changes of the CITY, then the CITY shall immediately notify AVENU and, thereafter, AVENU shall take the steps necessary to insure, designated recipients receive the amounts intended by CITY.
6. Notification, Reporting to CITY:
 - i. AVENU will provide CITY with monthly reports including, but not limited to, payment listings showing all taxes received related to net receipts reported, a general ledger distribution that corresponds to CITY'S account numbers and all fees paid to AVENU. These reports will be provided by the 10th of the month following the tax month;
 - ii. CITY AGREES TO EXAMINE THIS REPORT IMMEDIATELY. IF NO ERROR IS REPORTED BY THE CITY TO AVENU WITHIN 60 DAYS, THE STATEMENT WILL BE DEEMED ACCURATE;
 - iii. All items credited will be subject to receipt of payment; and
 - iv. AVENU will attend Council meetings at such times as may be reasonably requested by CITY.

B. Compliance Services

1. Taxes Reviewed: AVENU will perform compliance services for rental and other taxes designated by CITY under Remittance Processing Services. AVENU will provide delinquency notification and follow-up. This includes correspondence, calls, and collection procedures and the related documentation. Delinquency policies and procedures will be applied consistently and within applicable tax laws. Unless otherwise directed by CITY, AVENU will make reasonable efforts to collect taxes designated by CITY hereunder. Where deemed reasonably appropriate, accounts may be turned over to audit or third-party collection. If CITY elects to have its attorney pursue collection of certain uncollected accounts, AVENU will assist CITY attorney as reasonably requested at its normal hourly rate as reflected herein.
2. Conduct of Compliance Services: To assure that all taxpayers are treated fairly, consistently and all compliance services are performed in a similar manner, AVENU representatives who perform compliance services will use a similar compliance plan for each compliance service conducted. All funds due from compliance services will be remitted to CITY in the same manner as provided for pursuant to *Section A*, above.

C. General Provisions

1. Information Provided: CITY represents that the information provided to AVENU in the performance of services hereunder shall be provided free and clear of the claims of third parties. CITY represents that it has the right to provide this information to AVENU and that said information shall not be defamatory or otherwise expose AVENU to liability to third parties.
2. Compliance with laws: Each Party accepts responsibility for its compliance with federal, state, or local laws and regulations.
3. Taxpayer service: AVENU will provide a taxpayer assistance number for taxpayer questions. AVENU will provide informational brochures for placement in CITY offices, Chamber of Commerce offices, libraries and any other facilities. This information may also be available on the Internet at www.avenuinsights.com.
4. Review and Appeal Process: AVENU has adopted and will use a review and appeals process which is based on the *Alabama Taxpayers' Bill of Rights Act* and *Uniform Revenue Procedures Act* codified as Title 40, Chapter 2A, Code of Alabama, 1975, as amended.
5. Consideration for Remittance Processing Services, Revenue Analysis Services and Compliance Services: AVENU shall be compensated for the services rendered under this agreement in accordance with the schedule of fees set forth in Exhibit "A".
6. Audit Services:
 - i. AVENU Audit Services: Audit Services include all preparation for the performance of an audit, any research or statistical analysis performed in relation to an audit, in-house audit/collection efforts, examination of the books and records of the taxpayer, an assessment of the amount due (if any), and all services related to closing an audit.
 - ii. AVENU Reciprocal Agreement: To the fullest extent allowed by law, CITY hereby authorizes AVENU to act as a facilitator with the Alabama Department of Revenue and other applicable jurisdictions to share audit findings on its behalf.
 - iii. AVENU Fee: AVENU shall be compensated for audit services rendered under this agreement at the hourly rate set forth in Exhibit "A". There shall be no contingency fees.

1. If overnight travel or travel more than 25 miles beyond origination point is required, AVENU will pay the auditor and bill the CITY for its portion of travel expenses. CITY agrees to pay the amount of these fees when due, regardless of any recovery.
2. Billing Increment: Time will be recorded in 15-minute intervals (.25 hours);
3. Shared Audit Fees: When audits for CITY overlap with audits for other AVENU clients or clients of AVENU Affiliates, the fees will be shared as follows:
 - a. Travel Time: travel time, expenses, and a daily per diem amount for each audit is distributed evenly among the clients reviewed for each audit.
 - b. Interview Time: time billed during the initial interview of each audit is distributed evenly amongst the clients reviewed for each audit – during this process the auditor determines which clients will actually be audited for and billed Audit Time as follows:
 - i. Audit Time: Time billed during the actual audit stage of each audit is billed according to actual time spent working for each client;
 - i. No Double Billing: In no event will the overlapping audits combined require payment for more than 100% for any one AVENU representative.
7. Company Audit: Once a year AVENU will have an auditor prepare an Independent Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness. This report is commonly called a SOC 1 report and will be made available upon request.
8. Term of the Agreement: This Agreement shall be for a term of three (3) years following the date of execution or the maximum period allowed by law, whichever is shorter. Either party shall have the right to terminate this Agreement in the event of a material breach by the other party. Any such termination may be made only by providing ninety (90) days written notice to the other party, specifically identifying the breach or breaches on which termination is based. Following receipt of such notice, the party in breach shall have thirty (30) days to cure such breach or breaches. In the event that such cure is not made, this Agreement shall terminate in accordance with the initial ninety (90) days notice.
9. Effect of Termination: Notwithstanding non-renewal or termination of this Agreement, CITY shall be obligated to pay AVENU for services performed through the effective date of termination for which AVENU has not been previously paid. In addition, because the services performed by AVENU prior to termination or non-renewal of this Agreement may result in the CITY's receipt of revenue after termination which are subject to AVENU'S fee, the CITY shall remain obligated after termination or non-renewal to provide to AVENU such information as is necessary for AVENU to calculate compensation due as a result of the receipt of revenue by the CITY. The CITY shall remain obligated to pay AVENU'S invoices therefore in accordance with the terms of this Agreement.
10. Equal Opportunity to Draft: The Parties have participated and had an equal opportunity to participate in the drafting of this Agreement. No ambiguity shall be construed against any Party upon a claim that that party drafted the ambiguous language.
11. Assignment: This Agreement shall be binding upon and inure to the benefit of the Parties, their successors; representatives and assigns. AVENU shall not assign this Agreement, or delegate its duties or obligations under this Agreement, without the prior written consent of CITY, which consent shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing, AVENU may assign this Agreement, in whole or in part, without the consent of CITY to any corporation or

entity into which or with which AVENU has merged or consolidated; any parent, subsidiary, successor or affiliated corporation of AVENU; or any corporation or entity which acquires all or substantially all of the assets of AVENU. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties and their successors or assigns.

12. Force Majeure: AVENU shall not be in default of its obligations hereunder to the extent that its performance is delayed or prevented by causes beyond its control, including but not limited to acts of God, government, weather, fire, power or telecommunications failures, inability to obtain supplies, breakdown of equipment or interruption in vendor services or communications.
13. Subcontractors: AVENU shall have the right to hire assistants as subcontractors or to use employees to provide the Services required by this Agreement. AVENU, in rendering performance under this Agreement shall be deemed an independent contractor and nothing contained herein shall constitute this arrangement to be employment, a joint venture, or a partnership. AVENU shall be solely responsible for and shall hold CITY harmless from any and all claims for any employee related fees and costs including without limitation employee insurance, employment taxes, workman's compensation, withholding taxes or income taxes.
14. Intellectual Property Rights: The entire right, title and interest in and to AVENU'S database and all copyrights, patents, trade secrets, trademarks, trade names, and all other intellectual property rights associated with any and all ideas, concepts, techniques, inventions, processes, or works of authorship including, but not limited to, all materials in written or other tangible form developed or created in the course of this Agreement (collectively, the "Work Product") shall vest exclusively in AVENU. The foregoing notwithstanding, in no event shall any CITY-owned data provided to AVENU be deemed included within the Work Product.
15. Entire Agreement: This Agreement constitutes the entire agreement between the Parties hereto and supersedes any prior understandings or written or oral agreements between the Parties respecting the subject matter contained herein. Said Agreement shall not be amended, altered, or changed, except by a written Agreement signed by both Parties hereto.
16. Invalidity: If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained thereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
17. By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the state of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.
18. Effective Date: The effective date for the performance of services under the terms of this agreement shall commence _____ 1, 2019 with collection of _____ taxes to be remitted on or before _____ 20, 2019.

IN WITNESS WHEREOF, the parties hereto as of the date first above written have duly executed this Agreement.

RE: Request for Approval of Funds for Sharp Aquos Board

On Wednesday, February 12, 2020, the Vestavia Hills Library Board of Trustees met and agreed to request that the City Council approve \$10,000 from the Library's Fund 13 account to purchase a Sharp Aquos Board that was awarded to the Library via an LSTA grant in August 2019.

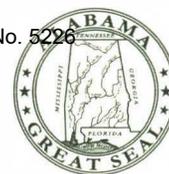

The total price for the Aquos Board (up to \$10,000) is to initially be paid from the Library's account with \$8,000 being reimbursed to the Library from the Alabama Public Library Service by October 2020. I have included a copy of the award notification for your review.

I request to place this item on the February 24, 2020 agenda as a first read. Please contact me if you have questions or concerns. Thank you in advance.

Dear Ms. Tucker:

RE: LSTA Project Name: Library Technology and Automation
Project Number: 20-6-13
Amount Awarded: \$8,000

Enclosed is your copy of your FY2020 LSTA grant contract signed by me for the above-referenced project. All of us at APLS wish you great success in your project as you serve your citizens.

The contract period is from the **date the contract is signed by me to June 30, 2020.** Your final request for payment will be due by **June 15, 2020.**

Requests for payment should be at least 25% of the LSTA grant award, except for the final request, which may be for any amount not exceeding the balance of the award. All requests must be for services that have been rendered or for items that have been acquired. A payment request form is enclosed for your use. The final report for this project is due by **August 28, 2020.** A report form will be placed on our website for your use. If you are using funds to purchase upgraded computer equipment, please use the enclosed specifications as a guide. For questions regarding equipment purchases, please contact the APLS IT Help Desk (helpdesk@apls.state.al.us or (334) 213-3986) for assistance.

We are required by federal law to monitor projects, and part of this monitoring includes making site visits. Therefore, during this fiscal year APLS consulting staff will be visiting a number of libraries that have LSTA projects.

If, at any time, you have questions about your project, please do not hesitate to contact our LSTA Coordinator, Kelyn Ralya, at (800) 723-8459, extension 3976 or (334) 213-3976. Her e-mail address is kralya@apls.state.al.us.

Sincerely,

Nancy C. Pack, Ph.D.
Director
